PROJECT OVERVIEW

The Metro Gold Line Eastside Extension Project is a six-mile, dual track light rail system with eight new stations and one station modification. The system originates at Union Station in downtown Los Angeles, where it connects with the Pasadena Gold Line, traveling generally east to Pomona and Atlantic Boulevards. The system will bridge State Route 101 Freeway and traverse the existing 1st Street Bridge over the Los Angeles River. The system will travel south on Alameda Street and then east on 1st Street with two stations at Alameda and Utah Streets. East of the Los Angeles River and 1st and Utah Streets, the alignment transitions to tunnel for approximately 1.7 miles, and continues beneath 1st Street to underground stations at 1st Street and Boyle Avenue and 1st Street and Soto Street. The alignment returns to the surface near the intersection of 1st Street and Lorena Streets, then jogs to the south, transitioning to follow 3rd Street with stations at Indiana Street, Ford Boulevard, Mednik Avenue and Pomona and Atlantic Boulevards.

Final design of the Boyle Heights/Mariachi Plaza Station is underway. The Design/Builder has also began the design basis, geotechnical report and alignment design.

Procurement of the concrete steel decking and beams has begun. Delivery of the soldier piles to the site staging areas is continuing. Soldier pile installation is scheduled to start by mid-December 2004 for the Boyle Heights/Mariachi Plaza Station.

Building demolition has completed at the 1st Street/Boyle Avenue area and is nearing completion at the 1st Street/Soto Street area. Wet utility relocations are continuing at the Boyle Heights/Mariachi Plaza Station and West Portal locations.

All grade crossing applications have been submitted to the California Public Utilities Commission (CPUC) for review. Of the 41 grade crossings, 30 have been approved. The approvals of the remaining crossings are anticipated to occur by the end of 2004, according to the CPUC.

The contractor for Contract C0802 – 101 Freeway Bridge Overcrossing has begun site mobilization and site demolition.

MANAGEMENT ISSUES

No Management Issues for the period ending November 2004.

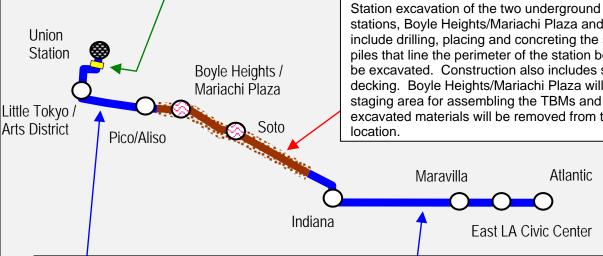

PROJECT SCOPE

Contract C0802 - 101 Freeway Bridge Overcrossing: The construction of the

bridge is combined with Caltrans freeway improvements project. While Caltrans will administer the construction. MTA will provide oversight and is responsible for the construction costs of the bridge overcrossing.

Contract C0803 - Tunnel and Station Excavation (Design/Bid/Build): Construction of the 1.7 mile tunnel segment includes tunnel excavation using two Earth Pressure Balance Machines (EPBM) type, excavation of cross passages, concreting of the tunnels and cross passages, and the east and west portals construction.

stations, Boyle Heights/Mariachi Plaza and Soto, include drilling, placing and concreting the soldier piles that line the perimeter of the station box to be excavated. Construction also includes street decking. Boyle Heights/Mariachi Plaza will be the staging area for assembling the TBMs and all excavated materials will be removed from this location.

Contract C0803 - Stations, Trackwork, and Systems (Design/Build): Construction of the two underground stations includes structural walls, station platforms, mezzanines, station entrances, and plazas, architectural finishes and all related mechanical and electrical work.

Construction of the six-mile alignment includes six at-grade stations, trackwork installation and testing for the entire alignment.

Systems installation and testing is inclusive of power systems, automatic train control, fire and emergency management, TRACS and communications systems. The contractor will be responsible for systems integration testing for the entire line segment prior to pre-revenue operations.

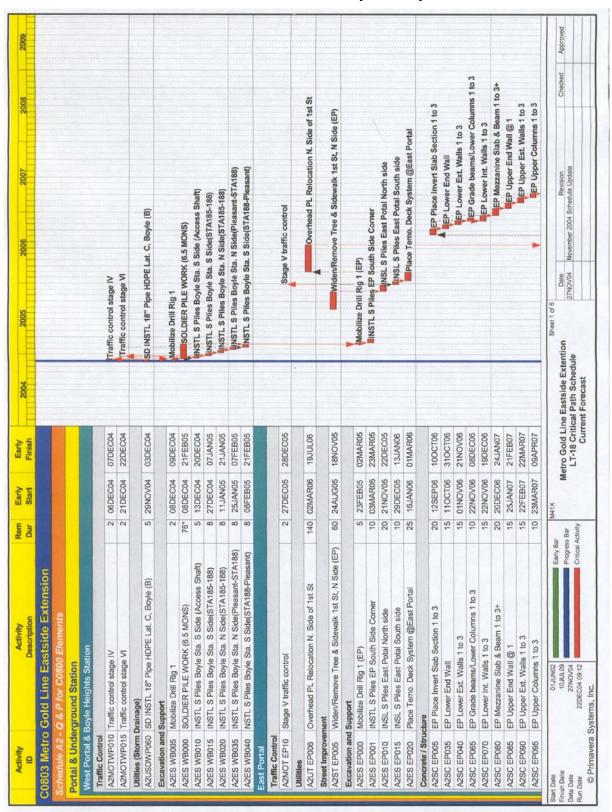

KEY MILESTONE SCHEDULE SIX-MONTH LOOKAHEAD

	Milestone Date	Nov-04	Dec-04	Jan-05	Feb-05	Mar-05	Apr-05
MTA approval of Baseline CPM Contract Schedule	11/10/04	0					
Commence Removals of Gas Pumps and Underground Gas Tank at 1st/Soto Station Area	12/3/04		0				
Commence Soldier Pile Installation at 1st/Boyle Station	12/8/04*		0				
Complete Lead/Asbestos Abatements and Building Demolitions at 1st/Boyle and 1st/Soto Sites	12/10/04*		0				
Commence 1st St. Sidewalk Demolition for Street Improvement at W. Portal, Boyle and Soto Stations	12/22/04		0				
Commence Compaction Grouting along 1st Street	12/27/04*		0				
Complete Design for Overhead Power Line Relocation at East Portal	1/9/05			0			
Commence Installation of Dewatering System at 1st/Boyle Station	1/27/05*			0			
Complete Manufacturing Tunnel Liner Molds	1/29/05			0			
Place Temporary Decking at Boyle Station	2/8/05*				0		
Complete Soldier Pile Installation at 1st/Boyle Station	2/21/05				0		
Commence Installation of Dewatering System at 1st/Soto Station	3/8/05*					0	
Commence Boyle Station Box Excavation	3/9/05*					0	
Commence Soldier Pile Installation at 1st/Soto Station	4/11/05						\circ

PROJECT MASTER SCHEDULE CRITICAL PATH (4 of 6)

PROJECT MASTER SCHEDULE CRITICAL PATH (5 of 6)

PROJECT MASTER SCHEDULE CRITICAL PATH (6 of 6)

CRITICAL PATH NARRATIVE

There is approximately a 13-month lead-time for the procurement and delivery of two Earth Pressure Balance Machines (EPBMs). Concurrent with the EPBM procurement, the project will proceed with submittals preparation and review, traffic control, utility relocations, ground treatments, soldier pile installation, temporary decking system installation, station box excavations, and surface and underground equipment setups for tunneling work. The Boyle Heights/Mariachi Plaza station box excavation is scheduled to complete two weeks prior to the EPBMs delivery.

The critical path continues with EPBMs assemblies, excavation of both tunnels, excavation of crosspassages, and tunnel invert and walkway construction. The critical path then follows Soto and Boyle station construction and the installations of trackwork and overhead contact system for the underground section. The systems equipment installation such as overhead contact system, train control, communication systems, and traction power and local facilities testing are the last stage of the critical path prior to entering the final test stage, where systems integration testing and pre-revenue operations are conducted.

Design

As of the end of this report period, the contractor has proceeded with the design basis, alignment design, geotechnical report, Boyle station design and civil design for the tunnel section.

Construction

Fabrication of the tunnel boring machines fabrication is underway. The tunnel liner molds manufacturing is anticipated to finish by February 2005. As of the end of this report period, power switchgear, shaft cranes, shaft elevator, muck bins, grout plant, surface bentonite plant, foam solution plant, and seven locomotives have been ordered.

