New Metro Bus and Metro Rail System Map Offers Reader Friendly Transit Information

The new Metro Bus and Metro Rail System map is now available online at www.metro.net under the maps icon, on Metro buses and trains, at Metro Customer Centers, or call 1-800 COMMUTE to request a copy.

The new Metro System map is easier to read than past versions because the type is larger, the design is simpler and the focus is more on transit routes than geography so the routes stand out better. It's also more compact. It includes details on all Metro bus and rail services as well as those offered by municipal bus carriers in Los Angeles County, and there's an inset of Downtown Los Angeles transit services.
