FlyAway Airport Shuttle Inauguration Event March 15

Metro will be hosting a press conference tomorrow at 10:15 a.m. in front of its headquarters building to inaugurate new Union Station to LAX FlyAway Airport Shuttle Service with the Los Angeles World Airports. L.A. Mayor Villaraigosa will kick off the event, which will include Metro, Los Angeles World Airports and other dignitaries, followed by an 11 a.m. media ride to LAX and back. As part of a three-year agreement, Metro will provide Berth 9 on the Patsaouras Transit Plaza for shuttles, an information and sales kiosk next to the stop and parking on P4 of Gateway Center Garage for 500 vehicles. Shuttles will be free to public transit users from March 15 to March 31. Multiple Metro Bus, Rail, Metrolink, Amtrak and municipal bus lines serving Union Station should provide significant ridership base for the new service.

KNBC News To Highlight Metro's Arthur Winston

KNBC interviewed Arthur Winston today at the Arthur Winston Division in South Los Angeles for a profile story they will be doing on him later this week. The reporter and camera crew followed Mr. Winston around the division as he performed his daily tasks. The story is expected to highlight his upcoming 100th birthday and longevity with Metro and its predecessor agencies.
