AB 5 Fong R Greenhouse Gas Reduction Fund: High-Speed Rail Authority: K-12 education: transfer.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 1/11/2021)(May be acted upon Jan 2022)	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include in its regulation of those emissions the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund. Existing law continuously appropriates 25% of the annual proceeds of the fund to the High-Speed Rail Authority for certain purposes. This bill would suspend the appropriation to the High-Speed Rail Authority for the 2023-24 and 2024-25 fiscal years and would require the transfer of those amounts from moneys collected by the state board to the General Fund. The bill would specify that the transferred amounts shall be available, upon appropriation, to augment funding for K-12 education and to support full-time in-person instruction for all students.	
AB 11 Ward D Climate change: regional climate change authorities.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was NAT. RES. on 1/11/2021)(May be acted upon Jan 2022)	Existing law requires the Strategic Growth Council, until October 1, 2029, to establish and administer a regional climate collaborative program to assist underresourced communities, as defined, in a region to access statewide public and other grant moneys, as specified, for climate change mitigation and adaptation projects. This bill would require the council, by January 1, 2023, to establish up to 12 regional climate change authorities to coordinate climate adaptation and mitigation activities in their regions and coordinate with other regional climate adaptation authorities, state agencies, and other relevant stakeholders. The bill would authorize the regional climate change authorities to engage in certain activities to address climate change. The bill would require the regional climate change authorities to annually submit to the council a report on their activities.

Existing law defines COVID-19 rental debt as unpaid rent or any other unpaid financial obligation of a tenant that came due between March 1, 2020, and January 31, 2021. Existing law repeals the act on February 1, 2025. This bill would extend the definition of “COVID-19 rental debt” as unpaid rent or any other unpaid financial obligation of a tenant that came due between March 1, 2020, and December 31, 2021. The bill would also extend the repeal date of the act to January 1, 2026. The bill would make other conforming changes to align with these extended dates. By extending the repeal date of the act, the bill would expand the crime of perjury and create a state-mandated local program. This bill contains other related provisions and other existing laws.	
AB 16 Chiu D Tenancies: COVID-19 Tenant, Small Landlord, and Affordable Housing Provider Stabilization Act of 2021.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was H. & C.D. on 1/11/2021)(May be acted upon Jan 2022)	Existing law, the COVID-19 Tenant Relief Act of 2020, establishes certain procedural requirements and limitations on evictions for nonpayment of rent due to COVID-19 rental debt, as defined. The act prohibits a tenant that delivers a declaration of COVID-19-related financial distress from being deemed in default with regard to the COVID-19 rental debt, as specified. Existing law defines COVID-19 rental debt as unpaid rent or any other unpaid financial obligation of a tenant that came due between March 1, 2020, and January 31, 2021. Existing law repeals the act on February 1, 2025. This bill would establish the Tenant, Small Landlord, and Affordable Housing Provider Stabilization Program. The bill would authorize the Director of Housing and Community Development to direct an existing office or program within the Department of Housing and Community Development to implement the program. The bill would establish in the State Treasury the COVID-19 Tenant, Small Landlord, and Affordable Housing Provider Stabilization Fund, and, upon appropriation by the Legislature, distribute all moneys in the fund to the department to carry out the purposes of the program. The bill would require the program be implemented only to the extent that funding is made available through the Budget Act. The bill would specify that it is the intent

SUSPENSE FILE on 4/21/2021)(May be acted upon Jan 2022)	Existing law, the Bagley-Keene Open Meeting Act, requires that all meetings of a state body, as defined, be open and public, and that all persons be permitted to attend any meeting of a state body, except as otherwise provided in that act. Existing law requires the state body to provide notice of its meeting, including specified information and a specific agenda of the meeting, as provided, to any person who requests that notice in writing and to make that notice available on the internet at least 10 days in advance of the meeting. This bill would require that notice to include all writings or materials provided for the noticed meeting to a member of the state body by the staff of a state agency, board, or commission, or another member of the state body that are in connection with a matter subject to discussion or consideration at the meeting. The bill would require those writings or materials to be made available on the state body's internet website, and to any person who requests the writings or materials in writing, on the same day as the dissemination of the writings and materials to members of the state body or at least 72 hours in advance of the meeting, whichever is earlier. The bill would prohibit a state body from discussing those writings or materials, or from taking action on an item to which those writings or materials pertain, at a meeting of the state body unless the state body has complied with these provisions.

The Energy Conservation Assistance Act of 1979 authorizes a school, hospital, public care institution, or unit of local government to submit an application to the Energy Commission for an allocation for the purpose of financing all or a portion of the costs incurred in implementing a project, which includes an energy audit, energy conservation and operating procedure, or energy conservation measure in an existing or planned building or facility, an energy conservation project, or a technical assistance program. Existing law requires the Energy Commission to approve only those applications for projects that will recover costs through savings in the cost of energy to the eligible institution during the repayment period of the allocation. Existing law creates the State Energy Conservation Assistance Account, which is continuously appropriated to the Energy Commission for purposes of the act. Under existing law, the Energy Conservation Assistance Act of 1979 is repealed on January 1, 2028, as specified. This bill would require the Energy Commission, in administering the account, to provide grants and loans to local governments and public institutions to maximize energy use savings, expand installation of energy storage systems, and expand the availability of electric vehicle charging infrastructure, including technical assistance, demonstrations, and identification and implementation of cost-effective energy efficiency, energy storage, and electric vehicle charging infrastructure measures and programs in existing and planned buildings or facilities. The bill would authorize an eligible institution to propose to bundle multiple projects where the determination of whether the costs of the projects will be recovered through savings during the repayment period of the allocation would be determined by the savings of those multiple projects bundled together. The bill would make changes to terminology used in the Energy Conservation Assistance Act of 1979. By expanding the purposes for which moneys in the account can be expended, this bill would make an appropriation. This bill contains other related provisions.

Existing law additionally requires the local agency to make available to the public, at least 10 days prior to the meeting, the data indicating the amount of cost, or estimated cost, required to provide the service for which the fee or service charge is levied and the revenue sources anticipated to provide the service, as specified. Existing law also authorizes the local agency to provide notice via electronic notification to those who specifically request it, and authorizes the legislative body of a local agency to establish a reasonable annual charge for sending notices based on the estimated cost of providing the service. This bill would increase, for fees and service charges and for fees for specified public facilities, the time for mailing the notice of the time and place of the meeting to at least 45 days before the meeting. The bill would require the local agency to make that information available to the public at least 30 days before the meeting. The bill would require a local agency to additionally make available to the public all of the data demonstrating the requisite relationship between the amount of a fee for public facilities and the need for the public facilities. The bill would require the data to also be made available to the public on the local agency's internet website. The bill would authorize interested parties to file an electronic request to receive the notice of the meeting time and place, and would require the local agency to mail or electronically send the notice as requested by the party. The bill would prohibit the legislative body of a local agency from establishing a reasonable annual charge for sending electronic notices. (Last location was U. & E. on 1/11/2021)(May be acted upon Jan 2022)	Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations, while local publicly owned electric utilities, as defined, are under the direction of their governing boards. Existing law establishes as policy of the state that eligible renewable energy resources and zero-carbon resources supply 100% of retail sales of electricity to California end-use customers and 100% of electricity procured to serve all state agencies by December 31, 2045. This bill would require the PUC, Energy Commission, and state board, in consultation with all balancing authorities, to additionally develop a strategy, by January 1, 2024, that achieves (1) a target of 5 gigawatthours of operational long-term backup electricity, as specified, by December 31, 2030, and (2) a target of at least an additional 5 gigawatthours of operational long-term backup electricity in each subsequent year through 2045. The bill would require the commission, by January 1, 2024, to submit the strategy developed in a report to the Legislature, and by January 1 of each 4th year thereafter, through January 1, 2044, would require the commission to submit a report to the Legislature detailing the progress made toward achieving the targets of the long-term backup electricity supply strategy. AB 122 Boerner Horvath D Vehicles: required stops: bicycles.	9/8/2021-A. ENROLLED 9/8/2021-Enrolled and presented to the Governor at 4:30 p.m.	Existing law requires the driver of any vehicle, including a person riding a bicycle, when approaching a stop sign at the entrance of an intersection, to stop before entering the intersection. A violation of this requirement is an infraction. This bill would, until January 1, 2028, require a person riding a bicycle, when approaching a stop sign at the entrance of an intersection, to yield the right-of-way to any vehicles that have either stopped at or entered the intersection, or that are approaching on the intersecting highway close enough to constitute an immediate hazard, and to pedestrians, as specified, and continue to yield the right-of-way to those vehicles and pedestrians until reasonably safe to proceed. The bill would require other vehicles to yield the right-of-way to a bicycle that, having yielded as prescribed, has entered the intersection. The bill would state that these provisions do not affect the liability of a driver of a motor vehicle as a result of the driver's negligent or wrongful act or omission in the operation of a motor vehicle. (1)Existing law establishes the Department of Motor Vehicles in the Transportation Agency and prescribes the department’s powers and duties. Existing law requires the department to publish the complete text of the Vehicle Code together with other laws relating to the use of highways or the operation of motor vehicles once every 2 years, to be distributed, upon request, to state and local governmental officers or agencies, federal agencies, public secondary schools in the state, and any other person, at a charge sufficient to pay the entire cost of publication and distribution. Existing law requires receipts from the sale of those publications to be deposited in the Motor Vehicle Account, to reimburse the department for the entire cost to print and distribute the code. Existing law also requires the department to publish a synopsis or summary of the synopsis or summary without charge with each original vehicle registration and each original driver’s license. Existing law requires the department to publish copies of the synopsis or summary, as specified, and to furnish copies to its field offices and to law enforcement agencies for general distribution, without charge.This bill would delete the requirements relating to the publication and distribution of the complete text of the Vehicle Code and would make various technical and conforming changes.This bill contains other related provisions and other existing laws.

