**Metro Contributes to the 2<sup>nd</sup> Annual San Gabriel Valley Homeless Veteran Stand Down**

**Metro Contributes to the 2<sup>nd</sup> Annual San Gabriel Valley Homeless Veteran Stand Down**

Over the Veterans Day holiday weekend, the Vet Hunters Project, in collaboration with Congresswoman Grace F. Napolitano, hosted a 3-day event entitled “Heroes in the Shadows” at the Whittier Narrows Park in South El Monte. The event provided a military resource village offering supportive services for veterans, both homeless, and at-risk and their families. Event sponsors reached out to Metro requesting assistance with transportation and the gratitude from the veterans and event sponsors was profound. Sponsors related stories to Metro of how much it meant to the Vets to be provided with access to transportation, and over and over again the sponsors told us they heard first-hand what they have known all along which is that transportation is key to reintegration back into civilian society. We were honored to provide assistance and support the veterans who have provided so much to our country. Please click [here](#) for photos from this event.
