

L.A. METRO APPOINTS TIM LINDHOLM CHIEF PROGRAM MANAGEMENT OFFICER

Media Relations October 4, 2024

Lindholm will spearhead the agency's ambitious capital program that will transform transportation in Los Angeles County

LOS ANGELES (Oct. 4, 2024) – The Los Angeles County Metropolitan Transportation Authority (Metro) has appointed Tim Lindholm as the Chief Program Management Officer. In this role, he is responsible for executing Metro's mission to provide a world-class transportation system that enhances quality of life for all who live, work and play within L.A. County.

Lindholm will focus on delivering the largest transportation infrastructure program in the nation, a \$28 billion program of approximately 75 active rail, bus, and highway transportation projects. Projects within his portfolio include the LAX/Metro Transit Center Station and Purple (D Line) Extension projects which are currently in construction, and the East San Fernando Valley Light Rail Transit Project which will begin construction later this year. In addition, he will lead key mega projects through design and construction work including the Southeast Gateway Line, C-Line Extension, Eastside Transit Corridor Phase II, and the Sepulveda Transit Corridor.

"Tim's expertise in alternative project delivery methods, stakeholder engagement, and strategic planning has been pivotal in driving Metro forward," said Metro CEO Stephanie Wiggins. "We congratulate him on this well-deserved role and look forward to his continued leadership. I am confident that his vision and dedication will lead to even greater achievements for the agency."

Lindholm is a senior executive with nearly 24 years at LA Metro, experienced in project management, construction management, design and engineering, alternative delivery contracts, operations, government finance and strategic planning. He has been serving in the interim role of Chief Program Management Officer since May 2024. During his interim tenure, Lindholm has been instrumental in spearheading numerous high-profile projects that have significantly contributed to the agency's success. He is a graduate of San Diego State University and a State of California Professional Geologist.

[About Metro](#)

Metro is building the most ambitious transportation infrastructure program in the United States and is working to greatly improve mobility through its [Vision 2028 Plan](#). Metro is the lead transportation planning and funding agency for Los Angeles County and carries nearly one million boardings daily on a fleet of 2,200 low-emission buses and six rail lines.
