AB 15 Chiu D COVID-19 relief: tenancy: Tenant Stabilization Act of 2021.	1/11/2021-A. H. & C.D. 1/11/2021- Referred to Com. on H. & C.D.	(1)Existing law, the COVID-19 Tenant Relief Act of 2020, establishes certain procedural requirements and limitations on evictions for nonpayment of rent due to COVID-19 rental debt, as defined. The act, among other things, prohibits a tenant that delivers a declaration, under penalty of perjury, of COVID-19-related financial distress from being deemed in default with regard to the COVID-19 rental debt, as specified. Existing law defines COVID-19 rental debt as unpaid rent or any other unpaid financial obligation of a tenant that came due between March 1, 2020, and January 31, 2021. Existing law repeals the act on February 1, 2025. This bill would extend the definition of “COVID-19 rental debt” as unpaid rent or any other unpaid financial obligation of a tenant that came due between March 1, 2020, and December 31, 2021. The bill would also extend the repeal date of the act to January 1, 2026. The bill would make other conforming changes to align with these extended dates. By extending the repeal date of the act, the bill would expand the crime of perjury and create a state-mandated local program. This bill contains other related provisions and other existing laws.		
AB 33 Ting D Energy Conservation Assistance Act of 1979: energy storage systems and electric vehicle charging infrastructure:	8/26/2021-S. THIRD READING 8/26/2021-From committee: Do pass. (Ayes 7. Noes 0.) (August 26). Read second time. Ordered to third reading.	The Warren-Alquist State Energy Resources Conservation and Development Act establishes the State Energy Resources Conservation and Development Commission (Energy Commission). Existing law requires the Energy Commission, working with the State Air Resources Board and the Public Utilities Commission, to prepare and biennially update a statewide assessment of the electric vehicle charging infrastructure needed to support the levels of electric vehicle adoption required for the state to meet its goals of putting at least 5,000,000 zero-emission vehicles on California roads by 2030 and of reducing emissions of greenhouse gases to 40% below 1990 levels by 2030. The Energy Conservation Assistance Act of 1979 authorizes a school, hospital, public care institution, or unit of local government to submit an application to		Energy, Utilities And Communications (text 7/1/2021) Support California Energy Storage Alliance California Solar & Storage Association Center for Sustainable Energy East Bay Community

Existing law requires the Energy Commission to approve only those applications for projects that will recover costs through savings in the cost of energy to the eligible institution during the repayment period of the allocation. Existing law creates the State Energy Conservation Assistance Account, which is continuously appropriated to the Energy Commission for purposes of the act. Under existing law, the Energy Conservation Assistance Act of 1979 is repealed on January 1, 2028, as specified. This bill would require the Energy Commission, in administering the account, to provide grants and loans to local governments and public institutions to maximize energy use savings, expand installation of energy storage systems, and expand the availability of electric vehicle charging infrastructure, including technical assistance, demonstrations, and identification and implementation of cost-effective energy efficiency, energy storage, and electric vehicle charging infrastructure measures and programs in existing and planned buildings or facilities. The bill would authorize an eligible institution to propose to bundle multiple projects where the determination of whether the costs of the projects will be recovered through savings during the repayment period of the allocation would be determined by the savings of those multiple projects bundled together. The bill would make changes to terminology used in the Energy Conservation Assistance Act of 1979. By expanding the purposes for which moneys in the account can be expended, this bill would make an appropriation. This bill contains other related provisions.</p>		<p>Energy Rural County Representatives of California (RCRC) TURN - The Utility Reform Network Oppose None</p>

AB 43 Friedman D Traffic safety.	8/24/2021- S. THIRD READING 8/24/2021-Read second time. Ordered to third reading.	(1)Existing law establishes various default speed limits for vehicles upon highways, as specified. Existing law authorizes state and local authorities to adjust these default speed limits, as specified, based upon certain findings determined by an engineering and traffic survey. Existing law defines an engineering and traffic survey and prescribes specified factors that must be included in the survey, including prevailing speeds and road conditions. Existing law authorizes local authorities to consider additional factors, including pedestrian and bicyclist safety. This bill would authorize local authorities to consider the safety of vulnerable pedestrian groups, as specified.This bill contains other related provisions and other existing laws. AB 71 Rivas, Luz D Homelessness funding: Bring California Home Act.	6/3/2021- A. INACTIVE FILE 6/3/2021- Ordered to inactive file at the request of Assembly Member Luz Rivas.	