Fiscal Year 2012 >> July 1, 2011 – June 30, 2012 <> Proposed Budget

Office of Management and Budget

Los Angeles County Metropolitan Transportation Authority One Gateway Plaza Los Angeles, CA 90012

(Revised May 10, 2011)

Budget Message from the CEO

Improved mobility, jobs, clean air, and energy independence

These are just some of the goals Metro will make giant strides toward in Fiscal Year 2012 as we embark on one of the largest public works programs in the nation's history that includes a dozen major transit projects and 15 highway projects throughout Los Angeles County.

Although ambitious, the proposed \$4.1 billion budget driving this progress has been balanced without layoffs or increases in Metro bus and rail fares, already among the lowest of any major transit carrier. Moreover, service quality as measured by on time performance, cleanliness and reliability will be improved.

There's no magic, no sleight of hand. The austere measures taken in the past two years – restructuring the bus and rail system, better managing our capital program and reducing our labor costs and cutting overhead -- have built a sound fiscal platform to deliver the many transit and highway projects that traffic weary county residents sought when they approved the Measure R transit sales tax in 2008.

Metro will fulfill its obligation to taxpayers by spending wisely. Against that backdrop, Metro has trimmed some unproductive bus lines that were either underutilized or duplicated other service operated by Metro, the municipal bus operators or by the expanding Metro Rail system. We will not, however, skimp on maintenance or on street supervision, and we will position the agency to quickly add service where it is really needed and to give commuters more incentives to beat the high price of fuel.

Metro's budget is framed around nine themes: 1) Enhance our bus and rail system, 2) Restore our key transportation assets, 3) Clean our stations, fleet and roadways, 4) Deliver rail, highways and private sector jobs, 5) Provide the right information, right now, 6) Prepare tomorrow's workforce today, 7) Spend wisely and frugally, 8) Help customers cope with rapidly rising gas prices, and 9) Maintain and enhance a truly sustainable transportation network.

Sixty percent of the budget will be devoted to enhancing the Metro bus and rail system, including completing previously deferred maintenance that resulted from the need to mitigate deficits in prior years. Metro will also be purchasing hundreds of new buses and light rail vehicles and investing in such major bus improvements as an extension of the Metro Orange Line busway to Chatsworth.

Thirty-five percent of the budget will be devoted to the rail and highway capital programs which will create more than 500,000 jobs and stimulate the area's economy. The new Expo light rail line to Culver City will be completed. Construction of the Foothill Extension of the Metro Gold Line to Azusa is imminent. We plan to break ground on the Crenshaw/LAX light rail line along with other rail projects.

Moreover, a spate of highway projects is underway from adding a northbound carpool lane on the I-405 between the Westside and San Fernando Valley to widening the I-5 freeway from the Orange County Line to the I-605.

The remaining five percent of the budget will be devoted to: developing real time customer information such as Nextrip that uses GPS technology to track bus arrival times; preparing the Metro workforce for the next generation; ensuring financial sustainability, and advancing Metro's environmental efforts.

In addition, Metro just completed the purchase of Union Station to ensure that this historic facility is preserved and developed as we usher in a new transportation future for Los Angeles County.

Metro, however, is not immune to the state and federal budget woes that could cut transportation funding. The economy is still shaky and collective bargaining agreements with Metro unions are still being negotiated, but I am confident, if the Board and Executive Management maintain focus on our budget themes, we can deal with these risks and still push forward with the progressive multimodal transportation agenda this county needs to prosper.

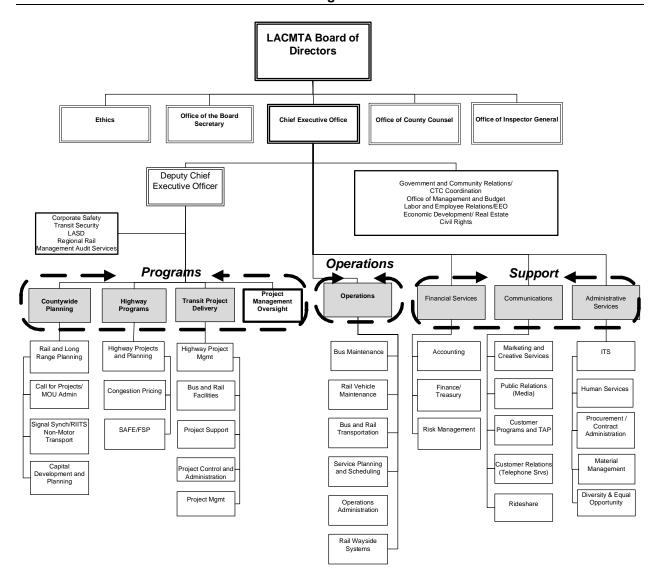

arthu? Feathy

Arthur T. Leahy
Chief Executive Officer
Los Angeles County Metropolitan Transportation Authority