AB 227 Davies R Political Reform Act of 1974: contribution prohibitions.	9/10/2021-A. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was ELECTIONS on 1/28/2021)(May be acted upon Jan 2022)	The Political Reform Act of 1974 imposes various limitations on contributions that may be made to, or accepted by, candidates for elective state office and committees organized for the support of candidates' election campaigns. The act generally prohibits a person from making to a candidate for Governor, and a candidate for Governor from accepting, a contribution totaling more than \$20,000 per election, except as specified. The act further limits the amount in contributions the Governor may accept after the Governor is elected for the purpose of paying expenses associated with holding the office. A violation of the act's provisions is punishable as a misdemeanor and subject to specified penalties. This bill would prohibit a Governor's appointee, as defined, or a person residing in the appointee's household, during the term of the appointment and for one year after the term expires, from making a monetary contribution to the Governor's campaign, as defined, or to a committee organized to benefit the Governor's campaign. The bill would prohibit a Governor's appointee or a person residing in the appointee's household from requesting or demanding that another person make such a contribution. The bill would also prohibit the Governor or a committee organized to benefit the Governor's campaign from accepting such a contribution. This bill contains other related provisions and other existing laws.	
AB 229 Holden D Private investigators, proprietary security services, private security services, and alarm	9/15/2021-A. ENROLLED 9/15/2021-Enrolled and presented to the Governor at 5 p.m.	(1)Existing law, the Private Investigator Act, provides for the licensure and regulation of private investigators by the Director of Consumer Affairs, and makes a violation of its provisions a crime. Existing law requires a licensee or qualified manager of a licensee who carries a deadly weapon in the course of that person's employment or business to complete a training course in the exercise of the power to arrest. This bill, on and after January 1, 2023, would eliminate that requirement. This bill contains other related provisions and other existing laws.

AB 231 Nguyen R Worker classification: employees and independent contractors: licensed manicurists.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was L. & E. on 1/28/2021)(May be acted upon Jan 2022)	Existing law requires a 3-part test, commonly known as the “ABC” test, to determine if workers are employees or independent contractors for purposes of the Labor Code, the Unemployment Insurance Code, and the wage orders of the Industrial Welfare Commission. Under the ABC test, a person providing labor or services for remuneration is considered an employee rather than an independent contractor unless the hiring entity demonstrates that the person is free from the control and direction of the hiring entity in connection with the performance of the work, the person performs work that is outside the usual course of the hiring entity’s business, and the person is customarily engaged in an independently established trade, occupation, or business. Existing law charges the Labor Commissioner with the enforcement of labor laws, including worker classification. This bill would delete the January 1, 2022, inoperative date, thereby making licensed manicurists subject to this exemption indefinitely. This bill contains other existing laws.	
AB 237 Gray D Public employment: unfair practices: health protection.	9/7/2021-A. ENROLLED 9/7/2021-Enrolled and presented to the Governor at 4 p.m.	Existing law establishes the Public Employment Relations Board (PERB) in state government for the purpose of resolving disputes and enforcing the statutory duties and rights of specified public employers and employees under various acts regulating collective bargaining, including the Meyers-Milias-Brown Act. Under existing law, PERB has the power and duty to investigate an unfair practice charge and to determine whether the charge is justified and the appropriate remedy for the unfair practice. This bill would enact the Public Employee Health Protection Act, which would make it an unfair practice for a covered employer, as defined, to fail or refuse to maintain or pay for continued health care or other medical coverage for an enrolled employee or their enrolled dependents, for the duration of the enrolled employee’s participation in the authorized strike, at the level and under the conditions that coverage would have been provided if the employee had continued

The act would require the restoration of health or other medical care premiums, contributions, or out-of-pocket expenses actually paid by the employee or their dependents as a result of the employer’s violation of this provision, or because the employer failed to ensure continued coverage during a strike, and would require other equitable adjustments to ensure that the employee and their dependents are made whole, as specified. AB 244 Rubio, Blanca D Affordable housing cost study: housing plan addendum.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was H. & C.D. on 1/28/2021)(May be acted upon Jan 2022)	Existing law establishes various programs and funding sources to enable the development of affordable housing, including the low-income housing credit, the Building Homes and Jobs Act, the Veterans and Affordable Housing Bond Act of 2018, the Affordable Housing and Sustainable Communities Program, and the Multifamily Housing Program. Existing law charges various agencies with the administration of these programs, including the California Tax Credit Allocation Committee, the Department of Housing and Community Development, and the California Housing Finance Agency. This bill would require the California Tax Credit Allocation Committee, the Department of Housing and Community Development, the California Housing Finance Agency, and the California Debt Limit Allocation Committee to conduct an affordable housing cost study that measures the factors that influence the cost of building affordable housing, breaks down total development costs for affordable housing, and enables the state to maximize resources allocated for affordable housing. The bill would require the study to consider data from projects that have received funding from the various programs and funding sources described above. The bill would require the development of the cost study only as existing resources permit without restructuring funding priorities, or as private resources are made available. The bill would require the California Tax Credit Allocation Committee to publish the study by January 1, 2028. This bill contains other related provisions and other existing laws.

(Last location was JUD. on 3/18/2021)(May be acted upon Jan 2021)	Existing law, the California Emergency Services Act, permits the Governor to proclaim a state of emergency during conditions of disaster or of extreme peril to the safety of persons and property, including epidemics. Existing law provides that the proclamation takes effect immediately, affords specified powers to the Governor, and terminates upon further proclamation by the Governor or by concurrent resolution of the Legislature. The Governor proclaimed a state of emergency March 4, 2020, related to the COVID-19 pandemic. Existing law generally provides that everyone is responsible, not only for the result of their willful acts, but also for an injury occasioned to another by that person's want of ordinary care or skill in the management of their property or person, except as specified.

immunity from civil liability.		This bill would exempt a small business or nonprofit organization with 100 or fewer employees from liability for an injury or illness to a consumer, as defined, due to coronavirus (COVID-19) based on a claim that the consumer contracted COVID-19 while at that small business or nonprofit organization, or due to the actions of that small business or nonprofit organization. The bill would require the small business or nonprofit organization, for this exemption to apply, to have implemented and substantially complied with all applicable state and local health laws, regulations, and protocols. Under the bill, this exemption would not apply if the injury or illness resulted from a grossly negligent act or omission, willful or wanton misconduct, or unlawful discrimination by the business or nonprofit organization or an employee of the business or nonprofit organization. The bill would apply these provisions only until the termination of the state of emergency related to the COVID-19 pandemic, regardless of when the claim is filed. The bill would repeal these provisions on January 1, 2023. The bill would include related legislative findings.

(Last location was REV. & TAX on 1/28/2021)(May be acted upon Jan 2022)	The Personal Income Tax Law and the Corporation Tax Law allow various credits against the taxes imposed by those laws. Existing law requires any bill authorizing a new tax expenditure to contain, among other things, specific goals, purposes, and objectives the tax expenditure will achieve, detailed performance indicators, and data collection requirements. This bill would allow a credit against those taxes for each taxable year beginning on or after January 1, 2021, and before January 1, 2022, to a taxpayer that is a business with a physical location in the state in an amount equal to the costs paid or incurred by the qualified taxpayer during the taxable year for the purchase of cleaning and sanitizing supplies used at business locations in the state to prevent the transmission of the novel coronavirus (COVID-19). SGMA requires, with some exceptions, that local agencies designated as groundwater sustainability agencies prepare, administer, and enforce the groundwater sustainability plans with the goal of sustainably managing these groundwater basins to avoid undesirable results such as overdrafting groundwater, subsidence, and seawater intrusion, among others. To achieve the sustainability goal, SGMA authorizes a groundwater sustainability agency to, among other measures, control groundwater extractions by regulating, limiting, or suspending extractions from groundwater wells, establish a program of voluntary fallowing of agricultural lands, or validate an existing fallowing program. This bill would establish the Multibenefit Land Repurposing Program, for purposes of assisting groundwater sustainability agencies in critically overdrafted basins achieve their groundwater sustainability goal by providing grants to public and private entities for projects and programs that reduce groundwater use by converting irrigated agricultural land to new uses that both reduce groundwater demand or use and provide some other measurable benefits to the environment or broader community. (Last location was INACTIVE FILE on 6/3/2021)(May be acted upon Jan 2022)	Existing law provides that a tenant is guilty of unlawful detainer if the tenant continues to possess the property without permission of the landlord in specified circumstances, including when the tenant has violated the lease or rental agreement by defaulting on rent, and requires the tenant be served a 3 days' notice in writing to cure the default, as specified. Existing law provides that an unlawful detainer action is subject to the COVID-19 Tenant Relief Act of 2020, which provides tenants with specified temporary protections from eviction, if the default in the payment of rent is based upon COVID-19 rental debt, as defined. This bill, the COVID-19 Emergency Small Business Eviction Relief Act, would, until July 1, 2025, require a landlord, who receives a statement signed by a commercial tenant, as defined, and supported by documentary evidence that evidences that the tenant requests emergency rent relief because the business of the commercial tenant has experienced a decrease in average monthly gross revenue of at least 50%, which is reasonably attributable to public health regulations adopted to address the COVID-19 pandemic, during the qualifying time period, as defined, as compared with the 12 months immediately preceding the qualifying time period, to conduct a good faith negotiation to form a plan to allow the commercial tenant a reasonable opportunity to repay COVID-19 lease debt while minimizing the hardship to the landlord. The act would provide that failure by a landlord to comply with that requirement constitutes an affirmative defense in an unlawful detainer action.

