Statistical Abstract Publications

Statistical Abstract of the United States, annual. Published since 1878, this book is an authoritative summary of statistics on the social, political, and economic organization of the United States. It includes a representative selection of statistics widely used by public officials, businessmen, educators, librarians, research workers, and students. 1982-83 edition now available. 1,042 pages. Price $15 (clothbound); $11 (paperbound).

State and Metropolitan Area Data Book, 1982. The second of a series, this edition contains 2,018 items of data for the United States as a whole, each State, 4 census regions, and 9 census divisions, as well as 320 items for 318 standard metropolitan statistical areas (SMSA's), including 35 SMSA's created after the 1980 census, and 73 items of data for central cities of SMSA's. This book summarizes data selected from more than 40 governmental and private sources. Special features include data from the 1980 census, a separate section charting trends between 1970 and 1980 of selected subject items for States, and tables ranking States and metropolitan areas on 21 socioeconomic measures. As in 1979, this edition contains descriptive text, explanatory notes, source citations, and supplementary appendixes. 701 pages. Price $15 (paperbound).

Pocket Data Book, USA 1979. This sixth edition features graphic and tabular presentation of summary statistics in a simplified format for quick and easy reference. It includes data and descriptive text on population, vital statistics, law enforcement, education, health, business, housing, transportation, energy, communications, and other topics of interest. 401 pages, 60 charts. Issued 1980. Price $7.50 (paperbound).

Historical Statistics of the United States, Colonial Times to 1970. A two-part compendium of more than 12,500 statistical time series, largely annual, on American social, economic, political, and geographic development covering periods from 1610 to 1970. It includes definitions of terms, descriptive text, specific source notes, and detailed subject index. 1,298 pages. Issued 1976. Price $35 (clothbound).
