Metro's community-based transit service sector governance councils will hold their regular monthly public meetings in August to discuss various transportation issues in their sectors.

Residents within the San Fernando and San Gabriel Valleys, Gateway Cities of southeast Los Angeles, the South Bay and the Westside/Central area interested in helping to improve Metro Bus service in their communities are encouraged to attend the monthly meetings.

In addition, four of the five service sectors are planning to hold public hearings in August on a number of Metro Bus service modifications proposed for implementation in December, 2005 or later. Specific proposed service change information can be viewed at [www.metro.net](http://www.metro.net).