Chaptered by Secretary of State - Chapter 48, Statutes of 2021.	Existing law authorizes certain local entities to select a bidder for a contract on the basis of "best value," as defined. Existing law governs various types of contract procedures applicable to the Santa Clara Valley Water District and prescribes competitive bidding procedures for any improvement or unit of work over \$50,000. This bill would authorize the district, upon approval by the board of directors of the district, to award contracts on a best value basis for any work of the Anderson Dam project, defined to include prescribed activities and works of construction with regard to the Leroy Anderson Dam and Reservoir and certain fish and aquatic habitat measures described in a federal-state settlement agreement. The bill would require the district, if the board elects to award contracts on a best value basis, to comply with specified requirements governing the documents prepared, setting forth the scope and estimated price of the project and the request for qualifications, with bids evaluated using only the criteria and selection procedures identified in the procurement process documents. The bill would prohibit an Anderson Dam project contractor from being prequalified, shortlisted, or awarded a contract unless the contractor provides an enforceable commitment to the district that the contractor and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project, in

(Last location was B.&P. on 1/28/2021)(May be acted upon Jan 2022)	Existing law, the Control, Regulate and Tax Adult Use of Marijuana Act (AUMA), an initiative measure approved as Proposition 64 at the November 8, 2016, statewide general election, authorizes a person who obtains a state license under AUMA to engage in commercial adult-use cannabis activity pursuant to that license and applicable local ordinances. Existing law, the Medicinal and Adult-Use Cannabis Regulation and Safety Act (MAUCRSA), among other things, consolidates the licensure and regulation of commercial medicinal and adult-use cannabis activities. MAUCRSA generally divides responsibility for the state licensure and regulation of commercial cannabis activity among the Department of Food and Agriculture, the State Department of Public Health, and the Bureau of Cannabis Control, which MAUCRSA establishes within the Department of Consumer Affairs. AB 310 Lee D Wealth tax.	9/10/2021-A. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was REV. & TAX on 3/25/2021)(May be acted upon Jan 2022)	Existing law imposes taxes upon income and real property, as well as taxes upon certain transactions and excise taxes. This bill would, for taxable years beginning on or after January 1, 2022, impose an annual tax at a rate of 1% of a resident of this state's worldwide net worth in excess of \$50,000,000, or in excess of \$25,000,000 in the case of a married taxpayer filing separately. The bill would also impose an additional tax at a rate of 0.5% of a resident's worldwide net worth in excess of \$1,000,000,000, or in excess of \$500,000,000 in the case of a married taxpayer filing separately. The bill would describe worldwide net worth with reference to specific federal provisions and would provide that worldwide net worth does not include specific assets, including personal property situated out of state, directly held real property, or liabilities related to directly held real property. The bill would also authorize the Franchise Tax Board to adopt regulations to carry out these provisions, including regulations regarding the valuation of certain assets that are not publicly traded. This bill contains other related provisions and other existing laws.	
AB 320 Medina D Teacher preparation programs: regionally accredited institutions.	10/8/2021-A. CHAPTERED 10/8/2021-Signed by the Governor	Existing law requires the Commission on Teacher Credentialing to, among other duties, establish standards for the issuance and renewal of credentials, certificates, and permits. Under existing law, the commission establishes standards for teacher preparation programs at postsecondary educational institutions. This bill would define "regionally accredited," as that term is applied to institutions of higher education with teacher preparation programs, as either an institution that has been accredited by the Accrediting Commission for Senior Colleges and Universities, the Western Association of Schools and Colleges, the Higher Learning Commission, the Middle States Commission on Higher Education, the Northwest Commission on Colleges and Universities, the New England Commission of Higher

AB 336 Villapudua D Enhanced infrastructure financing districts: public financing authority: members: joint powers authorities.	6/28/2021- A. CHAPTERED 6/28/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 22, Statutes of 2021.	Existing law authorizes the legislative body of a city or a county to designate a proposed enhanced infrastructure financing district, with a governing body referred to as the public financing authority, by adopting a resolution of intention to establish the proposed district and requires the public financing authority to direct the preparation of and adopt an infrastructure financing plan and adopt a resolution to form the district, as provided. Existing law provides for the participation of an affected taxing entity, as defined, in the district, other than a county office of education, school district, or community college district. Existing law requires that the public financing authority include a majority of members from the legislative body of each participating affected taxing entity and 2 members of the public chosen by the legislative bodies of those participating affected taxing entities, as provided. This bill would specify that any member of the legislative body of a participating affected taxing entity who serves as a member of the public financing authority of an enhanced infrastructure financing district, as described above, may also serve as a member of the governing body of an agency or entity formed pursuant to an agreement for the joint exercise of power that the participating affected taxing entity has

(Last location was JUD. on 6/9/2021)(May be acted upon Jan 2022)	The California Public Records Act requires state and local agencies to make their records available for public inspection, unless an exemption from disclosure applies. The act declares that access to information concerning the conduct of the people’s business is a fundamental and necessary right of every person in this state. This bill would establish, within the California State Auditor’s Office, the California Public Records Act Ombudsperson. The bill would require the California State Auditor to appoint the ombudsperson subject to certain requirements. The bill would require the ombudsperson to receive and investigate requests for review, as defined, determine whether the denials of original requests, as defined, complied with the California Public Records Act, and issue written opinions of its determination, as provided. The bill would require the ombudsperson to create a process to that effect, and would authorize a member of the public to submit a request for review to the ombudsperson consistent with that process. The bill would require the ombudsperson, within 30 days from receipt of a request for review, to make a determination, as provided, and would require the ombudsperson to require the state agency to provide the public record if the ombudsperson determines that it was improperly denied. (Last location was P. & C.P. on 2/12/2021)(May be acted upon Jan 2022)	Existing law, the Information Practices Act of 1977, requires an agency, which includes a local agency, that owns or licenses computerized data that includes personal information, as defined, to disclose expeditiously and without unreasonable delay a breach in the security of the data to a resident of California whose unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person, or whose encrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person, and the encryption key or security credential was, or is reasonably believed to have been, acquired by an unauthorized person, and the agency that owns or licenses the encrypted information has a reasonable belief that the encryption key or security credential could render that personal information readable or useable. Existing law also requires an agency that maintains computerized data that includes personal information that the agency does not own to notify the owner or licensee of the information of any breach of the security of the data immediately following discovery, if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person. This bill would make the above-described requirements applicable if the information is accessed by an unauthorized person. The bill would also make conforming changes. Because it would impose a requirement to provide a higher level of service with regard to data breaches on a local agency, the bill would create a state-mandated local program. This bill contains other related provisions and other existing laws.

Existing law requires that the minimum levels of operating efficiency be based on feasible and attainable efficiencies or feasible improved efficiencies that will reduce the energy or water consumption growth rates. Existing law prohibits a new appliance manufactured on or after the effective date of the standards to be sold or offered for sale in the state unless it is certified by the manufacturer thereof to be in compliance with the standards. Existing law requires the commission to administer various programs to improve energy efficiency. This bill would require the commission, by July 1, 2022, to create a 3-year appliance rebate program to provide eligible residential customers of an electric utility or gas utility with monetary incentives to purchase new appliances that meet energy star or similar energy efficiency standards approved by the commission. The bill would limit eligibility for the program to those customers with annual household incomes that are no greater than 200% of the federal poverty guideline levels. The bill would limit rebates to appliances purchased for an eligible customer's primary residence and limit a customer to no more than 3 rebates during the term of the program. The requirements of the bill would become operative upon the appropriation of sufficient funds in the Budget Act to implement the bill's requirements.

AB 361 Rivas, Robert D Open meetings: state and local agencies: teleconferences.	9/16/2021- A. CHAPTERED 9/16/2021-Chaptered by Secretary of State - Chapter 165, Statutes of 2021.	(1)Existing law, the Ralph M. Brown Act requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. The act contains specified provisions regarding the timelines for posting an agenda and providing for the ability of the public to directly address the legislative body on any item of interest to the public. The act generally requires all regular and special meetings of the legislative body be held within the boundaries of the territory over which the local agency exercises jurisdiction, subject to certain exceptions. The act allows for meetings to occur via teleconferencing subject to certain requirements, particularly that the legislative body notice each teleconference location of each member that will be participating in the public meeting, that each teleconference location be accessible to the public, that members of the public be allowed to address the legislative body at each teleconference location, that the legislative body post an agenda at each teleconference location, and that at least a quorum of the legislative body participate from locations within the boundaries of the local agency’s jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. The act authorizes the district attorney or any interested person, subject to certain provisions, to commence an action by mandamus or injunction for the purpose of obtaining a judicial determination that specified actions taken by a legislative body are null and void.This bill, until January 1, 2024, would authorize a local agency to use teleconferencing without complying with the teleconferencing requirements imposed by the Ralph M. Brown Act when a legislative body of a local agency holds a meeting during a declared state of emergency, as that term is defined, when state or local health officials have imposed or recommended measures to promote social distancing, during a proclaimed state of emergency held for the purpose of determining, by majority vote, whether meeting in

AB 560 Quirk-Silva D Human trafficking.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was PUB. S. on 2/18/2021)(May be acted upon Jan 2022)	Existing law, as amended by the Californians Against Sexual Exploitation Act, an initiative measure enacted by the approval of Proposition 35 at the November 6, 2012, statewide general election (CASE Act), proscribes the crime of human trafficking, a felony. The CASE Act makes a person who causes, induces, or persuades, or attempts to cause, induce, or persuade, a person who is a minor at the time of commission of the offense to engage in a commercial sex act with the intent to effect or maintain a violation of specified other offenses, including child pornography and extortion, guilty of human trafficking, a felony. Existing law makes that crime punishable by imprisonment in the state prison for 5, 8, or 12 years and a fine of not more than \$500,000, or, if the offense involves force, fear, fraud, deceit, coercion, violence, duress, menace, or threat of unlawful injury to the victim or another person, 15 years to life and a fine of not more than \$500,000. The Legislature may amend the CASE Act by a statute passed in each house by a majority vote.This bill would expand the scope of that crime by making a person who causes, induces, or persuades, or attempts to cause, induce, or persuade, an adult, whom the person reasonably believes to be a minor at the time of commission of the offense, to engage in a commercial sex act with the intent to effect or maintain a violation of specified other offenses, including child pornography and extortion, guilty of human trafficking and subject to the penalties described above. By changing the definition of a crime, the bill would impose a state-mandated local program.This bill contains other related provisions and other existing laws.

Add New Housing Program: accessory dwelling unit financing.	9/1/2021)(May be acted upon Jan 2022)	New Housing Program with the purpose of assisting homeowners, as defined, in qualifying for loans to construct additional housing units on their property, including accessory dwelling units and junior accessory dwelling units. The bill would, with regard to the development of recommendations for the program, require the Treasurer to consult with the California Housing Financing Agency and the Department of Housing and Community Development, and would also authorize the Treasurer to consult with various other entities, including federal mortgage agencies, private lenders, community development financial institutions, community-based organizations, and local housing trust funds. The bill would require the report to examine the feasibility of, among other things, providing at least 80% of program funding to homeowners at or below 100% of the area median income of each county in the state. The bill would additionally require the report to provide recommendations regarding these provisions. The bill would authorize the Treasurer to include in the report other findings and recommendations that may be helpful to the implementation and operation of the program.

(Last location was A. & A.R. on 2/18/2021)(May be acted upon Jan 2022)	Existing law provides that it is the Department of Fish and Wildlife’s mission to manage California’s diverse fish, wildlife, and plant resources, and the habitats upon which they depend, for their ecological values and for their use and enjoyment of the public. Existing law provides that one of the department’s core programs is biodiversity conservation. This bill would establish the Biodiversity Protection and Restoration Act and would provide that it is the policy of the state that all state agencies, boards, and commissions shall utilize their authorities in furtherance of the biodiversity conservation purposes and goals of certain executive orders. The bill would require all state agencies, boards, and commissions to consider and prioritize the protection of biodiversity in carrying out their statutory mandates. The bill would require strategies related to the goal of the state to conserve at least 30% of California’s land and coastal waters by 2030 to be made available to the public and provided to certain legislative committees by no later than June 30, 2022.

