Closeout Letter
2022 Report Year

Dear Ms. Estrada:

The Federal Transit Administration (FTA) is closing the 2022 National Transit Database (NTD) report year. FTA accepts your 2022 report and data revisions for the database. Furthermore, FTA accepts your current NTD report, including the submission of the 2020 Census Task. We thank you for your commitment to providing accurate and updated data based on the 2020 census areas.

Please note the following regarding your report:

On the Revenue Vehicle Inventory form (A-30) and Operating Expenses form (F-30) for HR/DO, some Kilowatt Hours and Vehicle Operations - Utilities costs were missing due to issues with meter readings. NTD requirements state that agencies must report actual Kilowatt Hours usage and Vehicle Operations - Utilities; therefore this does not meet NTD requirements. You requested a waiver to estimate these missing data. Per your request, FTA is waiving the requirement to report actual HR/DO Kilowatt Hours and Vehicle Operations - Utilities and will mark the data with a "W" in the 2022 NTD publications.

FTA's acceptance of your 2022 NTD report and any data revisions for the database does not constitute compliance of any document submitted for your agency's Transit Asset Management (TAM) Narrative Report.

If you have any questions, please contact **Melissa Conte**, your Validation Analyst, at (434) 207-8336. We appreciate your efforts in reporting to the National Transit Database and value your contributions to a useful and accurate database for all users. We look forward to working with you in the next report year.

Sincerely,

Chelsea Champlin
NTD Program Manager

Overall Accuracy of the NTD Annual Report

The financial and non-financial operating data in this submission are accurate and truthful records of the financial transactions and operations of Los Angeles County Metropolitan Transportation Authority.

Is the statement above accurate and truthful? (Y/N)

Y

Conformance to FTA NTD Manuals & USOA

The financial and non-financial operating data in this submission conform in all material respects with the accounting and definitional requirements of the Federal Transit Administration's (FTA) National Transit Database (NTD) Reporting manuals and Uniform System of Accounts (USOA).

Is the statement above accurate and truthful? (Y/N)

Y

Federal Funding Allocation Data

The following data elements are used in the apportionment of Federal funds for the Urbanized Area Formula Program, the State of Good Repair Program, and the Bus and Bus Facilities Program: fixed guideway directional route miles, high intensity bus directional route miles, passenger miles traveled (for Full Reporters), actual vehicle revenue hours, actual vehicle revenue miles, operating costs, and unlinked passenger trips. Please verify the following statements regarding these data submissions:

- (A) A system is in place for recording these data in accordance with FTA definitions. This system records complete data without systematic errors in data definitions or in comprehensive coverage.
- (B) Data gathering is an ongoing effort and is collected on a continuing basis throughout the year.
- (C) Source documents are available to support the reported data and will be maintained for at least three years. The source documents are reviewed and signed by a supervisor, as required.
- (D) A system of internal controls is in place to ensure the accuracy of the data collected and reported to the NTD. Documents are reviewed and signed by a supervisor, as required.
- (E) Data collection methods for these data are those suggested by FTA or equivalent.
- (F) FTA standards for precision and accuracy in these data have been satisfied. The sampling technique for passenger miles traveled has either been approved by FTA, or has been determined to conform to FTA requirements by a qualified statistician. The approved sampling technique for passenger miles traveled was followed as

documented (for Full Reporters).
 (G) These data are consistent with prior reporting periods, and other facts known about transit agency operations.

Financial Data Review

Los Angeles County Metropolitan Transportation Authority has FTA approval of an Independent Financial System Review for a prior report year and is not submitting a new statement for the current report year.

Is the statement above accurate and truthful? (Y/N)
Y

This NTD report is derived from an accounting system that follows the prescribed Uniform System of Accounts (USOA). An NTD report was previously submitted and approved by FTA for fiscal year ending 6/30/2018, which contained an independent reviewer's NTD financial data statement signed by Crowe LLP, dated 11/7/2018.

Federal Funding Allocation Review

A review of the Federal funding allocation data for the 2022 report year has been completed and is on file at our transit agency for FTA's Triennial Review.

Is the statement above accurate and truthful? (Y/N)	Explanation
N	Audit by our external auditors still in progress. Est to complete by 2/15/23