(1)The Personal Income Tax Law, in conformity with federal income tax law, generally defines gross income as income from whatever source derived, except as specifically excluded, and provides various exclusions from gross income. Existing federal law, for purposes of determining a taxpayer’s gross income for federal income taxation, requires that a person who is a United States shareholder of any controlled foreign corporation to include in their gross income the global intangible low-taxed income for that taxable year, as provided. This bill, for taxable years beginning on or after January 1, 2022, would include a taxpayer’s global intangible low-taxed income in their gross income for purposes of the Personal Income Tax Law, in modified conformity with the above-described federal provisions. The bill would exempt any regulation, standard, criterion, procedure, determination, rule, notice, or guideline established or issued by the Franchise Tax Board to implement its provisions from the rulemaking provisions of the Administrative Procedure Act. This bill would, until January 1, 2028, require a person riding a bicycle, when approaching a stop sign at the entrance of an intersection, to yield the right-of-way to any vehicles that have either stopped at or entered the intersection, or that are approaching on the intersecting highway close enough to constitute an immediate hazard, and to pedestrians, as specified, and continue to yield the right-of-way to those vehicles and pedestrians until reasonably safe to proceed. The bill would require other vehicles to yield the right-of-way to a bicycle that, having yielded as prescribed, has entered the intersection. The bill would state that these provisions do not affect the liability of a driver of a motor vehicle as a result of the driver's negligent or wrongful act or omission in the operation of a motor vehicle. AB 237 Gray D Public employment: unfair practices: health protection.	8/17/2021- S. THIRD READING 8/17/2021-Read second time. Ordered to third reading.	Existing law establishes the Public Employment Relations Board (PERB) in state government for the purpose of resolving disputes and enforcing the statutory duties and rights of specified public employers and employees under various acts regulating collective bargaining, including the Meyers-Milias-Brown Act. Under existing law, PERB has the power and duty to investigate an unfair practice charge and to determine whether the charge is justified and the appropriate remedy for the unfair practice. This bill, the Public Employee Health Protection Act, would make it an unfair practice for a covered employer, as defined, to fail or refuse to maintain or pay for continued health care or other medical coverage for an enrolled employee or their enrolled dependents, for the duration of the enrolled employee's participation in the authorized strike, at the level and under the conditions that coverage would have been provided if the employee had continued to work in their position for the duration of the strike. The bill would also make it an unfair practice for a covered employer to fail to collect and remit the employee's contributions, if any, to this coverage, or to maintain any policy purporting to authorize an action prohibited by this provision or otherwise threaten an employee or their dependents' continued access to health or medical care during or as a result of the employee's participation in a strike. AB 361 Rivas, Robert D Open meetings: local agencies: teleconferences.	7/15/2021- S. THIRD READING 7/15/2021-Read second time. Ordered to third reading.	Existing law, the Ralph M. Brown Act requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. The act contains specified provisions regarding the timelines for posting an agenda and providing for the ability of the public to directly address the legislative body on any item of interest to the public. The act generally requires all regular and special meetings of the legislative body be held within the boundaries of the territory over which the local agency exercises jurisdiction, subject to certain exceptions. The act allows for meetings to occur via teleconferencing subject to certain requirements, particularly that the legislative body notice each teleconference location of each member that will be participating in the public meeting, that each teleconference location be accessible to the public, that members of the public be allowed to address the legislative body at each teleconference location, that the legislative body post an agenda at each teleconference location, and that at least a quorum of the legislative body participate from locations within the boundaries of the local agency’s jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. The act authorizes the district attorney or any interested person, subject to certain provisions, to commence an action by mandamus or injunction for the purpose of obtaining a judicial determination that specified actions taken by a legislative body are null and void.This bill, until January 1, 2024, would authorize a local agency to use teleconferencing without complying with the teleconferencing requirements		Judiciary (text 7/6/2021) Support Alameda County Mosquito Abatement District Association of California HealthCare Districts Association of California Water Agencies Cal Voices California Association of Joint Powers Authorities (CAJPA) California Downtown Association California Municipal Utilities Association California Special Districts Association California State

