A WORD FROM THE CEO

STEPHANIE N. WIGGINS
CHIEF EXECUTIVE OFFICER | METROLINK

Dear Riders,

Every November, we gather, laugh, love and celebrate our reasons to be grateful. This year, I'm grateful for my family and friends, including my Metrolink family – each and every one of you who ride with us. You are a part of our family.

I'm honored to serve you, to ensure Metrolink provides safe, efficient and reliable transportation to Southern California residents, especially during the holidays. I know your time is valuable. The time you save riding Metrolink opens up more time for you to spend with your kids, meet with friends downtown, finish your holiday shopping or even just time to brine that turkey!

The reasons I'm grateful to you: You have adopted Metrolink as your transportation of choice which supports cleaner air, helps fight climate change, and promotes a vibrant economy.

I'm also grateful for your patience. We had some service disruptions last month. Know that we take seriously our commitment to provide you a reliable service, so we are working hard as an Agency – and with our rail partners – to improve our operations and communications. Our top priority is to provide you the safest, highest quality service possible, and we thank you for your patience and continued ridership as we work to make your ride on Metrolink even better.

I want you to know that, as we make a brighter future possible for Southern California, you have my thanks every step of the way.

With gratitude,

METROLINK TEAMS WITH GUIDE DOGS OF AMERICA

The month of October was National Disability Employment Awareness Month, which celebrates the contributions of workers with disabilities. In support of this, we partnered with Guide Dogs of America to bring guide dogs in training to L.A. Union Station for cute cuddles and to educate Metrolink riders on how to interact with Guide Dogs. They also taught riders how to interact with the blind community.

Guide Dog Tips:

- Do not distract a guide dog—it is doing its job to keep its partner safe
- Always ask before petting a guide dog
- Do not offer treats or food to a guide dog

Tips for Interacting with the Blind:

- Speak directly to the person in a normal tone of voice
- Identify yourself when entering and leaving a room and address the person by name
- Ask before assisting the person (don't grab them or the harness handle)
- Give useful and elaborate directions—the more thorough, the better

Partnering with Guide Dogs of America was the perfect match as their mission is to empower people who are blind or visually impaired with increased independence, confidence and mobility.

CONDUCTOR'S CORNER

Interview with Conductor Cristy Pacheco

It may surprise you, but every now and then, a film director's call of "lights, camera, action!" happens on a Metrolink train. From the sound of the 4000-horsepowered engine, with sleek beveled sides dressed in silver, and a swoosh of teal, to the comfortable multifunctional seating, our trains are a filmmaker's dream. With the help of Conductor Cristy Pacheco, who's been praised by riders on social media, these dreams become reality.

Recently, Pacheco was featured in a video with Jurupa Valley Mayor Brian Berkson, which was shown at the 5th Annual State of the City Address. In the video, Pacheco teaches Mayor Berkson how to be a conductor for a day!

Earlier this year, Pacheco was also filmed on a homecoming video for Alejandro Arando to wish the contestant good luck on ABC's hit television show, "American Idol."

When the cameras stop rolling, you can still expect him to do his job. To him, it's the most important role of all.

More about Conductor Pacheco

Metrolink Matters (MM): How long have you been a conductor for Metrolink?
Cristy Pacheco (CP): I've been a conductor with Metrolink since 2005

Conductor Cristy Pacheco

CP: Making sure my train departs and arrives on time. I'm here to provide a service that is consistent. Being able to meet my arrival times is essential to the customer experience.

MM: What inspired you to be a conductor?

CP: I started working for the railroad when I was 19, back in 1977. At the time in college, I was majoring in history and came across a job posting for the railroad. The rest is history and I've been a proud conductor ever since.

MM: What word of advice can you give to other aspiring conductors?

CP: Keep your sense of humor, stay calm. Know the rules of the railroad, but most importantly just stay calm.
