ABOUT THE BAZAAR

LOS ANGELES HISTORY COMES ALIVE AT THE 6TH-ANNUAL LOS ANGELES ARCHIVES BAZAAR. Organized by L.A. as Subject and presented by the USC Libraries, the annual event celebrates the diversity of Southern California's history. For scholarly researchers, journalists, history buffs, and those simply interested in exploring the stories of Los Angeles, discovery awaits everyone at the Archives Bazaar. This event is free and open to the public.

The Archives Bazaar draws its strength from the breadth and variety of its participants' collections. Large institutions such as the Autry National Center of the American West and the Natural History Museum of Los Angeles County will be represented at the bazaar along with smaller organizations and private collections whose materials fill the gaps left in the city's official history. Other participating organizations include the ONE National Gay and Lesbian Archives, the California African American Museum, El Pueblo de Los Angeles Historical Monument, and the Japanese American National Museum. In all, more than 70 archives are expected to be represented.

The USC Libraries serve as the host institution for L.A. as Subject, an alliance of libraries, museums, and other archival and cultural organizations. The relationship complements the USC libraries' strong Regional History Collection and is a natural outgrowth of the libraries' efforts to preserve and expand access to the primary sources of L.A. history.