Chaptered by Secretary of State - Chapter 194, Statutes of 2021.	Existing law establishes the Interagency Advisory Committee on Apprenticeship within the Division of Apprenticeship Standards, which is in the Department of Industrial Relations. Existing law prescribes the composition of the committee, which includes specified officials or their designees, serving as ex officio members, and 6 persons appointed by the Secretary of Labor and Workforce Development who are familiar with certain apprenticeable occupations, as specified requirements. This bill would add the director of the State Department of Social Services as a member of the Interagency Advisory Committee on Apprenticeship. This bill contains other related provisions and other existing laws.

(Last location was PRINT on 2/11/2021)(May be acted upon Jan 2021)	Existing property tax law generally requires the county auditor, in each fiscal year, to allocate property tax revenues to local jurisdictions in accordance with specified formulas and procedures, and generally requires that each jurisdiction be allocated an amount equal to the total of the amount of revenue allocated to that jurisdiction in the prior fiscal year, subject to certain modifications, and that jurisdiction's portion of the annual tax increment, as defined. This bill would make a nonsubstantive change to that provision.	
AB 570 Santiago D Dependent parent health care coverage.	10/4/2021- A. CHAPTERED 10/4/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 468, Statutes of 2021.	Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care, and makes a willful violation of the act a crime. Existing law provides for the regulation of health insurers by the Department of Insurance. Existing law authorizes an individual to add a dependent to their health care service plan contract or health insurance policy, including adding a dependent outside of an initial enrollment period if certain criteria are met. Existing law defines "dependent" for the purpose of an individual contract or policy to mean the spouse, registered domestic partner, or child of an individual. This bill would require an individual health care service plan contract or health insurance policy

AB 581 Irwin D Cybersecurity.	5/25/2021-A. 2 YEAR 5/25/2021-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/12/2021)(May be acted upon Jan 2022)	Existing law establishes the Office of Information Security within the Department of Technology, under the direction of the Chief of the Office of Information Security, for the purpose of ensuring the confidentiality, integrity, and availability of state systems and applications and to promote and protect privacy as part of the development and operations of state systems and applications to ensure the trust of the residents of this state. The law requires an entity within the executive branch that is under the direct authority of the Governor to implement the policies and procedures issued by the office. The law additionally authorizes the office to conduct, or require to be conducted, an independent security assessment of every state agency, department, or office, as specified. The law authorizes the Military Department to perform an independent security assessment of any state agency, department, or office. This bill would require all state agencies, as generally defined, to review and implement specified National Institute of Standards and Technology (NIST) guidelines for, among other things, reporting, coordinating, publishing, and receiving information about a security vulnerability relating to information systems and the resolution thereof, no later than July 1, 2022. The bill would require the chief to review the NIST guidelines and to create, update, and publish any appropriate standards or procedures in the State Administrative Manual and Statewide Information Management Manual to apply the NIST guidelines to certain state governmental agencies, as defined, no later than April 1, 2022. The bill would authorize a state agency to satisfy their requirement to implement NIST guidelines by adopting those standards and procedures published in the State Administrative Manual and Statewide Information Management Manual. (Last location was TRANS. on 2/18/2021)(May be acted upon Jan 2022)	Existing law imposes limits on the size, weight, and load of vehicles that may be operated on the highway and authorizes the Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, to issue permits to operate the vehicles exceeding the specified size, weight, and load limits. This bill would, no later than July 1, 2022, require the department to develop a pilot program for the purpose of issuing a special permit to the operator of a vehicle, combination of vehicles, or mobile equipment permitting the hauling of raw milk in excess of 80,000 pounds if the vehicle, combination, or equipment meets specified criteria. The bill would require an application for the permit to contain specified information, including a description of the vehicles to be operated under the permit. The bill would state that a permit is valid for one year and may be canceled by the department for specified reasons including the failure of the applicant to maintain any of the conditions required for the application. The bill would state that the holder of a permit is not authorized to operate outside of designated corridors identified by the department. The bill would require the department to submit a report to the Legislature, as specified. The bill would require the department to conduct a study focused on specific issues, including air pollution emission reductions and fuel consumption, and provide results to the appropriate legislative policy committees. The bill would authorize the department to charge a fee, as specified. The bill would repeal these provisions on January 1, 2030.

Existing law requires state agencies to work to maximize specified objectives related to climate change. Existing law establishes the Office of Planning and Research in state government in the Governor’s office. Existing law establishes the Integrated Climate Adaptation and Resiliency Program, to be administered by the Office of Planning and Research, to coordinate regional and local efforts with state climate adaptation strategies to adapt to the impacts of climate change in order to facilitate the development of holistic, complimentary strategies for adapting to climate change impacts. This bill would establish the Extreme Heat and Community Resilience Program for the purpose of coordinating state efforts and supporting local and regional efforts to mitigate the impacts of, and reduce the public health risks of, extreme heat and the urban heat island effect, and would require the Office of Planning and Research to administer the program through the Integrated Climate Adaptation and Resiliency Program. Under the Extreme Heat and Community Resilience Program, the bill would require the Office of Planning and Research to coordinate the state’s efforts to address extreme heat and the urban heat island effect and to provide financial and technical assistance to eligible entities to support local and regional efforts to mitigate the impacts of, and reduce the public health risks of, extreme heat or the urban heat island effect, as provided. The bill would require the Office of Planning and Research to submit a report to the Legislature by July 1, 2023, on certain matters relating to extreme heat and the urban heat island effect. The bill would require the Office of Planning and Research, before awarding grants under the Extreme Heat and Community Resilience Program, to adopt certain guidelines for the program and would require the Office of Planning and Research to seek input from the public, academic and technical experts, and relevant state agencies, as appropriate, in the drafting of those guidelines. The bill would establish the Extreme Heat and Community Resilience Fund in the State Treasury and would require the Office of Planning and Research, upon appropriation by the Legislature, to expend moneys in the fund for the implementation of the Extreme Heat and Community Resilience Program.

(1) Existing law, the Permit Streamlining Act, which is part of the Planning and Zoning Law, requires each public agency to provide a development project applicant with a list that specifies the information that will be required from any applicant for a development project. The Mitigation Fee Act requires a local agency that establishes, increases, or imposes a fee as a condition of approval of a development project to, among other things, determine a reasonable relationship between the fee's use and the type of development project on which the fee is imposed. Existing law requires a city, county, or special district that has an internet website to make available on its internet website certain information, as applicable, including its current schedule of fees and exactions. This bill, among other things, would require, on and after January 1, 2022, a local agency that conducts an impact fee nexus study to follow specific standards and practices, including, but not limited to, (1) that prior to the adoption of an associated development fee, an impact fee nexus study be adopted, (2) that the study identify the existing level of service for each public facility, identify the proposed new level of service, and include an explanation of why the new level of service is necessary, and (3) if the study is adopted after July 1, 2022, either calculate a fee levied or imposed on a housing development project proportionately to the square footage of the proposed units, or make specified findings explaining why square footage is not an appropriate metric to calculate the fees. (Last location was NAT. RES. on 3/25/2021)(May be acted upon Jan 2022)	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that the lead agency proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure by which a person may seek judicial review of the decision of the lead agency made pursuant to CEQA. Under existing law, a lead agency's decision to adopt a negative declaration or mitigated negative declaration is reviewed by the courts under the fair argument standard while the lead agency's decision to certify an EIR is reviewed under the substantial evidence standard. This bill would authorize the Governor to certify a new hospital project or hospital expansion or modernization project as an environmental leadership hospital project if the project meets certain requirements. The bill would require the project applicant to certify compliance with certain labor standards in regards to the implementation of the project. The bill would require the

		lead agency to concurrently prepare the record of proceedings for a project certified by the Governor, as applicable. By requiring the concurrent preparation of the record of proceedings, this bill would impose a state-mandated local program. The bill would specify that the review of a lead agency's decision to adopt or certify an environmental review document, as defined, for a certified project is the substantial evidence standard. The bill would provide that, if the lead agency fails to adopt or certify an environmental review document on or before June 1, 2028, for a certified project, the provisions of the bill do not apply to that project. The provisions of the bill would be repealed by their own terms on January 1, 2029. This bill contains other related provisions and other existing laws.	
AB 654 Reyes D COVID-19: exposure: notification.	10/5/2021- A. CHAPTERED 10/5/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 522, Statutes of 2021.	Existing law, the California Occupational Safety and Health Act of 1973, authorizes the Division of Occupational Safety and Health to prohibit the performance of an operation or process, or entry into that place of employment when, in its opinion, a place of employment, operation, or process, or any part thereof, exposes workers to the risk of infection with COVID-19, so as to constitute an imminent hazard to employees. Existing law requires that the prohibition be issued in a manner so as not to materially interrupt the performance of critical governmental functions essential to ensuring public health and safety functions or the delivery of electrical power or water. Existing law requires that these provisions not prevent the entry or use, with the division's knowledge and permission, for the sole purpose of eliminating the dangerous conditions. This bill would add the delivery of renewable natural gas to the list of utilities that the division's prohibitions are not allowed to materially interrupt. This bill contains other related provisions and other existing laws.	
AB 680 Burke D Greenhouse Gas Reduction	9/22/2021-A. ENROLLED 9/22/2021-Enrolled and presented to the Governor at 2 p.m.	Existing law, the California Global Warming Solutions Act of 2006, establishes the State Air Resources Board as the agency responsible for monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include the use of market-based compliance mechanisms in regulating greenhouse gas emissions. This bill would enact the California Jobs Plan Act of 2021, which would require the state board to work with the labor agency to update, by July 1, 2025, Greenhouse Gas Reduction Fund funding guidelines for administering agencies to ensure that all applicants to grant programs funded by the Greenhouse Gas Reduction Fund meet specified standards, including fair and responsible employer standards and inclusive procurement policies, as provided. The bill would require the state board to work with administering agencies to leverage existing programs and funding to assist applicants in meeting these standards. The bill would require, among other things, administering agencies, on and after the adoption of the update to the funding guidelines, to give preference to applicants that demonstrate a partnership with an educational institution or training program targeting residents of under-resourced, tribal, and low-income communities, as defined, in the same region as the proposed project and to applicants that demonstrate the creation of high-quality jobs, as defined, by the proposed project. The bill would exclude from these requirements applicants for projects that involve specified funding, technical assistance, or research, applicants who are not employers, as defined, and housing projects that will feature 100% affordable units, as defined. This bill contains other existing laws.

