### **Increase in Metro Rail Ridership This Past Weekend**

This past weekend, our rail lines experienced an increase in ridership as many headed to the following events: Festival of Books, CicLAvia and/or the Grand Prix of Long Beach. Ridership for the weekend jumped about 18% on rail compared to numbers reported the prior weekend. There was an increase of more than 49,000 rail boardings on Sunday alone. The biggest increase was on the Expo Line, which was expected considering its stations at USC and Culver City and its connection to the Blue Line at 7th/Metro. In addition, ridership on Expo was up 85% over the previous weekend. Please click [here](#) to read the complete story as posted on The Source.

### **Expo Light Rail Line Construction Notice**

#### Street Restoration and Paving – City of Los Angeles

As part of the construction of Phase 2 of the Expo Light Rail Line, work crews will implement the first phase of the restoration of the National/Palms intersection on the City of Los Angeles. The work is being managed and performed by the Expo Phase 2 design-build contractor Skanska-Rados Joint Venture (SRJV), and its subcontractors. This construction is scheduled to begin on Saturday, April 27, 2013 through Tuesday, April 30, 2013. Please click [here](#) to view the complete construction notice.
