

Letter Designations for Fixed Guideway Lines

Board Staff Briefing
July 9, 2015

What's the challenge?

- > Coordinating with new operating plans beginning with Regional Connector (2021)
- > Identifying new and distinct colors
- > Avoiding inconsistent naming system
- > Maintaining flexibility for operational changes
- > Meeting Americans with Disabilities Act (ADA) requirements
- > Addressing requirements for Limited English Proficiency (LEP) customers

What's the solution?

Rename lines with letters in chronological order by opening date:

- > Letters become primary designation
 - “A” Line, “B” Line
- > Colors remain a secondary identifier
- > H, I and P not used, similar to universal symbols for Hospital, Information and Parking

Draft Concept Map

Metro Rail lines	
A	B C D E K L
Metro Busway Lines	
G	J

Outreach

March 2015:

- > Two focus groups conducted: English and Spanish
 - Overall support of transition to letters
 - Need time for adjustment: start now
 - Primarily use web/cell phones for trip planning

April/June 2015:

- > Accessibility Advisory Committee
- > Citizens Advisory Committee
- > Metro Service Councils

Feedback to inform implementation plan

Phased Project Schedule

Total cost estimate: \$6-8 million over life of project.

** Transition to occur in conjunction with Regional Connector, Crenshaw/LAX Project opening.*
