**SUBJECT: TAP VENDOR LOCATIONS**

### ISSUE

At the Finance, Budget and Audit Committee meeting held on July 17, 2019, Director Jacquelyn Dupont-Walker inquired about TAP sales vendor locations and types of businesses that sell TAP during the TAP Multimodal Integration and Mobile App Update.

### DISCUSSION

TAP has consistently increased the number of vendors that sell TAP and has made progress in the past year to address areas with low concentrations of TAP sales. Although it cannot be required of vendors to sell TAP, the TAP Program has made great efforts to entice new vendors to come aboard, including increasing the vendor commission from 3% to 3.75%. The TAP vendor network has increased to 457 locations including all County Libraries. Locations may be searched by city, zip code or address on the Vendor Locations page at <https://www.taptogo.net/TAPLocator2>, or see Attachment I for the full vendor directory.

The new kiosk program will enable TAP cards to hang next to other loadable cards such as those from restaurants and other popular retail brands. Customers will find these cards in major stores such as CVS and 7-Eleven. 200 of these locations are piloting in August, and if the program is successful, the program will expand to over 1,000 locations in Los Angeles County. The 200 pilot locations as well as the planned future full launch locations are identified in Attachment II.

In addition to the two programs identified above, TAP enables fare loading at 491 TAP Vending Machines in over 60 stations, by phone at 866-TAPTOGO, aboard all 2,308 Metro buses and online at *taptogo.net*. This winter, TAP will be piloting a new mobile app that will enable both near-real-time fare sales and ticketing capabilities.