INTRODUCTION

Budget Themes	FTEs	Allocation	%
1: Enhance Our Bus and Rail System	6819	\$1,220,405,425	29.44%
> Manage service to increase reliability and on-time performance.			
> Coordinate Metro Bus and Rail lines with municipal bus lines and regional rail			
Eliminate and reduce waste by trimming less effective, while still adding service where needed most.			
> Plan Metro's bus and rail lines not as competing services, but as complementary elements.			
> Re-invest in real-time service management			
> Create seamless fare system and evaluate distance-based fares.			
> Increase customer service training for Operators.			
	•		
2: Restore Our Key Transportation Assets	769	\$1,171,498,804	28.26%
Tackle deferred maintenance on all rolling stock to improve reliability and our facilities.			
> Improve and rehabilitate infrastructure in all rail stations.			
Improve, upgrade and enhance critical components of Metro's headquarters and divisions.			
> Increase our investment in Metro's fleet and facilities.			
3: Clean Our Stations, Fleet, and Roadways	357	\$58,708,522	1.42%
> Clean Metro's stations regularly.			
> Clean Metro's vehicle interiors and exteriors.			
Aggressively mitigate graffiti on LA County's freeway and enhance landscaping.			
> Invest in maintenance and security of key Park/Ride stations.			
> Increase our investment in painting and windows repairs for our fleet.			
	_		
4: Deliver Rail, Highways, and Private Sector Jobs	203	\$1,492,130,317	36.00%
> Deliver Measure R's 12 rail and 15 highway projects.			
> Work to complete Metro's other freeway and roadway projects.			
> Aggressively pursue New Starts and other federal funding.			
> Jumpstart creation of 500,000 private sector jobs in Southern California.			
Re-double Metro's efforts in diversity/local hiring and channeling opportunities to disadvantaged and/or small businesses.			
5: Provide the Right Information, Right Now	162	\$31,173,857	0.75%
> Provide timely and accurate transit information to our customers.			
> Introduce Nextrip real-time bus arrival times.			
> Improve route information at bus stops.			
> Design timely, useful on-board information for riders.			
> Deliver quality customer service experiences, whether in person, by phone, or online.			
Hold quarterly "State of Transportation" forums throughout L.A. County to engage a full spectrum of transportation stakeholders.			

Budget Themes	FTEs	Allocation	%
6: Prepare Tomorrow's Workforce Today	44	\$10,772,365	0.26%
> Develop 2016-2021 NexGen Succession Plan to ensure staff readiness.			
> Prepare for a rapidly approaching generational transition.			
> Develop Metro University for essential transit management functions.			
Implement meaningful performance assessments that match agency-wide goals.			
> Identify leadership core competencies to establish a pool of candidates to fill key managerial and professional positions.			
> Expand our intern program.			
> Ensure workforce diversity.			
> Attract top talent to Metro.			
7: Spend Wisely and Spend Frugally	279	\$147,569,878	3.56%
> Develop an organizational culture of thriftiness.			
> Review discretionary programs and administrative costs.			
> Review professional service costs.			
> Reduce duplicative or wasteful service.			
> Modify CNG Hedging Policy.			
8: Help Customers Cope with Rapidly Rising Gas Prices	66	\$1,678,136	0.04%
Consider lowering the price of Metro's Day Pass to \$5 and plan for budget implications.			
> Improve headways along the Silver Line and lower the base fare.			
Use three-car trains on the Gold line during peak periods and improve > headways from 7.5 minutes to 5 minutes during these periods of higher service demand.			
Increase train size on the Red Line during peak and off-peak periods to > increase capacity, and improve headways to 5 minutes for improved service delivery.			
Defer the sale of buses slated for retirement, retaining this portion of our fleet to meet increased demand when necessary.			
Work with Metrolink to better target service demand increases at Union Station.			
Increase the number of ride checks to determine where service is needed to strategically place service as necessary.			
> Continue implementing and encouraging Rideshare, Vanpool, and Carpooling throughout the county.			
9: Maintain and Enhance a Truly Sustainable Transportation Network	83	\$11,369,621	0.27%
> Lead sustainable transportation planning for the region as a whole.			
> Deliver Measure R funding for qualified local improvement projects.			
> Work with SCAG, sub-regions and local cities to develop sustainability plans.			
Provide ways to reduce vehicle miles traveled, greenhouse gas emissions and consumption of imported fossil fuel.			
Promote the practice of energy conservation and environmental sustainability agency-wide.			
**Please note that the allocation totals include both Labor and Non-Labor expenditures. Grand Total:	8,783	\$4,145,306,925	100%