Wet utility relocations continued at Boyle and West Portal areas. Wet utility relocations at Soto are scheduled to begin in early December. Soldier piles for underground station box excavations are being delivered to staging areas. The pile installation crane has been mobilized to the site and the test pile installation at Boyle has been scheduled for early December 2004. The soldier pile installation at Boyle is anticipated to finish by the end of February 2005. The signal light relocations and the installation of temporary streetlights will be arranged during the soldier pile installation. The pre-grouting injection holes were completed in late November 2004 and the compaction grouting is anticipated to begin in late December.

PROJECT COST ANALYSIS

Original Budget and Current Budget

The Original Budget and Current Budget remained the same this period. The Full Funding Grant Agreement (FFGA) was adopted June 1, 2004 in the amount of \$898.8 million. The Original and Current Budgets reflect the adopted FFGA.

Current Forecast

The total project forecast remains the same at \$898.8 million.

Commitments

The Commitments increased by \$0.1 million this period due to executed modifications. The \$767.8 million in Commitments to date represents 85.4% of the Original Budget.

Expenditures

Expenditures are cumulative through October 2004. The Expenditures increased by \$19.3 million this period primarily due to construction costs associated to Contract C0803 – Tunnel, Stations, Trackwork, and Systems. The \$192.4 million in Expenditures to date represents 21.4% of the Original Budget.

FEDERAL SECTION 5309: MTA submitted a grant amendment application CA-03-0508-04 for \$3,934,330 on April 18, 2003. Funds are available for draw down as of June 2003. On June 1, 2004, the FTA approved the Full Funding Grant Agreement for \$490.7 million of New Starts Funds.

STATE TCRP: On April 3, 2003 the California Transportation Commission approved MTA's request to amend the STIP to convert \$191 million of unallocated TCRP funds to STIP funds.

On August 25, 2003, MTA submitted a request for AB1335 Letter of No Prejudice (LONP) authority for Phase 4 construction activities. The LONP approval request has been deferred indefinitely by the CTC.

REAL ESTATE STATUS

- For C0803, the tunnel portion of the alignment, 41 parcels are required for acquisition (10 full takes, 16 sub-surface easements, 8 part takes, 5 sub-surface easements/building protection, and 2 building protections).
- For C0803, the at-grade portion of the alignment, 25 parcels are required for acquisition (18 full takes and 7 partial takes). Nine parcels have been identified for the proposed Ramona High School site reconfiguration.
- For C0802, 3 parcels are required (2 surface easements and 1 full take parcel).
- Sixty-seven parcels have been certified, 40 for C0803-Tunnel, 25 for C0803-At-Grade and 2 for C0802. Offers have been made to 57 property owners. A total of 45 parcels have been acquired (30 under C0803-Tunnel, 13 under C0803-At-Grade, and 2 under C0802). Real Estate is in negotiations with the other property owners.
- Third Party Administration has obtained two Encroachment Permits from Caltrans for C0803-Tunnel. All three (3) street closures have been obtained from the City of LA.

ENVIRONMENTAL STATUS

- Initiated renewal of SCAQMD Rule 1166.
- Continued asbestos and lead-paint abatement.
- VSA and Associates was chosen as the Noise and Vibration Consultant for Washington Group/Shimmick Obayashi JV.
- Revised the Cultural Resources Monitoring and Mitigation Plan for submittal to the SHPO.
- Reviewed the Archeological and Paleontological Training Program.

COMMUNITY RELATIONS STATUS

- Provided construction update at the Review Advisory Committee Meeting.
- Provided briefing on soldier pile operation to elected officials and community stakeholders.
- Distributed construction notices to the community and elected officials.
- Promoted Metro Gold Line Eastside Project at two community events.

QUALITY ASSURANCE STATUS

- Participated in a field visit to the tunnel ring segment manufacturer in Palmdale.
- Performed a surveillance of current field activities.
- Monitored Water Distribution System installations and soil sampling by the grouting subcontractor.
- Participated in a preliminary field review of pre-cast decking panels at the Kiewitt yard in Rialto.

SAFETY STATUS

- Participated in weekly progress meetings with Construction Management and ELRTC personnel to discuss safety related issues and construction schedule.
- Participated in Readiness Review and Contractor Submittal Review Meetings.
- Participated in Contractor Safety Orientation and Tool Box Safety meetings.
- Participated in Partnering Review workshop with Construction Management and ELRTC personnel.
- Reviewed safety audit policies and procedures with ELRTC Management.
- Monitored construction and traffic control activities on a daily basis to ensure safety compliance.

