AB 8 Chu D Pupil health: mental health professionals .	6/12/2019-S. HEALTH 7/8/2019-In committee: Hearing postponed by committee.	(1)Existing law requires the governing board of a school district to give diligent care to the health and physical development of pupils and authorizes the governing board of a school district to employ properly certified persons for the work. Existing law requires a school of a school district or county office of education and a charter school to notify pupils and parents or guardians of pupils no less than twice during the school year on how to initiate access to available pupil mental health services on campus or in the community, or both, as provided. Existing law requires, subject to sufficient funds being provided, the State Department of Education, in consultation with the State Department of Health Care Services and appropriate stakeholders, to, on or before July 1, 2020, develop guidelines for the use of telehealth technology in public schools, including charter schools, to provide mental health and behavioral health services to pupils on school campuses.This bill would require, on or before December 31, 2024, a school of a school district or county office of education and a charter school to have at least one mental health professional, as defined, for every 600 pupils generally accessible to pupils on campus during school hours. The bill would require, on or before December 31, 2024, a school of a school district or county office of education and a charter school with fewer than 600 pupils to have at least one mental health professional generally accessible to pupils on campus during school hours, to employ at least one mental health professional to serve multiple schools, or to enter into a memorandum of understanding with a county agency or community-based organization for at least one mental health professional employed by the agency or organization to provide services to pupils. The bill would encourage a school subject to the bill's provisions with pupils who are eligible to receive Medi-Cal benefits to seek reimbursement for costs of implementing the bill's provisions, as specified. By imposing additional requirements on local educational agencies, the bill would impose a state-mandated local program.This bill contains other related provisions and other existing laws.

AB 10 Chiu D Income taxes: credits low-income housing: farmworker housing.	8/26/2019-S. APPR. SUSPENSE FILE 8/30/2019-In committee: Held under submission.	(1)Existing law establishes a low-income housing tax credit program pursuant to which the California Tax Credit Allocation Committee(CTCAC) provides procedures and requirements for the allocation, in modified conformity with federal law, of state insurance, personal income, and corporation tax credit amounts to qualified low-income housing projects that have been allocated, or qualify for, a federal low-income housing tax credit, and farmworker housing. Existing law limits the total annual amount of the state low-income housing credit for which a federal low-income housing credit is required to the sum of \$70,000,000, as increased by any percentage increase in the Consumer Price Index for the preceding calendar year, any unused credit for the preceding calendar years, and the amount of housing credit ceiling returned in the calendar year, and authorizes CTCAC, for calendar years beginning in 2020, to allocate an additional \$500,000,000 to specified low-income housing projects and, for calendar years beginning in 2021, requires this additional amount only to be available for allocation pursuant to an authorization in the annual Budget Act or related legislation, and specified regulatory action by CTCAC.This bill would remove the requirement that, beginning in the 2021 calendar year, the above-described additional \$500,000,000 allocation only be available pursuant to an authorization in the annual Budget Act or related legislation, and specified regulatory action by CTCAC.This bill contains other related provisions.

AB 39 Muratsuchi D Education finance: local control funding formula: aspirational funding level: reports.	9/15/2019-S. 2 YEAR 9/15/2019-Failed Deadline pursuant to Rule 61(a)(15). (Last location was INACTIVE FILE on 9/14/2019)(May be acted upon Jan 2020)	(1)Existing law establishes a public school financing system that requires state funding for county superintendents of schools, school districts, and charter schools to be calculated pursuant to a local control funding formula, as specified. Existing law requires funding pursuant to the local control funding formula to include, in addition to a base grant, supplemental and concentration grant add-ons that are based on the percentage of pupils who are English learners, foster youth, or eligible for free or reduced-price meals, as specified, served by the county superintendent of schools, school district, or charter school. Existing law specifies the amount of the base grant in the 2013–14 fiscal year, as provided, and requires that amount to be adjusted for changes in cost of living in subsequent fiscal years. Existing law requires the Superintendent of Public Instruction to compute the supplemental and concentration grant add-ons as certain percentages of the amount of the base grant.This bill would express the intent of the Legislature to increase the base grants to amounts equal to the national average per-pupil funding level, as provided. The bill would express the intent of the Legislature to apply a cost-of-living adjustment separate from, in addition to, and above the specified cost-of-living adjustment described above for purposes of certain funding provisions.This bill contains other existing laws.

