

BILL NUMBER: AB 2574 AMENDED
BILL TEXT

AMENDED IN ASSEMBLY MARCH 17, 2014

INTRODUCED BY Assembly Member Rodriguez

FEBRUARY 21, 2014

An act to ~~add Section 9600.6 to~~ amend Sections 132400 and 132450 of the ~~Unemployment Insurance~~ Public Utilities Code, relating to ~~employment development~~ the Metro Gold Line Foothill Extension Construction Authority .

LEGISLATIVE COUNSEL'S DIGEST

AB 2574, as amended, Rodriguez. ~~Employment Development Department: workforce needs: biennial report.~~ Metro Gold Line Foothill Extension Construction Authority.

Existing law creates the Metro Gold Line Foothill Extension Construction Authority for purposes relating to the development of a light rail project extending from the City of Los Angeles to the Cities of Pasadena and Montclair.

This bill would provide for the extension of the project to the City of Ontario, instead of the City of Montclair.

Existing law creates the Los Angeles County Metropolitan Transportation Authority (LACMTA) and requires LACMTA to assume responsibility for operating all completed phases of the light rail project. Existing law grants LACMTA the authority to operate the portion of the light rail project that extends approximately one-half mile from the Los Angeles and San Bernardino County line to the Montclair Transit Center, subject to approval by the San Bernardino Associated Governments (SANBAG) of an operations and maintenance agreement, as specified, with respect to the portion of the project on the right-of-way owned by SANBAG.

This bill would instead grant LACMTA authority to operate the portion of the light rail project that extends from the Los Angeles and San Bernardino County line to the LA/Ontario International Airport, subject to the approval of SANBAG described above.

Because this bill would require a local authority to assume additional responsibilities, it would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

~~Existing law requires the Employment Development Department to administer various job training and placement programs and services for eligible persons, as provided, and requires that the department, among other things, develop a statewide plan and area plans to coordinate all programs it administers, as specified. Existing law~~

~~requires the director of the department to prepare an annual report for the Governor, the Legislature, and the California Workforce Investment Board regarding the training expenditures made by local workforce investment boards in the prior fiscal year, as specified.~~

~~This bill would require the department to develop a biennial report regarding state workforce need projections and credential production, as specified. The bill would also require the department, by January 1, 2015, and every 2 years thereafter, to provide a copy of the report to the appropriate policy committees in both the Assembly and Senate, to the Governor, to the Board of Regents of the University of California, the Board of Trustees of the California State University, and to the Chancellor of the California Community Colleges, and to collaborate with the State Department of Education in providing the report to the public school districts. The bill would authorize the department to provide the report electronically.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: ~~no~~ yes .
