AB 8 Chu D Pupil health: mental health professionals.	6/12/2019-S. HEALTH 7/8/2019-In committee: Hearing postponed by committee.	(1)Existing law requires the governing board of a school district to give diligent care to the health and physical development of pupils and authorizes the governing board of a school district to employ properly certified persons for the work. Existing law requires a school of a school district or county office of education and a charter school to notify pupils and parents or guardians of pupils no less than twice during the school year on how to initiate access to available pupil mental health services on campus or in the community, or both, as provided. Existing law requires, subject to sufficient funds being provided, the State Department of Education, in consultation with the State Department of Health Care Services and appropriate stakeholders, to, on or before July 1, 2020, develop guidelines for the use of telehealth technology in public schools, including charter schools, to provide mental health and behavioral health services to pupils on school campuses.This bill would require, on or before December 31, 2024, a school of a school district or county office of education and a charter school to have at least one mental health professional, as defined, for every 600 pupils generally accessible to pupils on campus during school hours. The bill would require, on or before December 31, 2024, a school of a school district or county office of education and a charter school with fewer than 600 pupils to have at least one mental health professional generally accessible to pupils on campus during school hours, to employ at least one mental health professional to serve multiple schools, or to enter into a memorandum of understanding with a county agency or community-based organization for at least one mental health professional employed by the agency or organization to provide services to pupils. The bill would encourage a school subject to the bill’s provisions with pupils who are eligible to receive Medi-Cal benefits to seek reimbursement for costs of implementing the bill’s provisions, as specified. By imposing additional requirements on local educational agencies, the bill would impose a state-mandated local program.This bill contains other related provisions and other existing laws. AB 10 Chiu D Income taxes: credits low-income housing: farmworker housing.	8/26/2019-S. APPR. SUSPENSE FILE 8/30/2019-In committee: Held under submission.	(1)Existing law establishes a low-income housing tax credit program pursuant to which the California Tax Credit Allocation Committee(CTCAC) provides procedures and requirements for the allocation, in modified conformity with federal law, of state insurance, personal income, and corporation tax credit amounts to qualified low-income housing projects that have been allocated, or qualify for, a federal low-income housing tax credit, and farmworker housing. Existing law limits the total annual amount of the state low-income housing credit for which a federal low-income housing credit is required to the sum of \$70,000,000, as increased by any percentage increase in the Consumer Price Index for the preceding calendar year, any unused credit for the preceding calendar years, and the amount of housing credit ceiling returned in the calendar year, and authorizes CTCAC, for calendar years beginning in 2020, to allocate an additional \$500,000,000 to specified low-income housing projects and, for calendar years beginning in 2021, requires this additional amount only to be available for allocation pursuant to an authorization in the annual Budget Act or related legislation, and specified regulatory action by CTCAC.This bill would remove the requirement that, beginning in the 2021 calendar year, the above-described additional \$500,000,000 allocation only be available pursuant to an authorization in the annual Budget Act or related legislation, and specified regulatory action by CTCAC.This bill contains other related provisions. 		<p>Legislature and subject to such conditions and criteria as the Legislature may provide by statute, for allocation by the California Transportation Commission for infrastructure improvements along federally designated Trade Corridors of National Significance or along other corridors that have a high volume of freight movement, as determined by the commission. Existing law designates the commission as the administrative agency responsible for programming funds in the TCIF and authorizes the commission to adopt guidelines for the TCIF program. This bill would require the commission to establish a competitive funding program to provide funds to the Department of Transportation or regional transportation planning agencies, or both, for short-line railroad projects such as railroad reconstruction, maintenance, upgrade, or replacement. The bill would require the commission to adopt guidelines, in consultation with representatives from specified government and industry entities, by July 1, 2020, to be used by the commission to select projects for programming and allocation. The bill would appropriate \$7,200,000, or a lesser amount, as specified, from the Trade Corridors Improvement Fund to the Department of Transportation for purposes of the program.(2)Existing law creates the Independent Office of Audits and Investigations within the Department of Transportation, headed by a director known as the Inspector General, to ensure, among other things, that the department, and external entities that receive state and federal transportation funds from the department, are spending those funds efficiently, effectively, economically, and in compliance with applicable state and federal requirements. Existing law vests the Inspector General with the full authority for maintaining a full scope, independent, and objective audit and investigation program, as prescribed. This bill would provide the Independent Office of Audits and Investigations with access and authority to examine all records, files, documents, accounts, reports, correspondence, or other property of the department and external entities that receive state and federal transportation funds from the department. The bill would provide that all books, papers, records, and correspondence of the office are public records subject to the California Public Records Act but would prohibit the Inspector General from releasing certain types of records to the public, except under certain circumstances. The bill would also make it a crime to engage in specified activity with regard to an audit, evaluation, investigation, or review conducted pursuant to these provisions, including manipulating, correcting, altering, or changing records, documents, accounts, reports, or correspondence before or during any audit, and distributing, reproducing, releasing, or failing to safeguard confidential draft documents exchanged between the Inspector General and the entity subject to the audit, before the release of the Inspector General's final report, as specified. Because the bill would create a new crime, the bill would impose a state-mandated local program.(3)Existing law identifies the total amount of specified loans from the General Fund to the Traffic Congestion Relief Fund, and requires those loan amounts to be repaid from the General Fund pursuant to Section 20 of Article XVI of the California Constitution. This bill would require a specified portion of those loan amounts to be repaid from the General Fund, but not pursuant to that provision of the California Constitution.(4)Existing law authorizes the California Transportation Commission to allocate federal and state transportation funds to the Department of Transportation to operate and manage the Transportation Finance Bank, pursuant to which loans are made for transportation projects that have a dedicated revenue source and</p>