The California Renewables Portfolio Standard Program requires the commission to establish a renewables portfolio standard requiring all retail sellers, defined as including electrical corporations, electric service providers, and community choice aggregators, to procure a minimum quantity of electricity products from eligible renewable energy resources, as defined, so that the total kilowatthours of those products sold to their retail end-use customers achieves 25% of retail sales by December 31, 2016, 33% by December 31, 2020, 44% by December 31, 2024, 52% by December 31, 2027, and 60% by December 31, 2030. Existing law establishes a policy of the state that eligible renewable energy resources and zero-carbon resources supply 100% of retail sales of electricity to California end-use customers and 100% of electricity procured to serve all state agencies by December 31, 2045. Existing law requires the commission, in consultation with the Independent System Operator, to establish resource adequacy requirements for all load-serving entities, as defined, and requires each load-serving entity to maintain physical generating capacity and electrical demand response adequate to meet its load requirements, including peak demand and planning and operating reserves, deliverable to locations and at times as may be necessary to provide reliable electric service. This bill would require the commission to empower the California Alternative Energy and Advanced Transportation Financing Authority to undertake backstop procurement of electricity that would otherwise be performed by an electrical corporation to meet the state resource adequacy, integrated resource planning, and renewable portfolio standard goals not satisfied by retail sellers or load-serving entities. The bill would authorize the authority to undertake backstop procurement consistent with specified objectives and to manage the resale of electricity for its contracted resources. The bond act makes the moneys in the TCIF available, upon appropriation in the annual Budget Act by the Legislature and subject to such conditions and criteria as the Legislature may provide by statute, for allocation by the California Transportation Commission for infrastructure improvements along federally designated Trade Corridors of National Significance or along other corridors that have a high volume of freight movement, as determined by the commission. Existing law designates the commission as the administrative agency responsible for programming funds in the TCIF and authorizes the commission to adopt guidelines for the TCIF program.This bill would require the commission to establish a competitive funding program to provide funds to the Department of Transportation or regional transportation planning agencies, or both, for short-line railroad projects such as railroad reconstruction, maintenance, upgrade, or replacement. The bill would require the commission to adopt guidelines, in consultation with representatives from specified government and industry entities, by July 1, 2020, to be used by the commission to select projects for programming and allocation. The bill would appropriate \$7,200,000, or a lesser amount, as specified, from the Trade Corridors Improvement Fund to the Department of Transportation for purposes of the program.(2)Existing law creates the Independent Office of Audits and Investigations within the Department of Transportation, headed by a director known as the Inspector General, to ensure, among other things, that the department, and external entities that receive state and federal transportation funds from the department, are spending those funds efficiently, effectively, economically, and in compliance with applicable state and federal requirements. Existing law vests the Inspector General with the full authority for maintaining a full scope, independent, and objective audit and investigation program, as prescribed. The bill would provide that all books, papers, records, and correspondence of the office are public records subject to the California Public Records Act but would prohibit the Inspector General from releasing certain types of records to the public, except under certain circumstances. The bill would also make it a crime to engage in specified activity with regard to an audit, evaluation, investigation, or review conducted pursuant to these provisions, including manipulating, correcting, altering, or changing records, documents, accounts, reports, or correspondence before or during any audit, and distributing, reproducing, releasing, or failing to safeguard confidential draft documents exchanged between the Inspector General and the entity subject to the audit, before the release of the Inspector General’s final report, as specified. Existing statutory law requires the minimum amount required by the California Constitution, plus interest, to be transferred by the Controller in each fiscal year until June 30, 2016, to the Transportation Deferred Investment Fund for allocation to transportation purposes that would have been funded in the absence of a suspension. Under existing law, the Transportation Deferred Investment Fund is considered part of the Transportation Investment Fund, except as specified. This bill would require all assets and liabilities of the Transportation Deferred Investment Fund to become assets and liabilities of the State Highway Account before January 1, 2020. (6) Existing law authorizes the Department of Motor Vehicles, in conjunction with the California Highway Patrol, to design and make available for issuance the California memorial license plate. Existing law requires 85% of the revenue from specified fees imposed in connection with the issuance, renewal, transfer, and substitution of California memorial license plates to be deposited in the Antiterrorism Fund within the General Fund, and requires the money in the fund, upon appropriation by the Legislature, to be allocated solely for antiterrorism activities, as provided. Existing law requires 15% of the revenue from those fees to be deposited in the California Memorial Scholarship Fund within the General Fund, and requires the money in that fund, upon appropriation by the Legislature, to be available for scholarships for surviving dependents of California residents killed as a result of injuries sustained during the terrorist attacks of September 11, 2001. This bill would instead require that all of the revenue from those fees be deposited in the Antiterrorism Fund. (7) Existing law imposes weight fees on the registration of commercial motor vehicles. AB 289 Fong R California Public Records Act Ombudspers on.	6/19/2019-S. JUD. 7/2/2019-In committee: Set, first hearing. Failed passage. Reconsideration granted.	The California Public Records Act requires state and local agencies to make their records available for public inspection, unless an exemption from disclosure applies. The act declares that access to information concerning the conduct of the people’s business is a fundamental and necessary right of every person in this state. This bill would establish, within the California State Auditor’s Office, the California Public Records Act Ombudsperson. The bill would require the California State Auditor to appoint the ombudsperson subject to certain requirements. The bill would require the ombudsperson to receive and investigate requests for review, as defined, determine whether the denials of original requests, as defined, complied with the California Public Records Act, and issue written opinions of its determination, as provided. The bill would require the ombudsperson to create a process to that effect, and would authorize a member of the public to submit a request for review to the ombudsperson consistent with that process. The bill would require the ombudsperson, within 30 days from receipt of a request for review, to make a determination, as provided, and would require the ombudsperson to require the state agency to provide the public record if the ombudsperson determines that it was improperly denied. The bill would authorize the ombudsperson to require any state agency determined to have improperly denied a request to reimburse the ombudsperson for its costs to investigate the request for review. The bill would require the ombudsperson to report to the Legislature, on or before January 1, 2021, and annually thereafter, on, among other things, the number of requests for review the ombudsperson has received in the prior year. By expanding the duties of the California State Auditor’s Office, this bill would create an appropriation. This bill contains other existing laws.

