## **Metro Releases Monthly Passes to the Dream Center**

In cooperation with the Los Angeles City and County Emergency Response Taskforce, today Metro released 500 monthly passes and customer information packets to the Dream Center.

These passes were released under my authority and will be used to provide transportation options for Katrina victims relocated to Los Angeles. Metro is working with the Red Cross and local officials to support this effort in any way we can. In addition to passes, Metro has vehicles at the ready for deployment locally or to be used at the disaster site. Human Resources is also preparing employment packets to assist with Metro job placement.

To date, approximately 200 people have been relocated to the Dream Center. The expectation is that up to 1,500 more people may be relocating to Los Angeles over the next several weeks.