Budget Highlights

Enhance Our Bus and Rail System

Over the past two decades, bus and rail service in Los Angeles County outpaced demand by a factor of 3:1. Today efforts are being redirected to emphasize service quality. To improve productivity, cost effectiveness, and utilization of existing capacity, changes were designed to reduce duplicative and unproductive services, improve coordination between Metro Bus, Rail and other Municipal Operators, streamline Harbor Transitway, right size Metro Rapid corridors and implement an Expo Rail/Bus interface Plan. As the Metro Rail expands, adjustments to the bus system will improve access to rail stations, take advantage of new transfer facilities, and reduce bus and rail service duplication.

Restore Our Key Transportation Assets

Restoration of Metro's key transportation assets is essential to providing safe and reliable service to our riders. Metro will refurbish rail stations, modernize escalators and elevators, perform midlife overhauls on buses, rehabilitate light and heavy rail cars and improve facilities at transit centers and bus divisions.

Clean Our Stations, Fleet, and Roadways

Maintaining clean and safe facilities, fleet and roadways is important. The Los Angeles County freeway system is a vital transportation resource that impacts the economy and quality of life in the County. Our freeway system gradually declined from a network of modern, attractive thoroughfares to visibly deteriorating roadways. As the transportation agency for L.A. County, Metro is responsible for ensuring that this vital transportation infrastructure be properly managed and maintained. Metro will partner with Caltrans to provide direct and indirect assistance to restore the image and functionality of this important resource.

Deliver Rail, Highway, and Private Sector Jobs

Investment in transportation plays an integral role in improving mobility, stimulating the local economy and creating jobs. Metro is investing in rail, highway and transit projects and conducting major corridor studies. Efforts include: rail from Pasadena to Azusa; the Regional Connector; subway to West Los Angeles; Expo Phase I and II; the Crenshaw Line; I-405 Car Pool Lane; Phase II Ace Grade Separation (Alameda Corridor); Countywide Soundwall Programs; I-5 N Enhancement SR14 to Kern County; High Desert Corridor; I-710 North Gap Closure; I-710 South Early Action Plan; Harbor Transitway Station improvements; El Monte Busway/Patsaouras Plaza Connector and El Monte Station; Metro Gold Line Eastside Extension close-out; Orange Line Extension on Canoga; the EIS/EIR and PE Crenshaw/LAX Transit Corridor; Metro Rapid Signal Priority Expansion Project; the Eastside Quad Gate Study; Eastside Light Rail Access; SFV East N/S Rapid; Eastside Extension Phase II; Metro Green Line SB Extension and Metro Green Line to LAX; Sepulveda Pass Transit Corridor; and I-605 Corridor "Hot Spot". Implementation of these projects will directly create thousands of jobs in the construction, project management, and engineering and indirectly create hundreds of thousands of local jobs in support.

Provide the Right Information, Right Now

As our transportation network expands, it is essential that current and future customers are provided with timely and correct information. We will continue to improve customer access to information, delivering timetables and schedules to all riders when and where they need them. Mobile web applications, Internet, customer centers, and onboard our vehicles, information will be provided in real time. We will refine our heavily used Trip Planner and Nextrip tools. To keep our rider base informed and attract new customers, our communication channels will utilize an effective and progressive mix of traditional and social media, so that we reach riders, constituents and partners quickly. Metro will continue efforts to exchange information with all communities impacted by construction projects.

Budget Highlights (Continued)

Prepare Tomorrow's Workforce Today

Metro faces a significant, looming challenge – a large percentage of our management, professional and technical employees in key positions will retire within the next 5-10 years. We will prepare highly qualified candidates to compete for key leadership positions. It represents a leap forward in the array of technical, professional and leadership training that we offer. We will develop "Metro U" – specialized technical and professional training for the transit industry that is not provided in current college curricula. We will continue our tuition reimbursement program and expand our college and postgraduate internship programs to attract the best and brightest young people to transportation careers at Metro.