(1)Existing law establishes the Natural Resources Agency, composed of departments, boards, conservancies, and commissions responsible for the restoration, protection, and management of the state’s natural and cultural resources, under the supervision of an executive officer known as the secretary.This bill would require the Secretary of the Natural Resources Agency to create an environmental justice program within the agency to identify and address any gaps in existing programs, policies, or activities that may impede the achievement of environmental justice. The bill, contingent upon funding for this purpose, would require the secretary to establish a grant-based reimbursement program to enable environmental justice and community groups to meaningfully participate in rulemaking and other regulatory processes at departments and entities within the agency. The bill would define environmental justice for these purposes.This bill would require the department to, on or before July 1, 2022, adopt regulations to protect public health and safety near oil and gas extraction facilities. The bill would require those regulations to include safety requirements and the establishment of a minimum setback distance between oil and gas activities and sensitive receptors such as schools, childcare facilities, playgrounds, residences, hospitals, and health clinics based on health, scientific, and other data, and would require the department to consider a setback distance of 2,500 feet at schools, playgrounds, and public facilities where children are present, and a range of other protective measures, including, but not limited to, enhanced monitoring and maintenance requirements. Because a violation of these regulations would be a crime, the bill would impose a state-mandated local program. E.Q. 8/14/2019-From committee chair, with author's amendments: Amend, and re- refer to committee. Read second time, amended, and re- referred to Com. on EQ.	Under existing law, programs have been established pursuant to bond acts for, among other things, drought, water, parks, climate, coastal protection, and outdoor access for all. This bill would enact the Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2020, which, if approved by the voters, would authorize the issuance of bonds in the amount of \$3,920,000,000 pursuant to the State General Obligation Bond Law to finance a wildlife prevention, safe drinking water, drought preparation, and flood protection program. The bill would provide for the submission of these provisions to the voters at the November 3, 2020, statewide general election. The bill would provide that its provisions are severable.

AB 418 Kalra D Evidentiary privileges: union agent-represented worker privilege.	9/15/2019-S. 2 YEAR 9/15/2019-Failed Deadline pursuant to Rule 61(a)(15). (Last location was INACTIVE FILE on 9/12/2019)(May be acted upon Jan 2020)	Existing law governs the admissibility of evidence in court proceedings and generally provides a privilege as to communications made in the course of certain relations, including the attorney-client, physician-patient, and psychotherapist-patient relationship, as specified. Under existing law, the right of any person to claim those evidentiary privileges is waived with respect to a communication protected by the privilege if any holder of the privilege, without coercion, has disclosed a significant part of the communication or has consented to a disclosure. This bill would establish a privilege between a union agent, as defined, and a represented employee or represented former employee to refuse to disclose any confidential communication between the employee or former employee and the union agent made while the union agent was acting in the union agent's representative capacity, except as specified. The bill would permit a represented employee or represented former employee to prevent another person from disclosing a privileged communication, except as specified. The bill would further provide that this privilege may be waived in accordance with existing law and does not apply in criminal proceedings.

AB 425 Cooley D Firearms: ammunition sales.	7/8/2019-S. APPR. SUSPENSE FILE 8/30/2019-In committee: Held under submission.	(1)Existing law, as amended by the Safety for All Act of 2016, an initiative statute approved by voters as Proposition 63 at the November 8, 2016, statewide general election, requires the sale of ammunition to be conducted by or processed through a licensed ammunition vendor. Existing law exempts from that requirement the sale, delivery, or transfer of ammunition to specified individuals, including a sworn peace officer or sworn federal law enforcement officer who is authorized to carry a firearm in the course and scope of the officer’s duties, and a representative of a law enforcement agency, with written authorization from the head of the agency, purchasing ammunition for the exclusive use of the agency. Existing law also exempts from that requirement the sale, delivery, or transfer of ammunition to a person who is federally licensed as a firearms dealer or collector of firearms, as specified. A violation of this requirement is a misdemeanor. Proposition 63 allows its provisions to be amended by a vote of 55% of the Legislature so long as the amendments are consistent with, and further the intent of, the act.The bill would exempt from the above-described ammunition purchasing requirement a licensed private patrol operator or an agent or employee of the private patrol operator, a person registered as a security guard or security patrolperson who also holds a valid firearm permit issued by the Bureau of Security and Investigative Services of the Department of Consumer Affairs, who purchases or receives ammunition for use in the normal course and scope of employment, and a sheriff’s or police security officer. The bill would also exempt from the above-described ammunition purchasing requirement a person employed by a public forensic laboratory who purchases, receives, or transfers ammunition for use in the normal course and scope of laboratory operations.This bill contains other related provisions and other existing laws.