GOV. on 2/25/2021)(May be acted upon Jan 2021)	Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. The act contains specified provisions regarding the timelines for posting an agenda and providing for the ability of the public to observe and provide comment. The act allows for meetings to occur via teleconferencing subject to certain requirements, particularly that the legislative body notice each teleconference location of each member that will be participating in the public meeting, that each teleconference location be accessible to the public, that members of the public be allowed to address the legislative body at each teleconference location, that the legislative body post an agenda at each teleconference location, and that at least a quorum of the legislative body participate from locations within the boundaries of the local agency's jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. This bill would remove the notice requirements particular to teleconferencing and would revise the requirements of the act to allow for teleconferencing subject to existing provisions regarding the posting of notice of an agenda, provided that the public is allowed to observe the meeting and address the legislative body directly both in person and remotely via a call-in option or internet-based service option, and that a quorum of members participate in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the jurisdiction. The bill would require that, in each instance in which notice of the time of the teleconferenced meeting is otherwise given or the agenda for the meeting is otherwise posted, the local agency also give notice of the means by which members of the public may observe the meeting and offer public comment and that the legislative body have and implement a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with

AB 712 Calderon D Local Agency Public Construction Act: change orders: County of Los Angeles.	7/16/2021- A. CHAPTERED 7/16/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 95, Statutes of 2021.	Existing law, the Local Agency Public Construction Act, regulates contracting by local agencies, including counties and special districts. The act includes specific provisions for contracting by counties, contracting for county highways and county bridges and subways, and contracting by county waterworks districts. Other existing law regulates contracting by the Los Angeles County Flood Control District (LACFCD). Those specific provisions include change order authorization for contracts, as prescribed, and impose caps on the extra cost of any change order, varying with the value of the original contract. This bill would authorize the County of Los Angeles to add a new change order cap of \$400,000 for contracts whose original cost exceeds \$25,000,000 and of \$750,000 for contracts whose original cost exceeds \$50,000,000, both of which would be adjusted annually to reflect the percentage change in the California Consumer Price Index. (Last location was APPR. SUSPENSE FILE on 7/15/2021)(May be acted upon Jan 2022)	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions and to update the scoping plan at least once every 5 years. This bill would require the state board to conduct a comprehensive health analysis in conjunction with the development of each update of the scoping plan that includes a framework to provide an overview of the breadth of health impacts and health benefits that may accrue from the outcomes in the scoping plan, as specified.

AB 721 Bloom D Covenants and restrictions: affordable housing.	9/28/2021- A. CHAPTERED 9/28/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 349, Statutes of 2021.	Existing law permits a person who holds an ownership interest of record in property that the person believes is the subject of an unlawfully restrictive covenant based on, among other things, source of income, to record a Restrictive Covenant Modification, which is to include a copy of the original document with the illegal language stricken. Before recording the modification document, existing law requires the county recorder to submit the modification document and the original document to the county counsel who is required to determine whether the original document contains an unlawful restriction. This bill would make any recorded covenants, conditions, restrictions, or limits on the use of private or publicly owned land contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale that restricts the number, size, or location of the residences that may be built on the property, or that restricts the number of persons or families who may reside on the property, unenforceable against the owner of an affordable housing development, as defined, if an approved restrictive covenant affordable housing modification document has been recorded in the public record, as provided, unless a specified exception applies. This bill contains other related provisions and other existing laws.	
AB 724 Ward D Homelessness programs: funding.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was H. & C.D. on 3/25/2021)(May be acted upon Jan 2022)	Existing law establishes various programs, including, among others, the Emergency Housing and Assistance Program, to provide assistance to homeless persons. Existing law requires a state agency or department that funds, implements, or administers a state program that provides housing or housing-related services to people experiencing homelessness or at risk of homelessness to revise or adopt guidelines and regulations to include enumerated Housing First policies. This bill would require specified state entities to, not later than January 1, 2023, develop a streamlined funding program that meets specified criteria, to support the state's policy goal of reducing homelessness statewide by providing funding opportunities for local governments, as defined, to increase their capacity to respond to local homelessness needs through providing housing, emergency shelters, or other assistance to homeless individuals and families, or those at risk for homelessness, as

AB 726 Garcia, Eduardo D	7/23/2021- A. CHAPTERED 7/23/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 121, Statutes of 2021.	Existing law, until January 1, 2024, authorizes a county, city and county, or city to establish a capital investment incentive program. Existing law requires a county, city and county, or city that has so elected, to pay a capital investment incentive amount to the proponent of a qualified manufacturing facility for up to 15 years, upon request by a proponent in writing, as prescribed. Existing law defines “qualified manufacturing facility” for these purposes to mean a proposed manufacturing facility that meets specified requirements including that the facility is operated by certain businesses, including, among others, a business engaged in the recovery of minerals from geothermal resources or a business engaged in the manufacturing of parts or components related to the production of electricity using solar, wind, biomass, hydropower, or geothermal resources, as specified. This bill would add a business engaged in manufacturing of fuels, electrical parts, or components used in the field of clean transportation or the production of alternative fuel vehicles or electric vehicles to the list of business that may operate a qualified manufacturing facility. This bill contains other related provisions and other existing laws.

AB 773 Nazarian D Street closures and designations.	10/6/2021- A. CHAPTERED 10/6/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 587, Statutes of 2021.	Existing law authorizes local authorities to adopt rules and regulations by ordinance or regulation for highways under their jurisdiction if specified criteria are met. Under existing law, authorized actions by local authorities include permanent or temporary highway or street closures under certain conditions and the designation of a highway as a through highway. This bill would authorize a local authority to adopt a rule or regulation by ordinance to implement a slow streets program, which may include closures to vehicular traffic or through vehicular traffic of neighborhood local streets with connections to citywide bicycle networks, destinations that are within walking distance, or green space. The bill would require the local authority to meet specified conditions to implement a slow street, including a determination that closure or traffic restriction is necessary for the safety and protection of persons using the closed or restricted portion of the street, conducting an outreach and engagement process, and clearly designating the closure or traffic restriction with specific signage.	
AB 784 Quirk D Alameda-Contra Costa Transit District.	9/22/2021- A. CHAPTERED 9/22/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 200, Statutes of 2021.	(1)The Transit District Law authorizes any city together with unincorporated territory, or 2 or more cities, with or without unincorporated territory, in either the Counties of Alameda or Contra Costa or both, to organize and incorporate as a transit district divided into 5 wards with specified powers and duties relative to providing public transit service. This bill would repeal the authority to form a transit district under these provisions and would recognize the Alameda-Contra Costa Transit District as the district formed pursuant to this authority. This bill contains other related provisions and other existing laws.

AB 787 Gabriel D Planning and zoning: housing element: converted affordable housing units.	9/28/2021- A. CHAPTERED 9/28/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 350, Statutes of 2021.	Existing law, the Planning and Zoning Law, requires each city, county, and city and county to prepare and adopt a general plan that contains certain mandatory elements, including a housing element. Existing law requires that the housing element include, among other things, an assessment of housing needs and an inventory of resources and constraints relevant to meeting those needs. Existing law requires the Department of Housing and Community Development, in consultation with each council of governments, to determine each region's existing and projected housing need and requires each council of governments, or the department for cities and counties without a council of governments, to adopt a final regional housing need plan that allocates a share of the regional housing need to each city, county, or city and county, as provided. This bill would authorize a planning agency to include in its annual report, for up to 25% of a jurisdiction's moderate-income regional housing need allocation, the number of units in an existing multifamily building that were converted to deed-restricted rental housing for moderate-income households by the imposition of affordability covenants and restrictions for the unit, as specified. The bill would apply only to converted units that meet specified requirements, including that the rent for the unit prior to conversion was not affordable to very low, low-, or moderate-income households and the initial postconversion rent for the unit is at least 10% less than the average monthly rent charged over the 12 months prior to conversion. The bill would authorize a city or county to reduce its share of regional housing need for the income

Chaptered by Secretary of State - Chapter 414, Statutes of 2021.	Existing law creates the Los Angeles County Metropolitan Transportation Authority, with specified powers and duties with respect to transportation planning, programming, construction, and operations. Existing law authorizes the authority to enter into contracts with private entities that combine into a single contract all or some of the planning, design, permitting, development, joint development, construction, construction management, acquisition, leasing, installation, and warranty of some or all components of transit systems and certain facilities. Existing law authorizes the authority to award a contract under these provisions after a finding, by a 2/3 vote of the members of the authority, that awarding the contract will achieve for the authority, among other things, certain private sector efficiencies in the integration of design, project work, and components. Under existing law, a contract awarded pursuant to these provisions may include operation and maintenance elements if the inclusion of those elements meets certain requirements. This bill would eliminate the requirement to make the above-described finding by a 2/3 vote of the members of the authority in order to award contracts under these provisions. The bill would instead authorize the authority to award these contracts that include operation and maintenance elements after a finding, by a 2/3 vote of the members of the authority, that awarding the contract will achieve for the authority a more competitive solicitation process with respect to quality, timeliness, price, and other private sector efficiencies, relevant to the integration of design, project work, and components. Chaptered by Secretary of State - Chapter 97, Statutes of 2021.	(1)The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would instead require the lead agency to mail or email those notices, and to post them on the lead agency's internet website. The bill would also require notices of an environmental impact report to be posted on the internet website of the county clerk of each county in which the project is located. The bill would require the local jurisdiction to give public notice of the intended release and allow for public comment, as specified. The bill would require the court to hold an evidentiary hearing to determine if extraordinary circumstances exist. The bill would place the burden of showing extraordinary circumstances on the State Department of State Hospitals. The bill would require the court to accept remote testimony and written affidavits, as specified, for this hearing. The bill would limit how a lack of housing may be used to justify extraordinary circumstances and would require the department to present specified evidence regarding housing. The bill would also provide for discovery of relevant materials. This bill contains other existing laws.	
AB 823 Gray D High-Speed Rail Authority: trains powered by fossil fuel combustion engines.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 2/25/2021)(May be acted upon Jan 2022)	The California High-Speed Rail Act creates the High-Speed Rail Authority to develop and implement a high-speed rail system in the state, with specified powers and duties. Existing law requires the high-speed rail system to be designed to use electric trains. Existing law authorizes the authority, upon receiving legislative or voter approval, to enter into contracts with private or public entities for the design, construction, and operation of high-speed trains. This bill would prohibit the authority from directly or indirectly using local, state, federal, or any other public or private funding to purchase, lease, operate, or maintain a passenger or freight train powered by a diesel engine or other type of fossil fuel combustion engine, and from enabling such a train to operate on authority-owned rail infrastructure designed for speeds in excess of 125 miles per hour, except as specified.

