SFV Service Sector Office Sees Sudden Space Expansion

(June 23, 2006) The San Fernando Valley Service Sector office experienced a sudden expansion of space on Monday, when four large office trailer sections were hauled onto the Chatsworth property.

Added to an existing triple-wide, the new 12-foot by 70-foot office trailers will provide space for as many as 30 Sheriff's deputies and eight fare inspectors, along with 13 Metro transportation operations supervisors and an assistant transportation manager.

The need for extra office space became apparent last October following the opening of the Metro Orange Line when the number of Sheriff's deputies and fare inspectors was expanded.

Once utilities are hooked up and a hallway is completed to connect the

new and existing offices, they will provide space for employee lockers, weapons storage, desks and computers and a conference room.