THIRD PARTY AGREEMENT STATUS

Third Party	Type of Agreement	Forecast Execution Date	Required Need Date	Status/ Comments
City of Los Angeles	Amendment	Complete	N/A	Fully executed on 12/23/02.
Los Angeles County	Master	Complete	N/A	Execution completed 4/1/03.
Caltrans (All Projects)	Master	Complete	N/A	MTA execution completed 5/7/03. Caltrans full execution occurred in July 2003.
Caltrans (101)	Design	Complete	N/A	MTA execution completed 5/7/03. Caltrans full execution occurred in July 2003.
Caltrans (101)	Construction	Complete	N/A	MTA execution completed 6/16/03. Caltrans full execution occurred in September 2003.
Caltrans (101)	Maintenance	5/05	Project Completion	Initial negotiation meeting on 1/9/03 resulted in MTA's recommendation to use the existing agreement with a similar San Diego system. The San Diego agreement was forwarded to MTA on 1/29/03. MTA received a draft from Caltrans on 4/10/03. Agreement was returned to Caltrans on 4/22/03 with comments. After a negotiation meeting on 7/29/03, a draft agreement by Caltrans was received on 1/22/04. MTA sent back to Caltrans on 2/10/04 but no response has been received.
LADWP (Water)	Amendment	12/04	*6/04	Negotiation meetings were held on 3/8, 3/12, 4/8, 4/9 and 5/11/04 and completed review and necessary changes to the draft agreement but DWP could not agree to the "Deadlines and Delays" language. MTA continued seeking DWP's acceptance of "Deadlines and Delays" language and had a meeting with LA County Counsel on 5/24/04. LA County Counsel contacted the LA City Attorney on 6/3/04. The attorney discussed with DWP staff and all areas are basically agreed upon. MTA will make modifications to the Deadline and Delay languages that indicates DWP is the sole cause of the delays. DWP has come back with exception to this Deadline and Delay section. MTA management was asked on 7/30/04 to review the document without deadlines and delays, but with other concession by DWP. MTA management advised staff that it is necessary. MTA management is in discussions with Board members for assistance.

Third Party	Type of Agreement	Forecast Execution Date	Required Need Date	Status/ Comments
LADWP (Power)	Amendment	1/05	*6/04	Negotiation meetings were held on 3/8, 3/12, 4/8, 4/9 and 5/11/04 and completed review and necessary changes to the draft agreement but DWP could not agree to the "Deadlines and Delays" language. MTA continued seeking DWP's acceptance of "Deadlines and Delays" language and had a meeting with LA County Counsel on 5/24/04. LA County Counsel contacted the LA City Attorney on 6/3/04. The LA City attorney discussed the proposed language with DWP staff and informed them that the language was legally acceptable. However, DWP staff still had an exception to the Deadline and Delay section with regard to DWP's cost responsibilities if they were the sole cause of the delays. MTA management was asked on 7/30/04 to review the document without deadlines and delays, but with other concession by DWP. MTA management advised staff that it is necessary. MTA management is in discussions with Board members for assistance.
So. Cal. Edison Co.	Amendment	1/05	*6/04	The proposed agreement was not acceptable to SCE. A sense of urgency was instilled to SCE in 3/17/04 meeting. A revised draft amendment was agreed upon in 4/12/04 meeting and was forwarded to SCE on 4/15/04 for signature. SCE was still unwilling to sign agreement. A meeting was scheduled for early July 2004 but SCE cancelled. SCE management has agreed to give a redraft of the agreement to MTA in December 2004 so negotiation can continue.