		<p>imposed by the Ralph M. Brown Act when a legislative body of a local agency holds a meeting during a declared state of emergency, as that term is defined, when state or local health officials have imposed or recommended measures to promote social distancing during a proclaimed state of emergency held for the purpose of determining, by majority vote, whether meeting in person would present imminent risks to the health or safety of attendees, and during a proclaimed state of emergency when the legislative body has determined that meeting in person would present imminent risks to the health or safety of attendees, as provided. This bill would require legislative bodies that hold teleconferenced meetings under these abbreviated teleconferencing procedures to give notice of the meeting and post agendas, as described, to allow members of the public to access the meeting and address the legislative body, to give notice of the means by which members of the public may access the meeting and offer public comment, including an opportunity for all persons to attend via a call-in option or an internet-based service option, and to conduct the meeting in a manner that protects the statutory and constitutional rights of the parties and the public appearing before the legislative body. The bill would require the legislative body to take no further action on agenda items when there is a disruption which prevents the public agency from broadcasting the meeting, or in the event of a disruption within the local agency's control which prevents members of the public from offering public comments, until public access is restored. The bill would specify that actions taken during the disruption are subject to challenge proceedings, as specified. Existing law, the Federal Surplus Property Acquisition Law of 1945, authorizes a local agency, as defined, to acquire surplus federal property without regard to any law which requires posting of notices or advertising for bids, inviting or receiving bids, or delivery of purchases before payment, or which prevents the local agency from bidding on federal surplus property. Existing federal law authorizes the Department of Defense to transfer surplus personal property, including arms and ammunition, to federal or state agencies for use in law enforcement activities, subject to specified conditions, at no cost to the acquiring agency. This bill would require a law enforcement agency, defined to include specified entities, to obtain approval of the applicable governing body, by adoption of a military equipment use policy, as specified, by ordinance at a regular meeting held pursuant to specified open meeting laws, prior to taking certain actions relating to the funding, acquisition, or use of military equipment, as defined. The bill would also require similar approval for the continued use of military equipment acquired prior to January 1, 2022. The bill would allow the governing body to approve the funding, acquisition, or use of military equipment within its jurisdiction only if it determines that the military equipment meets specified standards. The bill would require the governing body to annually review the ordinance and to either disapprove a renewal of the authorization for a type, as defined, of military equipment or amend the military equipment use policy if it determines, based on an annual military equipment report prepared by the law enforcement agency, as provided, that the military equipment does not comply with the above-described standards for approval. Existing law provides for the creation by local ordinance, or by ministerial approval if a local agency has not adopted an ordinance, of accessory dwelling units in areas zoned to allow single-family or multifamily dwelling residential use in accordance with specified standards and conditions. This bill would require the Treasurer's office, by April 1, 2022, to provide a report to the Legislature regarding the creation of the Help Homeowners Add New Housing Program with the purpose of assisting homeowners, as defined, in qualifying for loans to construct additional housing units on their property, including accessory dwelling units and junior accessory dwelling units. The bill would, with regard to the development of recommendations for the program, require the Treasurer to consult with the California Housing Financing Agency and the Department of Housing and Community Development, and would also authorize the Treasurer to consult with various other entities, including federal mortgage agencies, private lenders, community development financial institutions, community-based organizations, and local housing trust funds. The bill would require the report to examine the feasibility of, among other things, providing at least 80% of program funding to homeowners at or below 100% of the area median income of each county in the state. Dependent parent health care coverage.	8/26/2021-From committee: Amend, and do pass as amended. (Ayes 5. Noes 2.) (August 26). Read second time and amended. Ordered returned to second reading.	Existing law provides for the regulation of health insurers by the Department of Insurance. Existing law authorizes an individual to add a dependent to their health care service plan contract or health insurance policy, including adding a dependent outside of an initial enrollment period if certain criteria are met. Existing law defines “dependent” for the purpose of an individual contract or policy to mean the spouse, registered domestic partner, or child of an individual. This bill would require an individual health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2023, that provides dependent coverage to make dependent coverage available to a qualified dependent parent or stepparent. The bill would require a plan, an insurer, or the California Health Benefit Exchange to provide an applicant seeking to add a dependent parent or stepparent with written notice about HICAP and would require a solicitor or agent to provide specified HICAP contact information, as specified. The bill would expand the definition of “dependent” for an individual health care service plan contract or health insurance policy to include a qualified dependent parent or stepparent. Because a willful violation of these provisions by a health care service plan would be a crime, the bill would impose a state-mandated local program. AB 654 Reyes D COVID-19: exposure: notification.	7/15/2021- A. THIRD READING 7/15/2021- Reconsideration granted. Ordered to third reading. Read third time and amended. Ordered to third reading.	