The Ralph M. Brown Act generally requires that the meetings of legislative bodies of local agencies be conducted openly. That act defines “meeting” for purposes of the act and prohibits a majority of the members of a legislative body, outside a meeting authorized by the act, from using a series of communications of any kind to discuss, deliberate, or take action on any item of business that is within the subject matter jurisdiction of the legislative body. This bill would provide that the prohibition described above does not apply to the participation, as defined, in an internet-based social media platform, as defined, by a majority of the members of a legislative body, provided that a majority of the members do not discuss among themselves, as defined, business of a specific nature that is within the subject matter jurisdiction of the legislative body of the local agency. AB 1112 Friedman D Shared mobility devices: local regulation.	7/12/2019-S. 2 YEAR 7/12/2019-Failed Deadline pursuant to Rule 61(a)(11). (Last location was TRANS. on 5/29/2019)(May be acted upon Jan 2020)	Existing law generally regulates the operation of bicycles, electric bicycles, motorized scooters, and electrically motorized boards. Existing law allows local authorities to regulate the registration, parking, and operation of bicycles and motorized scooters in a manner that does not conflict with state law. This bill would define a “shared mobility device” as a bicycle, electric bicycle, motorized scooter, electrically motorized board, or other similar personal transportation device, that is made available to the public for shared use and transportation, as provided. The bill would require shared mobility devices to include a single unique alphanumeric ID. The bill would allow a local authority to require a shared mobility device provider to provide the local authority with deidentified and aggregated trip data and operational data, including as a condition for operating a shared mobility device program. The bill would prohibit the sharing of individual trip data, except as provided by the Electronic Communications Privacy Act. The bill would allow a local authority to enact reasonable regulations on shared mobility devices and providers within its jurisdiction, including, but not limited to, requiring a shared mobility service provider to obtain a permit. The bill would allow a local authority to ban persons from deploying and offering shared mobility devices for hire on its public right of way, subject to the California Environmental Quality Act. AB 1276 Bonta D Local redistricting.	1/23/2020-S. RLS. 1/23/2020-Read third time. Passed. Ordered to the Senate. In Senate. Read first time. To Com. on RLS. for assignment.	The California Constitution authorizes a city to adopt a charter by a majority vote of its electors, and authorizes a charter city to make and enforce all ordinances and regulations in respect to municipal affairs. The California Constitution provides that it shall be competent in a city charter to provide for the manner in which, the method by which, the times at which, and the terms for which municipal officers and employees shall be elected or appointed. Existing law establishes criteria pursuant to which charter cities adjust or adopt council district area boundaries, as applicable, for the purpose of electing members of the city council. These criteria encourage council districts to be geographically contiguous and compact, to respect the geographic integrity of communities of interest, as defined, and to have easily identifiable and understandable boundaries. Existing law authorizes the city council of a charter city to establish an advisory redistricting commission to hold public redistricting hearings. This bill would provide that these criteria do not apply to a charter city that has adopted comprehensive or exclusive redistricting criteria, as defined, in its city charter. The bill would authorize the city council of a charter city to instead establish an advisory body to hold public redistricting hearings. The bill would clarify that if a council assigns the power to adopt new district boundaries to an advisory, hybrid, or independent redistricting commission, the charter city remains subject to the same redistricting deadlines, requirements, and restrictions that are applicable to the council. Existing law requires a county board of supervisors to record or prepare a written summary of each public comment and board deliberation made at each public redistricting hearing or workshop and to establish an internet web page dedicated to redistricting that includes links to the audio or audiovisual recording and adopted minutes of each public redistricting hearing. This bill contains other related provisions.

AB 1442 Rivas, Luz D Income taxes: credits: Share Our Values Tax Credit.	8/26/2019-S. APPR. SUSPENSE FILE 8/30/2019-In committee: Held under submission.	The Personal Income Tax Law and the Corporation Tax Law allow a motion picture credit for taxable years beginning on or after January 1, 2020, to be allocated by the California Film Commission on or after July 1, 2020, and before July 1, 2025. Existing law allows a credit in an amount equal to 20% or 25% of qualified expenditures up to \$100,000,000 for the production of a qualified motion picture in this state, with additional specified credit amounts allowed. Existing law limits the aggregate amount of these new credits to be allocated in each fiscal year to \$330,000,000 plus, among other amounts, the amount of any unused credit amounts for the preceding fiscal year. This bill, for taxable years beginning on or after January 1, 2020, would allow an additional tax credit, for qualified motion pictures in the same manner as described above, with modifications including revising the definition of “qualified motion picture” to mean a qualified motion picture that either relocated to California from, or chose not to pay or incur qualified expenditures for a qualified motion picture in, a state that has pending legislation or existing law that prohibits access to, criminalizes the provision of, or otherwise restricts a woman’s access to abortion services after 8 weeks from the beginning of the pregnancy or earlier and would limit on the aggregate amount of these new credits to be allocated in each fiscal year to \$50,000,000 plus additional specified amounts. AB 1908 Chen R Department of Transportation: Homeless Encampment and Litter Program.	1/8/2020-A. PRINT 1/9/2020-From printer. May be heard in committee February 8.	Existing law vests the Department of Transportation with full possession and control of the state highway system, including associated property. Existing law authorizes the Department of Transportation to require the removal of any encroachment in, under, or over any state highway. Existing law authorizes the department to offer for lease to a city, county, political subdivision of a city or county, or state agency airspace and real property that meets certain requirements for purposes of a temporary emergency shelter or feeding program, subject to certain conditions. This bill would require the department, within its maintenance program, to establish a Homeless Encampment and Litter Program to provide timely abatement and cleanup of homeless encampments on department property and expedited and coordinated access to housing and supportive services. The bill would require the department to coordinate with homeless service provider agencies and to establish homeless adult and family multidisciplinary personnel teams. The bill would require the department, upon receiving a report of a homeless encampment, to deploy a multidisciplinary personnel team to expedite and coordinate access to housing and supportive services for occupants of the encampment. Before proceeding to remove a homeless encampment, the bill would require the department to use best efforts to assist occupants of the encampment to voluntarily accept supportive services and relocate. If the department responds to 3 or more homeless encampments within 30 days at the same location, the bill would require, rather than authorize, the department to offer the location for lease for purposes of a temporary emergency shelter or feeding program pursuant to the above-described provisions. The bill would provide that implementation of these provisions is contingent upon an appropriation by the Legislature. This bill contains other existing laws.