Spend Wisely and Spend Frugally

The list of needed transportation improvements seems endless; our challenge is to use limited resources to achieve the maximum benefit. The budgeting process is designed to produce a spending plan consistent with that objective. We will reevaluate our priorities and challenge how we allocate resources to address those needs in the most efficient, cost effective manner. The spending plan is an active strategy requiring constant vigilance, so personnel and funds can be deployed to produce the maximum return.

Help Customers Cope with Rapidly Rising Gas Prices

Leading financial forecasts have anticipated high gas prices during the summer of 2011. To provide viable alternatives for commuters, additional cars and more frequent service are planned for several rail lines; the Silver Line service will be enhanced as part of the Express Lanes pilot project; underperforming buses will be removed from operations and made available for redeployment when and where capacity is constrained. Efforts will be made to monitor the system for overloads and pass-ups to ensure immediate remedies.

Maintain and Enhance a Truly Sustainable Transportation Network

Metro is implementing projects to create a truly sustainable transportation network. The development of a countywide Sustainable Communities Planning Framework will help us develop interagency and multimodal solutions to transportation challenges. The 2006 Bicycle Transportation Implementation Plan will be continued. The I-710 Corridor project will evaluate several alternatives, including a grade-separated, zero-emission freight corridor alternative. We will support SCAG in developing the 2012 Regional Transportation Plan and lead countywide forums to engage cities, transit agencies, regional governments and other stakeholders in advancing sustainability policies and partnerships. We will advance transit-oriented development projects, and explore congestion pricing with the Metro Express Lanes demonstration project. We will develop a renewable energy policy, implement water conservation measures and a clean, green construction equipment policy and apply an agency-wide energy conservation and management plan to reduce resource consumption.

Budget Assumptions

Revenue Assumptions:

- Sales tax revenue will grow by 2.6% compared to FY11.
- Measure R funds will be budgeted and expended in accordance with Measure R Ordinance and project delivery schedules and cash flow needs.
- Fare revenues will increase 0.8% over FY11 levels resulting in a farebox recovery ratio of 28% and fare revenue per boarding of \$0.75.
- Measure R 20% (\$119.2 million): Regionwide Bus will use all available Measure R 20% Bus Operating funds.
- New STA revenues in FY12 (\$96.2 million) will be used for regionwide bus and rail operations in FY12.

Service Assumptions:

Over the past two decades bus and rail service in Los Angeles County has increased by more than 50 percent while the demand for service has risen by less than a third of that. Municipal operators, Metrolink and local cities are all providing more service than before. In addition expansion of our countywide rail transit network has increased mobility regionwide.

- The FY12 budget assumes bus service restructuring through more efficient scheduling to reduce service duplication and improve productivity (377,000 or 5.2% reduction in service hours). At the same time we improve service quality by continuing the current level of maintenance activity and on-street supervision. This will improve the state of good repair and cleanliness of the bus fleet and continue to improve bus on-time performance.
- Expo Line Phase 1 will begin revenue service in FY12. Service will increase on the Green, Gold, Purple and Red lines to improve peak headways. Headways on the Blue Line will be adjusted to accommodate Expo (111,000 or 16% increase in service hours).

Labor Assumptions:

- Full Time Equivalents (FTE's) will be added for Expo operations, Measure R transit and highway projects, Union Station planning and operations, and the Congestion Reduction Demonstration Project (CRDP).
- Reduction in Contract UTU FTE's will be managed through attrition.
- No wage and salary increases.

Areas of Risk:

- Budget contains no wage increases in collective bargaining agreements.
- Budget assumes a 2.6% growth in sales tax revenue.
- Reduction or elimination of STA revenues.
- Inflation greater than 2%.
- Assumes timely issuance of Prop 1B bonds. Funding is at risk for Expo II Land Acquisition, I-405, Orange Line Extension and other projects.

