**Metro Joins Hero 2 Hired – A Virtual Job-Seeking Resource**

**Metro Joins Hero 2 Hired – A Virtual Job-Seeking Resource**

In an effort to reach out to more job candidates who are Veterans, our agency has partnered with the on-line job seeking resource Hero 2 Hired ([H2H.jobs](http://H2H.jobs)) in order to post Metro's available job opportunities. The H2H website was introduced by DoD Reserve Affairs in December 2011 to connect job-seeking Reserve Component Service members and veterans with employers. Metro is now one of the employers included on this website. H2H.jobs, established in conjunction with DoD's Yellow Ribbon Reintegration Program, is a free online search engine and community that enables job seekers search for jobs using military specialties and other criteria, take a career assessment to match skills and interests with careers, learn about different industries, and find a wealth of training and informational resources to assist in seeking a job.
