FOR IMMEDIATE RELEASE

Closures for I-5 HOV Improvement Project (SR-118 to SR-170)

FULL CLOSURES: Northbound I-5 will be closed between Branford Street and Paxton Street on Jan. 12 and 13, 2015, from 11:59 p.m. to 5 a.m. Southbound I-5 will be closed between Osborne Street and Branford Street on Jan. 14 and 15, 2015, from 11:59 p.m. to 4 a.m. These closures are necessary to allow crews to safely install new overhead signs. Signed detours will be provided.

ARLETA — The California Department of Transportation (Caltrans) plans to implement the closures listed below January 12-17, 2015, as part of a project that is constructing High Occupancy Vehicle (HOV or carpool) lanes and a direct HOV connector at the I-5/SR-170 interchange.

Residents may hear some construction noise, but it will not exceed levels permitted by state and federal regulations.

Resources for Motorists:

- More information about the project is [here](#).
- Closure information for this and other freeway projects is available on the [Caltrans website](#).
Closures are subject to change.
- For real-time traffic information, visit quickmap.dot.ca.gov, go511.com, or call 5-1-1.

Northbound I-5

Lanes

- See the information in red, above, about full closures of northbound I-5 on Jan. 12 and 13.
- Up to five lanes between Sheldon Street and SR-118: 9 p.m. to 6 a.m.
Note: The most restrictive closures (i.e., the most lanes closed) will occur between midnight and 4 a.m.

- MORE -

Ramps

- Westbound Tuxford Street on-ramp: 8 p.m. to 6 a.m.
- Westbound Lankershim Boulevard on-ramp: 8 p.m. to 6 a.m.
- Sheldon Street/Laurel Canyon Boulevard on-ramp: 8 p.m. to 6 a.m.
- Eastbound/westbound Osborne Street on-ramp: 8 p.m. to 6 a.m.

Southbound I-5

Lanes

- See the information in red, above, about full closures of southbound I-5 on Jan. 14 and 15.
- Up to six lanes between SR-118 and Sheldon Street: 9 p.m. to 6 a.m.
Note: The most restrictive closures (i.e., the most lanes closed) will occur between midnight and 4 a.m.

Ramps

- Westbound Paxton Street on-ramp: 8 p.m. to 6 a.m.
- Eastbound/westbound Osborne Street on-ramp: 8 p.m. to 6 a.m.
- Eastbound Terra Bella Street on-ramp: 8 p.m. to 6 a.m.
- Eastbound/westbound Van Nuys Boulevard on-ramp: 8 p.m. to 6 a.m.

Long-Term On-Ramp Closure

- Branford Street to southbound I-5 (opens March 2015)

Northbound SR-170

Lanes

- Up to two lanes between Roscoe Boulevard and Sheldon Street/Arleta Street: 9 p.m. to 6 a.m.

Ramps

- Eastbound/Westbound Roscoe Boulevard on-ramp: 8 p.m. to 6 a.m.

Connector

- Northbound SR-170 to northbound I-5: 11:59 p.m. to 5 a.m.

Southbound SR-170

Lanes

- Up to two lanes between Sheldon Street/Arleta Street and Roscoe Boulevard: 9 p.m. to 6 a.m.

Eastbound SR-118

Connector

- Eastbound connector to southbound I-5: 11 p.m. to 5 a.m.

Westbound SR-118

Connector

- Westbound connector to southbound I-5: 8 p.m. to 6 a.m.

About the Project

Caltrans is constructing an HOV lane in each direction on I-5 between the Hollywood Freeway (SR-170) and SR-118, a distance of 6.8 miles (3.4 miles in each direction). The project is also widening four undercrossings, replacing sections of pavement, and building a direct HOV connector at the I-5/SR-170 interchange. A direct HOV connector allows for freeway-to-freeway transfers without exiting the carpool lane.

This project will alleviate congestion, encourage carpooling, improve air quality, and provide a smoother ride for motorists. The work is part of Caltrans' effort to provide motorists with a seamless carpool lane network in California. Work began in August 2010 and is on track for completion in Spring 2015. Funding administered by Metro.

For the safety of the construction crew and motorists, please be attentive to closures, slow for the cone zone, and move over one lane where possible.

Caltrans thanks motorists for their patience and understanding during construction. For more information, visit I-5info.com.
