Teamsters Job Action Against TCI

A number of local media inquired on Sunday evening and Monday morning about a threatened job action by Teamsters Union members against Transportation Concepts, Inc., a private company under contract to operate four Metro bus lines in the San Fernando Valley. Staff released a statement and told reporters in various interviews that the job action, by 19 Teamsters, would not affect service on the four bus lines. In fact, all buses assigned to those lines rolled out on time, Monday morning, and were in full service.
