Los Angeles	Local Highway	INGLEWOOD	LAF5300								City of Inglewood ITS - Phase IV. 2.7 miles of fiber-optics on La Cienega Blvd., Centinela Ave., Florence Ave. and Prairie Ave. New CCTV, speed detection systems and web-based traveler information. Upgrade the current Traffic Control System (TCS) to Adaptive TCS and replace 4 Type 170 controllers with Type 2070 controllers on Prairie Ave.																							X				
Los Angeles	Local Highway	CULVER CITY	LAF5302								Culver City Adaptive Traffic Control System (ATCS) Project. This project is located in Culver City in the Westside subregion. It will upgrade the current Traffic Control System to an Adaptive Traffic Control System (ATCS). Project will replace 90 Type 170 controllers with Type 2070, add additional vehicle detectors at 102 locations, and upgrade communications equipment and connection to fiber-optic backbone. The ATCS will control 102 intersections throughout Culver City. Funds are requested for design and construction costs. Project sponsor will be required, upon completion of the project, to demonstrate congestion reduction and transit travel time reduction benefits. In addition, project sponsor will be required to credit to MTA, as cost savings in proportion to the MTA share of the total cost of this grant, any element of the work scope for this project that can utilize previously-installed signal infrastructure (interconnect, signal equipment, etc.).																										X	
Los Angeles	Local Highway	LOS ANGELES COUNTY	LAF5314								Gateway Cities Forum Traffic Signal Corridors Project - improve traffic signal operations by upgrading each traffic signal to federal and state standards, providing additional vehicle detection to enable operation as a fully traffic-actuated signal, installing the appropriate components to enable each signal to be capable of time-based coordination and retiming signals to improve the overall progression of traffic.																						X

Riverside	Transit	SUNLINE TRANSIT AGENCY	3TR04C				0	Bus Rapid Transit	Coachella Valley		Implement Bus Rapid Service/BRT on Highway 111 based on recommendations in the Comprehensive Operational Analysis conducted in 2005/06. Project will entail completing feasibility study and working with the local jurisdiction on various activities prior to implementing project.									SunLine Transit Agency plans on conducting an alternative analysis study to select and finalize the potential corridor for BRT service. Hwy 111 is a conceptual plan - no detailed planning study has occurred yet. BRT study may start in 2013/2014.					X							
Riverside	Transit		0	3TR04A, 3TR04B			0	Bus Rapid Transit Infrastructure	Corona	Moreno Valley	Infrastructure to support the operation of BRT, including facility planning and engineering and retrofit of approximately 65 intersections for signal priority for transit and automated travel information at multiple bus stops.																					
Riverside	Transit		0	3TL1507			0	Enhanced Commuter Link East Corridor	Western Riverside County	San Diego, Orange, and Los Angeles Counties	Proposed commuter link service at the eastern side of I-215 corridor to San Diego and neighboring counties of Orange and Los Angeles through Metrolink service connections. The residents of Calimesa, Beaumont, Banning, Hemet/San Jacinto will be able to go to neighboring northern and eastern counties with the comfort and convenience of an express bus service.										Route No's 208, 210, 212, 216 are scheduled in such a way to meet other bus service connections, employer start/end work times, and/or commuter rail connections with Metrolink. As a result, an average headway or defined headway for the existing routes is not applicable as this is not the primary basis of the service design.			X								
Riverside	Transit		0	3TL1607			0	Enhanced Commuter Link West Corridor	Western Riverside County	San Diego, Orange, and Los Angeles Counties	Proposed commuter link service at the western side of I-15 corridor to San Diego and neighboring counties of Orange and Los Angeles through Metrolink connections. A proposed expansion an improvement of the existing commuter service from Murrieta/Temecula including the Cities of Perris, Moreno Valley, Norco, and Corona.										Routes 79, 202, 204, 206, 217 are scheduled in such a way to meet other bus service connections, employer start/end work times, and/or commuter rail connections with Metrolink. As a result, an average headway or defined headway for the existing routes is not applicable as this is not the primary basis of the service design.			X								
Riverside	Transit	SUNLINE TRANSIT AGENCY	3TL907				0	Express/Commuter Bus Service	Coachella Valley	Riverside	Implement express bus service to connect commuters to Metrolink Service in Riverside, as well as express bus service along I-10. SunLine will purchase different size buses, including 45ft (MCI buses) for commuter service.										SunLine Transit Agency applied for and received JARC funds to implement commuter service from the Coachella Valley to the City of Banning. SunLine anticipates implementing the new route by January 2015.						X
