Metro Gold Line Eastside Construction Find Update

A reporter from the Chinese TV station Phoenix Satellite Television asked today for a Metro response to the Chinese Cultural Historic Society's accusation of hiding information on the discovery of human remains during construction of a retaining wall for the Metro Gold Line Eastside Extension. Metro staff explained to the reporter that Metro informed the Chinese community in a timely manner after we got the lab report from the archeologist in charge of the excavation and that the remains are from a wide variety of ethnic backgrounds, not only Chinese. A story will run tonight on the cable television station serving the Chinese community.

Metro's Arthur Winston Celebrates His 100th Birthday And Retirement

Media Relations issued a Media Advisory today encouraging reporters and television crews to attend tomorrow's birthday celebration for Metro's Arthur Winston who will turn 100-years old. The celebration event begins at 11:30 a.m. tomorrow at the Arthur Winston Division located at 5425 Van Ness Avenue in South Los Angeles. Today, The Los Angeles County Board of Supervisors honored Mr. Winston at their regular meeting at the Hall of Administration. Numerous media outlets covered today's Board of Supervisor's meeting and it is anticipated that stories concerning Mr. Winston will air tonight. In addition, both the Los Angeles Times and ABC World News Tonight followed Mr. Winston around today and interviewed him for future stories. CBS Evening News will meet Mr. Winston at his house tomorrow morning and follow him as he arrives at the division. The Times is expected to run a story this week. ABC World News Tonight is expected to air their story this Friday.