AB 1928 Kiley R Employment standards: independent contractors and employees.	1/15/2020- A. PRINT 1/16/2020-From printer. May be heard in committee February 15.	Existing law, as established in the case of Dynamex Operations W. Inc. v. Superior Court (2018) 4 Cal.5th 903 (Dynamex), creates a presumption that a worker who performs services for a hirer is an employee for purposes of claims for wages and benefits arising under wage orders issued by the Industrial Welfare Commission. Existing law requires a 3-part test, commonly known as the “ABC” test, to determine if workers are employees or independent contractors for purposes of specified wage orders. Existing law establishes that, for purposes of the Labor Code, the Unemployment Insurance Code, and the wage orders of the Industrial Welfare Commission, a person providing labor or services for remuneration is considered an employee rather than an independent contractor unless the hiring entity demonstrates that the person is free from the control and direction of the hiring entity in connection with the performance of the work, the person performs work that is outside the usual course of the hiring entity’s business, and the person is customarily engaged in an independently established trade, occupation, or business. This test is commonly known as the “ABC” test. Existing law charges the Labor Commissioner with the enforcement of labor laws, including worker classification. Existing law exempts specified occupations and business relationships from the application of Dynamex and these provisions. Existing law instead provides that these exempt relationships are governed by the test adopted in S. G. Borello & Sons, Inc. v. Department of Industrial Relations (1989) 48 Cal.3d (Borello). This bill would repeal those existing provisions and instead require a determination of whether a person is an employee or an independent contractor to be based on the specific multifactor test set forth in Borello, including whether the person to whom service is rendered has the right to control the manner and means of accomplishing the result desired, and other identified factors. The bill would make related, conforming changes.

AB 1934 Voepel R Planning and zoning: affordable housing: streamlined, ministerial approval process.	1/23/2020-A. H. & C.D. 1/23/2020- Referred to Coms. on H. & C.D. and L. GOV.	Existing law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development, which satisfies specified objective planning standards, that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit. Existing law requires a local government to notify the development proponent in writing if the local government determines that the development conflicts with any of those objective standards by a specified time; otherwise, the development is deemed to comply with those standards. Existing law provides that if a local government approves a project pursuant to that process, that approval will not expire until a specified period of time depending on the nature of the development. This bill would, notwithstanding those provisions, authorize a development proponent to submit an application for a development to be subject to a streamlined, ministerial approval process provided that development meet specified objective planning standards, including that the development provide housing for persons and families of low or moderate income. The bill would require a local government to notify the development proponent in writing if the local government determines that the development conflicts with any of those objective standards within 30 days of the application being submitted; otherwise, the development would be deemed to comply with those standards. This bill would provide that the local government's approval of a project pursuant to this process would not expire for 5 years. This bill contains other related provisions and other existing laws.

(1)Existing law creates the Division of Labor Standards Enforcement, which is headed by the Labor Commissioner, and commits to it the general authority to enforce the requirements of the Labor Code. Existing law generally authorizes people who believe that they have been discharged or otherwise discriminated against in violation of any law enforced by the Labor Commissioner to file a complaint with the Division of Labor Standards Enforcement within 6 months after the occurrence of the violation. Existing law generally requires the Labor Commissioner to commence actions to enforce labor standards within 3 years of their accrual, as specified.This bill would extend the period of time within which people may file complaints subject to the 6-month deadline, described above, to within one year after the occurrence of the violations.This bill contains other related provisions and other existing laws.

AB 1991 Friedman D	2/6/2020- A. TRANS. 2/6/2020-Referred to Coms. on TRANS. and NAT. RES.	Existing law establishes the Transit and Intercity Rail Capital Program, which is funded in part by a continuously appropriated allocation of 10% of the annual proceeds of the Greenhouse Gas Reduction Fund, to fund transformative capital improvements that will modernize California’s intercity, commuter, and urban rail systems and bus and ferry transit systems to achieve certain policy objectives. Existing law requires the Transportation Agency to evaluate applications for funding under the program and to approve a multiyear program of projects, as specified, and requires the California Transportation Commission to allocate funding to applicants pursuant to the program of projects approved by the agency. This bill would expand the purpose of the program to authorize funding for passenger tramway transit systems. By expanding the purposes for which continuously appropriated moneys may be used, the bill would make an appropriation.

