**Former MTA CEO Julian Burke Passes Away**

### **Former MTA CEO Julian Burke Passes Away**

Last night, we learned of the passing of former MTA CEO Julian Burke. Mr. Burke led the agency from 1997 through 2001. Prior to joining the MTA, Burke spent more than twenty years with Victor Palmieri Associates as a corporate turnaround specialist. Some of the major milestones accomplished under Burke's leadership included efforts to shift more resources toward overhauling the Metro Bus system, completing the North Hollywood Metro Rail extension on budget and on time, negotiating new labor contracts and revising the agency's Long Range Transportation Plan. We extend our condolences to Mr. Burke's family during this difficult time. To view the complete story posted on The Source, please click [here](#).