		71011221		
Third Party	Type of Agreement	Forecast Execution Date	Required Need Date	Status/ Comments
The Gas Company	Amendment	12/04	*6/04	A redraft prepared by the Gas Co. was reviewed by MTA on 4/9/04 and a revised document was sent to the Gas Co. on 4/19/04 for final review and execution. Another draft, prepared by the County Counsel on 4/29/04, was sent to the Gas Co. for execution. No response since then. Voice message was left on 5/18/04 and document was e-mailed again to them on 5/21/04. MTA is seeking Gas Company acceptance of "Deadlines and Delays" language. Gas Co. has sent the final amendment to MTA for review. Upon Legal review questions arose on Conditional Design and negotiations held 9/2/04 allowed for agreement. Gas Co. will make the necessary changes by 9/9/04 and return for final review. All changes accepted and will execute by mid-December 2004.
SBC	Amendment	12/04	*6/04	A redraft was sent 2/19/04 and was agreed upon in 3/26/04 meeting with an exception of the use of D/B in the agreement. MTA reviewed and completed necessary changes on 4/9/04 and forwarded the revised document to SBC on 4/22/04 for final review and execution. SBC was on strike 5/21 – 24/04, and has caused an impact to its execution. Telephone conversation on 5/25/04 expressed that MTA is seeking SBC acceptance of "Deadlines and Delays" language. SBC insists that they should be able to stop work at any time. Alternative language to this was sent on 6/26/04, which has been agreed upon. The final draft from SBC omitted conditional design submittals and alternatives language is being submitted. Negotiations on 9/2/04 led to agreement and the final document has been revised by SBC and received by MTA. Documents will be cleaned up and sent to SBC for execution in October. Execution is underway at SBC.
Adelphia Cable Company	Amendment	12/04	*6/04	Received a marked up draft 7/19/04, with minor changes. Legal completed review and sent to Adelphia for execution. Still under review by Adelphia.

	<u> </u>			
Third Party	Type of Agreement	Forecast Execution Date	Required Need Date	Status/ Comments
California Water Service Company	Master	12/04	*6/04	Cal Water could not agree with the use of D/B in the agreement. MTA responded in a letter that they are responsible to MTA. A draft was sent to Cal Water on 3/15/04. Received minor comments on 4/22/04 and forwarded it to legal for review. Revisions were sent to Cal Water 6/26/04 following discussions. Changes accepted and sent to Cal Water for execution, which is underway.
L.A.County Sanitation Districts	N/A	Complete	3/04	Sanitation District letter dated 3/26/03 stated no need for an agreement since there are no relocations necessarily related to their facilities. They will review the submittals related to encasement for their facility on Indiana Street.
MCI Worldcom	Amendment	Completed by MCI, waiting for MTA Board action	*6/04	An amendment to the previous agreement was produced, discussed and agreed upon on most items. MTA completed the review and necessary changes in response to additions and changes made by MCI and sent a revised document to MCI and sent a revised document to MCI on 4/19/04 for final review and execution. The insurance language was completed by Risk Management on 5/7/04 and reviewed by Mr. Safer on 5/24/04 and was forwarded to MCI on 5/25/04 for review. MTA is seeking MCI acceptance of "Deadlines and Delays" language. MCI would not agree to the Deadlines and Delay language but all other items were agreed upon during a conference call on 6/3/04. MCI completed the changes agreed upon and the revised document was sent to MTA 6/5/04 for final review. MCI executed on 7/20/04. MTA execution is waiting on Board action.
Metropolitan Water District	Amendment	Complete	3/04	1/7/03 meeting resulted in using the existing agreement. A letter was sent to MWD on 4/1/03 for their concurrence. Concurrence was executed by MWD on 4/21/03 and received on 5/12/03.

		_	_	
Third Party	Type of Agreement	Forecast Execution Date	Required Need Date	Status/ Comments
Verizon Wireless	Amendment	1/05	*6/04	The revised draft amendment was hand delivered to Verizon on 11/19/03 and an electronic copy was sent to them 2/19/04. Verizon responded 5/26/04. A meeting to discuss a path forward was scheduled for early July but was cancelled later due to layoffs and changes in staff. Discussions with staff resumed and partial comments were received in late September. The remainder is expected to arrive by late December 2004.
AT&T Local Services	Amendment	1/05	*6/04	Legal has reviewed the document and has suggested some changes. They were sent the previous agreement on 9/2/04 to allow AT&T to complete comments. Spoke with their legal 11/18/04 and he is expected to talk with MTA legal in December 2004.
GST	N/A			Facilities are not impacted by Eastside Construction

CONTRACT P2550 STATUS

Description:	2550 Rail Vehicle Program
Contractor:	Ansaldobreda, Italy

Contract No. P2550 Project: 800151 Status as of: November 30, 2004

Progress/Work Completed:

1. The IPT conducts on-going weekly conference calls with project staff in Los Angeles, New York, Pistoia, and Naples Italy. The teleconferences discuss the status of Contract submittals, reviews and approvals, specific design issues and planned activities for the week.

- The IPT drafted the four-month look-ahead schedule for upcoming First Article Inspections, and travel to support these program management efforts.
- The IPT and Ansaldobreda started conducting the last First Article Inspections other than the assembled vehicle during the months of November.