TRANS. 2/6/2020-Referred to Coms. on TRANS. and NAT. RES.	Existing law vests the Department of Transportation with full possession and control of the state highway system. Existing law requires the department, in consultation with the California Transportation Commission, to prepare a robust asset management plan that assesses the health and condition of the state highway system and with which the department is able to determine the most effective way to apply the state's limited resources. This bill would state the intent of the Legislature to enact legislation that would establish a new program to fund climate change adaptation planning for transportation impacts, data collection, modeling, and training. The bill would require the department, in consultation with the commission, to update the asset management plan on or before December 31, 2022, and for the update to also address the forecasted transportation infrastructure impacts of climate change. The bill would require both the 3rd update to the California Transportation Plan, which is due in 2025, and the Strategic Growth Council's report to include a forecast of the transportation impacts of climate change and measures to address those impacts. (Last location was NAT. RES. on 7/8/2019)(May be acted upon Jan 2020)</p>	<p>The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure by which a person may seek judicial review of the decision of the lead agency made pursuant to CEQA. This bill would, until January 1, 2025, establish specified procedures for the administrative and judicial review of the environmental review and approvals granted for projects that are funded, in whole or in part, by specified public funds or public agencies and that meet certain requirements. Because a public agency would be required to comply with those new procedures, this bill would impose a state-mandated local program. The bill would require the Judicial Council, by September 1, 2020, to adopt rules of court applicable to an action or proceeding brought to attack, review, set aside, void, or annul the certification or adoption of an environmental review document or the granting of project approvals, including any appeals therefrom, to be resolved, to the extent feasible, within 270 days of the filing of the certified record of proceedings with the court to an action or proceeding seeking judicial review of the lead agency's action related to those projects. The bill would require a party seeking to file an action or proceeding pursuant to CEQA to provide the lead agency and the real party in interest a notice of intent to sue within 10 days of the posting of a certain notice and would prohibit a court from accepting the filing of an action or proceeding from a party that fails to provide the notice of intent to sue. This bill would require the chair of the commission to establish an advisory committee, the California Council on the Future of Transportation, to provide the Governor and the Legislature with recommendations for changes in state policy to ensure that California continues to be the world leader in autonomous, driverless, and connected vehicle technology. The bill would require the council to consist of at least 22 members, selected by the chair or designated, as specified, who represent, among others, transportation workers, various state and local agencies, and a disability rights organization. The bill would require the council to gather public comment on issues and concerns related to autonomous vehicles and to submit, among other things, recommendations for statewide policy changes and updates to the Legislature no later than January 1, 2022, and to submit a report of its recommendations biannually thereafter, or more frequently at the commission's discretion. The bill would require the council to create subcommittees focused on or more specific topics and to form one subcommittee led by the Office of Planning and Research focused on furthering the state's environmental, public health, and energy objectives, as specified. The bill would require the subcommittee to submit policy recommendations to the council and the Legislature by January 1, 2022, and to make those recommendations publicly available. SB 266 Leyva D Public Employees' Retirement System: disallowed compensation: benefit adjustments.	9/15/2019-S. 2 YEAR 9/15/2019- 9/15/2019-Failed Deadline pursuant to Rule 61(a)(15). (Last location was DESK on 9/11/2019)(May be acted upon Jan 2020)	(1)Existing law, the Public Employees' Retirement Law (PERL), establishes the Public Employees' Retirement System (PERS), which provides a defined benefit to members of the system, based on final compensation, credited service, and age at retirement, subject to certain variations. PERL authorizes a public agency to contract to make its employees members of PERS and prescribes a process for this. PERS is administered by its board of administration, which is responsible for correcting errors and omissions in the administration of the system and the payment of benefits. Existing law requires the board to correct all actions taken as a result of errors or omissions of the state or a contracting agency, in accordance with certain procedures. This bill would establish new procedures under PERL for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on disallowed compensation that conflicts with PEPR and other specified laws and thus impermissible under PERL. The bill would also apply these procedures retroactively to determinations made on or after January 1, 2017, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted their administrative or legal remedies. At the threshold, after determining that compensation for an employee member reported by the state, school employer, or a contracting agency is disallowed, the bill would require the applicable employer to discontinue the reporting of the disallowed compensation. The bill would require that contributions made on the disallowed compensation, for active members, be credited against future contributions on behalf of the state, school employer, or contracting agency that reported the disallowed compensation and would require that the state, school employer, or contracting agency return to the member any contributions paid by the member or on the member's behalf. (Last location was TRANS. on 6/6/2019)(May be acted upon Jan 2020)	The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, approved by the voters as Proposition 1B at the November 7, 2006, statewide general election, authorizes the issuance of \$19.925 billion of general obligation bonds for specified purposes, including \$2 billion to be transferred to the Trade Corridors Improvement Fund (TCIF), created by the bond act. The bond act makes the moneys in the TCIF available, upon appropriation in the annual Budget Act by the Legislature and subject to such conditions and criteria as the Legislature may provide by statute, for allocation by the California Transportation Commission for infrastructure improvements along federally designated Trade Corridors of National Significance or along other corridors that have a high volume of freight movement, as determined by the commission. Existing law designates the commission as the administrative agency responsible for programming funds in the TCIF and authorizes the commission to adopt guidelines for the TCIF program. This bill would require the commission, upon appropriation by the Legislature of funds resulting from TCIF program savings, to establish a competitive grant program to provide grants from those funds in the 2020–21 and 2021–22 fiscal years to the Department of Transportation or regional transportation planning agencies, or both, for short-line railroad projects such as railroad reconstruction, maintenance, upgrade, or replacement. The bill would require the commission to adopt guidelines, in consultation with representatives from specified government and industry entities, by July 1, 2020, to be used by the commission to select grant recipients.

