Revised Retiree Medical/Dental Policy Now on Intranet

Human Resources Policy HR 3-09, which states the revised non-contract and Teamsters retiree medical/dental plan, is now available for viewing on the MTA Intranet under "Policies and Procedures" on the Human Resources Department Home Page.

The policy was approved by the MTA Board at its regular meeting June 28. The Board's action made substantial improvements in the retiree medical plan by increasing the agency's share of the cost and reducing the age and years of service required for eligibility.

The policy, which became effective July 1, liberalizes the eligibility requirements and improves the retirement benefits for non-contract and Teamster retirees under age 65.