Areas of Concern:

- Documentation submittals are close to complete. However, several submittals continue lagging behind the contract schedule. Ansaldobreda is making an effort to "catch-up" through the efforts of their documentation consultant
- 2. Both Milestones 5A, Approval of all design dwgs, and 6A, Approval of Cab Mock-up, are not yet complete nor officially approved.

Major Activities (In Progress):

Contractor is in process of completing the Milestone 5A & 6A work. 96% of this work is completed However, since these milestines cannot yet be approved, Ansaldobreda has not yet invoiced for this work.

Contractor continues work on Milestones 7A and 8A. MTA Management Team is presently visiting Breda's Italian facility to assess engineering work progress and review program schedule.

Major Activities Next Period:

- Activities will revolve around scheduling and conducting the remaining First Articles Inspections and previous First Article follow-up.
- 2. The IPT and Ansaldobreda will continue conducting the last First Article Inspections other than the assembled vehicle during the next months of, December, and January.
- 3. During this period the IPT will continue closely monitoring and expediting where necessary for all scheduled activities involved in constructing and supporting the 2550 rail vehicle.
- 4. Weekly teleconference meetings will reconvene to monitor technical design completion for the 2550 rail vehicles.

Milestone 4A -	01/02/04	0	01/31/04	3/31/04A	0
Milestone 5A - Appr.dwgs, per Sect.1.13.1Tech Specs	05/07/04	0	05/07/04	12/31/04	220
Milestone 6A - Appr.of Operator Cab Mockup	06/04/04	0	06/04/04	12/31/04	192
Milestone 7A - Appr.Carbody stress analysis & C.T. report	11/05/04	0	11/05/04	12/31/04	55
Milestone 8A - Appr.of Traction Motors Perf. Tests	11/05/04	0	11/05/04	12/31/04	55
Milestone 14A - Acceptance of two First Article Vehicles	12/02/05	0	12/02/05	12/02/05	0

Physical Percent Complete:

Physical completion * as of November 2004 is 32%.

* Note: Physical completion assessment reflects work completed and invoiced plus current work in progress.

Cost Summary: \$ In millions

1. Award Value:	158.74
(Metro Gold Line Eastside Ext Only:	31.75)
2. Executed Modifications:	0.00
3. Approved Change Orders:	0.00
4. Current Contract Value (1 + 2 + 3):	158.74
5. Pending Changes:	0.00
6. Incurred Cost:	34.69

CONSTRUCTION PHOTOGRAPHS

Repair of 1st Street after relocation of 12" water line.

Placement of 18" storm drainage line at 1st and Boyle Avenue.

CONSTRUCTION PHOTOGRAPHS

Testing being performed by Traylor Brothers/Hayward Baker.

Concrete street decking panels in storage.

APPENDIX COST AND BUDGET TERMINOLOGY

ESTIMATED PROJECT COSTS: Estimated project costs are based upon the current project cost estimates that are produced during the engineering design phase.

COMMITMENTS: The total of actual contract awards, executed change orders or amendments, approved work orders of Master Cooperative Agreements, offers accepted for purchase of real estate, and other LACMTA actions that will result in specific expenditures at a future time.

INCURRED COST: The total value of work performed to date of services received, and acquired materials or properties.

EXPENDITURES: The total dollar amount of checks written by LACMTA's Accounting department for contractor or consultant invoices, third party invoices, staff salaries, and closing payments for escrow accounts that is reported in LACMTA's Financial Information System (FIS).

CONSTRUCTION: Includes guideways, yards and shops, systems equipment, stations, and vehicles.

PROFESSIONAL SERVICES: Includes general engineering, construction management services, consultant design support services during construction, legal counsel, and agency (MTA staff) costs.

RIGHT-OF-WAY: Includes real estate appraisals, purchase cost of parcels, easements, right-of-entry permits, escrow fees, and tenant relocation.

UTILITY/AGENCY FORCE ACCOUNT: Includes work by outside agencies and utilities in design coordination and review.

CONTINGENCY: A fund established at the beginning of a project to provide for anticipated but unknown additional costs that may arise during the course of the project.

SPECIAL CONDITIONS: Includes utilities relocation, environmental compliance and mitigation, master cooperative agreements, insurance program, artwork, systems integration testing and pre-revenue operations.