Existing law, the California Occupational Safety and Health Act of 1973, authorizes the Division of Occupational Safety and Health to prohibit the performance of an operation or process, or entry into that place of employment when, in its opinion, a place of employment, operation, or process, or any part thereof, exposes workers to the risk of infection with COVID-19, so as to constitute an imminent hazard to employees. Existing law requires that the prohibition be issued in a manner so as not to materially interrupt the performance of critical governmental functions essential to ensuring public health and safety functions or the delivery of electrical power or water. Existing law requires that these provisions not prevent the entry or use, with the division’s knowledge and permission, for the sole purpose of eliminating the dangerous conditions. This bill would add the delivery of renewable natural gas to the list of utilities that the division’s prohibitions are not allowed to materially interrupt. The bill would also delete the provision regarding entry or use for the sole purpose of eliminating the dangerous condition. This bill contains other related provisions and other existing laws. AB 713 Garcia, Cristina D State Air Resources Board: greenhouse gas emissions scoping plan: comprehensive health analysis.	7/15/2021-S. APPR. SUSPENSE FILE 8/26/2021-In committee: Held under submission.	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions and to update the scoping plan at least once every 5 years. This bill would require the state board to conduct a comprehensive health analysis in conjunction with the development of each update of the scoping plan that includes a framework to provide an overview of the breadth of health impacts and health benefits that may accrue from the outcomes in the scoping plan, as specified. SUSPENSE FILE 8/26/2021-In committee: Held under submission.	Existing law requires, by July 1, 2017, and every 3 years thereafter, the Natural Resources Agency to update, as prescribed, the state’s climate adaptation strategy, known as the Safeguarding California Plan. Existing law establishes the Office of Planning and Research in state government in the Governor’s office. Existing law establishes the Integrated Climate Adaptation and Resiliency Program to be administered by the office to coordinate regional and local efforts with state climate adaptation strategies to adapt to the impacts of climate change, as prescribed. This bill would authorize eligible entities, as defined, to establish and participate in a regional climate network, as defined. The bill would require the office, through the program, to encourage the inclusion of eligible entities with land use planning and hazard mitigation planning authority into regional climate networks. The bill would authorize a regional climate network to engage in activities to address climate change, as specified. This bill contains other related provisions. Existing law requires a designated employee, who is qualified by San Francisco, or a contracted law enforcement agency for the Alameda-Contra Costa Transit District, who is qualified by the city and county or the district to issue parking citations, to review video image recordings for the purpose of determining whether a parking violation occurred in a transit-only traffic lane and to issue a notice of violation to the registered owner of a vehicle within 15 calendar days, as specified. Existing laws makes these video image records confidential, and provides that these records are available only to public agencies to enforce parking violations. Existing law provides that if the Alameda-Contra Costa Transit District implements an automated enforcement system as described above, the district is required to submit a report to specified committees of the Legislature by no later than January 1, 2021. This bill would extend the authorization described above to any public transit operator in the state until January 1, 2027, and to the City and County of San Francisco indefinitely, if the examiner or issuing agency, as specified, of a violation allows for the reduction or waiver of parking penalties for indigent individuals, as defined. The bill would authorize a designated employee or law enforcement agency to decline to issue a ticket, if there is evidence in the video of hardship. The bill would expand the authorization to enforce parking violations to include violations occurring at transit stops. The bill would repeal the obsolete reporting requirement of the Alameda-Contra Costa Transit District but would require an operator who implements an automated enforcement system to report to specified committees of the Legislature on the system’s effectiveness and impact on traffic outcomes, among other things. Existing law establishes an independent public agency to manage, administer, and control the Alameda Health System, which is known as the Alameda Health System Hospital Authority. The hospital authority is governed by a board that is appointed by the Board of Supervisors of the County of Alameda. Existing law prescribes the characteristics of employees of the hospital authority who are and are not authorized to participate in the Alameda County Employees' Retirement Association at the time the provisions authorizing the creation of the hospital authority become effective. Existing law generally prohibits a person employed by the hospital authority on or before the date these provisions became effective who was not qualified for membership in the Alameda County Employees' Retirement Association at that time from becoming qualified for membership as a result of subsequent employment with the hospital authority. This bill would repeal the above-described prohibition on certain employees of the Alameda Health System Hospital Authority qualifying for membership in the Alameda County Employees' Retirement Association. The bill, during a specified time period, would require that a request to meet and confer by a recognized union or bargaining agent result in the reopening of an effective memorandum of understanding for the purpose of negotiating an agreement regarding the inclusion of certain people within the applicable bargaining unit in the Alameda County Employees' Retirement Association. AB 1395 Muratsuchi D The California Climate Crisis Act.	8/26/2021- S. SECOND READING 8/26/2021-From committee: Amend, and do pass as amended. (Ayes 4. Noes 2.) (August 26). Read second time and amended. Ordered returned to second reading.	