Existing law requires specified funds, interest, and penalties to be deposited in the account and continuously appropriates moneys in the account to the department for purposes of making loans to eligible local entities. This bill would require all assets and liabilities of the Local Transportation Loan Account to become assets and liabilities of the State Highway Account before January 1, 2020. The bill would repeal all of the provisions relating to the account and the Transportation Finance Bank on January 1, 2020. (5) Article XIX, Section B of the California Constitution, as amended by Proposition 1A, approved by the voters at the November 7, 2006, statewide general election, requires full payment by June 30, 2016, of the amount that would have been transferred to the Transportation Investment Fund in the absence of a suspension of transfer of revenues that occurred in the 2003–04 and 2004–05 fiscal years, and until that has occurred, requires the amount of transfer payments in each fiscal year to be at least 1/10 of the outstanding amount. Existing statutory law requires the minimum amount required by the California Constitution, plus interest, to be transferred by the Controller in each fiscal year until June 30, 2016, to the Transportation Deferred Investment Fund for allocation to transportation purposes that would have been funded in the absence of a suspension. Under existing law, the Transportation Deferred Investment Fund is considered part of the Transportation Investment Fund, except as specified. This bill would require all assets and liabilities of the Transportation Deferred Investment Fund to become assets and liabilities of the State Highway Account before January 1, 2020. (1)Existing law establishes the Natural Resources Agency, composed of departments, boards, conservancies, and commissions responsible for the restoration, protection, and management of the state’s natural and cultural resources, under the supervision of an executive officer known as the secretary. This bill would require the Secretary of the Natural Resources Agency to create an environmental justice program within the agency to identify and address any gaps in existing programs, policies, or activities that may impede the achievement of environmental justice. The bill, contingent upon funding for this purpose, would require the secretary to establish a grant-based reimbursement program to enable environmental justice and community groups to meaningfully participate in rulemaking and other regulatory processes at departments and entities within the agency. The bill would define environmental justice for these purposes. This bill would require the department to, on or before July 1, 2022, adopt regulations to protect public health and safety near oil and gas extraction facilities. The bill would require those regulations to include safety requirements and the establishment of a minimum setback distance between oil and gas activities and sensitive receptors such as schools, childcare facilities, playgrounds, residences, hospitals, and health clinics based on health, scientific, and other data, and would require the department to consider a setback distance of 2,500 feet at schools, playgrounds, and public facilities where children are present, and a range of other protective measures, including, but not limited to, enhanced monitoring and maintenance requirements. Because a violation of these regulations would be a crime, the bill would impose a state-mandated local program. AB 425 Cooley D Firearms: ammunition sales.	7/8/2019-S. APPR. SUSPENSE FILE 8/30/2019-In committee: Held under submission.	(1)Existing law, as amended by the Safety for All Act of 2016, an initiative statute approved by voters as Proposition 63 at the November 8, 2016, statewide general election, requires the sale of ammunition to be conducted by or processed through a licensed ammunition vendor. Existing law exempts from that requirement the sale, delivery, or transfer of ammunition to specified individuals, including a sworn peace officer or sworn federal law enforcement officer who is authorized to carry a firearm in the course and scope of the officer’s duties, and a representative of a law enforcement agency, with written authorization from the head of the agency, purchasing ammunition for the exclusive use of the agency. Existing law also exempts from that requirement the sale, delivery, or transfer of ammunition to a person who is federally licensed as a firearms dealer or collector of firearms, as specified. A violation of this requirement is a misdemeanor. Proposition 63 allows its provisions to be amended by a vote of 55% of the Legislature so long as the amendments are consistent with, and further the intent of, the act.The bill would exempt from the above-described ammunition purchasing requirement a licensed private patrol operator or an agent or employee of the private patrol operator, a person registered as a security guard or security patrolperson who also holds a valid firearm permit issued by the Bureau of Security and Investigative Services of the Department of Consumer Affairs, who purchases or receives ammunition for use in the normal course and scope of employment, and a sheriff’s or police security officer. The bill would also exempt from the above-described ammunition purchasing requirement a person employed by a public forensic laboratory who purchases, receives, or transfers ammunition for use in the normal course and scope of laboratory operations.This bill contains other related provisions and other existing laws. Read second time, amended, and re-referred to Com. on L., P.E. & R.	Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of employment. Existing law creates a disputable presumption that specified injuries sustained in the course of employment of a specified member of law enforcement or a specified first responder arose out of and in the course of employment. This bill would define "injury," for certain state and local firefighting personnel, peace officers, certain hospital employees, and certain fire and rescue services coordinators who work for the Office of Emergency Services to include being exposed to or contracting, on or after January 1, 2020, a communicable disease, including coronavirus disease 2019 (COVID-19), that is the subject of a state or local declaration of a state of emergency that is issued on or after January 1, 2020. The bill would create a conclusive presumption, as specified, that the injury arose out of and in the course of the employment. The bill would apply to injuries that occurred prior to the declaration of the state of emergency. The bill would also exempt these provisions from the apportionment requirements. County elections officials must begin mailing ballots and other required materials to these voters no later than 29 days before the day of the election. Existing law, the California Voter's Choice Act, authorizes any county to conduct any election occurring on or after January 1, 2020, as an all-mailed ballot election if specified conditions are met. In an all-mailed ballot election held under the act, the county elections official must mail a ballot to every registered voter, regardless of whether the voter requested a vote by mail ballot or is a permanent vote by mail voter. This bill would require county elections officials to mail a ballot to every registered voter for the November 3, 2020 statewide general election. By requiring county elections officials to mail a ballot to every registered voter, this bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above. Existing law, on and after January 1, 2001, requires a local special tax measure subject to voter approval to include specified accountability measures. This bill would authorize a local government to impose, extend, or increase a sales and use tax or transactions and use tax in accordance with specified law or a parcel tax, as defined, for the purposes of funding homeless housing and services, as defined, subject to a majority vote of the electorate of the local government voting on the proposition. The measure would require that the ordinance or resolution proposing the tax be approved by a 2/3 vote of the governing board of the local government, include specified additional accountability requirements, and otherwise comply with specified requirements relating to the imposition of special taxes. The bill would also make conforming and other nonsubstantive changes.(2)Existing law authorizes various specified cities, counties, and special districts, subject to certain limitations and approval requirements, to levy a transactions and use tax for general or specific purposes, in accordance with the procedures and requirements set forth in the Transactions and Use Tax Law. A provision of the Transactions and Use Tax Law prohibits the combined rate of all taxes that may be imposed in accordance with that law in a county from exceeding 2%. This bill would authorize a district, as defined, to impose a transactions and use tax for the support of homeless housing and services that, in combination with other transactions and use taxes, would exceed the above-described combined rate limit of 2% if the district adopts an ordinance proposing the tax and the ordinance is approved by the voters, as described above, and the ordinance otherwise conforms to the Transactions and Use Tax Law.(3)This bill would also make conforming and other nonsubstantive changes to related provisions and provide that its</p>

AB 1907 Santiago D California Environmental Quality Act: emergency shelters: supportive and affordable housing: exemption.	1/30/2020-A. NAT. RES. 1/30/2020-Referred to Coms. on NAT. RES. and H. & C.D.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would, until January 1, 2029, exempt from environmental review under CEQA certain activities approved by or carried out by a public agency in furtherance of providing emergency shelters, supportive housing, or affordable housing, as each is defined. The bill would require a lead agency that determines to carry out or approve an activity that is within this CEQA exemption to file a notice of exemption, as specified. 		abatement and cleanup of homeless encampments on department property and expedited and coordinated access to housing and supportive services. The bill would require the department to coordinate with homeless service provider agencies and to establish homeless adult and family multidisciplinary personnel teams. The bill would require the department, upon receiving a report of a homeless encampment, to deploy a multidisciplinary personnel team to expedite and coordinate access to housing and supportive services for occupants of the encampment. Before proceeding to remove a homeless encampment, the bill would require the department to use best efforts to assist occupants of the encampment to voluntarily accept supportive services and relocate. If the department responds to 3 or more homeless encampments within 30 days at the same location, the bill would require, rather than authorize, the department to offer the location for lease for purposes of a temporary emergency shelter or feeding program pursuant to the above-described provisions. The bill would provide that implementation of these provisions is contingent upon an appropriation by the Legislature. This bill contains other existing laws.

AB 1915 Chu D Electrical corporations: deenergization events.	1/17/2020-A. U. & E. 1/17/2020-Referred to Com. on U. & E.	Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations. Existing law authorizes the commission to establish rules for all public utilities, subject to control by the Legislature. Existing law requires each electrical corporation to annually prepare and submit a wildfire mitigation plan to the commission for review and approval, as specified. Following approval, the commission is required to oversee compliance with the plans. Existing law requires a wildfire mitigation plan of an electrical corporation to include, among other things, protocols for deenergizing portions of the electrical distribution system that consider the associated impacts on public safety, as well as protocols related to mitigating the public safety impacts of those protocols, including impacts on critical first responders and on health and communications infrastructure. Existing law requires a wildfire mitigation plan of an electrical corporation to also include appropriate and feasible procedures for notifying a customer who may be impacted by the deenergizing of electrical lines and requires these procedures to consider the need to notify, as a priority, critical first responders, health care facilities, and operators of telecommunications infrastructure with premises within the footprint of a potential deenergization event.Because this bill requires action by the commission to implement its requirements, and because a violation of an order or decision of the commission implementing its requirements would be a crime, the bill would impose a

Existing law, the California Emergency Services Act, authorizes the Governor to proclaim a state of emergency when specified conditions of disaster or extreme peril to the safety of persons and property exist, and to exercise certain powers in response to that emergency. The act also authorizes the governing body of a city, county, city and county, or an official designated by ordinance adopted by that governing body, to proclaim a local emergency, and to exercise certain powers in response to that emergency. Existing law defines the terms “state of emergency” and “local emergency” to mean the duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by, among other things, fire, storm, riot, epidemic, or cyberterrorism.This bill would require all proclamations, communications, materials, and announcements made by the Governor or a state agency related to a duly proclaimed state of emergency to be made available in all languages spoken by a substantial number of non-English-speaking people. The Mitigation Fee Act authorizes a local agency to charge or imposed a variety of fees, dedications, reservations, or other exactions in connection with the approval of a development project, as defined. Existing law, when a local agency imposes any fee or exaction as a condition of approval of a proposed development, as defined, or development project, prohibits those fees or exactions from exceeding the estimated reasonable cost of providing the service or facility for which the fee or exaction is imposed. This bill would require that a fee levied or imposed on a housing development project by a local agency be proportionate to the square footage of the proposed unit or units. By imposing additional duties on local agencies that impose fees under the Mitigation Fee Act, the bill would impose a state-mandated local program. AB 1934 Voepel R Planning and zoning: affordable housing: streamlined, ministerial approval process.	1/23/2020-A. H. & C.D. 1/23/2020-Referred to Coms. on H. & C.D. and L. GOV.	Existing law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development, which satisfies specified objective planning standards, that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit. Existing law requires a local government to notify the development proponent in writing if the local government determines that the development conflicts with any of those objective standards by a specified time; otherwise, the development is deemed to comply with those standards. Existing law provides that if a local government approves a project pursuant to that process, that approval will not expire until a specified period of time depending on the nature of the development. This bill would, notwithstanding those provisions, authorize a development proponent to submit an application for a development to be subject to a streamlined, ministerial approval process provided that development meet specified objective planning standards, including that the development provide housing for persons and families of low or moderate income. AB 1937 Rivas, Luz D Homeless children and youths and unaccompanied youths: reporting.	1/30/2020-A. ED. 3/16/2020-In committee: Hearing postponed by committee.	(1)Existing federal law, the McKinney-Vento Homeless Assistance Act, provides grants to states to carry out activities relating to the education of homeless children and youths, as defined, including, among others, providing services and activities to improve the identification of homeless children and youths and to enable them to enroll in, attend, and succeed in school. The act requires a state plan submitted for the receipt of the grant to include assurances that local educational agencies will designate an appropriate staff person to act as a local educational agency liaison for homeless children and youths and a description of how the state will ensure that local educational agencies and their liaisons will comply with specified requirements of the act, including the identification of homeless children and youths.This bill would require a local educational agency to ensure that each school within the local educational agency identifies all homeless children and youths and unaccompanied youths enrolled at the school, create a housing questionnaire, as specified, for purposes of identifying homeless children and youths and unaccompanied youths, and annually provide the housing questionnaire to all parents or guardians of pupils and unaccompanied youths of the local educational agency. AB 1939 Gonzalez D Pedicabs: electric bicycles.	1/23/2020-A. TRANS. 3/17/2020-In committee: Hearing postponed by committee.	Existing law generally regulates the operation of bicycles, including, among other things, providing that a person operating a bicycle on the highway has all the rights and is subject to all the provisions applicable to the driver of a vehicle. These provisions also apply to a pedicab, defined, among other things, as a bicycle with 3 or more wheels that is capable of transporting passengers on seats attached to the bicycle, that is operated by a person, and that is being used for transporting passengers for hire. A violation of the Vehicle Code provisions regulating the operation of a bicycle or pedicab is an infraction. Existing law defines a bicycle, for purposes of these provisions, as a device having one or more wheels upon which a person may ride that is propelled exclusively by human power, as specified. This bill would expand the definition of a pedicab to include electric bicycles and would expand the definition of a bicycle to include electric bicycles. AB 1992 Friedman D Transportation: transportation infrastructure: climate change.	2/6/2020-A. TRANS. 3/12/2020-Re-referred to Com. on TRANS.	Existing law vests the Department of Transportation with full possession and control of the state highway system. Existing law requires the department, in consultation with the California Transportation Commission, to prepare a robust asset management plan that assesses the health and condition of the state highway system and with which the department is able to determine the most effective way to apply the state's limited resources. This bill would state the intent of the Legislature to enact legislation that would establish a new program to fund climate change adaptation planning for transportation impacts, data collection, modeling, and training. The bill would require the department, in consultation with the commission, to update the asset management plan on or before December 31, 2022, and every 4 years thereafter, and for the updates to take into account the forecasted impacts of climate change on transportation infrastructure. The bill would require the updates to the California Transportation Plan and the Strategic Growth Council's report to include a forecast of the impacts of climate change on transportation infrastructure and measures to address those impacts. The bill would require the commission's revisions to the guidelines for the preparation of regional transportation plans to include a requirement that designated transportation planning agencies take into account the forecasted transportation infrastructure impacts of climate change. By requiring regional transportation plans to take into account this additional factor, the bill would impose a state-mandated local program. This bill contains other existing laws.

Existing law, where real property has been damaged or destroyed by misfortune or calamity, excludes from the definition of “newly constructed” and “new construction” any timely reconstruction of the real property, or portion thereof, where the property after reconstruction is substantially equivalent to the property prior to damage or destruction. Existing law, pursuant to the authorization of the California Constitution, authorizes the transfer of the base year value of property that is substantially damaged or destroyed by a disaster, as declared by the Governor, to comparable replacement property within the same county that is acquired or newly constructed within 5 years after the disaster, as provided. This bill would authorize the owner of property substantially damaged or destroyed by a disaster, as declared by the Governor, to apply the base year value of that property to replacement property reconstructed on the same site of the damaged or destroyed property within 5 years after the disaster if the reconstructed property is comparable to the substantially damaged or destroyed property, determined as provided. The bill would specify that property is substantially damaged or destroyed for these purposes if the improvements sustain physical damage amounting to more than 50% of the improvements’ full cash value immediately prior to the disaster. The bill would provide that person who owns substantially damaged or destroyed property that receives property tax relief under these provisions is not eligible to transfer the base year value of that property to a comparable replacement property, as described above. AB 2063 Mullin D	2/14/2020-A. REV. & TAX 3/9/2020-In committee: Hearing for testimony only.	The California Constitution authorizes the Legislature to exempt from taxation, in whole or in part, property that is used exclusively for religious, hospital, or charitable purposes, and is owned or held in trust by a nonprofit entity. Pursuant to this constitutional authority, existing law partially exempts from property taxation property used exclusively for rental housing and related facilities, if specified criteria are met, including, except in the case of a limited partnership in which the managing general partner is a nonprofit corporation eligible for the exemption, that 90% or more of the occupants of the property are lower income households whose rents do not exceed the rent limits prescribed by a specified law. Existing law limits the total exemption amount allowed to a taxpayer, with respect to a single property or multiple properties for any fiscal year on the sole basis of the application of this criterion, to \$20,000,000 of tax. This bill, for claims filed for fiscal years 2020–21 to 2030–31, inclusive, would decrease the percentage of occupants that are lower income households required to qualify for exemption under these provisions from 90% to 50%. AB 2132 Irwin D School safety: crisis intervention and targeted violence prevention program.	3/12/2020-A. ED. 3/16/2020-Re-referred to Com. on ED.	Existing law requires school districts and county offices of education to be responsible for the overall development of a comprehensive school safety plan for each of their schools operating a kindergarten or any of grades 1 to 12, inclusive. Existing law requires a comprehensive school safety plan to include, among other things, the development of procedures for conducting tactical responses to criminal incidents, including procedures related to individuals with guns on school campuses and at school-related functions. This bill would require the governing board of a school district, on or before August 1, 2021, to adopt policies for the establishment of a crisis intervention and targeted violence prevention program that assists in the identification and assessment of individuals who may be experiencing a crisis or whose behavior may indicate a threat to the health and safety of themselves, pupils, school staff, or other community members, and that provides referrals to appropriate services. The bill would require those policies to include, among other things, provisions that identify the types of threatening behavior that may represent a physical threat to the school community and provisions requiring each school district to establish at least one multidisciplinary threat assessment and resource team, as

AB 2137 Wicks D Planning and Zoning Law: court orders: housing development projects.	2/27/2020-A. L. GOV. 2/27/2020-Referred to Coms. on L. GOV. and H. & C.D.	The Planning and Zoning Law requires a county or city to adopt a comprehensive, long-term general plan for the physical development of the county or city that includes, among other mandatory elements, a housing element. Existing law requires a court, when issuing a final order or judgment in favor of a plaintiff challenging the validity of a general plan or mandatory element, to include one or more specified remedies in the order or judgment. Under existing law, these remedies include, among others, suspension of the authority of the city, county, or city and county to issue specified building permits, to grant zoning changes or variances, and to grant subdivision map approvals, as provided. The Housing Accountability Act, which is part of the Planning and Zoning Law, prohibits a local agency from disapproving a housing development project for very low, low-, or moderate-income households, or an emergency shelter, or condition approval in a manner that renders the housing development project infeasible for development for the use of very low, low-, or moderate-income households, or an emergency shelter, including through the use of design review standards, unless it makes prescribed written findings. The act defines a housing development project for these purposes to mean residential units, mixed-use developments consisting of residential and nonresidential uses with at least two-thirds of the square footage designated for residential use, and transitional housing or supportive housing. This bill would remove the option of a court, when issuing a final order or judgment in favor of a plaintiff challenging the validity of a

The bill would contain related legislative findings and declarations. The bill would become operative on January 1, 2022.		
AB 2145 Ting D Transportation electrification: electric vehicle charging ports.	4/24/2020-A. U. & E. 5/5/2020-Re-referred to Com. on U. & E.	Existing law, enacted as part of the Clean Energy and Pollution Reduction Act of 2015, requires the Public Utilities Commission (PUC), in consultation with the State Energy Resources Conservation and Development Commission (Energy Commission) and the State Air Resources Board, to direct electrical corporations to file applications for programs and investments to accelerate widespread transportation electrification to reduce dependence on petroleum, meet air quality standards, achieve the goals set forth in the Charge Ahead California Initiative, and reduce emissions of greenhouse gases to 40% below 1990 levels by 2030 and to 80% below 1990 levels by 2050. Existing law requires the Energy Commission, working with the state board and the PUC, to prepare, at least once every 2 years, a statewide assessment of the electrical vehicle charging infrastructure needed to support the levels of electric vehicle adoption required for the state to meet certain goals. This bill would additionally require the PUC to direct electrical corporations to file applications for programs and investments to accelerate widespread transportation electrification to meet the goal of installing at least

AB 2156 Garcia, Eduardo D	2/20/2020-A. HIGHER ED. 4/6/2020-In committee: Hearing postponed by committee.	Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law establishes community college districts throughout the state, and authorizes them to provide instruction to students at the campuses they operate. Existing law authorizes community colleges to grant associate in arts and associate in science degrees. Existing law authorizes the governing boards of community college districts maintaining adult schools to prescribe requirements for the granting of adult school diplomas. Existing law also authorizes community college districts to provide adult education in conjunction with school districts as part of regional consortia. This bill would provide that, notwithstanding the provisions referenced above or any other law, a community college district may establish and offer to students a course of study leading to the concurrent award of an associate degree and a high school diploma.

