Wilshire/Western Topping Off Ceremony

On Monday, March 10, 2008 at 9:00 a.m., a “topping off” ceremony will take place to commemorate the completion of construction of the final floor in the 22-story “Solair” development, which is a modern Asian-designed building at the Wilshire/Western Metro Purple Line Station. The \$160 million Solair project, developed by Koar Institutional Advisors, will include 186 for-sale condominium units, 40,000 square feet of commercial/retail space, common areas for the public, subterranean parking garage and a 12-space bus layover zone. The joint development was made possible through an exclusive ground lease agreement in 2003, and is among the recent developments within our Joint Development Program, which seeks to provide the most appropriate private and/or public sector development on our property at, and adjacent to, transit stations and corridors

Douglas Street Opening Event, City of El Segundo

On Friday, March 7, 2008 at 2:00 p.m., the City of El Segundo will be celebrating the opening of the Douglas Street Gap Closure Project. The Douglas Street Gap

Closure project represents a very important link in the region's transportation system, providing additional north-south access between Rosecrans Avenue and the community to the north. Under construction since 2003, this long-awaited project was made possible through a partnership between us, the City of El Segundo, Federal, State and Local representatives, and Caltrans.

Media Inquiry into Proposed Service Changes

Today, KFWB Radio inquired regarding proposed service changes to be implemented in June. Media Relations staff told the reporter that while some unproductive and low ridership bus lines are proposed for cancellation, a total of six new Rapid Bus lines are scheduled to be implemented in June. The story is expected to air tomorrow morning.