SB 664 Allen D Electronic toll and transit fare collection systems.	9/15/2019-A. 2 YEAR 9/15/2019-Failed Deadline pursuant to Rule 61(a)(15). (Last location was P. & C.P. on 9/10/2019)(May be acted upon Jan 2020)	(1)Existing law requires the Department of Transportation, in cooperation with the Golden Gate Bridge, Highway and Transportation District and all known entities planning to implement a toll facility, to develop and adopt functional specifications and standards for an automatic vehicle identification system, in compliance with specified objectives, including that a vehicle owner shall not be required to purchase or install more than one device to use on all toll facilities, and generally requires any automatic vehicle identification system purchased or installed after January 1, 1991, to comply with those specifications and standards. Existing law authorizes operators of toll facilities on federal-aid highways engaged in an interoperability program to provide only specified information regarding a vehicle’s use of the toll facility.This bill would expand the above-described objective so that a user of a toll facility shall also not be required to purchase or install more than one device to use on all toll facilities. The bill would limit the above-described authorization to those operators engaged in an interstate interoperability program. The bill would assert that these provisions are declarative of existing law.This bill contains other related provisions and other existing laws.	Support

SB 739 Stern D Fire prevention: defensible space and home hardening training.	1/27/2020-A. DESK 1/27/2020-Read third time. Passed. (Ayes 39. Noes 0.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.	Existing law requires the Director of Forestry and Fire Protection to identify areas in the state as very high fire hazard severity zones based on specified criteria and the severity of the fire hazard. Existing law requires a person who owns, leases, controls, operates, or maintains an occupied dwelling or structure in, upon, or adjoining a mountainous area, forest-covered land, brush-covered land, grass-covered land, or land that is covered with flammable material that is within a very high fire hazard severity zone, as designated by a local agency, or a building or structure in, upon, or adjoining those areas or lands within a state responsibility area, to maintain a defensible space of 100 feet from each side and from the front and rear of the structure, as specified. This bill would require the Department of Forestry and Fire Protection to develop and implement a training program, as provided, to train individuals to support and augment the department in its defensible space and home hardening assessment and education efforts. The bill would require the department to issue a certification of completion to individuals who have successfully completed the training program. The bill would repeal these provisions on January 1, 2025.		Natural Resources And Water (text 1/6/2020) Support None Oppose None

SB 749 Durazo D California Public Records Act: trade secrets.	9/15/2019-A. 2 YEAR 9/15/2019-Failed Deadline pursuant to Rule 61(a)(15). (Last location was INACTIVE FILE on 9/13/2019)(May be acted upon Jan 2020)	The California Public Records Act requires state and local agencies to make their records available for public inspection, unless an exemption from disclosure applies. Existing law provides that nothing in the act requires the disclosure of corporate proprietary information including trade secrets, among other things. This bill would provide that specified records of a private industry employer that are prepared, owned, used, or retained by a public agency are not trade secrets and are public records, including certain records relating to employment terms and conditions of employees working for a private industry employer pursuant to a contract with a public agency, if those wages, benefits, working hours and other employment terms and conditions relate to work performed under the contract, records of compliance with local, state, or federal domestic content requirements, and records of a private industry employer's compliance with job creation, job quality, or job retention obligations contained in a contract or agreement with a state or local agency. The bill, however, would exclude contracts between a public agency and a private industry employer entered into before January 1, 2020, and records that include communications between the state or local agency and specified state or local officials, on matters posing a threat to the security of a public building, a threat to the security of essential public services, or a threat to the public's right of access to public services or public facilities, from these provisions. Because the bill would require local officials to perform additional duties, it would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

<p>SB 795 Beall D</p> <p>Affordable Housing and Community Development Investment Program.</p>	<p>1/15/2020-S. GOV. & F. 1/15/2020- Referred to Coms. on GOV. & F., HOUSING, and ED.</p>	<p>Existing property tax law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures, subject to certain modifications. Existing law requires an annual reallocation of property tax revenue from local agencies in each county to the Educational Revenue Augmentation Fund (ERAF) in that county for allocation to specified educational entities. This bill would establish in state government the Affordable Housing and Community Development Investment Program, which would be administered by the Affordable Housing and Community Development Investment Committee. The bill would authorize a city, county, city and county, joint powers agency, enhanced infrastructure financing district, affordable housing authority, community revitalization and investment authority, transit village development district, or a combination of those entities, to apply to the Affordable Housing and Community Development Investment Committee to participate in the program and would authorize the committee to approve or deny plans for projects meeting specific criteria. The bill would also authorize certain local agencies to establish an affordable housing and community development investment agency and authorize an agency to apply for funding under the program and issue bonds, as provided, to carry out a project under the program. Among other things, the bill would require that an applicant certify that a skilled and trained workforce, as defined, will be used to complete the project if the plan is approved, except as specified. The bill would also require the Department of Housing and Community Development to certify to the committee whether the housing element of the applicant, if applicable, is in substantial compliance with specified law and whether any rezoning of sites required by law have been completed. By requiring the applicant and the department to make these certifications, the bill would expand the scope of the crime of perjury. This bill contains other related provisions and other existing laws.</p>