Existing law requires the county transportation commissions for the Counties of Los Angeles, Orange, Riverside, and San Bernardino, upon the adoption of a resolution by each of those commissions, to jointly develop, in consultation with certain governmental agencies, a program for regional transit services, as defined, within the multicounty region. This bill would require the county transportation commissions in the Counties of Los Angeles and San Bernardino to jointly develop, in consultation with certain governmental agencies, a funding and implementation program for regional transit services to include service to international airports within the multicounty region, as provided. The bill would require the initial regional transit services draft program under these provisions to be completed on or before December 1, 2022. The bill would require the county transportation commissions in the Counties of Los Angeles and San Bernardino to hold a joint public hearing in each county in their jurisdiction on the draft program no earlier than 30 days after the draft has been completed. Following the public hearings, the bill would require the county transportation commissions in the Counties of Los Angeles and San Bernardino to adopt the regional transit services program. By imposing additional duties on county transportation commissions, the bill would impose a state-mandated local program. This bill contains other existing laws.	
AB 843 Aguiar-Curry D California Renewables Portfolio Standard Program: renewable feed-	9/23/2021- A. CHAPTERED 9/23/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 234, Statutes of 2021.	Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations. Existing law requires the commission, in consultation with the Independent System Operator, to establish resource adequacy requirements for all load-serving entities, defined to include electrical corporations, community choice aggregators, and electric service providers. The California Renewables Portfolio Standard Program requires the commission to establish a renewables portfolio standard requiring all retail sellers, defined as including electrical corporations, community choice aggregators, and electric service providers, to procure a minimum quantity of electricity products from eligible renewable energy resources, as defined, so that the total

The California Renewables Portfolio Standard Program requires every electrical corporation to file with the commission a standard tariff for electricity generated by an electric generation facility, as defined, that qualifies for the tariff, is owned and operated by a retail customer of the electrical corporation, and is located within the service territory of, and developed to sell electricity to, the electrical corporation. The commission refers to this requirement as the renewable feed-in tariff. This bill would provide that the renewable feed-in tariff would apply to a qualifying electric generation facility that is developed to sell electricity to the electrical corporation or, for a bioenergy electric generation facility, to an electrical corporation or a community choice aggregator within the electrical corporation's service territory. This bill contains other related provisions and other existing laws.	
AB 845 Rodriguez D Disability retirement: COVID-19: presumption.	7/23/2021- A. CHAPTERED 7/23/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 122, Statutes of 2021.	Existing law, until 2023, defines "injury" for purposes of workers' compensation insurance to include illness or death resulting from the 2019 novel coronavirus disease (COVID-19) under specified circumstances, and creates a disputable presumption, as specified, that the injury arose out of the course of employment and is compensable. This presumption is applicable to specified public safety, firefighter, and medical occupation, among others, as specified. This bill, until January 1, 2023, would create a presumption, applicable to the retirement systems that PEPRA regulates and to specified members in those systems, that would be applied to disability retirements on the basis, in whole or in part, of a COVID-19-related illness. In this circumstance, the bill would require that it be presumed the disability arose out of, or in the course of, the member's employment. The bill would authorize the presumption to be rebutted by evidence to the contrary, but unless controverted, the applicable governing board of a public retirement system would be required to find in accordance with the presumption. The bill would apply this presumption to members

Existing law, the Local Agency Public Construction Act, authorizes job order contracting for school districts and community college districts until January 1, 2022. Existing law requires job order contractors to submit a questionnaire to the school district or community college district containing specified information verified under oath. This bill would change the January 1, 2022, repeal date to January 1, 2027, thereby extending the authorization for job order contracting for school districts and community college districts, and make conforming changes. By extending the operation of those provisions that expand the crime of perjury, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

(Last location was INS. on 2/25/2021)(May be acted upon Jan 2022)	Existing unemployment compensation disability law requires workers to pay contribution rates based on, among other things, wages received in employment and benefit disbursement, for payment into the Unemployment Compensation Disability Fund, a special fund in the State Treasury. That fund is continuously appropriated for the purpose of providing disability benefits and making payment of expenses in administering those provisions. This bill would expand eligibility for benefits under the paid family leave program by expanding bonding leave relating to a child's birth to include leave for a parent who was pregnant with a child, if the child dies unexpectedly during childbirth at 37 weeks or more of pregnancy. AB 885 Quirk D Bagley-Keene Open Meeting Act: teleconferencing.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was G.O. on 2/25/2021)(May be acted upon Jan 2022)	The Bagley-Keene Open Meeting Act (Bagley-Keene Act), requires, with specified exceptions, that all meetings of a state body, as defined, be open and public, and all persons be permitted to attend any meeting of a state body, except as provided. The Bagley-Keene Act, among other things, requires a state body that elects to conduct a meeting or proceeding by teleconference to make the portion of the meeting that is required to be open to the public audible to the public at the location specified in the notice of the meeting. The Bagley-Keene Act requires a state body that elects to conduct a meeting or proceeding by teleconference to post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and requires each teleconference location to be accessible to the public. That law authorizes any meeting of a state body that is an advisory board, advisory commission, advisory committee, advisory subcommittee, or similar multimember advisory body to hold an open meeting by teleconference if the meeting complies with the requirements of the act, except as provided. Existing law requires that when a member of a multimember state advisory body participates remotely the body provide a means by which the public may remotely hear

Existing law requires a multimember state advisory body to end or adjourn a meeting if it discovers that a required means of remote access has failed during the meeting, and, if the meeting is to adjourn and reconvene on the same day, that law requires the body to communicate, among other things, how a member of the public may hear audio of the meeting or observe the meeting. This bill would require a state body that elects to conduct a meeting or proceeding by teleconference to make the portion that is required to be open to the public both audibly and visually observable. The bill would require a state body that elects to conduct a meeting or proceeding by teleconference to post an agenda at the designated primary physical meeting location in the notice of the meeting where members of the public may physically attend the meeting and participate. The bill would extend the above requirements of meetings of multimember advisory bodies that are held by teleconference to meetings of all multimember state bodies. The bill would require a multimember state body to provide a means by which the public may both audibly and visually remotely observe a meeting if a member of that body participates remotely. The bill would further require any body that is to adjourn and reconvene a meeting on the same day to communicate how a member of the public may both audibly and visually observe the meeting. (Last location was APPR. SUSPENSE FILE on 8/16/2021)(May be acted upon Jan 2022)	Existing law requires, by July 1, 2017, and every 3 years thereafter, the Natural Resources Agency to update, as prescribed, the state's climate adaptation strategy, known as the Safeguarding California Plan. Existing law establishes the Office of Planning and Research in state government in the Governor's office. Existing law establishes the Integrated Climate Adaptation and Resiliency Program to be administered by the office to coordinate regional and local efforts with state climate adaptation strategies to adapt to the impacts of climate change, as prescribed. This bill would authorize eligible entities, as defined, to establish and participate in a regional climate network, as defined. The bill would require the office, through the program, to encourage the inclusion of eligible entities with land use planning and hazard mitigation planning authority into regional climate networks. The bill would authorize a regional climate network to engage in activities to address climate change, as specified. This bill contains other related provisions.

Existing law provides that if the Alameda-Contra Costa Transit District implements an automated enforcement system as described above, the district is required to submit a report to specified committees of the Legislature by no later than January 1, 2021. This bill would extend the authorization described above to any public transit operator in the state until January 1, 2027, and to the City and County of San Francisco indefinitely, if the examiner or issuing agency, as specified, of a violation allows for the reduction or waiver of parking penalties for indigent individuals, as defined. The bill would authorize a designated employee or law enforcement agency to decline to issue a ticket, if there is evidence in the video of hardship. The bill would expand the authorization to enforce parking violations to include violations occurring at transit stops. The bill would repeal the obsolete reporting requirement of the Alameda-Contra Costa Transit District but would, except as specified, require an operator who implements an automated enforcement system to report to specified committees of the Legislature on the system's effectiveness and impact on traffic outcomes, among other things. Existing law authorizes the department to acquire any real property that it considers necessary for state highway purposes. Existing law requires the department to offer to sell or exchange excess real property, as defined, within one year from the date that it is determined by the department to be excess. This bill would authorize the department to sell its excess real property to the city, county, or city and county where the real property is located if the city, county, or city and county agrees to use the real property for the sole purpose of implementing affordable housing, emergency shelters, or feeding programs, as specified. The bill would exempt these sales from the California Environmental Quality Act, except the department would be required to file a notice of exemption with the Office of Planning and Research and the county clerk of the county in which the real property is located.

