## Services Pending for Division 10 Operator Alejandro Aldrete

- Operator died, Feb. 9, following an accident at home

(Feb. 15, 2007) Funeral services are pending for Gateway Division 10 Operator Alejandro Aldrete, who died Feb. 9 at County-USC Medical Center of complications from an accident at home.

Aldrete, 32, a classic car collector, was working on one of the vehicles in his garage, Feb. 5, when it somehow fell on him, according to Transportation Operations Supervisor Caroline Howard. He was airlifted to the hospital where he died four days later.

"He was a very nice young man," said Howard, who had known Aldrete since he was assigned to Division 10.

Aldrete, a native of Los Angeles, joined metro in July 2000 as a BDOF operator and was made a full-time operator in July 2003.
