ORGANIZATION OF THIS REPORT

Data in this report are for fare schedules in effect on or shortly after July 1, 2019. Only agencies that reported data are included. Data reported are the norms for the category; there may be occasional exceptions. Data are reported for the following fixed-route modes:

AG	Automated Guideway
CB	Commuter Bus
CC	Cable Car
CR	Commuter Rail
FB	Ferryboat
HR	Heavy Rail
IP	Inclined Plane
IR	Intermediate Rail
LR	Light Rail
MB	Bus
MO	Monorail
RB	Bus Rapid Transit
SR	Streetcar Railway
TB	Trolleybus
YR	Hybrid Rail

In all sections, data within each mode are arranged alphabetically by U.S. state and primary city served, and alphabetically by transit agency within each city. Canadian data follow the U.S. listings. Each agency's data for a mode is normally contained on a single line. Monetary data for Canadian agencies are in Canadian dollars.

Data for demand response service can be found at the end of the report, following the data for fixed-route service.

VANPOOL FARES--This report does not include data on vanpool fares. Each individual vanpool normally has a unique fare based on the distance traveled, size of vehicle, and number of people in the vanpool. Consequently, the fare for a vanpool rider can go up and down over time. In some cases, the driver of the vanpool sets the fares based on his or her expenses in operating the vanpool. Normally, only monthly passes, multi-trip tickets, or punch cards are used. Personal checks and cash are the usual forms of payment.

Table 3: Single-Trip Fare Surcharges

Distance or Zone Surcharge: additional fare required for a trip that is based on miles traveled or that goes beyond a specific point--natural, political, or man-made.

Time-of-Day Surcharge: additional fare required for a trip during the peak hours of service--the times (approximately 6:00 a.m.-9:00 a.m. and 3:00 p.m.-6:00 p.m.) when most people go to and from work.

Express Surcharge: additional fare required for a trip that is faster than normal--e.g., express or limited service.

Fuel Surcharge: a fare surcharge directly related to fuel price increases (e.g. additional, temporary, fare surcharge imposed if gasoline prices average more than \$4 a gallon for a defined period of time.)

N/A indicates insufficient data to accurately report most frequent value or that no value was repeated.

Note: Table includes only US Agencies and those that indicated a surcharge.

Table 5: Fare Media

Token: a coin-like object, usually metal, that is normally good for one trip (or the base fare in some agencies). They are usually purchased in rolls of 10 or 20, or more, but may also be sold individually.

Single-ride: a single piece of paper, cardboard, or some other material without a magnetic strip good for a single trip that may be wholly or partially surrendered as the trip is taken. A multi-ride tear-off ticket can be disassembled and converted to a number of single-ride tickets that are sold separately.

Multi-ride tear-off: one perforated or several pieces of paper, cardboard, or some other material without a magnetic strip good for more than one trip on which a portion is detached and surrendered as each trip is taken.

Punch Card: a single piece of paper, cardboard, or some other material without a magnetic strip good for more than one trip on which a hole is punched or a date or trip is marked off, but which is not surrendered, as each trip is taken.

Non-magnetic Pass: a single piece of paper, cardboard, or some other material without a magnetic strip good for an unlimited number of trips during a specified time period that is not surrendered or altered as each trip is taken.

Magnetic Stored-value Card: a single piece of paper, cardboard, or some other material with a magnetic strip good for a limited number of trips that is altered by machine removal of some or all of the stored value as each trip is taken.

Magnetic Stored-time Pass: a single piece of paper, cardboard, or some other material with a magnetic strip good for an unlimited number of trips during a specified time period that is not surrendered or altered as each trip is taken.

Smart Cards: a single piece of material without a magnetic strip but with a small computer chip good for one or more trips that is usually not surrendered but altered by machine removal of some or all of the stored value as each trip is taken.

Open Payment System: A fare system that allows payment at the faregate or farebox using a contactless debit or credit card, mobile phone NFC or other tap technology.

Total Participating Agencies: Number of agencies who reported for each given mode. Some agencies employ more than one fare medium on each mode, so rows will total to more than the number of participating agencies.

Table 12: Single-Trip Surcharges

*Distance or Zone Surcharge: additional fare required for a trip that is based on miles traveled or that goes beyond a specific point--natural, political, or man-made.
Zones: Number of Zones in fare system.*

Time-of-Day Surcharge: additional fare required for a trip during the peak hours of service--the times (approximately 6:00 a.m.-9:00 a.m. and 3:00 p.m.-6:00 p.m.) when most people go to and from work.

