Complaints: Complaints on scorecard will differ from the Excellence in Service and Support (ESS) section due to increased reporting. Complaints for ESS calculations are transportation related complaints only.

Lost Work Days and OSHA injuries: There is a one month lag in this data.

Due to the COVID-19-related reduction in service some KPIs will vary significantly.

BUS SERVICE PERFORMANCE

IN-SERVICE ON-TIME PERFORMANCE

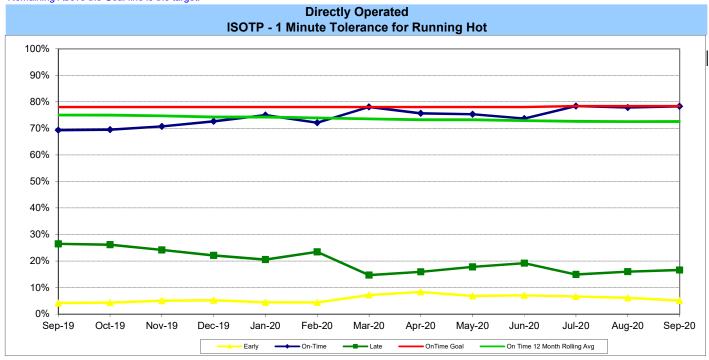

Definition: This performance indicator measures the percentage of actual buses in revenue service that depart selected time points no more than 1 minute early and no more than five minutes later than scheduled. (Includes Rapid buses).

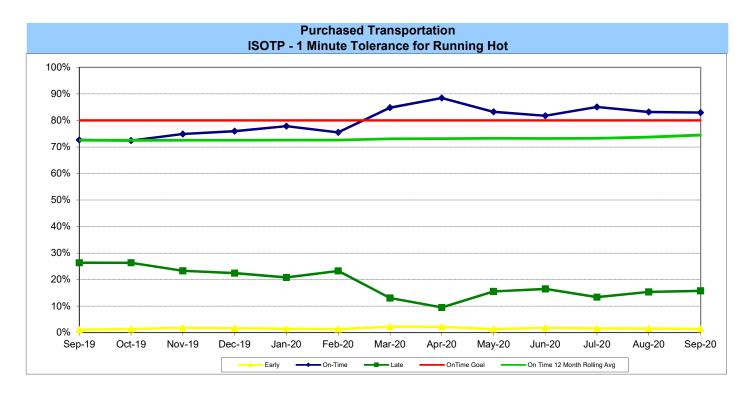

Calculation: ISOTP%: Early = Early Cases/Total Cases; OnTime = OnTime Cases/Total Cases; Late = Late Cases/Total Cases

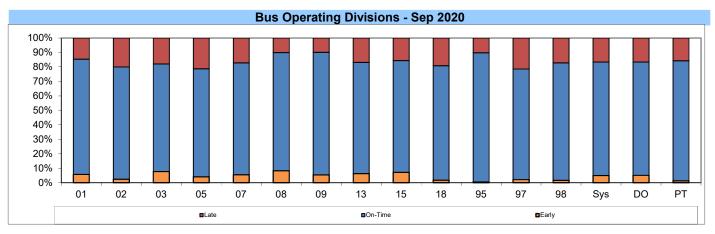

Due to the COVID-19-related reduction in service some KPIs will vary significantly.