Chaptered by Secretary of State - Chapter 397, Statutes of 2021.	(1)Existing law establishes the Multifamily Housing Program administered by the Department of Housing and Community Development. Existing law requires assistance for projects under the program to be provided in the form of deferred payment loans to pay for eligible costs of the development, as provided. Existing law also requires that funds appropriated in the 2020 Budget Act or an act related to the 2020 Budget Act, including moneys received from the Coronavirus Relief Fund established by the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act, to provide housing for individuals and families who are experiencing homelessness or who are at risk of homelessness and who are impacted by the COVID-19 pandemic, be disbursed in accordance with the Multifamily Housing Program for specified uses, and provides that the above-described deferred payment loan requirement under the program does not apply to assistance provided pursuant to these provisions, as specified. This bill would require, beginning January 1, 2023, that a grantee or entity operating specified state homelessness programs, including the No Place Like Home Program, as a condition of receiving state funds, to enter Universal Data Elements and Common Data Elements, as defined by the United States Department of Housing and Urban Development Homeless Management Information System Data Standards, on the individuals and families it serves into its local Homeless Management Information System, unless otherwise exempted by state or federal law. The bill would require the Homeless Coordinating and Financing Council to specify the format and disclosure frequency of the required data elements. The bill would apply the data entry requirements to all new state homelessness programs that commence on or after July 1, 2021. AB 984 Rivas, Luz D Vehicle identification and registration: alternative devices.	9/10/2021-A. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was INACTIVE FILE on 9/9/2021)(May be acted upon Jan 2022)	Existing law requires a vehicle to display a license plate, issued by the Department of Motor Vehicles, with tabs that indicate the month and year the vehicle registration expires. Existing law authorizes the department to conduct a pilot program, until January 1, 2023, if certain conditions are met, to evaluate the use of alternatives to stickers, tabs, license plates, and registration cards. Under existing law, a person who alters, forges, counterfeits, or falsifies, among other things, a device issued pursuant to the pilot program, is guilty of a felony. This bill would require the department to establish a program authorizing an entity to issue alternatives to stickers, tabs, license plates, and registration cards under specified conditions that include, among others, approval of the alternative devices by the Department of the California Highway Patrol. The bill would make this authorization applicable to environmental license plates and specialized license plates displayed on an alternative device, as specified. The bill would allow the failure or malfunction of an alternative device to be deemed a correctable violation, as specified. The bill would require the provider of the device to build into the device a process for frequent notification if the device becomes defective and would require the provider to seek to replace defective devices as soon as possible. The bill would require an entity seeking approval to issue alternative devices or electronic vehicle registration cards to submit a business plan to the Department of Motor Vehicles, as specified. The bill would authorize the department to adopt regulations to carry out the program, including establishing reasonable fees to reimburse the department for the costs of implementing the program, reporting requirements, and to determine standards necessary for the safe use of alternative products. AB 992 Cooley D California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program.	10/7/2021- A. CHAPTERED 10/7/2021-Chaptered by Secretary of State - Chapter 624, Statutes of 2021.	Existing law establishes the California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program, which is administered by the State Air Resources Board, in conjunction with the State Energy Resources Conservation and Development Commission, to fund development, demonstration, precommercial pilot, and early commercial deployment of zero- and near-zero-emission truck, bus, and off-road vehicle and equipment technologies. This bill would specify that peer-to-peer truck sharing platform demonstration is eligible for funding under the program.	
AB 995 Gonzalez, Lorena D Paid sick days: accrual and use.	6/4/2021-A. 2 YEAR 6/4/2021-Failed Deadline pursuant to Rule 61(a)(8). (Last location was INACTIVE FILE on 6/3/2021)(May be acted upon Jan 2022)	(1)Existing law, with certain exceptions, entitles an employee to paid sick days for certain purposes if the employee works in California for the same employer for 30 or more days within a year from the commencement of employment. Existing law requires the leave to be accrued at a rate of no less than one hour for every 30 hours worked, and to be available for use beginning on the 90th day of employment. This bill would modify the employer's alternate sick leave accrual method to require that an employee have no less than 40 hours of accrued sick leave or paid time off by the 200th calendar day of employment or each calendar year, or in each 12-month period. The bill would modify that satisfaction provision to authorize an employer to satisfy accrual requirements by providing not less than 40 hours or 5 days of paid sick leave that is available to the employee to use by the completion of the employee's 200th calendar day of employment. The bill would also provide that an employer is under no obligation to allow an employee's total accrual of paid sick leave to exceed 80 hours or 10 days, as specified. The bill would raise the employer's authorized

(Last location was NAT. RES. on 3/4/2021)(May be acted upon Jan 2022)	Existing law requires each air pollution control district and each air quality management district (air district) that has a nonattainment area for one or more air pollutants to adopt an expedited schedule for the implementation of best available retrofit control technology (BARCT) by the earliest feasible date, but not later than December 31, 2023. Existing law provides that the adopted expedited schedule applies only to each industrial source that, as of January 1, 2017, was subject to a market-based compliance mechanism for the emissions of greenhouse gases adopted by the State Air Resources Board, as provided. This bill would additionally require those air districts to adopt an expedited schedule for the implementation of best available control technology (BACT). The bill would delete the provision applying the expedited schedule only to industrial sources that are subject to the market-based compliance mechanism. The bill would provide that industrial sources that, as of January 1, 2027, were subject to the market-based compliance mechanism and that fail to implement BARCT by December 31, 2023, are not eligible to participate in the market-based compliance mechanism. Because this bill would impose additional duties on air districts, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

AB 1028 Seyarto R Telework Flexibility Act.	4/30/2021-A. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was L. & E. on 3/4/2021)(May be acted upon Jan 2022)	Existing law, with various exceptions, generally establishes 8 hours as a day's work and a 40-hour workweek and requires the payment of prescribed overtime compensation for additional hours worked. This bill would permit an individual nonexempt employee to request an employee-selected remote work flexible work schedule providing for workdays up to 10 hours per day within a 40-hour workweek and would allow an employer to implement this schedule without the obligation to pay overtime compensation for those additional hours in a workday, except as specified. The authorization would apply only if an employee is working remotely and not under the physical control of the employer. The bill would require that the flexible work schedule contain specified information and the employer's and the employee's original signatures. The bill would except split shift premiums from application to the work of employees who are working an employee-selected remote work flexible work schedule. The bill would require the Division of Labor Standards Enforcement in the Department of Industrial Relations to enforce this provision and adopt regulations. AB 1041 Wicks D Employment: leave.	9/10/2021-S. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was INACTIVE FILE on 9/9/2021)(May be acted upon Jan 2022)	(1)Existing law, commonly known as the California Family Rights Act, makes it an unlawful employment practice for any government employer or employer with 5 or more employees to refuse to grant a request by any employee with more than 12 months of service with the employer, and who has at least 1,250 hours of service with the employer during the previous 12-month period or who meets certain other requirements, to take up to a total of 12 workweeks in any 12-month period to, among other things, bond with a new child of the employee or to care for themselves or a child, parent, grandparent, grandchild, sibling, spouse, or domestic partner, as specified. This bill would expand the population that an employee can take leave to care for to include a designated person. The bill would define “designated person” to mean a person identified by the employee at the time the employee requests family care and medical leave. The bill would authorize an employer to limit designation of a person, as prescribed. This bill contains other related provisions and other existing laws.	
AB 1042 Jones-Sawyer D Skilled nursing facilities: unpaid penalties: related parties.	10/4/2021- A. CHAPTERED 10/4/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 475, Statutes of 2021.	The Long-Term Care, Health, Safety, and Security Act of 1973 generally requires the State Department of Public Health to license and regulate long-term health care facilities and to establish an inspection and reporting system to ensure that long-term health care facilities are in compliance with state statutes and regulations. The term “long-term health care facility” includes, among other types of facilities, a skilled nursing facility. This bill would, beginning January 1, 2023, expressly authorize the department, if a licensee provider fails to pay specified penalties in full when all appeals have been exhausted and the department’s position has been upheld, to give written notice to the licensee provider and related parties in which the licensee provider has an ownership or control interest of 5% or more that the department may take appropriate legal action to recover the unpaid penalty amount from the licensee provider’s financial interest in the related party. AB 1043 Bryan D Housing programs: rental housing developments: affordable rent.	9/28/2021- A. CHAPTERED 9/28/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 354, Statutes of 2021.	Existing law, the Zenovich-Moscone-Chacon Housing and Home Finance Act, prohibits “affordable rent” for certain rental housing developments that receive assistance on or after January 1, 1991, from exceeding a specified percentage based on the area median income adjusted for family size and whether the household is an extremely low income household, very low income household, lower income household, or moderate-income household. This bill, for leases entered into on or after January 1, 2022, would additionally prohibit “affordable rent” for certain rental housing developments that receive assistance from exceeding the product of 30 percent times 15 percent of the area median income adjusted for family size appropriate for the unit if the household is an “acutely low income household,” as defined to mean persons and families whose incomes do not exceed 15 percent of area median income, adjusted for family size, as specified. AB 1048 Cooper D Alameda Health System Hospital Authority: labor negotiations.	9/28/2021- A. CHAPTERED 9/28/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 379, Statutes of 2021.	Existing law establishes an independent public agency to manage, administer, and control the Alameda Health System, which is known as the Alameda Health System Hospital Authority. The hospital authority is governed by a board that is appointed by the Board of Supervisors of the County of Alameda. Existing law prescribes the characteristics of employees of the hospital authority who are and are not authorized to participate in the Alameda County Employees' Retirement Association at the time the provisions authorizing the creation of the hospital authority become effective. Existing law generally prohibits a person employed by the hospital authority on or before the date these provisions became effective who was not qualified for membership in the Alameda County Employees' Retirement Association at that time from becoming qualified for membership as a result of subsequent employment with the hospital authority. This bill would repeal the above-described prohibition on certain employees of the Alameda Health System Hospital Authority qualifying for membership in the Alameda County Employees' Retirement Association. The bill, during a specified time period, would require that a request to meet and confer by a recognized union or bargaining agent result in the reopening of an effective memorandum of understanding for the purpose of negotiating an agreement regarding the inclusion of certain people within the applicable bargaining unit in the Alameda County Employees' Retirement Association. The bill would authorize a side letter or similar agreement to be negotiated in lieu of reopening the memorandum of understanding. AB 1049 Davies R Public Transportation Account: loan repayment.	9/10/2021-A. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was TRANS. on 3/4/2021)(May be acted upon Jan 2022)	Existing law requires the transfer of a specified portion of the sales tax on diesel fuel to the Public Transportation Account, a trust fund in the State Transportation Fund. Existing law requires funds in the account to be allocated to various public transportation and transportation planning purposes, with specified revenues in the account to be allocated by the Controller to specified local transportation agencies for public transportation purposes, pursuant to the State Transit Assistance (STA) Program. Existing law provides for each STA-eligible operator within the jurisdiction of the allocating local transportation agency to receive a proportional share of the revenue-based program funds based on the qualifying revenues of that operator, as defined. The Budget Act of 2013 and the Budget Act of 2014 require the Controller, upon the order of the Director of Finance, to transfer specified amounts totaling up to \$55,515,000 as loans from the Public Transportation Account to the High-Speed Passenger Train Bond Fund. This bill would require \$54,000,000 from these loans to be repaid to the Public Transportation Account and would provide that these repaid funds are available, upon appropriation by the Legislature, to help offset the loss of revenues incurred by transit operators during the COVID-19 pandemic. SUSPENSE FILE on 5/12/2021)(May be acted upon Jan 2022)	Existing law defines an automated license plate recognition (ALPR) system as a searchable computerized database resulting from the operation of one or more mobile or fixed cameras combined with computer algorithms to read and convert images of registration plates and the characters they contain into computer-readable data. Existing law imposes specified requirements on an ALPR operator and an ALPR end-user including, among others, maintaining reasonable security procedures and practices to protect ALPR information and implementing a usage and privacy policy with respect to that information, as specified. This bill would require the Department of Justice to draft and make available on its internet website an ALPR system policy template for local law enforcement agencies. This bill would additionally require the department to develop and issue guidance for local law enforcement agencies to help them identify and evaluate the types of data they are storing in their systems, as specified.