AB 2237 Berman D San Francisco Bay area county transportation authorities: contracting.	2/27/2020-A. TRANS. 5/5/2020-Re-referred to Com. on TRANS.	The Bay Area County Traffic and Transportation Funding Act authorizes each of the 9 counties in the San Francisco Bay area to impose a 1/2 of 1% or 1% sales tax for transportation purposes, subject to voter approval. Existing law provides for the establishment of a county transportation authority in each county imposing a sales tax under these provisions, requires the development of a county transportation expenditure plan, and specifies the powers and duties of a county board of supervisors and the county transportation authority in this regard. Existing law requires each county transportation authority to award contracts for the purchase of supplies, equipment, and materials in excess of \$75,000 to the lowest responsible bidder after competitive bidding, except in an emergency declared by the vote of 2/3 of the voting membership of the county transportation authority. This bill would require each county transportation authority to award contracts for the purchase of supplies, equipment, and materials in excess of \$150,000, rather than \$75,000, either to the lowest responsible bidder or to the responsible bidder whose proposal provides the best value, as defined, on the basis of the factors identified in the solicitation, except in a declared emergency, as specified. The bill would specify that the requirement does not apply to construction contracts.

AB 2256 Garcia, Eduardo D Regional housing needs allocations: adjacent cities: agreements.	4/24/2020-A. H. & C.D. 5/5/2020-Re-referred to Com. on H. & C.D.	Existing law, the Planning and Zoning Law, which is administered by the Director of State Planning and Research, requires a local planning agency to prepare, and a local legislative body to adopt, a long-term general plan that includes prescribed elements, including a housing element. Existing law prescribes certain methods pursuant to which the Department of Housing and Community Development may determine the existing and projected need for housing by region. Existing law authorizes the County of Napa and the City of Napa to reach a mutually acceptable agreement to allow one of those jurisdictions to report on its annual housing production report to the Department of Housing and Community Development, entitlements, building permits, and certificates of occupancy issued by the other jurisdiction for the development of housing if certain conditions are met. This bill would authorize 2 cities that meet specified requirements to enter into a memorandum of understanding to build a housing project in one jurisdiction and share the credit associated with the housing project for purposes of satisfying their regional housing needs allocation requirements. The bill would require the cities to be adjacent and that one city face prohibitive obstacles in the development of affordable housing in its jurisdiction, own land in the 2nd city suitable for the development, and have fiscal resources to finance the housing project. Among other things, the bill would require the memorandum of understanding to provide for the creation of housing for households of low income and very low income and provide for an explicit, mutual agreement for distribution of the credit associated with the housing project in connection with regional housing needs allocation requirements. The bill would condition the validity of the memorandum of understanding upon approval by the Department of Housing and Community Development.

Existing law requires the State Energy Resources Conservation and Development Commission to prepare a statewide assessment of the electric vehicle charging infrastructure needed to support the levels of electrical vehicle adoption required for the state to meet the goal of deploying at least 5,000,000 vehicles by 2030 and of reducing emissions of greenhouse gases to 40% below 1990 levels by 2030. Existing law requires the commission to update the assessment at least once every 2 years. This bill, on and after January 1, 2021, would require the assessment to consider the different electric vehicle charging infrastructure needs of metropolitan planning areas. The bill would require each metropolitan transportation organization to submit to the commission a zero-emission readiness plan, as specified. By imposing additional duties on metropolitan transportation organizations, this bill would impose a state-mandated local program. Existing state and federal laws set specified limits on the total gross weight imposed on the highway by a vehicle with any group of 2 or more consecutive axles. Existing federal law authorizes a vehicle operated by an engine fueled primarily by natural gas or powered primarily by means of electric battery power to exceed these weight limits by an amount equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system carried by that vehicle and the weight of a comparable diesel tank and fueling system. Under existing federal law, the maximum gross vehicle weight of that vehicle may not exceed 82,000 pounds. Existing state law, to the extent expressly authorized by federal law, authorizes a near-zero-emission vehicle or a zero-emission vehicle, as defined, to exceed the weight limits on the power unit by up to 2,000 pounds. The state board is required to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions and to update the scoping plan at least once every 5 years. This bill would require the state board to create and track a consumption-based greenhouse gas inventory for animal products for human consumption and to update that inventory every 5 years. The bill would require the state board to update the scoping plan once the initial consumption-based greenhouse gas inventory has been completed.		
AB 2571 Gallagher R Vehicles: license plates: 8-letter license plates.	3/2/2020-A. TRANS. 3/2/2020-Referred to Com. on TRANS.	Existing law authorizes the Department of Motor Vehicles to issue or renew environmental license plates to provide revenue for the California Environmental License Plate Fund that indicate on the plates the combination of letters or numbers, or both, requested as a registration number by the applicant, to be displayed on the applicant's vehicle in lieu of regular license plates. Existing law imposes fee for the issuance or renewal of an environmental license plate, in addition to the regular registration and renewal fees. Existing law also establishes procedures for the cancellation, transfer, or retention of the environmental license plates and requires the payment or reimbursement of additional fees in connection with those transactions, as specified. This bill would establish a similar program, to be known as the "8-letter license plate" program, for the support of the Natural and Agricultural Open Space and State Recreational Support Fund, which would be created by the bill. The bill would impose additional fees, including, but not limited to, fees for the issuance and renewal of an 8-letter license plate, as specified. The bill

AB 2587 McCarty D Capitol Corridor rail line: capital improvements: appropriation.	4/24/2020-A. TRANS. 5/5/2020-Re-referred to Com. on TRANS.	Existing law authorizes the Department of Transportation to contract with Amtrak for intercity rail passenger services and provides funding for these services from the Public Transportation Account. Existing law authorizes the department, subject to approval of the Secretary of Transportation, to enter into an interagency transfer agreement under which a joint powers board assumes responsibility for administering the state-funded intercity rail service in a particular corridor and associated feeder bus services. Existing law creates the Capitol Corridor Joint Powers Board, which is the governing board of the Capitol Corridor Joint Powers Authority and is responsible for administering the Colfax-Sacramento-Suisun City-Oakland-San Jose rail corridor, which is defined as the Capital Corridor. This bill would appropriate \$2 billion from the General Fund without regard to fiscal years to the Capitol Corridor Joint Powers Authority to invest in capital improvements for the Capitol Corridor.

The California High-Speed Rail Act creates the High-Speed Rail Authority to develop and implement a high-speed rail system in the state, with specified powers and duties. Existing law requires the high-speed rail system to be designed to use electric trains. Existing law authorizes the authority, upon receiving legislative or voter approval, to enter into contracts with private or public entities for the design, construction, and operation of high-speed trains. This bill would prohibit the authority from directly or indirectly using local, state, federal, or any other public or private funding to purchase, lease, operate, or maintain a passenger or freight train powered by a diesel engine or other type of fossil fuel combustion engine, and from enabling such a train to operate on authority-owned rail infrastructure designed for speeds in excess of 125 miles per hour, except as specified.

