

NOTICE OF PUBLIC MEETING

Los Angeles County Metropolitan Transportation Authority

The Los Angeles County Metropolitan Transportation Authority Board of Directors will hold a public meeting on June 27, 2013 at 9:00 am in the Los Angeles County Metropolitan Transportation Authority (Metro) Boardroom located at One Gateway Plaza, Los Angeles.

The Board is considering an amendment to the Measure R Traffic Relief and Rail Expansion Ordinance and Expenditure Plan (also referred to as Attachment A of the Ordinance). This Ordinance was approved by the voters in 2008 and imposed an additional 1/2 of one percent transactions and use tax to fund county transportation improvements over a 30-year period. The proposed amendments will allow projects scheduled for completion in the second and third decades of the Expenditure Plan to be accelerated by an average of 10 years. The Board is required to hold a public meeting on the proposed amendment prior to adoption.

PROPOSED AMENDMENT TO ORDINANCE AND EXPENDITURE PLAN

Two amendments to the Measure R Ordinance are being proposed. The first amendment would add a new section to the Ordinance, Section 18 as noted below. This new section describes the financial conditions under which project acceleration can occur and states that the accelerated project sequence will follow the same order as the adopted 2009 Long Range Transportation Plan.

SECTION 18. MEASURE R PROJECT FINANCE ACCELERATION PLAN

If TIFIA loans and a TIFIA Master Credit Agreement of at least \$3.0 billion combined (1), America Fast Forward Tax Credit Bonds of at least \$1.0 billion, and Full Funding Grant Agreements (FFGAs) of at least \$1.9 billion combined are executed for one or more of the 12 transit projects, the amended "Funds Available Beginning" dates shown on lines 6, 9, 12, 13, and 16 of Attachment A shall take effect and Metro shall complete all 12 transit projects in the same sequence as the adopted 2009 Long Range Transportation Plan(2). However, if such loan agreements in the sum of at least \$4.0 billion or one or both of the FFGAs in the sum of at least \$1.9 billion are not executed, this amendment shall not take effect and the "Funds Available Beginning" dates shown on lines 6, 9, 12, 13, and 16 of Attachment A shall not change.

- (1) Including prior transit TIFIA loans with Measure R pledged in repayment.
- (2) Does not apply to non-Measure R funds.

The second proposed amendment would amend the Measure R Expenditure Plan (ATTACHMENT A). Unless amended, the Expenditure Plan approved by the voters does not allow the accelerated expenditure of Measure R funds on transit projects before the dates shown in the "Funds Available Beginning" column of the Expenditure Plan on page 2. The "Funds Available Beginning" dates for certain transit projects need to be amended to begin expending Measure R funds on those projects to complete their construction within the accelerated schedule. No changes to the Highway Capital project dates are required to permit acceleration efforts because Measure R flexibly described their "Funds Available Beginning" dates as "To Be Determined". Attached is a revised Expenditure Plan which presents the proposed amendments to the Transit Capital Subfund "Funds Available Beginning" dates needed to enable the proposed project acceleration. At the time the Board considers approval of this amendment, an accelerated project delivery schedule will also be presented for consideration.

Written comments on this matter will be accepted through June 27, 2013. All comments should be addressed to Board Administration, Metro, One Gateway Plaza, Mail Stop 99-3-1, Los Angeles, CA 90012-2952. Copies of the proposed Ordinance amendment and the Measure R Ordinance are available from Metro's Records Management Center at the LACMTA Plaza Level at (213) 922-2342 and at www.metro.net.

Notes:

- a. The Exposition Blvd Light Rail Transit project includes the following funds: Prop 1B Transit Modernization funds (\$250 M), State Transportation Improvement Program funds (\$103 M), Metro Propositions A and C funds (\$354 M).
- b. Systemwide ridership forecasts indicate need for a Regional Connector downtown. This expenditure plan assumes that Metro Long Range Transportation Plan funds freed-up from the Exposition Phase II project by passage of this sales tax will be redirected to the Regional Connector project by the Metro Board.
- c. Local funding for the Crenshaw Transit Corridor assumes a 3% local contribution (\$44 M) and a Metro Long Range Transportation Plan contribution (\$219 M).
- d. Local funding target and project schedule to be determined due to potential LAX contribution. First segment is included in the Crenshaw project.
- e. The San Fernando Valley North-South Rapidways minimum of \$100 M is divided between the East and Canoga segments.
- f. Unescalated cost estimate to Westwood.
- g. Assumes a 3% local contribution to the Escalation Allowance (\$225 M) and a Metro Long Range Transportation Plan contribution for project scheduling risk (\$615 M).
- h. Total new rail and/or bus rapid transit capital projects cost estimate subject to change when cost estimates are developed for the San Fernando Valley I-405 Corridor Connection (line 13) and the West Santa Ana Branch Corridor (line 16).
- i. The precise amounts of Federal and local funding for the Alameda Corridor East Grade Separations Phase II project are subject to change.
- j. For projects funded from other sources on or before December 31, 2008, the funds freed-up by passage of this sales tax shall remain in the subregion in which the project is located for projects or programs of regional significance (per AB 2321).
- k. Amounts are estimates. Actual amounts will be based on percentage of actual sales tax receipts net of administration.
- I. Local Return to the incorporated cities within Los Angeles County and to Los Angeles County for the unincorporated area of the County on a per capita basis per annual California Department of Finance population data.
- m. The total project cost estimate for the transit and highway capital projects of \$41.2 B includes \$12.9 B in as yet unidentified federal, state, local, and public-private partnership funds for highway projects.
- Legend: Ops = Operations; Tran. Cap. = Transit Capital; SR = State Route; I = Interstate
 - * The West Santa Ana Branch matching funds would be accelerated by utilizing Long Range Transportation Plan resources freed-up by the use of new sales tax funds on the Interstate 5 Capacity Enhancement from I-605 to Orange County Line project (line 27).
