Sound Wall Ribbon-Cutting Ceremony

Go Metro and Learn at the California Science Museum

Sound Wall Ribbon-Cutting Ceremony

This morning, Metro Deputy CEO Lindy K. Lee joined representatives from Caltrans, California Highway Patrol, local elected officials and others at a ribbon-cutting ceremony to celebrate the completion of four miles of soundwall on SR 134 in the City of Burbank and the I-405 soundwall project in Granada Hills and North Hills. The project is part of Metro's Post 1989 retrofit Soundwall Program. In addition to the soundwalls, freeway shoulders within the project limits on SR 134 and the I-405 were widened and existing bridges on both areas were modified. The project was designed by Caltrans, managed by Metro, and delivered on time and within budget. Several news outlets, including KABC 7 and KNBC 4, covered the press event with stories expected to run today. For the complete story including photographs as posted on The Source, please click [here](#).

Go Metro and Learn at the California Science Museum

If you didn't manage to make it out to the California Science Center this summer, now's a great time to go. Get back into the swing of learning with the help of fun exhibits and hands-on experiences. There's only a few months left to enjoy Pompeii: The Exhibit, on display now through January 4, 2015. Go Metro to the California Science Center to see Pompeii and save \$3 on adult exhibition tickets and \$2 on any adult IMAX movie tickets. To get there, take the Metro Expo Line to Expo Park/USC Station, or use Trip Planner to find more routes and connections. For more info regarding the Pompeii exhibit and TAP promotion offers, please click [here](#).