AB 2746 Gabriel D Funding accountability: state funding for homelessness.	4/24/2020-A. H. & C.D. 5/5/2020-Re-referred to Com. on H. & C.D.	Existing law provides for various public social services programs, including, among others, the California Work Opportunity and Responsibility to Kids (CalWORKs) program, under which each county provides cash assistance and other benefits to qualified low-income families and individuals. Existing law also provides for various funding programs, including the Homeless Housing, Assistance, and Prevention program (HHAPP) and the California Emergency Solutions and Housing Program (CESH), under which state agencies allocate or grant funding to specified entities for purposes of addressing various issues relating to homelessness. This bill would require a recipient, as defined, that receives state funds for the HHAPP, CESH, CalWORKs, Housing and Disability Income Advocacy Program, Bringing Families Home Program, or any other program receiving state funding to address homelessness, or that receives state funds appropriated in the Budget Act of 2019 for a Whole Person Care pilot program, to submit a report containing specified information regarding the use of state funds to the appropriate agency. This bill would require every agency to post all reports received on its internet website within 30 days of receipt and provide notice of the posting to specified offices and committees of the Legislature. The bill would also require every agency to aggregate all reports received by October 1 of every year into one report and send the report to the Department of Finance by December 1 of every year, commencing with the year 2021. The bill would also require the Department of Finance to post the aggregated report on its internet website by December 31 of every year, commencing with the year 2021, in a manner that is easily accessible by the public. By requiring counties to provide reports relating to CalWORKs, this bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.</p>

AB 2829 Ting D Property taxation: welfare exemption: rental housing: moderate-income housing.	3/12/2020-A. REV. & TAX 3/12/2020-Referred to Com. on REV. & TAX.	Existing property tax law, in accordance with the California Constitution, provides for a “welfare exemption” for property used exclusively for religious, hospital, scientific, or charitable purposes and owned or operated by certain types of nonprofit entities, if certain qualifying criteria are met. Under existing property tax law, property that meets these requirements that is used exclusively for rental housing and related facilities is entitled to a partial exemption, equal to that percentage of the value of the property that is equal to the percentage that the number of units serving lower income households represents of the total number of residential units, in any year that any of certain criteria apply. This bill, on and after January 1, 2021, and before January 1, 2041, would provide a similar exemption for qualified property, as defined, that meets the requirements of the welfare exemption and that is used exclusively for rental housing and related facilities, equal to that percentage of the value of the property that is equal to the percentage that the number of units serving moderate-income households, as defined, represents of the total number of residential units. The bill would require the owner of the property to certify specified information under penalty of perjury. The bill would require that a qualified property that qualifies for a partial exemption under these provisions before January 1, 2041, continue to receive that exemption on and after January 1, 2041, until a change in ownership occurs or the property ceases to include any units available to and occupied by moderate-income households, as provided. This bill contains other related provisions and other existing laws.

AB 2848 Santiago D Local mandate: homeless reduction plan.	4/24/2020-A. H. & C.D. 5/5/2020-Re-referred to Com. on H. & C.D.	Existing law requires the Governor to create the Homeless Coordinating and Financing Council and to appoint up to 19 members of that council, as provided. Existing law specifies the duties of the coordinating council, including creating partnerships among state agencies and departments, local government agencies, and specified federal agencies and private entities, for the purpose of arriving at specific strategies to end homelessness. Existing law establishes the independent Office of the Inspector General for the contemporaneous oversight of internal affairs investigations and the disciplinary process of the Department of Corrections and Rehabilitation, as specified. This bill, on or before January 1, 2022, would require each city or county to develop a plan to reduce its unsheltered homeless population by 10% in the first year of the plan, and each year thereafter. The bill would require the plan to include, among other things, the number of homeless individuals currently within the jurisdiction, the city or county's capacity and progress to house the homeless population, and the city or county's capacity and progress to address underlying issues that cause or exacerbate homelessness. The bill would require each city and county to submit an annual progress report to the coordinating council that details the implementation of its plan and its progress in meeting the 10% unsheltered homeless population reduction goal. This bill would task the coordinating council with reviewing submitted plans and providing feedback and recommended revisions. The bill would require a city or county to either adopt those recommended revisions, or adopt findings as to why the recommended revisions are not needed. The bill would require the coordinating council to notify the city or county if the agency has failed to meet the mandatory unsheltered homeless reduction goal specified above and to work with the city or county to assist the city or county in revising the plan. The California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program, upon appropriation from the Greenhouse Gas Reduction Fund, funds zero- and near-zero-emission truck, bus, and off-road vehicle and equipment technologies and related projects. The program provides that projects eligible for funding include, among others, technology development, demonstration, precommercial pilots, and early commercial deployments of zero- and near-zero-emission medium- and heavy-duty truck technology, and requires, until December 31, 2020, no less than 20% of funding made available for that purpose to support early commercial deployment of existing zero- and near-zero-emission heavy-duty truck technology. The program defines “zero- and near-zero-emission” for its purposes. This bill would extend the requirement that 20% of that funding be made available for that same purpose until December 31, 2025. Existing law prohibits an employer, when an unscheduled absence occurs, from taking any action against the employee if the employee, within a reasonable time after the absence, provides a certification to the employer meeting certain criteria, including documentation from one of specified persons that the employee was undergoing treatment for specific injuries. Existing law authorizes an employee to file a complaint with the Division of Labor Standards Enforcement for a violation of that prohibition, and makes it a misdemeanor for an employer to refuse to rehire, promote, or restore an employee who has been determined to be so eligible by a grievance procedure or legal hearing. This bill would expand the above provision to prohibit an employer from discharging, or discriminating or retaliating against, an employee who is a victim of crime or abuse for taking time off from work to obtain or attempt to obtain relief, as prescribed. The bill would also prohibit an employer from taking action against an employee, when an unscheduled absence occurs, if the employee victim of crime or abuse provides certification that they were receiving services for certain injuries, or if the documentation is from a victim advocate, as defined. The bill would additionally prohibit such action if the employee provides certification in any other form of documentation that reasonably verifies that the crime or abuse occurred. The bill would also define “victim” and “crime” for purposes of these provisions. By expanding the definition of a crime, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations. Existing law requires each electrical corporation to annually prepare a wildfire mitigation plan and to submit its plan to the commission for review and approval, as specified. Existing law requires the wildfire mitigation plan to include, among other things, protocols for disabling reclosers and deenergizing portions of the electrical distribution system, also known as public safety power shutoffs, that consider the associated impacts on public safety. This bill would provide that it is the intent of the Legislature to enact legislation that would incentivize the use of fuel cells to address reliability issues associated with public safety power shutoffs.

The act authorizes any party to protest the imposition of a fee, dedication, reservation, or other exactions imposed on a development project within 90 or 120 days of the imposition of the fee, as applicable, and specifies procedures for those protests and actions. The act imposes the same requirements on a local agency for a new or increased fee for public facilities. This bill would increase, for fees and service charges and for fees for specified public facilities, the time for mailing the notice of the time and place of the meeting to at least 45 days before the meeting. The bill would require the local agency to make that information available to the public at least 30 days before the meeting. The bill would require a local agency to additionally make available to the public all of the data demonstrating the requisite relationship between the amount of a fee for public facilities and the need for the public facilities. The bill would require the data to also be made available to the public on the local agency's internet website. The bill would authorize interested parties to file an electronic request to receive the notice of the meeting time and place, and would require the local agency to mail or electronically send the notice as requested by the party. The bill would prohibit the legislative body of a local agency from establishing a reasonable annual charge for sending electronic notices. The bill would prohibit a local agency, when defending a protest or action filed for a fee or service charge, or for fees for specified public facilities, from using as evidence, or relying on in any way, data not made available to the public pursuant to these provisions. By imposing new duties on local agencies, the bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason.</p>

AB 3178 Kalra D Public works: labor compliance.	2/21/2020-A. PRINT 2/24/2020-Read first time.	Existing law defines the term “public works” for purposes of requirements regarding the payment of prevailing wages, the regulation of working hours, and the securing of workers’ compensation for public works projects. Existing law generally requires that not less than the general prevailing rate of per diem wages be paid to workers employed on public works projects, and imposes misdemeanor penalties for a willful violation of this requirement. Existing law authorizes the awarding body for a public works project to not require the payment of the general prevailing rate of per diem wages on public works projects of specified sizes and types of work, including construction projects of \$25,000 or less, if the awarding body elects to initiate and enforce a labor compliance program containing specified requirements for every public works project under its authority, as specified. AB 3350 Friedman D Federal transportation funds: Highway Safety Improvement Program: workgroup.	4/24/2020-A. TRANS. 5/5/2020-Re-referred to Com. on TRANS.	Existing federal law apportions transportation funds to the states under various programs, including the Highway Safety Improvement Program, subject to certain conditions on the use of those funds. Existing law requires funds received pursuant to this program to be deposited in the State Highway Account. Existing law appropriates these funds for allocation by the California Transportation Commission and authorizes the commission to allocate a portion of those funds each year for use on city streets and county roads. Existing law states the intent of the Legislature that the commission allocate the total funds received pursuant to this program in approximately equal amounts between state highways and local roads. This bill would require the Transportation Agency and the Department of Transportation to convene a workgroup to analyze the current allocations of Highway Safety Improvement Program funds and determine if revisions to the allocations could improve statewide safety outcomes. The bill would require the Transportation Agency and the Department of Transportation to submit a report of the workgroup's recommendations to the Legislature on or before December 31, 2021.

ACA 5 Weber D Government preferences.	5/5/2020-A. APPR. 5/6/2020-Coauthors revised.	The California Constitution, pursuant to provisions enacted by the initiative Proposition 209 in 1996, prohibits the state from discriminating against, or granting preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment, public education, or public contracting. The California Constitution defines the state for these purposes to include the state, any city, county, public university system, community college district, school district, special district, or any other political subdivision or governmental instrumentality of, or within, the state. This measure would repeal these provisions. The measure would also make a statement of legislative findings in this regard.		Public Employment And Retirement (text 5/4/2020) Support Oppose
ACA 19 Kiley R Right to Earn a Living Act.	1/15/2020-A. PRINT 1/16/2020-From printer. May be heard in committee February 15.	The California Constitution grants many rights to persons, including the right to speak and write freely, as specified, and to be free from cruel and unusual punishment. Existing statutory law requires that a person providing labor or services for remuneration shall be considered an employee rather than an independent contractor, for specified purposes, unless the hiring entity demonstrates that the person is free from the control and direction of the hiring entity in connection with the performance of the work, both under the contract for the performance of the work and in fact, the person performs work that is outside the usual course of the hiring entity's business, and the person is customarily engaged in an independently established trade, occupation, or business of the same nature as that involved in the work performed. This measure, "The Right to Earn a Living Act," would require determinations of whether a person is an employee or an independent contractor to be made using a specified multifactor test that differs from the test described above. Read first time. Held at Desk.	Existing law requires the Director of Forestry and Fire Protection to identify areas in the state as very high fire hazard severity zones based on specified criteria and the severity of the fire hazard. Existing law requires a person who owns, leases, controls, operates, or maintains an occupied dwelling or structure in, upon, or adjoining a mountainous area, forest-covered land, brush-covered land, grass-covered land, or land that is covered with flammable material that is within a very high fire hazard severity zone, as designated by a local agency, or a building or structure in, upon, or adjoining those areas or lands within a state responsibility area, to maintain a defensible space of 100 feet from each side and from the front and rear of the structure, as specified. This bill would require the Department of Forestry and Fire Protection to develop and implement a training program, as provided, to train individuals to support and augment the department in its defensible space and home hardening assessment and education efforts. The bill would require the department to issue a certification of completion to individuals who have successfully completed the training program. Existing law establishes various housing programs administered by the Department of Housing and Community Development, including the Multifamily Housing Program, pursuant to which the department provides financial assistance in the form of deferred payment loans to pay for the eligible costs of development for specified types of housing projects. Existing law also establishes the Homeless Housing, Assistance, and Prevention program, administered by the Business, Consumer Services, and Housing Agency, for the purpose of providing jurisdictions with one-time grant funds to support regional coordination and expand or develop local capacity to address their immediate homelessness challenges, as provided. This bill would continuously appropriate the sum of \$10,000,000,000 from the General Fund for expenditure over the 2020–21 fiscal year and each of the 4 following fiscal years. Of that amount, the bill would require the Controller to allocate for each of those fiscal years \$1,805,000,000 among various housing programs administered by the Department of Housing and Community Development, the Homeless Housing, Assistance, and Prevention program, and for distribution by the California Workforce Development Board among local agencies to participate in, invest in, or partner with new or existing preapprenticeship training programs established as described above. Existing law prohibits the authority from approving any new program, enterprise, or project on or after January 1, 2007, unless authority to approve such an activity is granted by statute enacted on or before January 1, 2007. This bill would rename the authority the California Consumer Energy and Conservation Financing Authority and would repeal the prohibition upon the authority approving any new program, enterprise, or project, on or after January 1, 2007. The bill would authorize the authority to acquire, by eminent domain, the assets or ownership of an electrical corporation, gas corporation, or public utility that is both an electrical and gas corporation, including any franchise rights, if that corporation has been convicted of one or more felony criminal violations of laws enacted to protect the public safety within 10 years of the date the eminent domain action is commenced. The bill would authorize a local publicly owned energy utility, as defined, or community choice aggregator to elect to join in the eminent domain action brought by the authority and acquire that portion of the electrical or gas system necessary to provide service within its borders if the local publicly owned energy utility or community choice aggregator contributes its proportionate share of the compensation paid for the assets or ownership of the public utility. The bill would establish the Northern California Local Energy Utility District, with powers and duties similar to a municipal utility district, to provide electrical and gas service. The bill would require the Governor to appoint the initial governing board of the district, and would require subsequent members of the governing board to be selected by counties within the boundaries of the district, as provided. By providing for misdemeanor liability for violations of the duties of the general manager or directors of the district, this bill would impose a state-mandated local program. By requiring county boards of supervisors to select the members of the governing board of the district, this bill would impose a state-mandated local program. Until the transfer of the utility is completed, the authority would be required to perform all management duties for the utility and operate the utility in trust. The bill would state the intent of the Legislature that the acquisition by eminent domain and transfer of those assets or ownership interest acquired be completed within 5 years of initiation of the eminent domain action. The bill would repeal the existing \$5,000,000,000 upper limit upon the authority's ability to issue bonds. The bill would require that any bonds issued by the authority solely to acquire the assets or ownership interest of a public utility acquired by eminent domain so recite and be secured by a dedicated rate component in the rates of the public utility acquired. The bill would require that any transfer to the district include provisions preserving a dedicated rate component as security for any bonds issued by the authority to acquire the assets or ownership interest acquired. SB 924 Hertzberg D Workers' compensation: utilization review.	2/12/2020-S. L., P.E. & R. 3/18/2020-March 25 hearing postponed by committee.	Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of employment. Existing law requires every employer, for purposes of workers' compensation, to establish a utilization review process to prospectively, retrospectively, or concurrently review and approve, modify, or deny, based in whole or in part on medical necessity to cure and relieve, treatment recommendations by physicians prior to, retrospectively, or concurrent with the provision of medical treatment services, as provided. Existing law requires, for all dates of injury occurring on or after January 1, 2018, emergency treatment services and medical treatment rendered for a body part or condition that is accepted as compensable by the employer and is addressed by the medical treatment utilization schedule, as specified, to be authorized without prospective utilization review, except as provided, within the 30 days following the initial date of injury. Existing law requires the administrative director to contract with an outside, independent research organization on or after March 1, 2019, to evaluate the impact of the provision of medical treatment within the first 30 days after a claim is filed, for a claim filed on or after January 1, 2017, and before January 1, 2019. Existing law requires the report to be provided to the administrative director, the Senate Committee on Labor and Industrial Relations, and the Assembly Committee on Insurance before January 1, 2020. This bill, instead, would require the evaluation to cover a claim filed on or after January 1, 2017, and before January 1, 2021, and would require the report to be submitted to the administrative director and those legislative committees before January 1, 2022.

SB 925 Glazer D Mobile telephony service base transceiver station towers: performance reliability standards.	2/12/2020-S. E. U., & C. 2/12/2020-Referred to Com. on E., U. & C.	Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including telephone corporations. Existing law requires the commission to develop and implement performance reliability standards for backup power systems installed on the property of residential and small commercial customers by a facilities-based provider of telephony services upon determining that the benefits of the standards exceed the costs. This bill would require the commission, in consultation with the Office of Emergency Services, to develop and implement performance reliability standards, as specified, for all mobile telephony service base transceiver station towers, commonly known as “cell towers.” This bill contains other related provisions and other existing laws.		
SB 939 Wiener D Emergencies: COVID-19: evictions.	5/11/2020-S. JUD. 5/11/2020-Re-referred to Com. on JUD.	Existing law permits the Governor to proclaim a state of emergency during conditions of disaster or of extreme peril to the safety of persons and property, including epidemics. Existing law provides that the proclamation takes effect immediately, affords specified powers to the Governor, and terminates upon further proclamation by the Governor. Existing law prohibits the eviction of residential tenants during the pendency of a state of emergency, except as specified. This bill would prohibit the eviction of tenants of commercial real property, including businesses and non-profit organizations, during the pendency of the state of emergency proclaimed by the Governor on March 4, 2020, related to COVID-19. The bill would make it a misdemeanor, an act of unfair competition, and an unfair business practice to violate the foregoing prohibition. The bill would render void and unenforceable evictions that occurred after the proclamation of the state of emergency but before the effective date of this bill. The bill would not prohibit the continuation of evictions that lawfully began prior to the proclamation of the state of emergency, and would not preempt local ordinances prohibiting or imposing more severe penalties for the same conduct. This bill contains other existing laws.