Express Surcharge: additional fare required for a trip that is faster than normal--e.g., express or limited service.

Parking Surcharge: additional daily maximum amount required for parking at or near a transit station, terminal, or park-and-ride location--regardless of who owns the lot or garage--at a facility dedicated to transit use or that is used primarily by transit passengers. "0.00" indicates parking is free.

Fuel Surcharge: a fare surcharge directly related to fuel price increases (e.g. additional, temporary, fare surcharge imposed if gasoline prices average more than \$4 a gallon for a defined period of time.)

Cash Surcharge: a surcharge for using cash or non-preferred fare media.

Table 13: Single-Trip Reduced Fares

Neighborhood Service: a service that transports passengers within or between neighborhoods outside of a central business district.

Local Service: a service that serves the local needs of passengers, but generally in a larger area than neighborhood service. For multi-county or multi-state agencies, local service would be wholly within a county or state. Another type would be service limited to a particular city or group of cities in a county. For rail or ferry agencies, local service would be the portion of a line or a separate line that has lower fares than the regular service.

Feeder Service: a service designed to connect with and feed passengers to a rail station, park-and-ride lot, transit center, ferry terminal, or main-line service.

Parking Service: a short-distance service that transports passengers between a parking lot or garage and a nearby location such as a university campus, transit center, rail station, or transit mall. Long-distance service such as express park-and-ride service is not parking service.

University Service: a service that may be used by any person that transports passengers within a university campus or that connects a university campus to a central business district, an outlying housing area, a nearby city, another university campus, or some other location.

Other Regularly Scheduled Special Services: regularly scheduled special services (not special event services) operated in limited geographical areas for which the fares charged are less than the adult single-trip base fare. Examples are transit mall, shopping, office or industrial park, casino, condominium complex, and naval base services.

Table 20: Smart Cards and Stored Value Media

Smart Card: a single piece of paper, cardboard, or some other material without a magnetic strip but with a small computer chip good for one or more trips that is usually not surrendered but altered by machine removal of some or all of the stored value as each trip is taken.

Smart Card Initial Purchase Fee: A one-time fee for purchasing the smart card (excluding fare value on card)

Smart Card Fare Capping: fare system caps the price you pay for a certain period. E.g. if single trips are \$2, and a daily pass is \$4, the rider earns a daily pass after taking 2 trips and pays no more fare for trips they take the rest of that day. Can be similarly applied to earning a weekly or monthly pass.

Stored Value Bonus Minimum: The minimum load required on a stored-value card to earn free bonus value.

Stored Value Bonus Percentage: The percentage bonus applied when loading more than the minimum amount.

Table 21: Location and Method of Fare Media Sales

By Mail: media sold through the mail. Prior enrollment in a pass or ticket-by-mail program that automatically mails fare media may be required. Payment may be required either before or after the mail

Via Internet: media sold on an agency's or another organization's web site. Prior enrollment in a pass or ticket-by-internet program that automatically mails fare media may be required. Payment normally by credit card on web site.

Transit Headquarters or Transit Divisions: a location in a building solely occupied by the transit agency, or physically within the transit headquarters office in a building shared with other government agencies or other organizations, or a location physically separate from the transit headquarters from which transit vehicles are dispatched and maintained. A location in the lobby of a government or non-government office building in which the transit headquarters is located is considered a government office or information center--not a transit headquarters location.

Information Center: an information and sales location in an office building, small free-standing building, or kiosk--usually in a central business district or tourist area. It may be run by the transit agency or by an organization such as the Chamber of Commerce.

Transportation Terminal: an airport, AMTRAK or (in Canada) VIA station, intercity bus station, or ferry terminal--not a transit-only terminal.

Commercial or Service Outlet: banks, grocery or convenience stores, drugstores, universities, senior homes, hospitals, and other participating retail or service locations.

Mobile Device Ticketing: A mobile device app that allows customers to purchase tickets and present tickets for validation.

On Vehicle: direct sale on vehicle by bus operator, rail car conductor, or ferryboat staff. At most agencies, only media such as day passes are sold.

Table 25: Fare Policies

Proof-of-payment System: fare payment is not required when riding a vehicle, but the passenger must have proof that the fare has been paid when asked to show it by an authorized transit employee or other authorized person. Proof usually consists of a receipt for cash, token, or ticket payment, a pass, or card. Pre-validation may be required.