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions and to update the scoping plan at least once every 5 years. This bill, the California Climate Crisis Act, would declare the policy of the state both to achieve net zero greenhouse gas emissions as soon as possible, but no later than 2045, and achieve and maintain net negative greenhouse gas emissions thereafter, and to ensure that by 2045, statewide anthropogenic greenhouse gas emissions are reduced to at least 90% below the 1990 levels. The bill would require the state board to work with relevant state agencies to ensure that updates to the scoping plan identify and recommend measures to achieve these policy goals and to identify a variety of policies and strategies that support carbon dioxide removal solutions, carbon capture and storage technologies, and nature-based climate solutions in California, as specified. The bill would require the state board to work with relevant agencies to establish criteria for the use of carbon dioxide removal technologies and carbon capture and storage technologies for purposes of achieving these policy goals. The bill would require the state board to identify interim 5-year greenhouse gas emission reduction goals that begin on January 1, 2025, and submit an annual report, as specified. The bill would impose other requirements on state agencies, as specified. AB 1398 Bloom D Planning and zoning: housing element: rezoning of sites: prohousing local policies.	8/16/2021-S. THIRD READING 8/16/2021-Read second time. Ordered to third reading.	(1)Existing law, the Planning and Zoning Law, requires a county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes, among other things, a housing element. Existing law requires the county or city to submit its proposed and adopted housing element and any amendment of its housing element to the Department of Housing and Community Development, and requires the department to determine whether that housing element or amendment substantially complies with specified law, as provided.This bill would require that a local government that fails to adopt a housing element that the Department of Housing and Community Development has found to be in substantial compliance with state law within 120 days of the statutory deadline to complete this rezoning no later than one year from the statutory deadline for the adoption of the housing element. The bill, if a jurisdiction adopts a housing element more than one year after the statutory deadline, would prohibit the department from finding that jurisdiction’s housing element is in substantial compliance, as described above, until all required rezoning is complete. The bill would also specify that the above-described requirement for the local government to revise its housing element every 4 years applies until the due date for the 6th revision of the housing element and that adoption of a 6th revision housing element that is found to be in substantial compliance satisfies any obligation to adopt a 4-year housing element.This bill contains other related provisions and other existing laws. AB 1401 Friedman D Residential and commercial development: remodeling, renovations, and additions: parking requirements.	8/16/2021-S. APPR. SUSPENSE FILE 8/26/2021-In committee: Held under submission.	The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a land use element and a conservation element. Existing law also permits variances to be granted from the parking requirements of a zoning ordinance for nonresidential development if the variance will be an incentive to the development and the variance will facilitate access to the development by patrons of public transit facilities. This bill would prohibit a public agency in a county with a population of 600,000 or more from imposing a minimum automobile parking requirement, or enforcing a minimum automobile parking requirement, on residential, commercial, or other development if the development is located on a parcel that is within 1/2 mile, as specified, of public transit, as defined. The bill would prohibit a public agency in a city with of 75,000 or more located in a county with a population of less than 600,000 from imposing a minimum automobile parking requirement, or enforcing a minimum automobile parking requirement, on residential, commercial, or other development if the project is located within 1/4 mile, as specified, of public transit, as defined. The bill would create authorizations in this regard for a city or a county to which these prohibitions do not apply. The bill, when a project provides parking voluntarily, would authorize a public agency to impose specified requirements on the voluntary parking. The bill would prohibit these provisions from reducing, eliminating, or precluding the enforcement of any requirement imposed on a new multifamily or nonresidential development to provide electric vehicle supply equipment installed parking spaces or parking spaces that are accessible to persons with disabilities, as specified. SB 6 Caballero D Local planning: housing: commercial zones.	