MEDIA ADVISORY

MTA TO HOLD A SERIES OF COMMUNITY MEETINGS REGARDING LONG RANGE TRANSPORTATION PLAN

The MTA will conduct a series of community meetings for South Bay, South Central and Westside residents for the purpose of discussing the Authority's Long Range Transportation Plan, including discussions aimed at updating the plan to reflect current funding projections. The MTA is seeking public input to help the Authority make tough funding priority decisions. Should MTA invest more heavily in the bus system or more heavily in rail? Should priority be given towards enhancing the public transit system or to improving traffic flow for automobiles? The public is invited and encouraged to participate in the following community meetings:
