STATE LEGISLATION

Bill ID/Topic	Location	Summary	Position	Recent Support/Oppose
AB 15 Chiu D COVID-19 relief: tenancy: Tenant Stabilization Act of 2021.	1/11/2021-A. H. & C.D. 1/11/2021-Referred to Com. on H. & C.D.	(1)Existing law, the COVID-19 Tenant Relief Act of 2020, establishes certain procedural requirements and limitations on evictions for nonpayment of rent due to COVID-19 rental debt, as defined. The act, among other things, prohibits a tenant that delivers a declaration, under penalty of perjury, of COVID-19-related financial distress from being deemed in default with regard to the COVID-19 rental debt, as specified. Existing law defines COVID-19 rental debt as unpaid rent or any other unpaid financial obligation of a tenant that came due between March 1, 2020, and January 31, 2021. Existing law repeals the act on February 1, 2025. This bill would extend the definition of “COVID-19 rental debt” as unpaid rent or any other unpaid financial obligation of a tenant that came due between March 1, 2020, and December 31, 2021. The bill would also extend the repeal date of the act to January 1, 2026. The bill would make other conforming changes to align with these extended dates. By extending the repeal date of the act, the bill would expand the crime of perjury and create a state-mandated local program. This bill contains other related provisions and other existing laws.		
AB 29 Cooper D State bodies: meetings.	4/21/2021-A. APPR. SUSPENSE FILE 5/20/2021-In committee: Held under submission.	Existing law, the Bagley-Keene Open Meeting Act, requires that all meetings of a state body, as defined, be open and public, and that all persons be permitted to attend any meeting of a state body, except as otherwise provided in that act. Existing law requires the state body to provide notice of its meeting, including specified information and a specific agenda of the meeting, as provided, to any person who requests that notice in writing and to make that notice available on the internet at least 10 days in advance of the meeting. This bill would require that notice to include all writings or materials provided for the noticed meeting to a member of the state body by the staff of a state agency, board, or commission, or another member of the state body that are in connection with a matter subject to discussion or consideration at the meeting. The bill would require those writings or materials to be made available on the		Governmental Organization (text 12/7/2020) Support Oppose

		state body’s internet website, and to any person who requests the writings or materials in writing, on the same day as the dissemination of the writings and materials to members of the state body or at least 72 hours in advance of the meeting, whichever is earlier. The bill would prohibit a state body from discussing those writings or materials, or from taking action on an item to which those writings or materials pertain, at a meeting of the state body unless the state body has complied with these provisions.		
AB 33 Ting D Energy Conservation Assistance Act of 1979: energy storage systems and transportation electrification infrastructure.	5/20/2021-S. RLS. 5/20/2021-Read third time. Passed. Ordered to the Senate. In Senate. Read first time. To Com. on RLS. for assignment.	The Warren-Alquist State Energy Resources Conservation and Development Act establishes the State Energy Resources Conservation and Development Commission (Energy Commission). Existing law requires the Energy Commission, working with the State Air Resources Board and the Public Utilities Commission, to prepare and biennially update a statewide assessment of the electric vehicle charging infrastructure needed to support the levels of electric vehicle adoption required for the state to meet its goals of putting at least 5,000,000 zero-emission vehicles on California roads by 2030 and of reducing emissions of greenhouse gases to 40% below 1990 levels by 2030. The Energy Conservation Assistance Act of 1979 states the intent of the Legislature that the Energy Commission administer the State Energy Conservation Assistance Account to provide grants and loans to local governments and public institutions to maximize energy use savings, including technical assistance, demonstrations, and identification and implementation of cost-effective energy efficiency measures and programs in existing and planned buildings or facilities. This bill would require the Energy Commission, in administering the account, to provide grants and loans to local governments and public institutions to maximize energy use savings, expand installation of energy storage systems and expand the availability of transportation electrification infrastructure, including technical assistance, demonstrations,		Committee On Utilities And Energy (text 3/16/2021) Support California Energy Storage Alliance Elders Climate Action, NorCal and SoCal Chapters Electric Vehicle Charging Association Natural Resources Defense Council (NRDC) Oppose Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force

		and identification and implementation of cost-effective energy efficiency, energy storage, and transportation electrification infrastructure measures and programs in existing and planned buildings or facilities. The bill would make changes to terminology used in the Energy Conservation Assistance Act of 1979. This bill contains other existing laws.		
AB 43 Friedman D Traffic safety.	5/19/2021- S. TRANS. 5/19/2021- Referred to Com. on TRANS.	(1)Existing law establishes various default speed limits for vehicles upon highways, as specified. Existing law authorizes state and local authorities to adjust these default speed limits, as specified, based upon certain findings determined by an engineering and traffic survey. Existing law defines an engineering and traffic survey and prescribes specified factors that must be included in the survey, including prevailing speeds and road conditions. This bill would require local authorities to consider other factors, including pedestrian and bicycle safety, that are allowed but not required to be considered under existing law. The bill would also allow local authorities to consider additional factors, including the current or immediately prior speed limit, as specified.(2)Existing law establishes a prima facie speed limit of 25 miles per hour on any highway, other than a state highway, located in any business or residence district, as defined. Existing law authorizes a local authority to change the speed limit on any such highway, as prescribed, including erecting signs to give notice thereof. This bill would establish a prima facie speed limit of 25 miles per hour on state highways located in any business or residence district and would authorize the Department of Transportation (Caltrans) to change the speed limit on any such highway, as prescribed, including erecting signs to give notice thereof.(3)Existing law establishes a speed limit of 65 miles per hour on state highways, as specified. Existing law authorizes Caltrans to declare a speed limit on any such highway, as prescribed, of 60, 55, 50, 45, 40, 35, 30, or 25 miles per hour, including	Support	Transportation (text 3/22/2021) Support Activesgv, a Project of Community Partners California City Transportation Initiative Campbell Strategy & Advocacy, LLC City of Alameda City of Los Angeles City of Thousand Oaks City of Vista Elders Climate Action, NorCal and SoCal Chapters Fresno; City Of Libby Schaaf, Mayor of Oakland National Association of City Transportation Officials Natural Resources Defense

		<p>erecting signs to give notice thereof. Existing law also authorizes a local authority, on a section of highway, other than a state highway, where the speed limit is 65 miles per hour to declare a lower speed limit, as specified. This bill would additionally authorize Caltrans and a local authority to declare a speed limit of 20 or 15 miles per hour, as specified, on these highways.(4)Existing law authorizes a local authority, without an engineering and traffic survey, to declare a lowered speed limit on portions of highway, as specified, approaching a school building or school grounds. Existing law limits this authority to sections of highway meeting specified requirements relating to the number of lanes and the speed limit of the highway before the school zone. This bill would change certain of these requirements related to the declaration of these lowered speed limits. The bill would similarly authorize a lowered speed limit on a section of highway approaching a business activity district, as defined.(5)Existing law requires Caltrans, by regulation, to provide for the rounding up or down to the nearest 5 miles per hour increment of the 85th percentile speed of free-flowing traffic on a portion of highway as determined by a traffic and engineering survey. This bill would authorize a local authority to further reduce the speed limit, as specified, and require Caltrans to accordingly revise the California Manual on Uniform Traffic Control Devices, as specified.(6)Existing law defines a speed trap and prohibits evidence of a driver's speed obtained through a speed trap from being admissible in court in any prosecution against a driver for a speed-related offense. Existing law deems a road where the speed limit is not justified by a traffic and engineering survey conducted within the previous 7 years to be a speed trap, unless the roadway has been evaluated by a registered engineer, as specified, in which case the speed limit remains enforceable for a period of 10 years. Existing law exempts a school zone, as defined, from certain provisions</p>		<p>Council (NRDC) Oakland; City of Oceanside, City of Palm Springs; City of San Francisco Marin Medical Society San Francisco Municipal Transportation Agency Silicon Valley Leadership Group Southern California Association of Governments Vision Zero Network Walk San Francisco Oppose None</p>

		relating to defining a speed trap. This bill would extend the period that a speed limit justified by a traffic and engineering survey conducted more the 7 years ago remains valid, for purposes of speed enforcement, if evaluated by a registered engineer, as specified, to 14 years. This bill would also exempt a senior zone and business activity district, as defined, from those provisions.(7)This bill would make other technical, nonsubstantive, and conforming changes.(8)By creating new duties for local authorities relating to traffic and engineering surveys, this bill would impose a state mandate. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.		
AB 71 Rivas, Luz D Homelessness funding: Bring California Home Act.	5/12/2021- A. APPR. SUSPENSE FILE 5/20/2021- From committee: Amend, and do pass as amended. (Ayes 12. Noes 4.) (May 20).	(1)The Personal Income Tax Law, in conformity with federal income tax law, generally defines gross income as income from whatever source derived, except as specifically excluded, and provides various exclusions from gross income. Existing federal law, for purposes of determining a taxpayer's gross income for federal income taxation, requires that a person who is a United States shareholder of any controlled foreign corporation to include in their gross income the global intangible low-taxed income for that taxable year, as provided. This bill, for taxable years beginning on or after January 1, 2022, would include a taxpayer's global intangible low-taxed income in their gross income for purposes of the Personal Income Tax Law, in modified conformity with the above-described federal provisions. The bill would exempt any regulation, standard, criterion, procedure, determination, rule, notice, or guideline established or issued by the Franchise Tax Board to implement its		Housing And Community Development (text 3/25/2021) Support A Community of Friends (ACOF) AAPIs for Civic Empowerment Education Fund AARP Abode Services Abundant Housing LA ACCE Action

AB 117 Boerner Horvath D Air Quality Improvement Program: electric bicycles.	4/28/2021- A. APPR. SUSPENSE FILE 5/20/2021- From committee: Amend, and do pass as amended. (Ayes 12. Noes 3.) (May 20).	Existing law establishes the Air Quality Improvement Program that is administered by the State Air Resources Board for the purposes of funding projects related to, among other things, the reduction of criteria air pollutants and improvement of air quality. Pursuant to its existing statutory authority, the state board has established the Clean Vehicle Rebate Project, as a part of the Air Quality Improvement Program, to promote the production and use of zero-emission vehicles by providing rebates for the purchase of new zero-emission vehicles. Existing law specifies the types of projects eligible to receive funding under the program. This bill would specify projects providing incentives for purchasing electric bicycles, as defined, as projects eligible for funding under the program. The bill would require the state board, by July 1, 2022, to establish and implement and administer, until January 1, 2028, the Electric Bicycle Incentive Pilot Project to provide incentive for purchases of electric bicycles. The bill would require the state board to submit to the Legislature a midcycle evaluation of the pilot project by July 1, 2025, and an end-of-program evaluation of the pilot project by January 1, 2028. The bill would repeal the pilot project as of January 1, 2029. A violation of the act's provisions is punishable as a misdemeanor and subject to specified penalties. This bill would prohibit a Governor's appointee, as defined, or a person residing in the appointee's household, during the term of the appointment and for one year after the term expires, from making a monetary contribution to the Governor's campaign, as defined, or to a committee organized to benefit the Governor's campaign. The bill would prohibit a Governor's appointee or a person residing in the appointee's household from requesting or demanding that another person make such a contribution. The bill would also prohibit the Governor or a committee organized to benefit the Governor's campaign from accepting such a contribution. This bill contains other related provisions and other existing laws.		
AB 229 Holden D Use of force instruction: private security guards: alarm company responders.	5/18/2021-S. RLS. 5/18/2021-In Senate. Read first time. To Com. on RLS. for assignment.	Existing law, the Private Security Services Act, prohibits a person required to be registered as a security guard from engaging in specified conduct, including, but not limited to, carrying or using a firearm unless they possess a valid and current firearms permit. The law requires a successful applicant for a firearms qualification card to complete a specified course in the carrying and use of firearms. A violation of the act is a crime. This bill would, in addition, prohibit them from carrying or using a firearm or baton unless the security guard is an employee of a private patrol operator licensee or an employee of the state or a political subdivision of the state, and commencing January 1, 2023, would require the course in the carrying and use of firearms to include training in the appropriate use of force, as specified. By expanding the scope of an existing crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. Under existing law, PERB has the power and duty to investigate an unfair practice charge and to determine whether the charge is justified and the appropriate remedy for the unfair practice. This bill, the Public Employee Health Protection Act, would make it an unfair practice for a covered employer, as defined, to fail or refuse to maintain or pay for continued health care or other medical coverage for an enrolled employee or their enrolled dependents, for the duration of the enrolled employee's participation in the authorized strike, at the level and under the conditions that coverage would have been provided if the employee had continued to work in their position for the duration of the strike. The bill would also make it an unfair practice for a covered employer to fail to collect and remit the employee's contributions, if any, to this coverage, or to maintain any policy purporting to authorize an action prohibited by this provision or otherwise threaten an employee or their dependents' continued access to health or medical care during or as a result of the employee's participation in a strike. The bill would require the restoration of health or other medical care premiums, contributions, or out-of-pocket expenses actually paid by the employee or their dependents as a result of the employer's violation of this provision, or because the employer failed to ensure continued coverage during a strike, and would require other equitable adjustments to ensure that the employee and their dependents are made whole, as specified. This bill contains other related provisions and other existing laws. Department of Conservation: Multibenefit Land Repurposing Incentive Program: administration.	SUSPENSE FILE 5/20/2021- From committee: Do pass. (Ayes 16. Noes 0.) (May 20).	Department of Water Resources as medium- or high-priority basins to each be managed under a separate groundwater sustainability plan or coordinated groundwater sustainability plans by specified dates. SGMA requires, with some exceptions, that local agencies designated as groundwater sustainability agencies prepare, administer, and enforce the groundwater sustainability plans with the goal of sustainably managing these groundwater basins to avoid undesirable results such as overdrafting groundwater, subsidence, and sea water intrusion, among others. To achieve the sustainability goal, SGMA authorizes a groundwater sustainability agency to, among other measures, control groundwater extractions by regulating, limiting, or suspending extractions from groundwater wells, establish a program of voluntary fallowing of agricultural lands, or validate an existing fallowing program. This bill would require the Department of Conservation to establish and administer a program named the Multibenefit Land Repurposing Incentive Program for purposes of providing grants to groundwater sustainability agencies or counties, or other specified entities designated by groundwater sustainability agencies or counties, for the development or implementation of local programs supporting or facilitating multibenefit land repurposing at the basin scale. The bill would establish procedures for the department’s administration of the program and would require the department to develop guidelines to implement the program and to exercise its expertise and discretion in awarding program funds to eligible applicants. The bill would specify numerous criteria regarding program eligibility, including compliance with several specified requirements of SGMA. The bill would prescribe certain actions regarding program accountability and oversight, including preparation of an annual report with specified information evaluating the implementation of local programs and use of program funds. This bill contains other related provisions.		Support Oppose

AB 255 Muratsuchi D COVID-19 Emergency Small Business Eviction Relief Act.	5/6/2021- A. THIRD READING 5/6/2021-Read second time. Ordered to third reading.	Existing law provides that a tenant is guilty of unlawful detainer if the tenant continues to possess the property without permission of the landlord in specified circumstances, including when the tenant has violated the lease or rental agreement by defaulting on rent, and requires the tenant be served a 3 days' notice in writing to cure the default, as specified. Existing law provides that an unlawful detainer action is subject to the COVID-19 Tenant Relief Act of 2020, which provides tenants with specified temporary protections from eviction, if the default in the payment of rent is based upon COVID-19 rental debt, as defined. This bill, the COVID-19 Emergency Small Business Eviction Relief Act, would, until July 1, 2025, require a landlord, who receives a statement signed by a commercial tenant, as defined, and supported by documentary evidence that evidences that the tenant requests emergency rent relief because the business of the commercial tenant has experienced a decrease in average monthly gross revenue of at least 50%, which is reasonably attributable to public health regulations adopted to address the COVID-19 pandemic, during the qualifying time period, as defined, as compared with the 12 months immediately preceding the qualifying time period, to conduct a good faith negotiation to form a plan to allow the commercial tenant a reasonable opportunity to repay COVID-19 lease debt while minimizing the hardship to the landlord. The act would provide that failure by a landlord to comply with that requirement constitutes an affirmative defense in an unlawful detainer action. This bill contains other related provisions. AB 302 Ward D San Diego Metropolitan Transit Development Board: regulation of for-hire vehicle and passenger jitney services.	5/12/2021-S. TRANS. 5/12/2021-Referred to Com. on TRANS.	Existing law establishes the San Diego Metropolitan Transit Development Board. Under existing law, the board's jurisdiction includes specified cities in, and the unincorporated area of, the County of San Diego, except for the portion of the county under the jurisdiction of the North San Diego County Transit Development Board, as specified. Existing law authorizes the board to enter into contracts with any city in its area of jurisdiction and with the county to license or regulate transportation services, and to regulate vehicle safety and driver qualifications for passenger jitney service, as defined, operating between cities and between a city and unincorporated portions of the county within the area of its jurisdiction. Existing law requires the board to levy fees necessary to recover the full cost of regulating those services. This bill would replace the term "transportation services" with the term "for-hire vehicle services" and would define that term to mean vehicles, other than public transportation vehicles, transporting passengers over public streets for compensation, as specified. The bill would expand to any city within the County of San Diego the authority of the board to enter into contracts to license or regulate for-hire vehicle services and to regulate vehicle safety and driver qualifications for passenger jitney service. AB 320 Medina D Teacher preparation programs: regionally accredited institutions.	5/20/2021- S. RLS. 5/20/2021- Read third time. Passed. Ordered to the Senate. In Senate. Read first time. To Com. on RLS. for assignment.	Existing law requires the Commission on Teacher Credentialing to, among other duties, establish standards for the issuance and renewal of credentials, certificates, and permits. Under existing law, the commission establishes standards for teacher preparation programs at postsecondary educational institutions. This bill would define “regionally accredited,” as that term is applied to institutions of higher education with teacher preparation programs, as either an institution that has been approved or recognized by the Accrediting Commission for Senior Colleges and Universities, the Western Association of Schools and Colleges, the Higher Learning Commission, the Middle States Commission on Higher Education, the Northwest Commission on Colleges and Universities, the New England Commission of Higher Education, or the Southern Association of Colleges and Schools Commission on Colleges, or an institution of higher education that held preaccreditation status at the time the degree of an applicant for a credential was conferred, if that institution achieved full regional accreditation status within 5 years of earning preaccreditation status. The bill would also define “regionally accredited” to include community or junior colleges that confer baccalaureate degrees and are regionally accredited by accrediting agencies, as specified, or by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges. The bill, among other things, would also		Higher Education (text 1/26/2021) Support Association of California School Administrators California County Superintendents Educational Services Association California Faculty Association California State University, Office of the Chancellor The Commission on Teacher Credentialing Oppose None

		make conforming changes to use the term “regionally accredited institution of higher education” to refer to certain postsecondary educational institutions with teacher preparation programs. This bill contains other related provisions and other existing laws.		
AB 336 Villapudua D Enhanced infrastructure financing districts: public financing authority: members: joint powers authorities.	5/12/2021- S. GOV. & F. 5/12/2021- Referred to Com. on GOV. & F.	Existing law authorizes the legislative body of a city or a county to designate a proposed enhanced infrastructure financing district, with a governing body referred to as the public financing authority, by adopting a resolution of intention to establish the proposed district and requires the public financing authority to direct the preparation of and adopt an infrastructure financing plan and adopt a resolution to form the district, as provided. Existing law provides for the participation of an affected taxing entity, as defined, in the district, other than a county office of education, school district, or community college district. Existing law requires that the public financing authority include a majority of members from the legislative body of each participating affected taxing entity and 2 members of the public chosen by the legislative bodies of those participating affected taxing entities, as provided. This bill would specify that any member of the legislative body of a participating affected taxing entity who serves as a member of the public financing authority of an enhanced infrastructure financing district, as described above, may also serve as a member of the governing body of an agency or entity formed pursuant to an agreement for the joint exercise of power that the participating affected taxing entity has entered into in accordance with the Joint Exercise of Powers Act. AB 354 Cooper D Energy efficient appliance rebate program.	5/12/2021- A. APPR. SUSPENSE FILE 5/20/2021-In committee: Held under submission.	The existing Warren-Alquist State Energy Resources Conservation and Development Act establishes the State Energy Resources Conservation and Development Commission and requires the commission to prescribe, by regulation, standards for minimum levels of operating efficiency to promote the use of energy- and water-efficient appliances whose use requires a significant amount of energy or water on a statewide basis. Existing law requires that the minimum levels of operating efficiency be based on feasible and attainable efficiencies or feasible improved efficiencies that will reduce the energy or water consumption growth rates. Existing law prohibits a new appliance manufactured on or after the effective date of the standards to be sold or offered for sale in the state unless it is certified by the manufacturer thereof to be in compliance with the standards. Existing law requires the commission to administer various programs to improve energy efficiency. This bill would require the commission, by July 1, 2022, to create a 3-year appliance rebate program to provide eligible residential customers of an electric utility or gas utility with monetary incentives to purchase new appliances that meet energy star or similar energy efficiency standards approved by the commission. The bill would limit eligibility for the program to those customers with annual household incomes that are no greater than 200% of the federal poverty guideline levels. 		appliances purchased for an eligible customer's primary residence and limit a customer to no more than 3 rebates during the term of the program. The requirements of the bill would become operative upon the appropriation of sufficient funds in the Budget Act to implement the bill's requirements.		
AB 361 Rivas, Robert D	5/18/2021-S. RLS. 5/18/2021-In Senate. Read first time. To Com. on RLS. for assignment.	Existing law, the Ralph M. Brown Act requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. The act contains specified provisions regarding the timelines for posting an agenda and providing for the ability of the public to directly address the legislative body on any item of interest to the public. The act generally requires all regular and special meetings of the legislative body be held within the boundaries of the territory over which the local agency exercises jurisdiction, subject to certain exceptions. The act allows for meetings to occur via teleconferencing subject to certain requirements, particularly that the legislative body notice each teleconference location of each member that will be participating in the public meeting, that each teleconference location be accessible to the public, that members of the public be allowed to address the legislative body at each teleconference location, that the legislative body post an agenda at each teleconference location, and that at least a quorum of the legislative body participate from locations within the boundaries of the local agency's jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. The act authorizes the district attorney or any interested person, subject to certain provisions, to commence an action by mandamus or injunction for the purpose of obtaining a judicial determination that specified actions taken by a legislative body are null and void. This bill would authorize a local agency to use teleconferencing without complying with the teleconferencing requirements imposed by the Ralph M. enforcement agencies: military equipment: funding, acquisition, and use.	5/20/2021-From committee: Amend, and do pass as amended. (Ayes 12. Noes 4.) (May 20).	as the state agency for the distribution of federal personal surplus property, excepting food commodities, in accordance with specified federal law. Existing law, the Federal Surplus Property Acquisition Law of 1945, authorizes a local agency, as defined, to acquire surplus federal property without regard to any law which requires posting of notices or advertising for bids, inviting or receiving bids, or delivery of purchases before payment, or which prevents the local agency from bidding on federal surplus property. Existing federal law authorizes the Department of Defense to transfer surplus personal property, including arms and ammunition, to federal or state agencies for use in law enforcement activities, subject to specified conditions, at no cost to the acquiring agency. This bill would require a law enforcement agency, defined to include specified state and local entities, to obtain approval of the applicable governing body, by adoption of a military equipment impact statement and a military equipment use policy, as specified, by ordinance at a regular meeting held pursuant to specified open meeting laws, prior to taking certain actions relating to the funding, acquisition, or use of military equipment, as defined. The bill would also require similar approval for the continued use of military equipment acquired prior to January 1, 2022. The bill would allow the governing body to approve the funding, acquisition, or use of military equipment within its jurisdiction only if it determines that the military equipment meets specified standards. The bill would require the governing body to annually review the ordinance, and to either disapprove a renewal of the authorization for a piece of military equipment or amend the military equipment use policy if it determines, based on an annual military equipment report prepared by the law enforcement agency, as provided, that the military equipment does not comply with the above-described standards for approval. 	(Ayes 12. Noes 4.) (May 20).	contract or policy. This bill would require a group or individual health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2022, that provides dependent coverage to make that coverage available to a qualified dependent parent or stepparent. The bill would expand the definition of “dependent” for an individual or small employer health care service plan contract or health insurance policy to include a qualified dependent parent or stepparent. Because a willful violation of these provisions by a health care service plan would be a crime, the bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason. 		of the California Highway Patrol. By increasing requirements for local governments, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.		
AB 604 Daly D Road Maintenance and Rehabilitation Account: apportionment of funds: accrued interest.	4/21/2021- A. APPR. SUSPENSE FILE 5/20/2021- From committee: Do pass. (Ayes 16. Noes 0.) (May 20).	Existing law creates the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. Existing law provides for the deposit of various funds, including revenues from certain fuel taxes and vehicle fees, for the program in the Road Maintenance and Rehabilitation Account. Existing law requires funds available for the program to be allocated for various specified purposes and requires the remaining funds available for the program to be continuously appropriated 50% for allocation to the Department of Transportation for maintenance of the state highway system or for the State Highway Operation and Protection Program and 50% for apportionment to cities and counties by the Controller pursuant to a specified formula. This bill would continuously appropriate interest earnings derived from revenues deposited in the Road Maintenance and Rehabilitation Account to the department for maintenance of the state highway system or for purposes of the State Highway Operation and Protection Program. AB 712 Calderon D Local Agency Public Construction Act: change orders: County of Los Angeles.	5/11/2021- A. THIRD READING 5/11/2021- Read second time. Ordered to third reading.	Existing law, the Local Agency Public Construction Act, regulates contracting by local agencies, including counties and special districts. The act includes specific provisions for contracting by counties, contracting for county highways and county bridges and subways, and contracting by county waterworks districts. Other existing law regulates contracting by the Los Angeles County Flood Control District (LACFCD). Those specific provisions include change order authorization for contracts, as prescribed, and impose caps on the extra cost of any change order, varying with the value of the original contract. This bill would authorize the County of Los Angeles to add a new change order cap of \$400,000 for contracts whose original cost exceeds \$25,000,000 and of \$750,000 for contracts whose original cost exceeds \$50,000,000, both of which would be adjusted annually to reflect the percentage change in the California Consumer Price Index. This bill contains other related provisions and other existing laws. AB 811 Rivas, Luz D Los Angeles County Metropolitan Transportation Authority: contracting.	5/4/2021- A. THIRD READING 5/4/2021-Read second time. Ordered to third reading.	Existing law creates the Los Angeles County Metropolitan Transportation Authority, with specified powers and duties. Existing law authorizes the authority to enter into contracts with private entities that combine into a single contract all or some of the planning, design, permitting, development, joint development, construction, construction management, acquisition, leasing, installation, and warranty of some or all components of transit systems and certain facilities. Existing law authorizes the authority to award a contract under these provisions after a finding, by a 2/3 vote of the members of the authority, that awarding the contract will achieve for the authority, among other things, certain private sector efficiencies in the integration of design, project work, and components. Under existing law, a contract awarded pursuant to these provisions may include operation and maintenance elements if the inclusion of those elements meets certain requirements. This bill would eliminate the requirement to make the above-described finding by a 2/3 vote of the members of the authority in order to award contracts under these provisions and would instead apply this requirement to contracts that include operation and maintenance elements. SUSPENSE FILE 5/20/2021- From committee: Amend, and do pass as amended. (Ayes 12. Noes 0.) (May 20).	Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations. Existing law requires the commission, in consultation with the Independent System Operator, to establish resource adequacy requirements for all load-serving entities, defined to include electrical corporations, community choice aggregators, and electric service providers. The California Renewables Portfolio Standard Program requires the commission to establish a renewables portfolio standard requiring all retail sellers, defined as including electrical corporations, community choice aggregators, and electric service providers, to procure a minimum quantity of electricity products from eligible renewable energy resources, as defined, so that the total kilowatthours of those products sold to their retail end-use customers achieves 33% of retail sales by December 31, 2020, 44% by December 31, 2024, 52% by December 31, 2027, and 60% by December 31, 2030. The California Renewables Portfolio Standard Program requires every electrical corporation to file with the commission a standard tariff for electricity generated by an electric generation facility, as defined, that qualifies for the tariff, is owned and operated by a retail customer of the electrical		Committee On Utilities And Energy (text 2/17/2021) Support Oppose

		corporation, and is located within the service territory of, and developed to sell electricity to, the electrical corporation. The commission refers to this requirement as the renewable feed-in tariff. This bill would provide that the renewable feed-in tariff would apply to a qualifying electric generation facility that is developed to sell electricity to the electrical corporation or, for a bioenergy electric generation facility, to an electrical corporation or a community choice aggregator within the electrical corporation's service territory. This bill contains other related provisions and other existing laws.		
AB 845 Rodriguez D Disability retirement: COVID-19: presumption.	5/19/2021- S. L., P.E. & R. 5/19/2021- Referred to Com. on L., P.E. & R.	Existing law, until 2023, defines "injury" for purposes of workers' compensation insurance to include illness or death resulting from the 2019 novel coronavirus disease (COVID-19) under specified circumstances, and creates a disputable presumption, as specified, that the injury arose out of the course of employment and is compensable. This presumption is applicable to specified public safety, firefighter, and medical occupation, among others, as specified. This bill, until January 1, 2023, would create a presumption, applicable to the retirement systems that PEPRAs regulate and to specified members in those systems, that would be applied to disability retirements on the basis, in whole or in part, of a COVID-19-related illness. In this circumstance, the bill would require that it be presumed the disability arose out of, or in the course of, the member's employment. The bill would authorize the presumption to be rebutted by evidence to the contrary, but unless controverted, the applicable governing board of a public retirement system would be required to find in accordance with the presumption. The bill would apply this presumption to members employed in specified firefighter, public safety officer, and health care job classifications, or their functional equivalents, and to members in other job classifications who test positive for		Committee On Public Employment And Retirement (text 3/30/2021) Support California Teachers Association Los Angeles County Sheriff Professional Engineers in California Government Service Employees International Union, California Oppose None

		COVID-19 during an outbreak of the disease at their places of employment, as defined. This bill contains other existing laws.		
AB 846 Low D Local Agency Public Construction Act: job order contracting.	4/22/2021- A. THIRD READING 4/22/2021- Read second time. Ordered to third reading.	Existing law, the Local Agency Public Construction Act, authorizes job order contracting for school districts and community college districts until January 1, 2022. Existing law requires job order contractors to submit a questionnaire to the school district or community college district containing specified information verified under oath. This bill would change the January 1, 2022, repeal date to January 1, 2027, thereby extending authorization for job order contracting for school districts and community college districts indefinitely, and make conforming changes. By extending the operation of those provisions that expand the crime of perjury, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.		Higher Education (text 2/17/2021) Support Oppose
AB 859 Irwin D Mobility devices: personal information.	4/21/2021- A. APPR. SUSPENSE FILE 5/20/2021-In committee: Held under submission.	Existing law, the California Consumer Privacy Act of 2018 (CCPA), grants a consumer various rights with respect to personal information, as defined, that is collected or sold by a business, as defined, including the right to direct a business that sells personal information about the consumer to third parties not to sell the consumer's personal information. This bill would authorize a public agency, defined as a state or local public entity that issues a permit to an operator for mobility services or that otherwise regulates an operator, to require an operator to periodically submit to the public agency anonymized trip data and the operator's mobility devices operating in the geographic area under the public agency's jurisdiction and provide specified notice of that requirement to the operator. The bill would authorize a public agency to share anonymized trip data with a contractor, agent, or other public agency only if specified conditions are met, including that the purpose of the sharing is to assist the public agency in the promotion and protection of transportation planning, integration of mobility options, and road safety. The bill would		Privacy And Consumer Protection (text 2/17/2021) Support Oppose

AB 886 Chiu D Victims.	5/12/2021- A. APPR. SUSPENSE FILE 5/20/2021-In committee: Held under submission.	Existing law defines a “hate crime” as a criminal act committed, in whole or in part, because of actual or perceived characteristics of the victim, including, among other things, race, religion, disability, and sexual orientation. Existing law creates various preconviction diversion programs for persons charged with crimes. Existing law states that restorative justice is a principal policy goal of the state in sentencing for hate crimes. This bill would, subject to an appropriation of funds by the Legislature, create a grant program within the Department of Justice to provide grants to community-based organizations, as defined, for the implementation and operation of restorative justice programs, as defined, that are focused on hate violence, as defined. This bill contains other related provisions and other existing laws. AB 917 Bloom D Vehicles: video imaging of parking violations.	4/28/2021- A. THIRD READING 4/28/2021- Read second time. Ordered to third reading.	Existing law authorizes the City and County of San Francisco (San Francisco) and, until January 1, 2022, the Alameda-Contra Transit District, to enforce parking violations in specified transit-only traffic lanes through the use of video imaging and to install automated forward facing parking control devices on city-owned public transit vehicles for the purpose of video imaging parking violations occurring in transit-only traffic lanes, as specified. Existing law requires a designated employee, who is qualified by San Francisco, or a contracted law enforcement agency for the Alameda-Contra Costa Transit District, who is qualified by the city and county or the district to issue parking citations, to review video image recordings for the purpose of determining whether a parking violation occurred in a transit-only traffic lane and to issue a notice of violation to the registered owner of a vehicle within 15 calendar days, as specified. Existing laws makes these video image records confidential, and provides that these records are available only to public agencies to enforce parking violations. Existing law provides that if the Alameda-Contra Costa Transit District implements an automated enforcement system as described above, the district is required to submit a report to specified committees of the Legislature by no later than January 1, 2021. This bill would extend the authorization described above to any public transit operator in the state indefinitely. 		Transportation determines that the use of the materials is not cost effective. This bill would require the department and a local agency that has jurisdiction over a street or highway, to the extent feasible and cost effective, to use advanced technologies and material recycling techniques that reduce the cost of maintaining and rehabilitating streets and highways and that exhibit reduced levels of greenhouse gas emissions through material choice and construction method. The bill would require, on and after January 1, 2025, a local agency that has jurisdiction over a street or highway, to the extent feasible, to apply standard specifications that allow for the use of recycled materials in streets and highways, as specified. By increasing the duties of local agencies, this bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.		
AB 1037 Grayson D Infrastructure construction: digital construction management technologies.	5/19/2021- A. CONSENT CALENDAR 5/20/2021- Read second time. Ordered to Consent Calendar.	Existing law, the Bergeson-Peace Infrastructure and Economic Development Bank Act, establishes the Infrastructure and Economic Development Bank and authorizes it to, among other things, issue bonds, make loans, and provide other financial assistance to various types of projects that constitute economic development facilities or public development facilities. This bill would require the Department of General Services to develop guidance, policies, and procedures for the integration and development of digital construction technologies for use on a civil infrastructure project, as defined, that is developed by specified state entities and has a state project cost of greater than \$50,000,000. The bill would require the guidance, policies, and procedures to		Jobs, Economic Development, And The Economy (text 4/20/2021) Support Business Software Association California Manufacturers and Technology Association Trimble

AB 1047 Daly D Road Repair and Accountability Act of 2017: reporting internet website.	4/28/2021- A. APPR. SUSPENSE FILE 5/20/2021-In committee: Held under submission.	Existing law establishes in state government the Transportation Agency, which includes various departments and state entities, including the California Transportation Commission. The Road Repair and Accountability Act of 2017, commonly known as SB 1, establishes a comprehensive transportation funding program by increasing fuel taxes and imposing certain vehicle fees. The act allocates revenues from those sources to various transportation programs, including, among others, to the Road Maintenance and Rehabilitation Program, which the act created to address deferred maintenance on the state highway system and the local street and road system. This bill would require the Transportation Agency to improve the capability of the SB 1 internet website hosted by the agency to provide a comprehensive one-stop reporting interface available to the public. The bill would require the interface to provide timely fiscal information compiled from data provided by each administering agency regarding the development and implementation status of each transportation program or project funded, at least in part, by revenues from SB 1. AB 1048 Cooper D Alameda Health System Hospital Authority: labor negotiations.	5/4/2021- A. THIRD READING 5/4/2021-Read second time. Ordered to third reading.	Existing law establishes an independent public agency to manage, administer, and control the Alameda Health System, which is known as the Alameda Health System Hospital Authority. The hospital authority is governed by a board that is appointed by the Board of Supervisors of the County of Alameda. Existing law prescribes the characteristics of employees of the hospital authority who are and are not authorized to participate in the Alameda County Employees' Retirement Association at the time the provisions authorizing the creation of the hospital authority become effective. Existing law generally prohibits a person employed by the hospital authority on or before the date these provisions became effective who was not qualified for membership in the Alameda County Employees' Retirement Association at that time from becoming qualified for membership as a result of subsequent employment with the hospital authority. This bill would repeal the above-described prohibition on certain employees of the Alameda Health System Hospital Authority qualifying for membership in the Alameda County Employees' Retirement Association. The bill, during a specified time period, would require that a request to meet and confer by a recognized union or bargaining agent result in the reopening of an effective memorandum of understanding for the purpose of negotiating an agreement regarding the inclusion of certain people within the applicable bargaining unit in the Alameda County Employees' Retirement Association. The bill would authorize a side letter or similar agreement to be negotiated in lieu of reopening the memorandum of understanding. The bill would prescribe membership tier requirements for people who are members of the Alameda County Employees' Retirement Association and who transfer, reassign, or are hired, as specified, which would apply if the facility or hospital authority and a recognized union or bargaining agent agree to include people within an applicable bargaining unit participating in the Alameda County		Committee On Public Employment And Retirement (text 4/20/2021) Support Service Employees International Union, California State Council Oppose None

		Employees' Retirement Association. The bill would delete a provision relating to people who are not members of the Alameda County Employees' Retirement Association in connection with the characteristics of people who may become a member of the association, subject to a memorandum of understanding, as specified.		
AB 1049 Davies R Public Transportation Account: loan repayment.	3/4/2021- A. TRANS. 3/4/2021- Referred to Com. on TRANS.	Existing law requires the transfer of a specified portion of the sales tax on diesel fuel to the Public Transportation Account, a trust fund in the State Transportation Fund. Existing law requires funds in the account to be allocated to various public transportation and transportation planning purposes, with specified revenues in the account to be allocated by the Controller to specified local transportation agencies for public transportation purposes, pursuant to the State Transit Assistance (STA) Program. Existing law provides for each STA-eligible operator within the jurisdiction of the allocating local transportation agency to receive a proportional share of the revenue-based program funds based on the qualifying revenues of that operator, as defined. The Budget Act of 2013 and the Budget Act of 2014 require the Controller, upon the order of the Director of Finance, to transfer specified amounts totaling up to \$55,515,000 as loans from the Public Transportation Account to the High-Speed Passenger Train Bond Fund. This bill would require \$54,000,000 from these loans to be repaid to the Public Transportation Account and would provide that these repaid funds are available, upon appropriation by the Legislature, to help offset the loss of revenues incurred by transit operators during the COVID-19 pandemic. This bill contains other related provisions.		
AB 1071 Rodriguez D Office of	4/28/2021- A. APPR. AB 1087 Chiu D Environmental Justice Community Resilience Hubs Program.	5/12/2021- A. APPR. SUSPENSE FILE 5/20/2021-In committee: Hearing postponed by committee.	The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the statewide greenhouse gas emissions limit, as defined, no later than December 31, 2030. The act requires the state board to adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions. The state board is authorized to include market-based compliance mechanisms to comply with the regulations. The implementing regulations adopted by the state board provide for the direct allocation of greenhouse gas allowances to electrical corporations pursuant to a market-based compliance mechanism. Beginning with the fiscal year commencing July 1, 2022, and ending with the fiscal year ending June 30, 2027, except as provided, this bill would require the PUC to annually allocate 5% of the revenues received by the electrical corporations from that allocation of greenhouse gas allowances to the Environmental Justice Community Resilience Hubs Program, which would require each electrical corporation to award those allocated revenues to a single third-party administrator, selected by the commission, that will award competitive grants to owners of critical community institutions, meeting eligibility criteria established by the PUC, for building upgrade projects that demonstrate community engagement in all phases, demonstrate multistakeholder partnerships, reflect the geographic diversity of the state, and are installed at critical community institutions. The bill would require the PUC to select a third-party administrator by no later than March 1, 2023, and require that the program be operational and begin processing applications by no later than July 1, 2023. AB 1091 Berman D Santa Clara Valley Transportation Authority: board of directors.	5/10/2021- A. THIRD READING 5/10/2021- Read second time. Ordered to third reading.	Existing law creates the Santa Clara Valley Transportation Authority (VTA) with various powers and duties relative to transportation projects and services and the operation of public transit in the County of Santa Clara. Existing law vests the government of the VTA in a 12-member board of directors whose terms of office are two years. Under existing law, only members of the county board of supervisors and city council members and mayors of cities in the county are authorized to serve on the board. Existing law provides for the appointment of the board members by those local governments, as specified. This bill, on and after July 1, 2022, would reduce the size of the board to 9 members, increase their terms of office to 4 years, and provide for residents living in the county, rather than local officials, to serve on the board, as specified. The bill would require that expertise, experience, or knowledge relative to transportation, infrastructure or project management, accounting or finance, and executive management are represented on the board. (1)Existing law, the Economic Revitalization Act, establishes the Governor’s Office of Business and Economic Development (GO-Biz) within the Governor’s office, under the direct control of a director who is responsible to, and appointed by, the Governor. Existing law requires GO-Biz to serve the Governor as the lead entity for economic strategy and the marketing of California on issues relating to business development, private sector investment, and economic growth. This bill would establish the Office of the California Clean Fleet Accelerator, administered by GO-Biz. The bill would also create the Clean Vehicles Ombudsperson, to be appointed by and report directly to the Director of GO-Biz, to oversee the activities of the Office of the California Clean Fleet Accelerator. The bill, among other things, would require the ombudsperson, in consultation with the Department of General Services (DGS), to consult with specified entities in identifying all available programs and incentives offered by the state that can help to reduce costs and increase participation in the master service agreement or leveraged procurement		Jobs, Economic Development, And The Economy (text 4/20/2021) Support 350 Silicon Valley American Lung Association of California Amplify Power Arrival Association of California Water Agencies California Communities Against Toxics California Interfaith Power and Light

AB 1147 Friedman D Regional transportation plan: Active Transportation Program.	5/19/2021- A. APPR. SUSPENSE FILE 5/20/2021- Joint Rule 62(a), file notice suspended. Coauthors revised. From committee: Do pass. (Ayes 12. Noes 4.) (May 20).	(1)Existing law requires the Strategic Growth Council, by January 31, 2022, to complete an overview of the California Transportation Plan and all sustainable communities strategies and alternative planning strategies, an assessment of how implementation of the California Transportation Plan, sustainable communities strategies, and alternative planning strategies will influence the configuration of the statewide integrated multimodal transportation system, and a review of the potential impacts and opportunities for coordination of specified funding programs. This bill would require the council to convene key state agencies, metropolitan planning agencies, and local governments to assist the council in completing the report. The bill would require that the report be completed by January 1, 2023, and additionally assess barriers to the achievement of, and recommend actions at the state, regional, and local level to achieve, state and regional greenhouse gas emissions reduction targets related to the California Transportation Plan and all sustainable communities strategies and alternative planning strategies. AB 1174 Grayson D Planning and zoning: housing: development application modifications, approvals, and subsequent permits.	5/17/2021- A. THIRD READING 5/17/2021- From Consent Calendar. Ordered to third reading.	The Planning and Zoning Law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit, if the development satisfies specified objective planning standards, including, among other things, that the development and the site on which it is located satisfy specified location, urbanization, and zoning requirements. Existing law provides that a development approved pursuant to the streamlined, ministerial approval process is valid indefinitely if specified requirements are met, and otherwise is valid, except as provided, for 3 years from the date of the final action establishing that approval and remains valid thereafter for a project so long as vertical construction of the development has begun and is in progress. Existing law authorizes a development proponent to request a modification to a development that has been approved under the streamlined, ministerial approval process if the request is submitted before the issuance of the final building permit required for construction of the development. This bill would clarify the requirements that must be met for an approved development to be valid indefinitely. The bill would also provide that, alternatively, approval for an approved development is valid for 3 years from the date of the final judgment upholding the development's approval if litigation is filed challenging that approval. The bill would define "in progress." The bill would provide that if the development proponent requests a modification, then the time during which the approval is valid is extended, as specified. The bill would specify that these changes also apply retroactively to developments approved prior to January 1, 2022. This bill contains other related provisions and other existing laws. AB 1179 Carrillo D Employer provided benefit: backup childcare.	5/5/2021-A. APPR. SUSPENSE FILE 5/20/2021-In committee: Hearing postponed by committee.	Existing law, the Healthy Workplaces, Healthy Families Act of 2014, requires employers to provide an employee, who works in California for 30 or more days within a year from the commencement of employment, with paid sick days for prescribed purposes, to be accrued at a rate of no less than one hour for every 30 hours worked. Existing law authorizes an employer to limit an employee’s use of paid sick days to 24 hours or 3 days in each year of employment. This bill would require an employer to provide an employee, on or after January 1, 2022, who works in California for the same employer for 30 or more days within a year from the commencement of employment, with up to 60 hours of paid backup childcare benefits, to be accrued and used as provided. The bill would define “backup childcare” as childcare provided by a qualified backup childcare provider to the employee’s child when the employee’s regular childcare provider cannot be utilized, and “paid backup childcare” as an employee benefit consisting of the employer paying for a qualified backup childcare provider to provide backup childcare for an employee’s child that is compensated at the state minimum wage or the federal minimum wage, whichever is higher. AB 1217 Rodriguez D Personal protective equipment: stockpile.	5/12/2021-A. APPR. SUSPENSE FILE 5/20/2021-In committee: Hearing postponed by committee.	Existing law requires, on or before January 1, 2022, the State Department of Public Health and the Office of Emergency Services, in coordination with other state agencies, to establish a personal protective equipment (PPE) stockpile, upon appropriation and as necessary. Existing law further requires the department, informed by the recommendations of the Personal Protective Equipment Advisory Committee, to establish guidelines for its procurement, management, and distribution of PPE. This bill would authorize the department to rotate PPE in the stockpile by selling the PPE to a nonprofit agency, local government, or provider, and by contracting to purchase PPE on behalf of a local government or provider. The bill would require a nonprofit agency, local government, or provider that obtains PPE pursuant to these provisions to reimburse the department for the costs of the PPE. The bill would also make a technical change to the date in these provisions.		Emergency Management (text 4/8/2021) Support Arc and United Cerebral Palsy in California Oppose None

AB 1236 Ting D Healing arts: licensees: data collection.	5/12/2021- A. APPR. SUSPENSE FILE 5/20/2021- From committee: Do pass. (Ayes 16. Noes 0.) (May 20).	Existing law requires the Board of Registered Nursing, the Physician Assistant Board, the Respiratory Care Board of California, and the Board of Vocational Nursing and Psychiatric Technicians of the State of California to regulate and oversee the practice of healing arts within their respective jurisdictions and to, among other things, collect and report specific demographic data relating to their licensees, subject to a licensee's discretion to report their race or ethnicity, to the Office of Statewide Health Planning and Development. Existing law requires these boards to collect this data at least biennially, at the times of both issuing an initial license and issuing a renewal license. Existing law also authorizes the Board of Registered Nursing to expend \$145,000 to implement these provisions. This bill would repeal those provisions and would, instead, require all boards that oversee healing arts licensees to request at the time of electronic application for a license and license renewal, or at least biennially, specified demographic information from its licensees and, if designated by the board, its registrants and to post the information on the internet websites that they each maintain. The bill would specify that licensees and registrants shall not be required to provide the requested information. This bill contains other related provisions and other existing laws. AB 1360 Santiago D Project Roomkey.	5/12/2021-A. APPR. SUSPENSE FILE 5/20/2021-In committee: Held under submission.	Existing law establishes the Homeless Housing, Assistance, and Prevention program for the purpose of providing jurisdictions, as defined, with one-time grant funds to support regional coordination and expand or develop local capacity to address their immediate homelessness challenges, as specified. In March 2020, the California Department of Social Services established Project Roomkey to coordinate with local agencies and nonprofits to provide shelter options to homeless persons recovering from, or exposed to, COVID-19. This bill would require each city, county, or city and county to make every effort to ensure that individuals housed pursuant to Project Roomkey do not return to homelessness. The bill would require each city, county, or city and county to develop a plan to accomplish that result, and would specify the criteria the city, county, or city and county must consider in developing the plan. This bill contains other related provisions and other existing laws. AB 1395 Muratsuchi D Greenhouse gases: carbon neutrality.	5/19/2021- A. APPR. SUSPENSE FILE 5/20/2021- Joint Rule 62(a), file notice suspended. From committee: Do pass. (Ayes 11. Noes 4.) (May 20).	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions and to update the scoping plan at least once every 5 years. This bill would declare the policy of the state to achieve carbon neutrality as soon as possible, but no later than 2045, and to achieve and maintain net negative greenhouse gas emissions thereafter. The bill would require the state board to work with relevant state agencies to ensure that updates to the scoping plan identify and recommend measures to achieve these policy goals, to ensure that by 2045 statewide anthropogenic greenhouse gas emissions are reduced to at least 90% below the 1990 level, and to prioritize the use of nature-based solutions in California to achieve carbon neutrality. The bill would require the state board to work with relevant agencies to establish criteria for the use of technology-based solutions for purposes of achieving these policy goals. The bill would impose other requirements on state agencies relating to working toward these policy goals. 		revision housing element that is found to be in substantial compliance satisfies any obligation to adopt a 4-year housing element. This bill contains other related provisions and other existing laws.		
AB 1401 Friedman D Residential and commercial development: parking requirements.	5/20/2021- A. THIRD READING 5/20/2021- Read second time. Ordered to third reading.	The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a land use element and a conservation element. Existing law also permits variances to be granted from the parking requirements of a zoning ordinance for nonresidential development if the variance will be an incentive to the development and the variance will facilitate access to the development by patrons of public transit facilities. This bill would prohibit a local government from imposing a minimum automobile parking requirement, or enforcing a minimum automobile parking requirement, on residential, commercial, or other development if the development is located on a parcel that is within one-half mile walking distance of public transit, as defined. The bill would not preclude a local government from imposing requirements when a project provides parking voluntarily to require spaces for car share vehicles. The bill would prohibit these provisions from reducing, eliminating, or precluding the enforcement of any requirement imposed on a new multifamily or nonresidential development to provide electric vehicle parking spaces or parking spaces that are accessible to persons with disabilities, as specified. This bill contains other related provisions and other existing laws. AB 1423 Daly D Housing programs: multifamily housing programs: expenditure of loan proceeds.	5/12/2021- A. APPR. SUSPENSE FILE 5/20/2021- From committee: Do pass. (Ayes 16. Noes 0.) (May 20).	Existing law establishes the Department of Housing and Community Development and requires it to administer various programs intended to promote the development of housing, including the Multifamily Housing Program, pursuant to which the department provides financial assistance in the form of deferred payment loans to pay for the eligible costs of development of specified types of housing projects. Existing law sets forth various general powers of the department in implementing these programs, including authorizing the department to enter into long-term contracts or agreements of up to 30 years for the purpose of servicing loans or grants or enforcing regulatory agreements or other security documents. This bill would authorize a borrower to use any funds approved, reserved, or allocated by the department for purposes of providing a loan under any multifamily housing program under these provisions for construction financing, permanent financing, or a combination of construction financing and permanent financing, as provided. The bill would require the department to deposit funds provided to a borrower that requests the use of funds for construction financing with the first lender at before the closing of the first lender's construction loan, to be disbursed as provided. The bill would specify that these provisions do not limit the eligible uses of funds otherwise authorized under any program administered by the department. expenditure restrictions.		purposes described above. The measure would require the transfer and restrict the expenditure of revenues from taxes imposed by the state on motor fuels that are attributable to (A) distributions of motor vehicle fuel used or usable in propelling vessels, (B) agricultural off-highway use of motor vehicle fuel subject to certain refunds, and (C) distributions of motor vehicle fuel used in the operation of motor vehicles off highway and for which certain refunds have not been claimed, in accordance with certain statutes as those statutes read on January 1, 2021. This bill contains other related provisions and other existing laws.		
SB 3 Caballero D Education finance: local control and accountability plan portal.	5/5/2021-S. ED. 5/5/2021-Re-referred to Com. on ED.	Existing law establishes a public school financing system that requires state funding for county superintendents of schools, school districts, and charter schools to be calculated pursuant to a local control funding formula, as specified. Existing law requires funding pursuant to the local control funding formula to include, in addition to a base grant, supplemental and concentration grant add-ons that are based on the percentage of pupils who are English learners, foster youth, or eligible for free or reduced-price meals, as specified, served by the county superintendent of schools, school district, or charter school. Existing law requires the State Board of Education to adopt regulations that govern the expenditure of funds apportioned pursuant to the supplemental and concentration grant add-ons. Existing law requires the governing board of each local educational agency, as defined, to adopt and annually update a local control and accountability plan, as specified. Existing law appropriates \$450,000 from the General Fund to the State Department of Education for the 2020–21 fiscal year to support the alignment and integration of online platforms supporting the California School Dashboard, the Local Control and Accountability Plan Electronic Template System, and the School Accountability Report Card, as provided. This bill would require the State

		<p>Department of Education to develop, on or before January 1, 2022, a local control and accountability plan portal that will allow comprehensive analysis by policymakers of actions, expenditures, and progress on metrics included within local control and accountability plans adopted by local educational agencies. The bill would require the portal to include a tracking mechanism for school districts, county offices of education, and charter schools to use to report the types of services on which they spend their supplemental and concentration grant funds. Commencing July 1, 2022, the bill would require each local educational agency, as a condition of receiving supplemental and concentration grant funds, to annually report to the department the types of services on which it spends its supplemental and concentration grant funds using the portal developed by the department. The bill would require the department to make corresponding changes to the Local Control and Accountability Plan Electronic Template System, as specified. By imposing additional duties on local educational agencies, the bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.</p>

commercial zones.	committee: Do pass. (Ayes 6. Noes 1.) (May 20). Read second time. Ordered to third reading.	available for residential development. If the inventory of sites does not identify adequate sites to accommodate the need for groups of all households pursuant to specified law, existing law requires the local government to rezone sites within specified time periods and that this rezoning accommodate 100% of the need for housing for very low and low-income households on sites that will be zoned to permit owner-occupied and rental multifamily residential use by right for specified developments. This bill, the Neighborhood Homes Act, would deem a housing development project, as defined, an allowable use on a neighborhood lot, which is defined as a parcel within an office or retail commercial zone that is not adjacent to an industrial use. The bill would require the density for a housing development under these provisions to meet or exceed the density deemed appropriate to accommodate housing for lower income households according to the type of local jurisdiction, including a density of at least 20 units per acre for a suburban jurisdiction. The bill would require the housing development to meet all other local requirements for a neighborhood lot, other than those that prohibit residential use, or allow residential use at a lower density than that required by the bill. The bill would provide that a housing development under these provisions is subject to the local zoning, parking, design, and other ordinances, local code requirements, and procedures applicable to the processing and permitting of a housing development in a zone that allows for the housing with the density required by the act. If more than one zoning designation of the local agency allows for housing with the density required by the act, the bill would require that the zoning standards that apply to the closest parcel that allows residential use at a density that meets the requirements of the act would apply. If the existing zoning designation allows residential use at a density greater than that required by the act, the bill would require that the existing zoning designation for the		Democratic Central Committee Alameda County Democratic Party American Planning Association, California Chapter Build Affordable Faster CA California Apartment Association California Association of Realtors California State Association of Electrical Workers California State Pipe Trades Council County of Monterey East Bay for Everyone Facebook, Inc. 		<p>parcel would apply. The bill would also require that a housing development under these provisions comply with public notice, comment, hearing, or other procedures applicable to a housing development in a zone with the applicable density. The bill would require that the housing development is subject to a recorded deed restriction with an unspecified affordability requirement, as provided. The bill would require that a developer either certify that the development is a public work, as defined, or is not in its entirety a public work, but that all construction workers will be paid prevailing wages, as provided, or certify that a skilled and trained workforce, as defined, will be used to perform all construction work on the development, as provided. The bill would require a local agency to require that a rental of any unit created pursuant to the bill's provisions be for a term longer than 30 days. The bill would authorize a local agency to exempt a neighborhood lot from these provisions in its land use element of the general plan if the local agency concurrently reallocates the lost residential density to other lots so that there is no net loss in residential density in the jurisdiction, as provided. The bill would specify that it does not alter or affect the application of any housing, environmental, or labor law applicable to a housing development authorized by these provisions, including, but not limited to, the California Coastal Act, the California Environmental Quality Act, the Housing Accountability Act, obligations to affirmatively further fair housing, and any state or local affordability laws or tenant protection laws. The bill would require an applicant of a housing development under these provisions to provide notice of a pending application to each commercial tenant of the neighborhood lot. The bill would repeal these provisions on January 1, 2029. SB 8 Skinner D Housing Crisis Act of 2019.	5/18/2021- S. THIRD READING 5/18/2021- Read second time. Ordered to third reading.	Existing law, the Housing Crisis Act of 2019, requires a housing development project be subject only to the ordinances, policies, and standards adopted and in effect when a preliminary application is submitted, except as specified. The act defines “housing development project” to mean a use consisting of residential units only, mixed-use developments consisting of residential and nonresidential uses with at least 2/3 of the square footage designated for residential use, and transitional or supportive housing. This bill would clarify, for various purposes of the act, that “housing development project” includes projects that involve no discretionary approvals, projects that involve both discretionary and nondiscretionary approvals, and projects that include a proposal to construct a single dwelling unit. The bill would specify that this clarification is declaratory of existing law. This bill contains other related provisions and other existing laws. The Planning and Zoning Law provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. This bill, among other things, would require a proposed housing development containing no more than 2 residential units within a single-family residential zone to be considered ministerially, without discretionary review or hearing, if the proposed housing development meets certain requirements, including, but not limited to, that the proposed housing development would not require demolition or alteration of housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income, that the proposed housing development does not allow for the demolition of more than 25% of the existing exterior structural walls, except as provided, and that the development is not located within a historic district, is not included on the State Historic Resources Inventory, or is not within a site that is legally designated or listed as a city or county landmark or historic property or district. This bill contains other related provisions and other existing laws. SB 10 Wiener D Planning and zoning: housing development: density.	5/20/2021-S. THIRD READING 5/20/2021-From committee: Do pass. (Ayes 6. Noes 1.) (May 20). Read second time. Ordered to third reading.	The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. Existing law requires an attached housing development to be a permitted use, not subject to a conditional use permit, on any parcel zoned for multifamily housing if at least certain percentages of the units are available at affordable housing costs to very low income, lower income, and moderate-income households for at least 30 years and if the project meets specified conditions relating to location and being subject to a discretionary decision other than a conditional use permit. Existing law provides for various incentives intended to facilitate and expedite the construction of affordable housing. This bill would, notwithstanding any local restrictions on adopting zoning ordinances, authorize a local government to adopt an ordinance to zone any parcel for up to 10 units of residential density per parcel, at a height specified in the ordinance, if the parcel is located in a transit-rich area, a jobs-rich area, or an urban infill site, as those terms are defined. In this regard, the bill would require the Department of Housing and Community Development, in consultation with the Office of Planning and Research, to determine jobs-rich areas and publish a map of those areas every 5 years, commencing January 1, 2023, based on specified criteria. The bill would specify that an ordinance adopted under these provisions, and any resolution to amend the jurisdiction's General Plan, ordinance, or other local regulation adopted to be consistent with that ordinance, is not a project for purposes of the California Environmental Quality Act. The bill would impose specified requirements on a zoning ordinance adopted under these provisions, including a requirement that the zoning ordinance clearly demarcate the areas		Governance And Finance (text 4/13/2021) Support AARP Abundant Housing LA American Planning Association, California Chapter Association of Bay Area Governments Bay Area Council BRIDGE Housing Corporation California Apartment Association California Association of Realtors California Chamber of Commerce California Community Builders California Rental Housing Association California YIMBY CBIA

SB 17 Pan D Office of Racial Equity.	5/20/2021- S. SECOND READING 5/20/2021- From committee: Do pass as amended. (Ayes 5. Noes 2.) (May 20). Read second time and amended. Ordered to second reading.	Existing law establishes an Office of Health Equity in the State Department of Public Health for purposes of aligning state resources, decisionmaking, and programs to accomplish certain goals related to health equity and protecting vulnerable communities. Existing law requires the office to develop department-wide plans to close the gaps in health status and access to care among the state’s diverse racial and ethnic communities, women, persons with disabilities, and the lesbian, gay, bisexual, transgender, queer, and questioning communities, as specified. Existing law requires the office to work with the Health in All Policies Task Force to assist state agencies and departments in developing policies, systems, programs, and environmental change strategies that have population health impacts by, among other things, prioritizing building cross-sectoral partnerships within and across departments and agencies to change policies and practices to advance health equity. This bill, until January 1, 2029, would establish in state government an Office of Racial Equity, an independent public entity not affiliated with an agency or department, governed by a Racial Equity Advisory and Accountability Council. The bill would authorize the council to hire an executive director to organize, administer, and manage the operations of the office. The bill would task the office with coordinating, analyzing, developing, evaluating, and recommending strategies for advancing racial equity across state agencies, departments, and the office of the Governor. The bill would require the office,	Support	Judiciary (text 4/5/2021) Support A New Way of Life Reentry Project Advancement Project California Alliance San Diego American Academy of Pediatrics, California District APLA Health Asian Pacific Environmental Network Asian Pacific Policy & Planning Council Black Leadership Council Brotherhood Crusade CA4Health California Access Coalition California Alliance of Child and Family Services

SB 51 Durazo D Surplus residential property.	3/22/2021- A. THIRD READING 3/22/2021- Read second time. Ordered to third reading.	(1)Existing law prescribes requirements for the disposal of surplus land by a local agency, as defined. Existing law provides that certain dispositions of real property by local agencies are subject to surplus land disposal procedures as they existed on December 31, 2019, without regard to specified amendments that took effect on January 1, 2020, if those dispositions comply with specified requirements. Under existing law, these provisions apply to dispositions by a local agency that, as of September 30, 2019, has entered into an exclusive negotiating agreement or legally binding agreement to dispose of property, provided that the disposition is completed not later than December 31, 2022. This bill, except in the case of specified property, would additionally provide that the surplus land disposal procedures as they existed on December 31, 2019, apply if a local agency, as of September 30, 2019, has issued a competitive request for proposals that seeks development proposals seeking development proposals for the property that includes a residential component of at least 100 residential units and 25% of the total units developed comply with specified affordability criteria, provided that a disposition and development agreement, as defined, is entered into not later than December 31, 2024. If the property is not disposed of pursuant to a qualifying disposition and development agreement before March 31, 2026, or if no disposition and development agreement is entered into before December 31, 2024, the bill would require that future negotiations for and disposition of the property comply with the surplus land disposal procedures then in effect. The bill would extend these dates in the event of a judicial challenge to 6 months following the final conclusion of litigation. This bill would, with respect to surplus residential property that is located within the City of Los Angeles, instead require that if the surplus residential property is not sold to a former owner or present occupant, as described above, the property be offered at fair market		Housing And Community Development (text 3/8/2021) Support Abundant Housing LA County of Los Angeles, Board of Supervisors Eric Garcetti, Mayor, City of Los Angeles San Diego Metropolitan Transit System Oppose United Caltrans Tenants

SB 66 Allen D California Council on the Future of Transportation: advisory committee: autonomous vehicle technology.	5/20/2021- S. THIRD READING 5/20/2021- From committee: Do pass. (Ayes 7. Noes 0.) (May 20). Read second time. Ordered to third reading.	Existing law establishes the Transportation Agency, which consists of various departments and state entities including the California Transportation Commission and the Department of Transportation. Under existing law, the agency is under the supervision of an executive officer known as the Secretary of Transportation, who is required to develop and report to the Governor on legislative, budgetary, and administrative programs to accomplish comprehensive, long-range, and coordinated planning and policy formulation in the matters of public interest related to the agency. This bill would require the secretary to establish an advisory committee, the California Council on the Future of Transportation, to provide the Governor and the Legislature with recommendations for changes in state policy to ensure that as autonomous vehicles are deployed, they enhance the state's efforts to increase road and transit safety, promote equity, and meet public health and environmental objectives. The bill would require the council to be chaired by the secretary and consist of 23 additional members, selected by the chair or designated, as specified. 		decommissioning of deserted production facilities. If the supervisor determines that the current operator does not have the financial resources to fully cover the cost of plugging and abandoning the well or the decommissioning of deserted production facilities, existing law requires the immediately preceding operator to be responsible for the cost of plugging and abandoning the well or the decommissioning of deserted production facilities. This bill would require the supervisor to provide specified committees of the Legislature by July 1, 2022, with the process the supervisor has established to determine that the current operator does not have the financial resources to fully cover the cost of plugging and abandoning the well or the decommissioning of deserted production facilities, or for a previous operator. The bill would require the supervisor to, in a timely manner, post the materials provided to the legislative committees on a public portion of the division's internet website. This bill contains other related provisions and other existing laws. SB 210 Wiener D Automated license plate recognition systems: use of data.	4/5/2021- S. APPR. SUSPENSE FILE 5/20/2021- May 20 hearing: Held in committee and under submission.	Existing law authorizes the Department of the California Highway Patrol to retain license plate data captured by license plate reader technology, also referred to as an automated license plate recognition (ALPR) system, for not more than 60 days unless the data is being used as evidence or for the investigation of felonies. Existing law authorizes the department to share that data with law enforcement agencies for specified purposes and requires both an ALPR operator and an ALPR end-user, as those terms are defined, to implement a usage and privacy policy regarding that ALPR information, as specified. Existing law requires that the usage and privacy policy implemented by an ALPR operator or an ALPR end-user include the length of time ALPR information will be retained and the process the ALPR operator and ALPR end-user will utilize to determine if and when to destroy retained ALPR information. This bill would include in those usage and privacy policies a		Judiciary (text 3/15/2021) Support Access Humboldt Asian Americans Advancing Justice, California California Immigrant Policy Center Common Sense Consumer Federation of America Electronic Frontier Foundation

SB 224 Portantino D Pupil instruction: mental health education.	5/20/2021- S. SECOND READING 5/20/2021- From committee: Do pass as amended. (Ayes 7. Noes 0.) (May 20). Read second time and amended. Ordered to second reading.	Existing law requires, during the next revision of the publication “Health Framework for California Public Schools,” the Instructional Quality Commission to consider developing, and recommending for adoption by the State Board of Education, a distinct category on mental health instruction to educate pupils about all aspects of mental health. Existing law requires mental health instruction for these purposes to include, but not be limited to, specified elements, including reasonably designed and age-appropriate instruction on the overarching themes and core principles of mental health. This bill would require each school district, county office of education, state special school, and charter school to ensure that all pupils in grades 1 to 12, inclusive, receive evidence-based, age-appropriate mental health education from instructors trained in the appropriate courses at least once in elementary school, at least once in junior high school or middle school, as applicable, and at least once in high school. The bill would require that instruction to include, among other things, reasonably designed instruction on the overarching themes and core principles of mental health. The bill would require that instruction and related materials to, among other things, be appropriate for use with pupils of all races, genders, sexual orientations, and ethnic and cultural backgrounds, pupils with disabilities, and English learners. By imposing additional requirements on local educational agencies, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. SB 229 Dahle R Pupil health: mental health services: grants.	5/10/2021- S. APPR. SUSPENSE FILE 5/20/2021- May 20 hearing: Held in committee and under submission.	Existing law requires the governing board of any school district to give diligent care to the health and physical development of pupils and authorizes the governing board of a school district to employ properly certified persons for the work, including school psychologists and counselors. This bill would require the State Department of Education, upon appropriation by the Legislature, to provide up to \$500,000,000 in grants each year for the purpose of providing mental health services for all pupils, including those affected by school closures and distance learning requirements resulting from the COVID-19 pandemic. The bill would require the department to allocate those grants to local educational agencies, as specified. The bill would be implemented only to the extent that funds for its purposes are appropriated by the Legislature in the annual Budget Act, and would authorize that appropriation to come from any available state and federal funds. exemption: museums.	hearing: Held in committee and under submission.	accomplishment of the exempt purpose. Under existing property tax law, property used exclusively for the charitable purposes of museums owned and operated by a religious, hospital, scientific, or charitable fund, foundation, limited liability company, or corporation that meets these criteria is deemed to be within the welfare exemption. Existing property tax law requires a person claiming the welfare exemption to file that claim with the assessor and obtain an organizational clearance certificate from the State Board of Equalization, as provided. This bill would define the term “museum” for these purposes. The bill would provide that property used exclusively for the charitable purposes of museums includes property that a museum makes available for special events, including private rental events for its individual or corporate members, that provide access to the museum’s exhibitions, collections, or other educational offerings as part of the events, or that the museum makes available to other nonprofit or government organizations for charitable or governmental purposes, regardless of whether the museum charges any fee or receives charitable contributions in connection with those special events. The bill would further provide that these special event uses shall be considered related to the primary charitable purposes of museums and reasonably necessary or incidental to those purposes. By adding to the duties of assessors in administering the welfare exemption, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.		Museums California Association of Nonprofits California Indian Museum & Cultural Center Charles M. This bill would state the intent of the Legislature to enact legislation to strengthen the commission's oversight of electrical corporations' efforts to reduce their fire risk and use of deenergization events.		
SB 260 Wiener D Climate Corporate Accountability Act.	5/17/2021-S. APPR. SUSPENSE FILE 5/20/2021-May 20 hearing: Held in committee and under submission.	The California Global Warming Solutions Act of 2006 requires the State Air Resources Board to adopt regulations to require the reporting and verification of statewide greenhouse gas emissions and to monitor and enforce compliance with the act. The act requires the state board to make available, and update at least annually, on its internet website the emissions of greenhouse gases, criteria pollutants, and toxic air contaminants for each facility that reports to the state board, as provided. This bill would require the state board, on or before January 1, 2023, to develop and adopt regulations requiring United States-based partnerships, corporations, limited liability companies, and other business entities with total annual revenues in excess of \$1,000,000,000 and that do business in California, defined as "reporting entities," to publicly disclose, starting in 2024 on a date to be determined by the state board, and annually thereafter, their greenhouse gas emissions, categorized as scope 1, 2, and 3 emissions, as defined, from the prior calendar year. The bill would require reporting entities to disclose their greenhouse gas emissions in a manner that is easily understandable and accessible to residents of the state. The bill would require reporting entities to ensure that their public disclosures have been independently verified by a third-party auditor, approved by the state board, with expertise in greenhouse gas emissions accounting. Local government meetings: agenda and documents.	Referred to Com. on L. GOV.	territory over which the local agency exercises jurisdiction, with specified exceptions. Existing law authorizes a person to request that a copy of an agenda, or a copy of all the documents constituting the agenda packet, of any meeting of a legislative body be mailed to that person. This bill would require a local agency with an internet website, or its designee, to email a copy of, or website link to, the agenda or a copy of all the documents constituting the agenda packet if the person requests that the items be delivered by email. If a local agency determines it to be technologically infeasible to send a copy of the documents or a link to a website that contains the documents by email or by other electronic means, the bill would require the legislative body or its designee to send by mail a copy of the agenda or a website link to the agenda and to mail a copy of all other documents constituting the agenda packet, as specified. By requiring local agencies to comply with these provisions, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. Regional Transit District: procurement.	Com. on L. GOV.	The act requires the district to publish notice requesting bids at least once in a newspaper of general circulation. This bill would increase that competitive bidding threshold to \$150,000 and specify that the contract be let, in the district's discretion, either to the lowest responsible bidder or to a responsible bidder that submits a proposal that provides the best value, as defined, to the district. The bill would also require, for the purchase of supplies, equipment, or materials that exceeds \$5,000, but does not exceed \$150,000, the district to obtain, to the extent practicable, a minimum of 3 written or oral quotes that permit the district to compare the prices and terms for the purchase. By imposing additional duties on local officials, the bill would impose a state-mandated local program. This bill contains other existing laws.		San Joaquin Regional Transit District Oppose None
SB 339 Wiener D Vehicles: road usage charge pilot program.	5/20/2021- S. SECOND READING 5/20/2021- From committee: Do pass as amended. (Ayes 5. Noes 2.) (May 20). Read second time and amended. Ordered to second reading.	Existing law requires the Chair of the California Transportation Commission to create a Road Usage Charge (RUC) Technical Advisory Committee in consultation with the Secretary of Transportation. Under existing law, the purpose of the technical advisory committee is to guide the development and evaluation of a pilot program to assess the potential for mileage-based revenue collection as an alternative to the gas tax system. Existing law requires the technical advisory committee to study RUC alternatives to the gas tax, gather public comment on issues and concerns related to the pilot program, and make recommendations to the Secretary of Transportation on the design of a pilot program, as specified. Existing law repeals these provisions on January 1, 2023. This bill would extend the operation of these provisions until January 1, 2027. The bill would require the Transportation Agency, in consultation with the California Transportation Commission, to implement a pilot program to identify and evaluate issues related to the collection of revenue for a road charge program, as specified. The bill would require the RUC Technical Advisory Committee to make recommendations to the Transportation Agency		Transportation (text 4/5/2021) Support American Automobile Association of Northern California, Nevada & Utah Automobile Club of Southern California Bay Area Council Bay Area Rapid Transit California Transit Association California Transportation Commission East Bay for Everyone Fossil Free California

SB 375 Wilk R Employment Development Department: unemployment insurance claimants: assistance.	3/18/2021- S. L., P.E. & R. 3/18/2021-Re- referred to Com. on L., P.E. & R.	Existing law establishes the Employment Development Department within the Labor and Workforce Development Agency and sets forth its powers and duties, including administration of the unemployment and disability insurance programs for California. Existing law requires the department to pay unemployment compensation benefits to unemployed individuals meeting specified requirements, to periodically review policies and practices used to determine eligibility for and the amount of benefits in the unemployment insurance program, and to report to the Legislature, as specified. Under existing law, unemployment compensation benefits are paid from the Unemployment Fund, and the expenses for administering these provisions are paid from the Unemployment Administration Fund, which is continuously appropriated for these purposes. This bill would require the department to implement a formal policy no later than October 1, 2021, that establishes a process for tracking and periodically analyzing call information data to determine the reasons why unemployment insurance claimants call the

SB 390 Laird D Employment Development Department: comprehensive plan.	5/20/2021- S. SECOND READING 5/20/2021- From committee: Do pass as amended. (Ayes 7. Noes 0.) (May 20). Read second time and amended. Ordered to second reading.	Existing law creates, in the Labor and Workforce Development Agency, the Employment Development Department, which is vested with the duties, purposes, responsibilities, and jurisdiction with respect to job creation activities. The department is authorized to study and make recommendations as to actions that might tend to do several things, including, but not limited to, promoting the prevention of unemployment and the stabilization of employment, reducing and preventing unemployment, and establishing the most effective methods of providing economic security through all forms of social insurance. This bill would require the department to develop and, upon appropriation by the Legislature, implement a comprehensive plan to prepare for an increase in unemployment insurance compensation benefits claims due to an economic recession. The bill would require the plan to detail how to respond to economic downturns with a predetermined strategy that has considered the full effect on the department's operations, and include, but not be limited to, identifying the lessons learned from previous economic downturns, identifying ways to improve self-serve services to avoid long wait		Committee On Labor, Public Employment And Retirement (text 4/5/2021) Support California Chamber of Commerce California Conference Board of the Amalgamated Transit Union California Conference of Machinists California Teamsters Public Affairs Council Engineers and Scientists of California, IFPTE Local 20

SB 423 Stern D Energy: renewable and zero-carbon resources.	5/20/2021-S. SECOND READING 5/20/2021-From committee: Do pass as amended. (Ayes 5. Noes 2.) (May 20). Read second time and amended. Ordered to second reading.	The 100 Percent Clean Energy Act of 2018 established as a policy of the state that eligible renewable energy resources and zero-carbon resources supply 100% of retail sales of electricity to California end-use customers and 100% of electricity procured to serve all state agencies by December 31, 2045. Existing law requires the Public Utilities Commission (PUC) and State Energy Resources Conservation and Development Commission (Energy Commission), in consultation with the State Air Resources Board (state board), to take steps to ensure that a transition to a zero-carbon electric system for the State of California does not cause or contribute to greenhouse gas emissions increases elsewhere in the western grid. Existing law requires the PUC, Energy Commission, state board, and all other state agencies to incorporate that policy into all relevant planning. Existing law requires the PUC, Energy Commission, and state board to use programs authorized under existing statutes to achieve that policy. This bill would require the state board and Energy Commission to timely incorporate emerging renewable energy and firm zero-carbon resources, as defined, into its energy and resource planning processes, as specified. This bill contains other related provisions and other existing laws. SB 437 Wieckowski D Local publicly owned electric utilities: integrated resource planning: transportation electrification.	5/20/2021- A. U. & E. 5/20/2021- Referred to Com. on U. & E.	Existing law requires that the governing board of a local publicly owned electric utility with an annual electrical demand exceeding 700 gigawatthours adopt an integrated resource plan and a process for updating the plan at least once every 5 years to ensure the utility achieves specified objectives. Existing law requires that the local publicly owned electric utility's integrated resource plan address procurement for, among other things, transportation electrification. This bill would require that each updated integrated resource plan include details of the utility's electrical service rate design that support transportation electrification, and existing or planned incentives to support transportation electrification, as specified. The bill would require that the rate design include details for all applicable transportation sectors. The bill would require that each integrated resource plan include information about the utility's customer education and outreach efforts being implemented to inform utility customers of available incentives and decisionmaking tools, such as cost calculators or cost estimates that can assist customers in predicting the cost of paying for electricity for vehicles. By placing additional requirements upon local publicly owned electric utilities, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. Fire prevention: wildfire and forest resilience: action plan: reports.	READING 5/20/2021- From committee: Do pass as amended. (Ayes 7. Noes 0.) (May 20). Read second time and amended. Ordered to second reading.	among other things, fire protection and prevention, as provided. The former Governor, Edmund G. Brown Jr., issued an executive order relating to, among other subjects, the streamlining of permitting for landowner-initiated projects for the improvement of forest health and the reduction of forest fire fuels on their properties. Pursuant to this executive order, a Forest Management Task Force involving specified state agencies was convened and an action plan was created. This bill would require the task force, including the agency and the department, on January 1, 2022, to develop a comprehensive implementation strategy to achieve the goals and key actions identified in the action plan, as provided. The bill would require the implementation strategy to address specified actions, including increasing the pace and scale of wildfire and forest resilience activities, as provided. The bill would require the task force, on or before January 1, 2023, and annually thereafter until January 1, 2048, to submit a report containing specified information, including progress made in achieving the goals and key actions identified in the action plan, to the appropriate policy and budget committees of the Legislature. The bill would require the task force, on or before January 1, 2026, and every 5 years thereafter, to update the action plan, as provided. The bill would require the task force to invite the participation of specified federal entities in the creation, alignment, and coordination of joint efforts related to the above-described provisions. development projects.	pass as amended. (Ayes 6. Noes 1.) (May 20). Read second time and amended. Ordered to second reading.	that the housing element or an amendment to that element, or any specified action or failure to act, does not substantially comply with the law as it pertains to housing elements or that any local government has taken an action in violation of certain housing laws. This bill would prohibit a local agency, as defined, from imposing a floor-to-area ratio standard that is less than 1.0 on a housing development project that consists of 3 to 7 units, or less than 1.25 on a housing development project that consists of 8 to 10 units. The bill would prohibit a local agency from imposing a lot coverage requirement that would preclude a housing development project from achieving the floor-to-area ratios described above. The bill would prohibit a local agency from denying a housing development project located on an existing legal parcel solely on the basis that the lot area of the proposed lot does not meet the local agency's requirements for minimum lot size. The bill would only apply to housing development projects that meet specified requirements, including, among other things, that the project be located in a multifamily residential zone or a mixed-use zone, as specified. The bill would additionally require the department to identify violations by a local government of these provisions, as described above. SB 500 Min D Autonomous vehicles: zero emissions.	5/10/2021- S. APPR. SUSPENSE FILE 5/20/2021- VOTE: Do pass as amended (PASS)	Existing law establishes regulations for the operation of an autonomous vehicle on public roads for testing purposes by a driver who possesses the proper class of license for the type of vehicle being operated if the manufacturer meets prescribed requirements. This bill would, to the extent allowed by federal law, prohibit the Department of Motor Vehicles from accepting an application for original registration of a qualifying autonomous vehicle that is first operated, sold, leased, offered for sale, or offered for lease in the state on or after January 1, 2027, unless that qualifying autonomous vehicle is a zero-emission vehicle. The bill would define “qualifying autonomous vehicle” to mean a self-propelled vehicle with a gross vehicle weight rating less than 10,001 pounds and with specific automation technology that is permitted by the department for deployment as an autonomous vehicle. The bill would define “zero-emission vehicle” to mean a self-propelled vehicle that produces no tailpipe emissions of criteria pollutants, toxic air contaminants, and greenhouse gases when stationary or operating, as determined by the State Air Resources Board. This bill contains other existing laws. SB 542 Limón D Vehicle license fees for zero-emission vehicles: sales and use taxes on medium- or heavy-duty zero-emission trucks.	5/17/2021-S. APPR. SUSPENSE FILE 5/20/2021-VOTE: Do pass as amended (PASS)	Existing sales and use tax laws impose taxes on retailers measured by gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state, measured by sales price. The Sales and Use Tax Law provides various exemptions from those taxes. This bill would provide an exemption from those taxes with respect to the sale in this state of, and the storage, use, or other consumption in this state of, a qualified motor vehicle. The bill would define “qualified motor vehicle” as a specified zero-emission truck. The bill would provide that this exemption does not apply to specified state sales and use taxes from which the proceeds are deposited into the Local Revenue Fund, the Local Revenue Fund 2011, or the Local Public Safety Fund. This bill contains other related provisions and other existing laws. By requiring that a developer certify specified information with respect to these requirements, this bill would expand the crime of perjury. This bill contains other related provisions and other existing laws.		
SB 580 Hueso D Department of Transportation: highways and roads: recycled plastics study and specifications.	5/20/2021- S. SECOND READING 5/20/2021- From committee: Do pass as amended. (Ayes 7. Noes 0.) (May 20). Read second time and amended. Ordered to second reading.	The California Integrated Waste Management Act of 1989 requires the Director of Transportation, upon consultation with the Department of Resources Recycling and Recovery, to review and modify all bid specifications relating to the purchase of paving materials and base, subbase, and pervious backfill materials using certain recycled materials. Existing law requires the specifications to be based on standards developed by the Department of Transportation for recycled paving materials and for recycled base, subbase, and pervious backfill materials. Existing law requires a local agency that has jurisdiction over a street or highway to either adopt these standards developed by the Department of Transportation or to discuss at a public hearing why the standards are not being adopted. Existing law requires the State Procurement Officer, when purchasing materials to be used in paving or paving subbase for use by the Department of Transportation and any other state agency that provides road construction and repair services, to contract for those items that use recycled material in those materials, unless the Director of Transportation determines that the use of the materials is not cost effective. This bill would authorize the department to conduct a study to assess the feasibility, cost effectiveness, and life-cycle environmental benefits and detrimental impacts of including recycled plastics in asphalt used as a paving material in the construction, maintenance, or rehabilitation of a highway or		Transportation (text 2/18/2021) Support American Chemistry Council Cal Green Alt, LLC Dow Chemical Company and Its Affiliate, Dow Agrosiences; the Macrebur Limited Macrebur Southern California Plastics Industry Association Progressive Club Bonita Vista High School Oppose California Asphalt Pavement Association California Coastkeeper

		road. If the department conducts the study, the bill would require the Ocean Protection Council to review the study design and findings to determine how including recycled plastics in asphalt for use as a paving material will impact the ocean's health and would require the department to assess, as part of the study, any life-cycle environmental benefits or detrimental impacts identified by the council. If the department determines that this use of recycled plastics is feasible and that recycled plastics can be included in asphalt in a manner that is cost effective and provides life-cycle environmental benefits, the bill would authorize the department to establish specifications for including recycled plastics in asphalt used as a paving material in the construction, maintenance, and rehabilitation of a highway or road. The bill would require the department to prepare and submit, on or before January 1 of each year, commencing January 1, 2023, an analysis to the Assembly Committee on Transportation and the Senate Committee on Transportation on its progress studying recycled plastics and its progress toward establishing specifications for including recycled plastics in asphalt, as described above. The bill would require a local agency that has jurisdiction over a street or highway to either adopt the specifications established by the Department of Transportation or discuss at a public hearing why the specifications are not being adopted. By increasing the duties of local agencies, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. Mitigation, Safe Restoration, and Just Resilience Act of 2021.	committee: Do pass as amended. (Ayes 5. Noes 2.) (May 20). Read second time and amended. Ordered to second reading.	that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions, and to update the plan not less than every 5 years. Under the act, a violation of a rule, regulation, order, emission limitation, emission reduction measure, or other measure adopted by the state board under the act is a crime. This bill would require the state board to ensure that statewide greenhouse gas emissions are reduced to at least 40% and up to 80% below the 1990 level by 2030. By expanding the scope of a crime, this bill would imposed a state-mandated local program. The bill would adopt a state policy to lead a global effort to restore oceanic and atmospheric concentrations of greenhouse gas emissions to preindustrial levels as soon as possible to secure a safe climate for all, and to restore community health and reverse the impacts from the damage and injustice climate change is causing to the people, the economy, and the environment of California. The bill would require the Secretary of the Natural Resources Agency, in coordination with the Secretary for Environmental Protection and the State Air Resources Board, and concurrent with the scoping plan, to develop a climate restoration plan that specifies carbon removal targets, before 2035, as necessary to facilitate achievement of those goals. This bill contains other related provisions and other existing laws. SB 598 Pan D Sacramento Regional Transit District: employee relations.	5/20/2021- S. THIRD READING 5/20/2021- From committee: Do pass. (Ayes 5. Noes 2.) (May 20). Read second time. Ordered to third reading.	Existing law establishes the Public Employment Relations Board (PERB) in state government as a means of resolving disputes and enforcing the statutory duties and rights of specified public employers and employees under various acts regulating collective bargaining, including the Meyers-Milias-Brown Act. Existing law includes within PERB’s jurisdiction the resolution of disputes alleging violation of rules and regulations adopted by a public agency, as defined, concerning unit determinations, representations, recognition, and elections, as specified. Existing law does not apply the above provisions to employees of specified transit agencies, including the Sacramento Regional Transit District, among others. This bill would grant PERB jurisdiction to enforce these labor provisions applicable to the Sacramento Regional Transit District and would require employers and employees to adjudicate complaints of specified labor violations before PERB as an unfair labor practice, subject to specified exceptions. The bill would provide that exclusive representatives have the right to represent their bargaining units in employer-employee relations with the district, and employees have the right to be represented by their exclusive representative. The bill would require the district to give		Judiciary (text 4/12/2021) Support American Federation of State, County and Municipal Employees California-Nevada Conference of Operating Engineers International Brotherhood Of Electrical Workers, Local 1245 Sacramento Regional Transit District Oppose None

		reasonable written notice to an exclusive representative of its intent to make any changes to matters within the scope of representation for purposes of providing the exclusive representative a reasonable amount of time to negotiate with the district regarding the proposed changes. The bill would also make it unlawful for the district or an employee organization to engage in certain acts, including imposing or threatening to impose reprisals on employees, or refusing to meet and negotiate in good faith in mutually agreed upon impasse procedures. By requiring the district transit agencies to adjudicate claims before PERB, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.		
SB 602 Laird D Review of conservatorships : care plans.	5/20/2021- S. THIRD READING 5/20/2021- From committee: Do pass. (Ayes 7. Noes 0.) (May 20). Read second time. Ordered to third reading.	Existing law generally provides for the establishment, review, and termination of conservatorships. Existing law specifies the persons who may be appointed as a conservator and requires the court to review a conservatorship 6 months after the initial appointment of the conservator, one year after the appointment of the conservator, and annually thereafter. Existing law sets forth the powers and duties of a conservator for the care, custody, and control of a conservatee. This bill would require a conservator, within 30 days of appointment and within 30 days before a hearing to determine the continuation or termination of an existing conservatorship, to submit a care plan to specified persons regarding the care, custody, and control of the conservatee. The bill would require the Judicial Council to develop a form for the care plan, which would be required to include specified information, including descriptions of the conservatee’s living arrangement and level of care and any plans to modify those within the next 12 months. The bill would impose sanctions for a conservator’s failure to timely submit a care plan, including requiring the court to impose a civil penalty in any amount up to \$5,000, to be deposited into an unspecified fund, unless the court finds good cause to not impose a penalty. 		The bill would require the most recent care plan to be included within the court investigator's report, and would further require the court to review the most recent care plan in determining the continuation or termination of the conservatorship.		
SB 640 Becker D Transportation financing: jointly funded projects.	5/20/2021- S. SECOND READING 5/20/2021- From committee: Do pass as amended. (Ayes 7. Noes 0.) (May 20). Read second time and amended. Ordered to second reading.	Existing law vests the Department of Transportation with full possession and control of the state highway system and associated property. Existing law creates the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. Existing law provides for the deposit of various funds, including revenues from certain increases in fuel taxes and vehicle fees, for the program into the Road Maintenance and Rehabilitation Account. After certain allocations for the program are made, existing law requires the remaining funds available for the program to be continuously appropriated 50% for allocation to the department for maintenance of the state highway system or for the State Highway Operation and Protection Program and 50% for apportionment to cities and counties by the Controller pursuant to a specified formula. Existing law requires a city or county to submit to the California Transportation Commission a list of proposed projects, as specified, to be eligible for an apportionment of those funds. This bill would authorize cities and counties to propose projects to be jointly funded by the cities and counties' apportionments of those funds, as specified. Fuel cell electric vehicle fueling infrastructure and fuel production: statewide assessment.	READING 5/20/2021- From committee: Do pass as amended. (Ayes 7. Noes 0.) (May 20). Read second time and amended. Ordered to second reading.	pollution. Existing law requires the State Energy Resources Conservation and Development Commission (Energy Commission), in partnership with the state board, and in consultation with specified state agencies, to develop and adopt a state plan to increase the use of alternative fuels. This bill would, until January 1, 2030, require the state board, in consultation with the Energy Commission and the Public Utilities Commission, to prepare a statewide assessment of the fuel cell electric vehicle fueling infrastructure and fuel production needed to support the adoption of zero-emission trucks, buses, and off-road vehicles at levels necessary for the state to meet specified goals and requirements relating to vehicular air pollution. The bill would require the statewide assessment to consider all necessary fuel production and distribution infrastructure, as specified, to meet those goals and requirements and to examine existing and future fuel production and distribution infrastructure needs throughout the state, including in low-income communities. The bill would require the state board to regularly seek data and input relating to fuel cell electric vehicle fuel production and fueling infrastructure from specified state agencies and interested stakeholders. The bill would require the state board to complete the statewide assessment on or before December 31, 2023, and to update the statewide assessment at least once every 2 years. The bill would require the state board to post the initial and updated statewide assessments on its internet website.		Support Advanced Structural Technologies, INC. Alaska Applied Sciences INC. SB 671 Gonzalez D Transportation: Clean Freight Corridor Efficiency Assessment.	5/20/2021- S. THIRD READING 5/20/2021- From committee: Do pass. (Ayes 7. Noes 0.) (May 20). Read second time. Ordered to third reading.	Existing law imposes various limitations on the emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. Existing law establishes the California Transportation Commission and requires it to advise and assist the Secretary of Transportation and the Legislature in formulating and evaluating state policies and plans for transportation programs in the state. Existing law requires the Department of Transportation to update the California Transportation Plan every 5 years and ensure that the plan addresses how the state will achieve maximum feasible emissions reductions. Existing law also requires the Transportation Agency to prepare a state freight plan on or before December 31, 2014, and every 5 years thereafter, with specified elements to govern the immediate and long-range planning activities and capital investments of the state with respect to the movement of freight. This bill would establish the Clean Freight Corridor Efficiency Assessment, to be developed by the California Transportation Commission, in coordination with other state agencies. In developing the assessment, the bill would require the commission to identify freight corridors, or segments of corridors, throughout the state that would be priority candidates for the deployment of zero-emission medium- and heavy-duty vehicles. The bill would require the commission to submit a report containing the	Support	Environmental Quality (text 4/6/2021) Support Breathe Southern California Calstart Inc. housing organizations.	20). Read second time. Ordered to third reading.	of very low, low, or moderate income. This bill, as an alternative to ensuring that the initial occupant of a for-sale unit is a person or family of the required income, would authorize the developer and the city or county to ensure that a qualified nonprofit housing organization that is receiving the above-described welfare exemption purchases the unit pursuant to a specified recorded contract that includes an affordability restriction, an equity sharing agreement, and a repurchase option that requires a subsequent purchaser that desires to sell or convey the property to first offer the nonprofit corporation the opportunity to repurchase the property. By imposing these requirements on local agencies with respect to density bonuses, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.		Oppose None
SB 743 Bradford D Housing developments: broadband adoption: grant program.	5/20/2021- S. THIRD READING 5/20/2021- From committee: Do pass. (Ayes 7. Noes 0.) (May 20). Read second time. Ordered to third reading.	Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including telephone corporations. Existing law requires the commission to develop, implement, and administer the California Advanced Services Fund program to encourage deployment of high-quality advanced communications services to all Californians that will promote economic growth, job creation, and the substantial social benefits of advanced information and communications technologies. This bill, upon appropriation by the Legislature, would require the Public Utilities Commission to establish a grant program to fund broadband adoption, digital literacy, and computer equipment for eligible publicly supported communities, as defined. The bill would require the commission to award grants to eligible publicly supported communities for the purpose of providing either one-time funding for computer equipment and to establish computer labs or ongoing funding for up to 3 years for broadband service and digital literacy programs. This bill contains other existing laws. SB 746 Skinner D California Consumer Privacy Act of 2018: personal information: political purpose.	5/20/2021-S. SECOND READING 5/20/2021-From committee: Do pass as amended. (Ayes 5. Noes 2.) (May 20). Read second	Existing law, the California Consumer Privacy Act of 2018 (CCPA), grants a consumer, as defined, various rights with regard to personal information relating to that consumer that is held by a business, as defined, including the right to request that a business that collects personal information about the consumer disclose the categories of personal information it has collected about that consumer. The California Privacy Rights Act of 2020, approved by the voters as Proposition 24 at the November 3, 2020, statewide general election, establishes the California Privacy Protection Agency, which is vested with full administrative power, authority, and jurisdiction to implement and enforce the California Consumer Privacy Act of 2018. This bill would grant a consumer the right to request that a business disclose to the consumer whether or not the		Judiciary (text 3/25/2021) Support Californians for Consumer Privacy Common Sense Consumer Watchdog Oppose California Chamber of Commerce Internet Association TechNet

	time and amended. Ordered to second reading.	business uses personal information collected about the consumer for a political purpose, as defined. The bill would require a business that collects personal information about a consumer and uses that information for a political purpose to disclose to the consumer specified information upon receipt of a verifiable consumer request from the consumer, including the name of any candidate or committee for which the consumer's personal information was used for a political purpose. The bill would also require the business to disclose that information to the California Privacy Protection Agency or the Attorney General, as specified. The bill would also make conforming changes. This bill contains other related provisions and other existing laws.		
SB 751 Gonzalez D Environmental justice.	2/19/2021- S. RLS. 3/3/2021- Referred to Com. on RLS.	Existing law requires the Secretary for Environmental Protection to convene a Working Group on Environmental Justice composed of various representatives, as specified, to assist the California Environmental Protection Agency in developing an agencywide environmental justice strategy. This bill would state the intent of the Legislature to enact subsequent legislation to promote environmental justice by ensuring that disadvantaged communities, often low-income communities of color, do not continue to be overburdened with unfair shares of pollution.		
SB 771 Becker D Sales and Use Tax Law: zero emissions vehicle exemption.	5/20/2021- S. THIRD READING 5/20/2021- From committee: Do pass. (Ayes 5. Noes 2.) (May 20). Read	Existing state sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. The Sales and Use Tax Law provides various exemptions from those taxes. This bill, on or after January 1, 2022, would provide an exemption from those taxes with respect to the sale in this state of, and the storage, use, or other consumption in this state of, a qualified motor vehicle, as defined, sold to a qualified buyer, as defined. The bill would		Governance And Finance (text 5/3/2021) Support Edison International and Affiliates, Including Southern California Edison Oppose California State Association of Counties

This bill contains other related provisions and other existing laws.		
SB 780 Cortese D Local finance: public investment authorities.	5/20/2021- A. L. GOV. 5/20/2021- Referred to Coms. on L. GOV. and H. & C.D.	Existing law establishes enhanced infrastructure financing districts to finance public capital facilities or other specified projects of communitywide significance. Existing law provides for the membership of the governing body of the district, referred to as the public financing authority. If a district has only one participating affected taxing entity, existing law requires the public financing authority's membership to consist of 3 members of the legislative body and 2 members of the public chosen by the legislative body. If a district has 2 or more participating affected taxing entities, existing law requires the public financing authority's membership to consist of a majority of members from the legislative bodies of the participating entities, and a minimum of 2 members of the public chosen by the legislative bodies of the participating entities. This bill would authorize the legislative bodies to appoint an alternate member to the public financing authority who may serve and vote in place of a member who is absent or disqualifies themselves from participating in a meeting of the authority. If a district has more than 3 participating affected taxing entities, the bill would authorize the legislative bodies of the taxing entities to, upon agreement, appoint only one member of their respective legislative bodies, and one alternate member, in addition to the public members. This bill contains other related provisions and other existing laws. SB 798 Wieckowski D Trade Corridor Enhancement Account.	2/19/2021- S. RLS. 3/3/2021- Referred to Com. on RLS.	Existing law creates the Trade Corridor Enhancement Account to receive revenues attributable to 50% of a \$0.20 per gallon increase in the diesel fuel excise tax imposed by the Road Repair and Accountability Act of 2017 for corridor-based freight projects nominated by local agencies and the state. Existing law makes these funds and certain federal funds apportioned to the state available upon appropriation for allocation by the California Transportation Commission for trade infrastructure improvement projects that meet specified requirements. This bill would make nonsubstantive changes to this provision.