8/23/2021-A. H. & C.D. 8/23/2021- Referred to Com. on H. & C.D. From committee with author's amendments. Read second time and amended. Re-referred to Com. on H. & C.D.	The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. Existing law requires that the housing element include, among other things, an inventory of land suitable and available for residential development. If the inventory of sites does not identify adequate sites to accommodate the need for groups of all households pursuant to specified law, existing law requires the local government to rezone sites within specified time periods and that this rezoning accommodate 100% of the need for housing for very low and low-income households on sites that will be zoned to permit owner-occupied and rental multifamily residential use by right for specified developments. This bill, the Neighborhood Homes Act, would deem a housing development project, as defined, an allowable use on a neighborhood lot, which is defined as a parcel within an office or retail commercial zone that is not adjacent to an industrial use. The bill would require the density for a housing development under these provisions to meet or exceed the density deemed appropriate to accommodate housing for lower income households according to the type of local jurisdiction, including a density of at least 20 units per acre for a suburban jurisdiction. The bill would require the housing development to meet all other local requirements for a neighborhood lot, other than those that prohibit residential use, or allow residential use at a lower density than that required by the bill. If more than one zoning designation of the local agency allows for housing with the density required by the act, the bill would require that the zoning standards that apply to the closest parcel that allows residential use at a density that meets the requirements of the act would apply. If the existing zoning designation allows residential use at a density greater than that required by the act, the bill would require that the existing zoning designation for the parcel would apply. The bill would also require that a housing development under these provisions comply with public notice, comment, hearing, or other procedures applicable to a housing development in a zone with the applicable density. The bill would require that the housing development is subject to a recorded deed restriction with an unspecified affordability requirement, as provided. The bill would require that a developer make specified certifications to the local agency, including, among others, that all contractors and subcontractors performing work on the project will be required to pay prevailing wages, as provided. The bill would require a local agency to require that a rental of any unit created pursuant to the bill’s provisions be for a term longer than 30 days. SB 8 Skinner D Housing Crisis Act of 2019.	8/23/2021- A. THIRD READING 8/26/2021-Read third time and amended. Ordered to third reading.	Existing law, the Housing Crisis Act of 2019, requires a housing development project be subject only to the ordinances, policies, and standards adopted and in effect when a preliminary application is submitted, except as specified. The act defines “housing development project” to mean a use consisting of residential units only, mixed-use developments consisting of residential and nonresidential uses with at least 2/3 of the square footage designated for residential use, and transitional or supportive housing. This bill would clarify, for various purposes of the act, that “housing development project” includes projects that involve no discretionary approvals, projects that involve both discretionary and nondiscretionary approvals, and projects that include a proposal to construct a single dwelling unit. The bill would specify that this clarification is declaratory of existing law, except that the clarification does not affect a project for which an application was submitted to the city, county, or city and county before January 1, 2022. SB 33 Cortese D Apprenticeship: annual report: task force.	6/17/2021-A. RLS. 6/17/2021-Re-referred to Com. on RLS. pursuant to Assembly Rule 96.	Existing law provides for apprenticeship programs within the Division of Apprenticeship Standards within the Department of Industrial Relations, sponsored by specific entities and employers, and requires the Chief of the Division of Apprenticeship Standards to perform various functions with respect to apprenticeship programs and the welfare of apprentices. Existing law also establishes the California Apprenticeship Council within the Division of Apprenticeship Standards and requires the council to issue rules and regulations on apprenticeship standards and certain other topics, as prescribed. This bill would require the Director of Industrial Relations, on or before September 1, 2022, to convene a task force to promote apprenticeship for all populations throughout the state, to be known as the Construction Apprenticeship Advancement Task Force, with membership as prescribed. The bill would require the task force, in consultation with specified entities, to study the recruitment, retention, and barriers to entry of women and other minority, underrepresented, and disadvantaged populations in the State of California for purposes of ensuring apprenticeship opportunities are more inclusive of those populations. The bill would require the membership of the		Committee On Labor, Public Employment And Retirement (text 3/11/2021) Support California State Council of Laborers Oppose None

INACTIVE FILE 6/1/2021- Ordered to inactive file on request of Senator Portantino.	The California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Act of 2018, approved by the voters as Proposition 68 at the June 5, 2018, statewide primary direct election, authorizes the issuance of bonds in the amount of \$4,100,000,000 pursuant to the State General Obligation Bond Law to finance a drought, water, parks, climate, coastal protection, and outdoor access for all program. Article XVI of the California Constitution requires measures authorizing general obligation bonds to specify the single object or work to be funded by the bonds and further requires a bond act to be approved by a 2/3 vote of each house of the Legislature and a majority of the voters. This bill would enact the Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2022, which, if approved by the voters, would authorize the issuance of bonds in the amount of \$5,595,000,000 pursuant to the State General Obligation Bond Law to finance projects for a wildfire prevention, safe drinking water, drought preparation, and flood protection program. Pursuant to constitutional authorization, existing property tax law provides a welfare exemption, pursuant to which property used exclusively for religious, hospital, scientific, or charitable purposes owned and operated by specified types of entities is exempt from taxation if it meets certain criteria, including that the property is used for the actual operation of the exempt activity, and does not exceed an amount of property reasonably necessary to the accomplishment of the exempt purpose. Under existing property tax law, property used exclusively for the charitable purposes of museums owned and operated by a religious, hospital, scientific, or charitable fund, foundation, limited liability company, or corporation that meets these criteria is deemed to be within the welfare exemption. Existing property tax law requires a person claiming the welfare exemption to file that claim with the assessor and obtain an organizational clearance certificate from the State Board of Equalization, as provided. Under existing law, the purpose of the technical advisory committee is to guide the development and evaluation of a pilot program to assess the potential for mileage-based revenue collection as an alternative to the gas tax system. Existing law requires the technical advisory committee to study RUC alternatives to the gas tax, gather public comment on issues and concerns related to the pilot program, and make recommendations to the Secretary of Transportation on the design of a pilot program, as specified. Existing law repeals these provisions on January 1, 2023. This bill would extend the operation of these provisions until January 1, 2027. The bill would require the Transportation Agency, in consultation with the California Transportation Commission, to implement a pilot program to identify and evaluate issues related to the collection of revenue for a road charge program, as specified. The bill would require the RUC Technical Advisory Committee to make recommendations to the Transportation Agency on the design of the pilot program, including the group of vehicles to participate. The bill would require that if a group of vehicles other than state-owned vehicles is selected, that participation in the program be voluntary. The bill would require the Transportation Agency to convene a state agency work group, as specified, to implement the pilot program and to design a process for collecting road charge revenue from vehicles. The bill would require that participants in the program be charged a mileage-based fee, as specified, and receive a credit or a refund for fuel taxes or electric vehicle fees, as specified. The bill would require that the pilot program not affect funding levels for a program or purpose supported by state fuel tax and electric vehicle fee revenues. Existing law requires the department to pay unemployment compensation benefits to unemployed individuals meeting specified requirements, to periodically review policies and practices used to determine eligibility for and the amount of benefits in the unemployment insurance program, and to report to the Legislature, as specified. Under existing law, unemployment compensation benefits are paid from the Unemployment Fund, and the expenses for administering these provisions are paid from the Unemployment Administration Fund, which is continuously appropriated for these purposes. This bill would require the department to implement a formal policy no later than October 1, 2021, that establishes a process for tracking and periodically analyzing call information data to determine the reasons why unemployment insurance claimants call the department for assistance. The bill would require the department, every 6 months thereafter, to analyze the data it has collected in order to improve its call center. The bill would require the department, in conducting its analysis, to identify and resolve weaknesses or problems with the way it provides assistance to claimants. The bill would require the department to take additional actions, including to develop a recession plan to prepare for future economic downturns by January 1, 2022, to update that recession plan at least once every 3 years thereafter, and to report this information to the Legislature, as specified. Because this bill would authorize the expenditure of funds from the Unemployment Administration Fund for new purposes, the bill would make an appropriation. Existing law creates, in the Labor and Workforce Development Agency, the Employment Development Department, which is vested with the duties, purposes, responsibilities, and jurisdiction with respect to job creation activities. The department is authorized to study and make recommendations as to actions that might tend to do several things, including, but not limited to, promoting the prevention of unemployment and the stabilization of employment, reducing and preventing unemployment, and establishing the most effective methods of