All trains after 8:00 P.M. are subject to minor delays for track maintenance projects.
Arrival times shown at 7th St./Metro Center/Julian Dixon are approximate, due to the tail track construction project.

Beginning July 16, 2001, and continuing through October, the MTA will be changing the tail track layout just north of the passenger platforms to accommodate 3 car trains. **During this period of construction, Monday through Friday rush hour service will depart from alternating platforms.**

To minimize any uncertainty, both passenger platforms now have separate identification. The platform on the **Hope – Flower (east) side** of the station is designated as **PLATFORM 1**. The platform on the **Figueroa (west) side** of the station is designated as **PLATFORM 2**. New signage with “1” or “2” has been added to provide easy platform identification.

Refer to the Monday through Friday Southbound timetable for scheduled departure platforms during the rush hour. All Monday through Friday mid-day and evening trips, as well as all Saturday and Sunday trips (with the exception of the 5:36am departure) will be scheduled to depart from Platform 2.

To assist you with next train departure information, television monitors are located on the Red Line platform and at the entrances to both Blue Line platforms. The monitors will provide the next train departure location, from either "PLATFORM 1" or "PLATFORM 2". In addition to the television monitors, MTA staff will be available to assist you during weekday rush hours.

MTA will make every effort to minimize any inconvenience to you during the construction period. There may be slight delays in the arrival and departure of trains at the station so you may want to add a few minutes to your usual travel time.

Please bear with us while we make improvements to enhance the quality of service provided on the Metro Blue Line. Thank you for your patience and cooperation.

[illegible]

@ - Trip starts at Wardlow Station 4 minutes before time shown at Willow Station

- Trip starts at Wardlow Station 2 minutes before time shown at Willow Station

All trains after 8:00 P.M. are subject to minor delays for track maintenance projects.

Metropolitan Coach Lines, 1957

In celebration of the Long Beach Blue Line's 10th Anniversary and of the Long Beach Line's 100th Anniversary occurring last year, the Scheduling Department of the MTA is pleased to present a series of Time Table covers inspired by the historic cover art of the Long Beach Line. The Pacific Electric sold their passenger business off to Metropolitan Coach Lines in 1953. MCL was an operator of several bus companies in the West. Because the "PE" remained in the freight business over the same tracks, MCL received all of the rail cars and busses, but not the lines themselves. This Time Table is typical of the type issued by MCL during their brief stewardship of the Long Beach Line. For more on the history of the electric streetcar and Interurban lines of Los Angeles, please visit the Electric Railway Historical Association of Southern California at www.ERHA.org/