SB 850 Leyva D Work hours: scheduling.	1/22/2020-S. L., P.E. & R. 1/22/2020- Referred to Coms. on L., P.E. & R. and JUD.	Existing law governs the relationship between an employer and an employee with regard to hiring, promotion, discipline, wages and hours, working conditions, and administrative and judicial remedies. Existing law authorizes the Labor Commissioner to investigate employee complaints and to conduct a hearing in any action to recover wages, penalties, and other demands for compensation. This bill would require an employer, which includes a grocery store establishment, restaurant, or retail store establishment, to provide its employees with a work schedule at least 7 calendar days prior to the first shift on that work schedule, except as specified. The bill would require an employer, except as specified, to pay its employees modification pay for each previously scheduled shift that the employer cancels or moves to another date or time, for any previously unscheduled shift that the employer requires an employee to work, or for each on-call shift for which an employee is required to be available but is not called in to work that shift. The bill would require an employer to post a poster containing specified information regarding an employee's right to receive modification pay and would require the Labor Commissioner to create the poster and make it available. The bill would define terms for those purposes, including, among others, a grocery store establishment, restaurant, or retail store establishment. This bill contains other related provisions.

SB 895 Archuleta D Energy: zero-emission fuel, infrastructure, and transportation technologies.	2/6/2020-S. E. U., & C. 2/6/2020-Referred to Com. on E., U. & C.	Existing law requires the State Energy Resources Conservation and Development Commission, within the limits of available funds, to provide technical assistance and support for the development of petroleum diesel fuels that are as clean or cleaner than alternative clean fuels and clean diesel engines. This bill would instead require the commission, within the limits of available funds, to provide technical assistance and support for the development of zero-emission fuels, zero-emission fueling infrastructure, and zero-emission fuel transportation technologies.		
SCA 1 Allen D Public housing projects.	9/10/2019-A. DESK 9/10/2019-Read. Adopted. (Ayes 38. Noes 0.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.	The California Constitution prohibits the development, construction, or acquisition of a low-rent housing project, as defined, in any manner by any state public body until a majority of the qualified electors of the city, town, or county in which the development, construction, or acquisition of the low-rent housing project is proposed approve the project by voting in favor at an election, as specified. This measure would repeal these provisions.

SCA 3 Hill D Property taxation: change in ownership: inheritance exclusion.	5/21/2019- S. INACTIVE FILE 5/21/2019-Ordered to inactive file on request of Senator Hill.	The California Constitution generally limits ad valorem taxes on real property to 1% of the full cash value of that property. For purposes of this limitation, “full cash value” is defined as the assessor’s valuation of real property as shown on the 1975–76 tax bill under “full cash value” or, thereafter, the appraised value of that real property when purchased, newly constructed, or a change in ownership has occurred. The California Constitution specifies various transfers that are not deemed to be a “purchase” or “change in ownership” of a property for these purposes, including the purchase or transfer of a principal residence from parents to their children, or, under certain circumstances, from grandparents to their grandchildren, and the purchase or transfer of the first \$1,000,000 of the full cash value of all other real property transferred from parents or grandparents to their children or grandchildren. This measure would limit the above-decried \$1,000,000 exclusion for purchases or transfers of real property other than a principal residence to purchases or transfers of nonresidential real property. The measure, except as provided, would provide that the transfer of the principal residence of a parent or grandparent is excluded from “purchase” or “change in ownership” under these provisions only if the transferee uses the residence as his or her principal residence within 12 months after the transfer. If the transferee subsequently ceases to use the residence as his or her principal residence, the measure would require that the residence be assessed at its full cash value as of the date of the transfer from the parent or grandparent to the transferee. The measure would provide that these changes apply to a purchase or transfer of real property on or after the effective date of the measure. The measure would also make various nonsubstantive changes.

Senate Bill 1790 Senator James Inhofe (R – OK)	NATIONAL DEFENSE AUTHORIZATION ACT Authorizes Department of Defense programs – includes language with respect to prohibitions on the use of federal funds for procuring rolling stock from China.	12/20/19 – Signed into law by the President 12/17/19 – passed by the U.S. Senate 12/11/19 – passed by the U.S. House of Representatives
Senate Bill 352 Senator John Cornyn (R-TX) And Senator Mark Warner (D-VA)	“BUILDING AMERICAN INFRASTRUCTURE AND LEVERAGING DEVELOPMENT ACT” or BUILD ACT The U.S. Department of Transportation (USDOT) currently has a statutory cap (\$15 billion) on the amount of Private Activity Bonds available for approval to finance infrastructure projects. USDOT has issued and allocated a total of \$12.4 billion in Private Activity Bonds, leaving just over \$2.5 billion available nationwide. It is expected that future project approvals throughout the nation will continue to decrease the amount of Private Activity Bonds available. S. 352 raises the statutory cap by \$5.8 billion on Private Activity Bonds available to USDOT for approval.	Senate – Referred to Committee on Finance
