My dear Sir:

This will be your authority for charges for
cremation, including the collection and preparation of
ashes, and the container:

In the case of those over ^{Twelve} ~~two~~ years of age \$15
In the case of those under ~~two~~ years of age 2.50

When these charges are alleged to be more than
the relatives can pay it is requested that they be referred
to this office for investigation of their financial condi-
tions and for an order authorizing you to deliver the ashes
to them for less than the above prices.

The charge of \$5 for disinterment will be made
as heretofore with the exception that this office will not
authorize any reduction in this price.

All former instructions to the contrary are
hereby rescinded.

Very truly yours,