- (1) Other Revenues includes advertising, parking, vending revenues, county buydown, prior year surplus, and other miscellaneous revenues.
- (2) Includes funding from TCRP and State Proposition 1B cash funds.
- $\hbox{(3)} \ \ Labor \ and \ Benefits \ includes \ Wages, Fringe \ Benefits \ and \ Workers' \ Compensation.$
- (4) Material & Supplies includes Inventory/Parts, Building & Grounds, Lubricants, Other Parts & Supplies.
- (5) An accounting overhead methodology change in FY11 results in allocation of support service costs that had previously been directly charged to the operating, construction, and planning line functions and was spread in previous years between lines 28-36.
- (6) All Others Expenses includes Utilities, Taxes, Advertisement/Settlement, Travel/Mileage/meals, Training/Seminars/Periodicals, Warrenties/Misc. Settlements, and Legal Chargebacks.
- (7) For additional operating expense detail please refer to the Activity Based Cost schedules elsewhere in this document.
- (8) For additional capital expense details please refer to the Capital Program Project charts elsewhere in this document.

APPENDIX

Public Transportation Services Corporation

Public Transportation Services Corporation (PTSC) is a nonprofit public benefit corporation. PTSC was created in December 1996 in order to transfer certain functions performed by the LACMTA, and the employees related to those functions, to this new corporation. The PTSC conducts essential public transportation activities including: planning; programs funds for transportation projects within Los Angeles

County; construction; provides certain business services to the County's Service Authority for Freeway Emergencies (SAFE) and the Southern California Regional Rail Authority (SCRRA); and provides security services to the operation of the Metro Bus and Rail systems. PTSC allows the employees of the corporation to participate in the California Public Employees Retirement System (PERS).

Statement Of Revenues, Expenses and Changes in Retained Earnings For The Years Ending June 30, 2011 and 2012.

	FY10	FY11	FY12
PTSC Only (\$ in millions)	Actual	Budget	Budget
1 Revenue	\$ 217.3	\$ 211.4	\$ 236.9
2 Expenses	217.3	211.4	236.9
3 Increase(decrease) in retained earnings	-	-	-
4 Retained earnings - beginning of year	-	-	-
5 Retained earnings - end of year	\$ -	\$ -	\$ -

Note: Totals may not add due to rounding.

Exposition Metro Line Construction Authority

The Exposition Metro Line Construction Authority was created by the State Legislature under Public Utilities Code Section 132600, et seq. for the purpose of awarding and overseeing final design and construction contracts for completion of the Los Angeles-Exposition Metro Light Rail project from the Metro Rail Station at 7th Street and Flower Street in the City of Los Angeles to downtown Santa Monica.

Statement of Revenues, Expenditures and Changes in Fund Balances For The Years Ending June 30, 2011 and 2012.

	Exposition Metro Line Construction Authority (\$ in millions)	FY10 Actual	FY11 Budget	FY12 Budget
1	Revenue	\$ 226.4	\$ 359.0	\$ 373.5
2	Expenditures	226.4	359.0	373.5
3	Increase(decrease) in retained earnings	-	-	-
4	Retained earnings - beginning of year	-	-	-
5	Retained earnings - end of year	\$ -	\$ -	\$ -

Note:

- FY12 Budget is composed of Phase I \$108.1 million and Phase II \$265.4 million.
- Funding for all Exposition projects is provided by Metro.
- Totals may not add due to rounding.

Service Authority for Freeway Emergencies

The Los Angeles County Service Authority for Freeway Emergencies (SAFE) was established in Los Angeles County in 1988. SAFE is a separate legal authority created under state law and is responsible for providing motorist aid services in Los Angeles County. SAFE currently operates, manages and/or funds:

- The Los Angeles County Kenneth Hahn Call Box System
- #399 Mobile Call Box program
- The Metro Freeway Service Patrol
- The Motorist Aid and Traveler Information System (MATIS)

SAFE receives its funding from a dedicated \$1 surcharge assessed on each vehicle registered within Los Angeles County.

Statement of Revenues, Expenditures and Changes in Fund Balances For the Years Ending June 30, 2011 and 2012

	Service Authority for Freeway Emergencies	FY11					
	(\$ in millions)	FY1	0 Actual		Budget	FY	12 Budget
1	Revenues	\$	8.7	\$	8.0	\$	7.5
2	Expenditures		9.2		13.2		12.6
3	Excess (deficiency) of revenue over		(0.5)		(5.1)		(5.1)
4	Other financing and sources (uses) - transfer out		(1.0)		(2.0)		(1.5)
5	Fund balances - beginning of year		35.2		33.7		26.6
6	Fund balances - end of year	\$	33.7	\$	26.6	\$	20.0