providing economic security through all forms of social insurance. This bill would require the department to develop and, upon appropriation by the Legislature, implement a recession plan to prepare for an increase in unemployment insurance compensation benefits claims due to an economic recession. The bill would require the plan to detail how to respond to economic downturns with a predetermined strategy that has considered the full effect on the department's operations, and include, but not be limited to, identifying the lessons learned from previous economic downturns, identifying ways to improve self-serve services to avoid long wait times to speak to staff, and enhancing claims processing tools to ensure that the department's identity verification processes are as robust as possible. The bill would require the department to provide a copy of the recession plan to specified legislative committees and the Department of Finance by March 1, 2022, and to update the recession plan and provide a copy to specified legislative committees and the Department of Finance every 2nd year thereafter. In Senate. Ordered to engrossing and enrolling.	Existing law establishes the Tri-Valley-San Joaquin Valley Regional Rail Authority for purposes of planning, developing, and delivering cost-effective and responsive transit connectivity, between the Bay Area Rapid Transit District's rapid transit system and the Altamont Corridor Express commuter rail service in the Tri-Valley, as defined, region of California. Existing law gives the authority all of the powers necessary for planning, acquiring, leasing, developing, jointly developing, owning, controlling, using, jointly using, disposing of, designing, procuring, and constructing facilities to achieve transit connectivity, including, among other powers, the power to enter into cooperative or joint development agreements with local governments or private entities necessary to achieve transit connectivity. This bill would require the authority to be considered a rail transit district, thereby exempting the authority from specified provisions related to regulation by counties and cities regarding building, zoning, and related matters. Existing law establishes the Public Employment Relations Board (PERB) in state government as a means of resolving disputes and enforcing the statutory duties and rights of specified public employers and employees under various acts regulating collective bargaining, including the Meyers-Milias-Brown Act. Existing law includes within PERB's jurisdiction the resolution of disputes alleging violation of rules and regulations adopted by a public agency, as defined, concerning unit determinations, representations, recognition, and elections, as specified. Existing law authorizes PERB to adopt rules and regulations to carry out its purposes, as provided. Existing law does not apply the above provisions to employees of specified transit agencies, including the Sacramento Regional Transit District, among others. This bill would grant PERB jurisdiction to enforce these labor provisions applicable to the Sacramento Regional Transit District. The bill would require PERB to perform its duties imposed by the bill consistent with existing regulations, and would authorize PERB to make additional regulations, as specified exceptions. The bill would authorize an exclusive representative to move one or more of its bargaining units to the jurisdiction of PERB to adjudicate complaints of specified labor violations as an unfair labor practice, and would make the jurisdiction of PERB irrevocable for that bargaining unit. If a district has more than 3 participating affected taxing entities, the bill would authorize the legislative bodies of the taxing entities to, upon agreement, appoint only one member of their respective legislative bodies, and one alternate member, in addition to the public members.This bill contains other related provisions and other existing laws.		
SB 798 Wieckowski D Trade Corridor Enhancement Account.	2/19/2021- S. RLS. 3/3/2021- Referred to Com. on RLS.	Existing law creates the Trade Corridor Enhancement Account to receive revenues attributable to 50% of a \$0.20 per gallon increase in the diesel fuel excise tax imposed by the Road Repair and Accountability Act of 2017 for corridor-based freight projects nominated by local agencies and the state. Existing law makes these funds and certain federal funds apportioned to the state available upon appropriation for allocation by the California Transportation Commission for trade infrastructure improvement projects that meet specified requirements.This bill would make nonsubstantive changes to this provision.

Senate Bill 2302	America’s Transportation Infrastructure Act of 2019	
U.S. Senator John Barrasso (R-WY)	This bill reauthorizes, for a period of five years, the highway title and programs included in the surface transportation authorization bill. The ATIA is largely a bill that builds on the FAST Act – while making very few changes to existing formula funding programs. The bill would provide \$287 billion over five years (\$259 billion for formula programs), which represents an increase of 27% over the FAST Act authorized funding levels. The legislation authorizes over \$6 billion in new competitive grants for shovel ready bridge investments. The legislation provides \$5.5 billion for the Nationally Significant Freight and Highway Projects Program. The bill provides over \$4.9 billion over five years to protect roadways and bridges from natural disasters, such as extreme weather events. The legislation also authorizes \$125 million for a national research program and statewide pilot projects to test road usage fees and other alternatives to the existing 18.4 cent federal gas tax.	9/26/19: Board adopts a Work with Author position