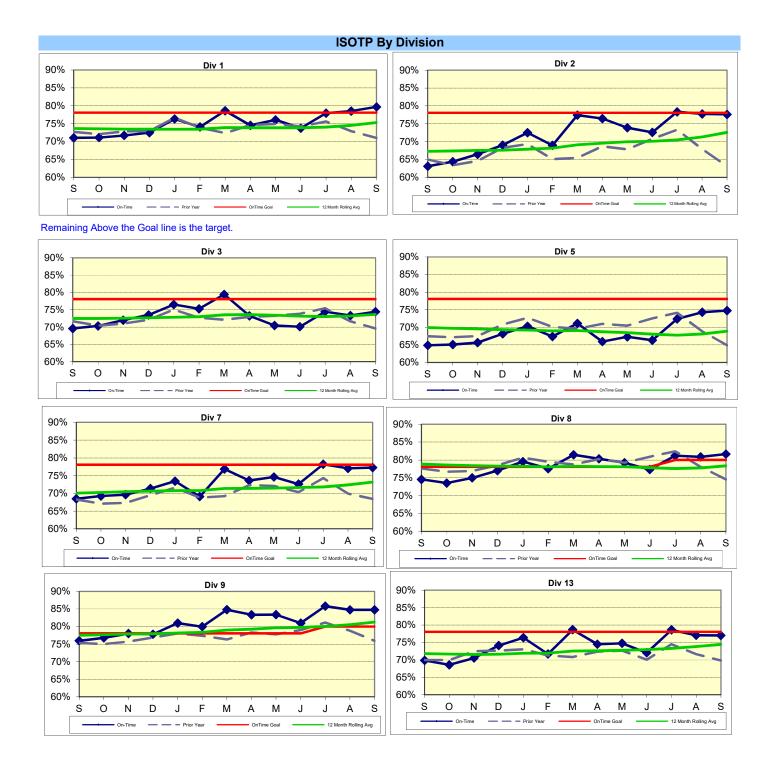

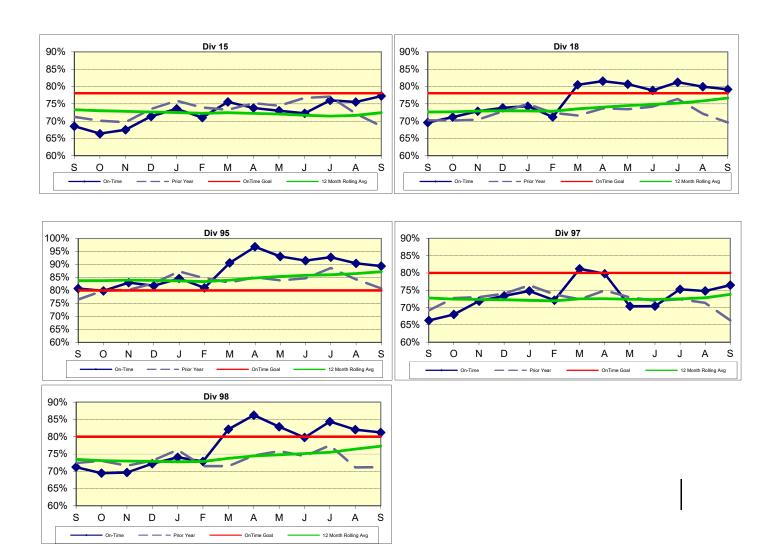

Remaining Above the Goal line is the target.

"Excellence in Service and Support" PERFORMANCE INCENTIVE PROGRAM

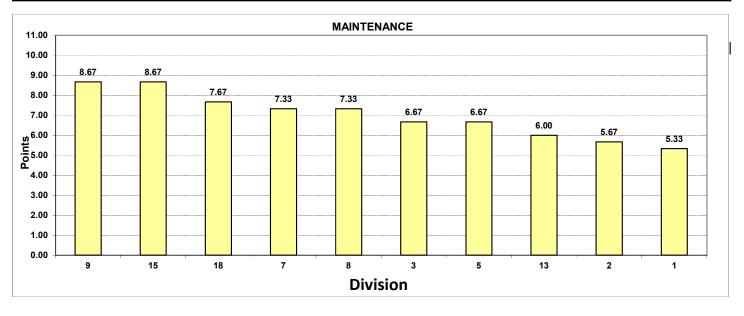

Monthly Calculations - Sep 2020 Metro Bus - Maintenance

Definition: A performance awareness program designed to increase productivity and efficiency.

Calculation: At the start of the fiscal year, each Division is given a unique goal for each Key Performance Indicator (KPI). Every month, the difference between each Division's performance and goal is calculated for each KPI. Divisions are ranked 1 through 10 based on how much better they performed in relation to their own unique goal. If the difference between the performance and the goal is the most favorable variance, the Division is given a score of 10 for that KPI. The lowest performing Division is given a score of 1. For the final ranking, each score is weighted based on the weight of the KPI. The final ranking is calculated by aggregating the weighted scores to give a total score out of a total

Due to the COVID-19-related reduction in service some KPIs will vary significantly.

Monthly Calculations - Sep 2020 Metro Bus - Transportation

Definition: A performance awareness program designed to increase productivity and efficiency.

Calculation: At the start of the fiscal year, each Division is given a unique goal for each Key Performance Indicator (KPI). Every month, the difference between each Division's performance and goal is calculated for each KPI. Divisions are ranked 1 through 10 based on how much better they performed in relation to their own unique goal. If the difference between the performance and the goal is the most favorable variance, the Division is given a score of 10 for that KPI. The lowest performing Division is given a score of 1. For the final ranking, each score is weighted based on the weight of the KPI. The final ranking is calculated by aggregating the weighted scores to give a total score out of a total

"Excellence in Service and Support" PERFORMANCE INCENTIVE PROGRAM

Quarterly Calculations: FY 2021 Q1 Metro Bus - Maintenance and Transportation

Definition: A performance awareness program designed to increase productivity and efficiency.

Calculation: At the start of the fiscal year, each Division is given a unique goal for each Key Performance Indicator (KPI). Every month, the difference between each Division's performance and goal is calculated for each KPI. Divisions are ranked 1 through 10 based on how much better they performed in relation to their own unique goal. If the difference between the performance and the goal is the most favorable variance, the Division is given a score of 10 for that KPI. The lowest performing Division is given a score of 1. For the final ranking, each score is weighted based on the weight of the KPI. The final ranking is calculated by aggregating the weighted scores to give a total score out of a total possible maximum of 10 points.

Due to the COVID-19-related reduction in service some KPIs will vary significantly.
