**Metro Community-Based Transit Service Sector Governance Councils Set Regular Monthly Meetings for September**

Metro's community-based transit service sector governance councils will hold their regular monthly public meetings in September to discuss various transportation issues in their sectors as well as proposed Metro Bus service changes.

Residents within the San Fernando and San Gabriel Valleys, Gateway Cities of southeast Los Angeles, the South Bay and the Westside/Central area interested in helping to improve Metro Bus service in their communities are encouraged to attend the monthly meetings.

Four transit service sectors will take action on proposed service modifications outlined in last months public hearings and planned for implementation in December, 2005 or later. Specific proposed service change information can be viewed at [www.metro.net](http://www.metro.net).

Governance councils work closely with Metro's community-based service sectors in studying and planning service improvements and efficiencies of Metro Bus operations in their respective service sectors.
