MTA EMPLOYEES TO DONATE 6,000 GIFTS FOR SKID ROW CHILDREN

WHAT: For the sixth straight year, MTA employees and their families will donate gifts to the Fred Jordan Mission in downtown L.A.'s Skid Row. The recipients will be thousands of disadvantaged children and needy families who are provided assistance by the Mission. MTA employees contributed more than 6,000 new toys and canned goods. At MTA headquarters, in the Patsaouras Transit Plaza, toys and other gifts will be on display before jolly old Santa Claus, MTA staff and preschool children from MTA's childcare center bring the collection to the Mission via three MTA buses. Before the buses depart, children will sing Christmas carols and bring out stuffed animals that will be added to gift bags, which are also earmarked for the Mission.