Fare Enforcement Officers: Are people enforcing fare evasion sworn officers, or civilians.

Fare Evasion Penalties: Are penalties for fare evasion criminal or civil.

Fare Evasion Estimate: The estimated percentage of total trips where fares are evaded.

Exact Fare Is Required When Fare Is Paid On a Vehicle: the vehicle operator or conductor will not make change when a cash amount greater than the required fare is paid.

Guaranteed-ride-home Policy: transit agency pays all or part of the amount required by a taxi, intercity bus, AMTRAK, or other provider for trips home when transportation on the transit agency is not available.

Free Fares for Agency Employees: Agency employees receive fare-free travel at all times.

On-time-performance Guarantee: transit agency does not collect fares, provides reimbursement of fare paid, provides a free ticket, token, or voucher for a future trip, or otherwise provides a money-back guarantee for all or part of the passenger's fare on a vehicle that is delayed by more than a specified amount of time.

Table 26: Expense Recovery Ratios

Expense Recovery Ratio Goal: a non-enforceable percentage of an agency's operating expenses that should be recovered from specified sources of revenue. "Fare" indicates only fares are counted; "F+DR" indicates fares plus dedicated local tax revenue; "F+OR" indicates fares plus other non-governmental operating revenue; "F+OR+DR" indicates fares plus other non-governmental revenue plus dedicated local tax revenue.

Table 27: Pass Usage

Prepaid Media: fare payment media purchased in advance. Includes passes, tokens, tickets, and cards. Because it is impossible to tell when the media may actually be used, media used immediately would be included. Many multi-modal agencies are not able to estimate prepaid media by mode.

Smart Card: a single piece of paper, cardboard, or some other material without a magnetic strip but with a small computer chip good for one or more trips that is usually not surrendered but altered by machine removal of some or all of the stored value as each trip is taken.

Monthly Pass: a fare medium good for 1 month of unlimited travel.

Weekly Pass: a fare medium good for 1 week of unlimited travel.

Federal Tax Benefit Payment: an organization check, voucher, or coupon that is redeemable or may be credited for full or partial payment for an employee's fare media and that is designed to provide a benefit under the federal tax benefit law.

Table 28: Single-Trip Fares for Disabled Persons and Seniors

Person with Disability: a permanently disabled, or in some agencies, temporarily incapacitated person who has complied with any local identification, pre-registration, or other eligibility requirements.

Senior: a non-disabled person who meets the minimum age requirement in the following column and complies with any local identification, pre-registration, or other eligibility requirements.

Time Period When Applicable: time period when reduced base fares or fare media are applicable.

NOTE: An entry of "100%" in the "Percent of Adult Base Fare" column indicates the full adult fare is required when making a single trip. Reduced fares may be available when using multi-trip fare media (tickets, tokens, cards, and passes). The reduced fare may not be available during peak hours or other specified times.

Table 29: Preschool and Elementary School Single-Trip Fares

Pre-school Child: a non-disabled child who does not surpass the maximum age or height requirements in the following column and who complies with any local identification, pre-registration, or other eligibility requirements. Some agencies allow only one or two children at the reduced fare, and most require the child to be accompanied by an adult or older child.

Elementary School Child: a non-disabled child who meets the age requirements in the following column and who complies with any local identification, pre-registration, or other eligibility requirements.

Time Period When Applicable: time period when reduced base fares or fare media are applicable.

NOTE: An entry of "100%" in the "Percent of Adult Base Fare" column indicates the full adult fare is required when making a single trip. Reduced fares may be available when using multi-trip fare media (tickets, tokens, cards, and passes). The reduced fare may not be available during peak hours or other specified times.

Table 31: Low Income and Other Reduced Single-Trip Fares

Low-income Person: a non-disabled person with a low income who complies with any local identification, pre-registration, or other eligibility requirements.

Other Group: a non-disabled person such as a social service agency client, military person, or attendant to the disabled who qualifies for a reduced fare and complies with any local identification, pre-registration, or other eligibility requirements. Does not include agency employees, board members, their families, police, fire, and other government employees granted free or reduced-fare rides by labor agreement or board action.

Time Period When Applicable: time period when reduced base fares or fare media are applicable.

NOTE: An entry of "100%" in the "Percent of Adult Base Fare" column indicates the full adult fare is required when making a single trip. Reduced fares may be available when using multi-trip fare media (tickets, tokens, cards, and passes). The reduced fare may not be available during peak hours or other specified times.
