### Consent Decree Update

This morning, Judge Terry Hatter heard oral arguments from both Metro and the Bus Riders Union (BRU) concerning the BRU's motions to extend the Consent Decree and find Metro in contempt. The Judge did not issue an order from the bench. Instead, he said that he will issue a written order by October 26<sup>th</sup>. Judge Hatter gave no indication as to how he would rule. If the Judge does not extend the Consent Decree, it will expire by its own terms at the end of this month.

We will inform you of the Judge's Order concerning this matter as soon as it is received.