SB 940 Beall D Housing Crisis Act of 2019: City of San Jose.	2/20/2020-S. GOV. & F. 5/11/2020-From committee: Do pass. (Ayes 6. Noes 0.) (May 11).	The Housing Crisis Act of 2019 prohibits an affected county or affected city, as defined, from enacting a development policy, standard, or condition that would change the general plan land use designation, specific plan land use designation, or zoning of a parcel or parcels of property to a less intensive use below what was allowed under the land use designation and zoning ordinances of the affected county or affected city in effect on January 1, 2018. The act does not prohibit an affected county or an affected city from changing a land use designation or zoning ordinance to a less intensive use if the city or county concurrently changes the development standards, policies, and conditions applicable to other parcels within the jurisdiction to ensure that there is no net loss in residential capacity. This bill would authorize the City of San Jose to proactively change a zoning ordinance to a more intensive use and use the added capacity to subsequently change a zoning ordinance applicable to an eligible parcel, as defined, to a less intensive use as long as there is no net loss in residential capacity. The bill would require that the change to a zoning ordinance to a less intensive use pursuant to these provisions occur within one year of the change to the zoning ordinance to a more intensive use. CEQA requires the Office of Planning and Research to prepare and develop, and the Secretary of the Natural Resources Agency to certify and adopt, proposed guidelines for the implementation of CEQA. The bill would require the office, by an unspecified date, to prepare and develop, and the secretary to certify and adopt, revisions to the guidelines for the translation of certain notices and documents into non-English languages. By requiring public agencies to translate notices and documents into non-English languages, this bill would impose a state-mandated local program. CEQA establishes public comment periods for the lead agency to receive comments on a draft EIR for a project and requires the lead agency to respond to public comments received. This bill would authorize the lead agency to post on its internet website, at least 30 days before a public hearing at which it may approve the project, its responses to public comments received. The bill would authorize the lead agency to set a deadline of 10 days before the final public hearing at which it may approve the project for the receipt of written comments and supporting evidence if certain conditions are met. CEQA requires the courts to give an action or proceeding alleging noncompliance with CEQA preference over all other civil actions. CEQA establishes procedures applicable to an action or proceeding brought to challenge a public agency's action on the grounds of noncompliance with CEQA, including, among other procedures, the requirement that a petitioner bringing the action or proceeding is to request a hearing within 90 days from the date of filing of the petition and the requirement that the respondent public agency, not later than 20 days from the date of service of the petition, is to file with the court a notice setting forth the time and place at which all parties are to meet and attempt to settle the litigation. The bill would instead require the public agency, not later than 15 days from the date of service of the petition, to file with the court a notice setting forth the time and place at which all parties or their counsel are to meet to discuss various issues, including, among other issues, the potential usefulness of settlement discussions, mediation, or arbitration. The bill would require the public agency, not later than 20 days after the initial case management conference, to file and serve a notice of the time and place of a settlement meeting. CEQA requires a petitioner, at the time of the filing of an action or proceeding pursuant to CEQA, to file a request that the respondent public agency prepare the record of proceedings related to the subject of the action or proceeding. CEQA provides the petitioner with the authority to elect to prepare the record of proceedings, instead of preparation by the public agency. This bill would require the petitioner to file with the respondent public agency a notice either requesting the public agency to prepare the record of proceedings or notifying the public agency that it is electing to prepare the record of proceedings. The bill would authorize the public agency or real party in interest, within 5 business days of the service of the notice, to assume responsibility of preparing the record of proceedings, notwithstanding the petitioner's election. The bill would require the lead agency or real party in interest, if it makes this election, to bear the full costs in preparing and certifying the record of proceedings and to waive its rights to recover those costs from petitioner if it prevails in the action. The bill would authorize the imposition of sanctions against a petitioner, upon motion by other parties in the action or by the Attorney General, if the petitioner refuses to file the report after being notified of its failure to comply with this requirement or if the petitioner repeatedly fails to comply with this requirement in connection with litigation brought by the petitioner. The bill would authorize the Attorney General to bring an action against the petitioner if the Attorney General determines that the petitioner has filed multiple actions under CEQA resulting in primarily monetary settlements that do not further the purposes of CEQA. This bill would instead require a court to require the filing of an undertaking in civil actions that challenge an affordable housing development project, as defined, which includes an emergency shelter. (3) Existing law requires a legislative body of a city or county or a district board, if an initiative petition is signed by a specified number of voters, to either adopt the ordinance set forth in the initiative petition, without alteration, at a regular meeting at which the certification of the petition is presented, or within 10 days after it is presented, or submit the ordinance proposed in the petition, without alteration, to the voters for approval. SB 953 Wiener D Customer-sited renewable energy or energy storage systems: discriminatory fees or charges.	2/20/2020-S. E. U., & C. 3/16/2020-March 17 hearing postponed by committee.	Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations, while local publicly owned electric utilities, as defined, are under the direction of their governing boards. Existing law authorizes the commission to fix the rates and charges for every public utility and requires that those rates and charges be just and reasonable. Existing law authorizes the commission to establish rules for all public utilities, subject to control by the Legislature. This bill would require the commission, or the governing board of a local publicly owned electric utility, as applicable, to ensure that customers within its jurisdiction who have customer-sited renewable energy or energy storage systems are not subject to discriminatory fees or charges levied as a result of installing or using those customer-sited renewable energy or energy storage systems, as specified. The bill would require the office to conduct an independent review of any health impacts of the chemical, including reviewing any relevant scientific literature, studies, or other independently peer-reviewed information relating to the chemical's adverse health effects on infants and children. If there is any evidence in the peer-reviewed scientific literature or studies that the chemical may cause genetic damage, birth defects, cancer, or nervous or reproductive system harm, the bill would prohibit a government agency or an entity with which a government agency contracts from applying the chemical outdoors in a residential area. The bill would also prohibit a government agency or an entity with which a government agency contracts from applying a chemical outdoors in a residential area if literature or studies relating to whether there are adverse health effects of the chemical have not been completed until the literature or studies have been completed and subjected to independent scientific peer review and the office completes a review pursuant to the bill's provisions. Existing law requires a seller or person subject to sales and use tax to file, on or before the last day of the month following each quarterly period, a return for the preceding quarterly period. Existing law provides that if the California Department of Tax and Fee Administration (the department) finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person shall be relieved of the penalties for failing to file a return. This bill would require an aviation fuel retailer to provide a quarterly information return, as specified, and would subject a retailer who fails to file that information return or who files an inaccurate information return to a penalty of \$5,000. The bill would exempt from those penalties a person who fails to file a return or provides information or files an inaccurate return, if that person's failure is due to reasonable cause and circumstances beyond the person's control, notwithstanding the exercise of ordinary care and the absence of willful neglect. The bill would require the department to collect and disseminate, as specified, information from those information returns and calculate the amount of revenue collected from the sale, storage, use, or consumption of aviation fuel in the state. 		record of proceedings for the certified project concurrent with the preparation of the environmental documents. The act is repealed by its own terms on January 1, 2021. This bill would extend the authority of the Governor to certify a project to January 1, 2024. The bill would provide that the certification expires and is no longer valid if the lead agency fails to approve a certified project before January 1, 2025. The bill would instead repeal the act on January 1, 2025. Because the bill would extend the obligation of the lead agency to prepare concurrently the record of proceedings, this bill would impose a state-mandated local program.		
SB 997 Borgeas R Worker status: independent contractors.	5/11/2020-S. L., P.E. & R. 5/11/2020-Re-referred to Com. on L., P.E. & R.	Existing law requires a 3-part test, commonly known as the “ABC” test, to determine if workers are employees or independent contractors for purposes of the Labor Code, the Unemployment Insurance Code, and the wage orders of the Industrial Welfare Commission. Under the ABC test, a person providing labor or services for remuneration is considered an employee rather than an independent contractor unless the hiring entity demonstrates that the person is free from the control and direction of the hiring entity in connection with the performance of the work, the person performs work that is outside the usual course of the hiring entity’s business, and the person is customarily engaged in an independently established trade, occupation, or business. Existing law charges the Labor Commissioner with the enforcement of labor laws, including worker classification. Existing law exempts specified occupations and business relationships from the application of the ABC test described above. Existing law, instead, provides that these exempt relationships are governed by the multifactor test previously established in the case of S. G. Borello & Sons, Inc. v. Department of Industrial Relations (1989) 48 Cal.3d 341. Existing law provides that the addition of the ABC test to the Labor Code does not constitute a change in, but is declaratory of, existing law with regard to wage orders of the Industrial Welfare Commission and		Committee On Labor, Public Employment And Retirement (text 3/26/2020) Support Oppose

Existing law also provides that insofar as the application of the above exemptions would relieve an employer from liability, those provisions apply retroactively to existing claims and actions to the maximum extent permitted by law. Existing law provides that, notwithstanding the above retroactivity language, other provisions of this law apply to work performed on or after January 1, 2020. This bill would delete the above language providing that the addition of the ABC test to the Labor Code does not constitute a change in, but is declaratory of, existing law. This bill would broaden this crime to include taking those actions with the intent to cause intimidation, harassment, as defined, or a threat to inflict bodily harm in retaliation for the due administration of laws. The bill would also make this crime apply to those actions taken against an elected or appointed official, or the immediate family, as defined, of any of the officials listed above, and would make the crime apply to the release of a license plate or description of the vehicle of any of those individuals. SB 1070 Leyva D Land use: general plans.	2/18/2020-S. RLS. 3/25/2020-From committee with author's amendments. Read second time and amended. Re-referred to Com. on RLS.	(1)The Planning and Zoning Law requires the legislative body of each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city and of any land outside its boundaries that bears relation to its planning. That law requires the general plan to include several elements, including, among others, an environmental justice element, or related goals, policies, and objectives integrated in other elements, that identifies disadvantaged communities, as defined, if the city, county, or city and county has a disadvantaged community. This bill would revise and recast the provisions regarding an environmental justice element by requiring the environmental justice element to include certain provisions, including identification of disadvantaged communities; an assessment of the unique and compounded health risks and investment needs in disadvantaged communities; a statement of goals, quantified objectives, and policies designed to address the unique and compounded health risks and investment needs identified; and a program that sets forth a schedule of required meaningful actions with an implementation deadline and performance metrics with regard to the goals, quantified objectives, and policies identified. The bill would require local governments to ensure meaningful involvement of residents of disadvantaged communities in the preparation, adoption, and implementation of the environmental justice element, and to facilitate accomplishing this requirement by preparing and adopting a public engagement plan prior to the development of the environmental justice element, and release of any draft or a portion thereof, as provided. This bill would also require a city, county, or city and county, subject to these requirements, that does not have an adopted environmental justice element as of September 30, 2020, to adopt the environmental justice element, pursuant to these provisions, on or before the due date for the next revision of its housing element or by January 1, 2023, whichever is sooner, and if

Existing law makes a greater price increase lawful under these provisions if the person can prove that the increase in price was directly attributable to additional costs imposed on it by the supplier of the goods, or directly attributable to additional costs for the labor or materials used to provide the services, during the state of emergency or local emergency, and the price is no more than 10% greater than the total of the cost to the seller plus the markup customarily applied by the seller. Existing law authorizes the local legislative body, local official, Governor, or Legislature, to extend the duration of this prohibition for additional 30 day periods, if deemed necessary to protect the lives, property, or welfare of the citizens. Existing law, until January 1, 2025, authorizes local agencies, as defined, to use the design-build procurement process for specified public works projects with prescribed cost thresholds. Existing law states that it is the intent of the Legislature that existing law provides general authorization for local agencies to use design-build for certain projects. Existing law establishes procedures for a contract awarded under these provisions on the basis of best value, including a requirement that competitive proposals be evaluated by using only the criteria and selection procedures specifically identified in the request for proposals. Existing state sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. The Sales and Use Tax Law provides various exemptions from those taxes. This bill, on or after January 1, 2021, would provide an exemption from those taxes with respect to the sale in this state of, and the storage, use, or other consumption in this state of, an electric or a hybrid electric vehicle for which the final listing price is not greater than \$25,000. The Bradley-Burns Uniform Local Sales and Use Tax Law authorizes counties and cities to impose local sales and use taxes in conformity with the Sales and Use Tax Law, and existing laws authorize districts, as specified, to impose transactions and use taxes in accordance with the Transactions and Use Tax Law, which generally conforms to the Sales and Use Tax Law. SB 1363 Allen D Regional transportation plans: sustainable communities strategies: greenhouse gas emissions and vehicle miles traveled reduction targets.	3/12/2020-S. E.Q. 3/18/2020-April 1 hearing postponed by committee.	Existing law requires certain transportation planning agencies to prepare and adopt a regional transportation plan directed at achieving a coordinated and balanced regional transportation system. Existing law requires the State Air Resources Board, no later than September 30, 2010, to provide each affected region with greenhouse gas emission reduction targets for the automobile and light truck sector for 2020 and 2035, respectively. Existing law requires each regional transportation plan to include, among other things, a sustainable communities strategy that, among other things, sets forth a forecasted development pattern for the region, which, when integrated with the transportation network, and other transportation measures and policies, will reduce the greenhouse gas emissions from automobiles and light trucks to achieve, if there is a feasible way to do so, those greenhouse gas emission reduction targets approved by the state board. This bill would also require the state board to provide, no later than December 31, 2022, each affected region with greenhouse gas emission reduction targets for the automobile and light truck sector for 2045 and 2050, and with vehicle miles traveled reduction targets for 2035, 2045, and 2050, and to release, no later than September 30, 2022, a draft of those targets, as specified. This bill contains other related provisions and other existing laws.

SB 1456 Archuleta D Department of Transportation: federal environmental review process: Los Angeles County Metropolitan Transportation Authority.	3/12/2020-S. TRANS. 3/12/2020-Referred to Com. on TRANS.	Existing law vests the Department of Transportation with full possession and control of the state highway system. Existing federal law requires the United States Secretary of Transportation to carry out a surface transportation project delivery program, under which the participating states may assume certain responsibilities for environmental review and clearance of transportation projects that would otherwise be the responsibility of the federal government. Existing law provides that the State of California consents to the jurisdiction of the federal courts with regard to the compliance, discharge, or enforcement of the responsibilities the Department of Transportation assumed as a participant in the program. Existing law prohibits the department from delegating any of its responsibilities assumed under these federal laws to any political subdivision of the state or its instrumentalities. This bill would authorize the department, upon the request of the Los Angeles County Metropolitan Transportation Authority, to delegate any of its responsibilities assumed under these federal laws to the authority for the purpose of accelerating the project delivery timeline for specified transit projects. The California Constitution specifies various transfers that are not deemed to be a “purchase” or “change in ownership” of a property for these purposes, including the purchase or transfer of a principal residence from parents to their children, or, under certain circumstances, from grandparents to their grandchildren, and the purchase or transfer of the first \$1,000,000 of the full cash value of all other real property transferred from parents or grandparents to their children or grandchildren. This measure would limit the above-decried \$1,000,000 exclusion for purchases or transfers of real property other than a principal residence to purchases or transfers of nonresidential real property. The measure, except as provided, would provide that the transfer of the principal residence of a parent or grandparent is excluded from “purchase” or “change in ownership” under these provisions only if the transferee uses the residence as his or her principal residence within 12 months after the transfer. If the transferee subsequently ceases to use the residence as his or her principal residence, the measure would require that the residence be assessed at its full cash value as of the date of the transfer from the parent or grandparent to the transferee. The measure would provide that these changes apply to a purchase or transfer of real property on or after the effective date of the measure. The measure would also make various nonsubstantive changes. <p>H.R. 4101/S. 2404 Representative Karen Bass (CA-37) and U.S. Senator Kirsten Gillibrand</p>	<p>BUILD LOCAL, HIRE LOCAL ACT This bill would allow for geographic based hiring to take place on federally funded projects, among other provisions related to U.S. Employment Plan use, and transparency and accountability provisions related to Buy America. The legislation, if approved in its current form, would require the use of Local Hire on all federally funded infrastructure projects, not just projects funded through U.S. Department of Transportation. The bill includes an increase in the required set-aside for SBE and DBE participation for federally funded contracts. The bill also develops new best value procurement standards that give preference to bids that use the U.S. Employment Plan.</p>	<p>9/26/19: Board adopts a Support position</p>
<p>Senate Bill 2302 U.S. Senator John Barrasso (R-WY)</p>	<p>America’s Transportation Infrastructure Act of 2019 This bill reauthorizes, for a period of five years, the highway title and programs included in the surface transportation authorization bill. The ATIA is largely a bill that builds on the FAST Act – while making very few changes to existing formula funding programs. The bill would provide \$287 billion over five years (\$259 billion for formula programs), which represents an increase of 27% over the FAST Act authorized funding levels. The legislation authorizes over \$6 billion in new competitive grants for shovel ready bridge investments. The legislation provides \$5.5 billion for the Nationally Significant Freight and Highway Projects Program. The bill provides over \$4.9 billion over five years to protect roadways and bridges from natural disasters, such as extreme weather events. The legislation also authorizes \$125 million for a national research program and statewide pilot projects to test road usage fees and other alternatives to the existing 18.4 cent federal gas tax.</p>	<p>9/26/19: Board adopts a Work with Author position</p>