SUSPENSE FILE on 5/12/2021)(May be acted upon Jan 2022)	The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the statewide greenhouse gas emissions limit, as defined, no later than December 31, 2030. The act requires the state board to adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions. The state board is authorized to include market-based compliance mechanisms to comply with the regulations. The implementing regulations adopted by the state board provide for the direct allocation of greenhouse gas allowances to electrical corporations pursuant to a market-based compliance mechanism. Beginning with the fiscal year commencing July 1, 2022, and ending with the fiscal year ending June 30, 2027, except as provided, this bill would require the PUC to annually allocate 5% of the revenues received by the electrical corporations from that allocation of greenhouse gas allowances to the Environmental Justice Community Resilience Hubs Program, which would require each electrical corporation to award those

The bill would require the PUC to select a third-party administrator by no later than March 1, 2023, and require that the program be operational and begin processing applications by no later than July 1, 2023. The bill would require that the program be jointly operated among all the participating electrical corporations and be consistent across the utility territories. The bill would require the third-party administrator ensure that program moneys from each utility are used only for projects located in the service territory of that utility from which the moneys are received and to provide technical assistance to program applicants. The bill would prohibit more than 10% of those allocated revenues from being used for administration, technical assistance, and outreach. Task Force on the California Master Plan on Homeownership.	SUSPENSE FILE on 5/12/2021)(May be acted upon Jan 2022)	Legislature every 4 years. Existing law establishes the California Housing Finance Agency (CalHFA) within the Department of Housing and Community Development, administered by a board of directors, with the primary purpose of meeting the housing needs of persons and families of low or moderate income. Existing law requires the Governor, subject to confirmation by the Senate, to appoint an executive director of CalHFA and requires the executive director, subject solely to supervision by the board of directors, to administer and direct the day-to-day operations of CalHFA. This bill would establish the Legislative Task Force on the California Master Plan on Homeownership. The bill would require the Executive Director of CalHFA to serve as the chair of the task force and to appoint a homeownership advisory committee, as provided. The bill would require the task force to evaluate policy and regulatory impediments to increasing the rate of homeownership for Californians and, no later than October 31, 2022, to develop a final report that includes specified information and recommendations and submit that report to the Legislature. The bill would make findings in this regard.

(Last location was INACTIVE FILE on 5/27/2021)(May be acted upon Jan 2022)	Existing law creates the Santa Clara Valley Transportation Authority (VTA) with various powers and duties relative to transportation projects and services and the operation of public transit in the County of Santa Clara. Existing law vests the government of the VTA in a 12-member board of directors whose terms of office are two years. Under existing law, only members of the county board of supervisors and city council members and mayors of cities in the county are authorized to serve on the board. Existing law provides for the appointment of the board members by those local governments, as specified. This bill, on and after July 1, 2022, would reduce the size of the board to 9 members, increase their terms of office to 4 years, and provide for residents living in the county, rather than local officials, to serve on the board, as specified. The bill would require that expertise, experience, or knowledge relative to transportation, infrastructure or project management, accounting or finance, and executive management are represented on the board.

(Last location was INACTIVE FILE on 9/9/2021)(May be acted upon Jan 2022)	(1)Existing law, the Economic Revitalization Act, establishes the Governor’s Office of Business and Economic Development (GO-Biz) within the Governor’s office, under the direct control of a director who is responsible to, and appointed by, the Governor. Existing law requires GO-Biz to serve the Governor as the lead entity for economic strategy and the marketing of California on issues relating to business development, private sector investment, and economic growth.This bill would establish the Clean Vehicles Ombudsperson, to be appointed by and report directly to the Director of GO-Biz, and would require the ombudsperson to consult with appropriate entities in identifying available programs and incentives offered by the state that can help to reduce costs and increase participation in a statewide contract or leveraged procurement agreement, as described below. The bill would also require the ombudsperson to convene 2 or more workshops of an advisory committee to aid the ombudsperson in identifying and publishing best practices in adopting zero-emission fleet vehicles for public agencies and identifying appropriate candidate vehicles for bulk purchase, leveraged procurement, or other means of widespread adoption by public entities, as specified. The bill would also require the ombudsperson to develop, and recommend that DGS adopt, criteria for evaluating vehicle purchase options or other means of widespread and streamline adoption options, as provided. The bill would repeal these provisions establishing and setting forth the powers and duties of the ombudsperson as of January 1, 2027.This bill contains other related provisions and other existing laws.

CHAPTERED 9/16/2021-Chaptered by Secretary of State - Chapter 160, Statutes of 2021.	The Planning and Zoning Law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit, if the development satisfies specified objective planning standards, including, among other things, that the development and the site on which it is located satisfy specified location, urbanization, and zoning requirements. Existing law provides that a development approved pursuant to the streamlined, ministerial approval process is valid indefinitely if specified requirements are met, and otherwise is valid, except as provided, for 3 years from the date of the final action establishing that approval and remains valid thereafter for a project so long as vertical construction of the development has begun and is in progress. Existing law authorizes a development proponent to request a modification to a development that has been approved under the streamlined, ministerial approval process if the request is submitted before the issuance of the final building permit required for construction of the development. Existing law defines “affordable rent” for purposes of this streamlined, ministerial approval process. This bill would clarify the requirements that must be met for an approved development to be valid indefinitely. The bill would also provide that, alternatively, approval for an approved development is valid for 3 years from the date of the final judgment upholding the development’s approval if litigation is filed challenging that approval. The bill would revise construction requirements to be met for approval to remain valid. The bill would provide that if the development proponent requests a modification, then the time during which the approval is valid is extended, as specified. The

(Last location was L. & E. on 3/11/2021)(May be acted upon Jan 2022)	Existing law, the California Occupational Safety and Health Act of 1973, vests the Division of Occupational Safety and Health within the Department of Industrial Relations with the power, jurisdiction, and supervision over every employment and place of employment, which is necessary adequately to enforce and administer all laws and lawful standards and orders, or special orders requiring such employment and place of employment to be safe, and requiring the protection of the life, safety, and health of every employee in such employment or place of employment, including to inspect and investigate employments and places of employment, as prescribed. The Occupational Safety and Health Administration (OSHA), except as provided, prohibits a person or employer from being given advance warning of an inspection or investigation by any authorized representative of the division. OSHA authorizes the Chief of the Division of Occupational Safety and Health or an authorized representative to permit advance notice of an inspection or investigation as prescribed by the Director of Industrial Relations. OSHA prohibits the authorization of advance notice when the investigation or inspection is to be made as a result of an employee complaint, unless there is imminent danger to the health or safety of an employee or employees. OSHA makes it a crime, punishable as prescribed, for any person to give unauthorized advance notice of any inspection to be conducted. This bill would revise those advance warning provisions to prohibit any representative of the division from giving advance notice of an inspection or investigation to an employer or other person unless authorized under OSHA. The bill would authorize the chief or their authorized representatives to permit advance notice of an inspection or investigation when advance notice is necessary to ensure availability of essential personnel or access to the site, equipment, or process, as prescribed by the director. AB 1179 Carrillo D Employer provided benefit: backup childcare.	5/25/2021-A. 2 YEAR 5/25/2021-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/5/2021)(May be acted upon Jan 2022)	Existing law, the Healthy Workplaces, Healthy Families Act of 2014, requires employers to provide an employee, who works in California for 30 or more days within a year from the commencement of employment, with paid sick days for prescribed purposes, to be accrued at a rate of no less than one hour for every 30 hours worked. Existing law authorizes an employer to limit an employee's use of paid sick days to 24 hours or 3 days in each year of employment. This bill would require an employer to provide an employee, on or after January 1, 2022, who works in California for the same employer for 30 or more days within a year from the commencement of employment, with up to 60 hours of paid backup childcare benefits, to be accrued and used as provided. The bill would define "backup childcare" as childcare provided by a qualified backup childcare provider to the employee's child when the employee's regular childcare provider cannot be utilized, and "paid backup childcare" as an employee benefit consisting of the employer paying for a qualified backup childcare provider to provide backup childcare for an employee's child that is compensated at the state minimum wage or the federal minimum wage, whichever is higher. This bill would require, as of January 1, 2025, that the state board consist of 14 voting members, 11 of whom shall be elected by district voters and 3 of whom shall be appointed by the Governor, the Senate pro Tempore, and the Speaker of the Assembly. The bill would provide that each elected state board member shall serve a 4-year term commencing on January 1 of the calendar year following a statewide election, with the first state board election occurring in 2024, and that no elected state board member shall serve more than a total of 3 terms. The bill would provide that the office of an elected state board member shall be a nonpartisan office, subject to the provisions specified in the Elections Code for nominations and elections. The bill would require the state board, on or before January 1, 2023, and within one year of each federal decennial census, to establish and adopt 11 districts within the state, as provided, and develop a map depicting the geographical boundaries of each district. The bill would require the state board to engage the public, as specified, prior to adopting the district boundaries and map. AB 1220 Rivas, Luz D Homelessness: California Interagency Council on Homelessness.	9/29/2021- A. CHAPTERED 9/29/2021-Approved by the Governor. Chaptered by Secretary of State - Chapter 398, Statutes of 2021.	Existing law requires the Governor to establish the Homeless Coordinating and Financing Council and appoint up to 19 members of that coordinating council, including the Secretary of Business, Consumer Services and Housing, or the secretary's designee, to serve as the chair of the coordinating council. Existing law requires that the coordinating council be under the direction of an executive director, who is under the direction of the Business, Consumer Services and Housing Agency, and staffed by employees of that agency. This bill would rename the council to the California Interagency Council on Homelessness and would remove authorization for the Secretary of the Business, Consumer Services and Housing's designee to serve as chair of the council. The bill would instead require the Secretary of the Business, Consumer Services and Housing Agency and the Secretary of the California Health and Human Services Agency to serve as cochairs of the council. The bill would make other changes to the council's membership, including adding 5 new members, as specified. The bill would require the council to seek guidance from and meet with an advisory committee to the council, consisting of specified members. The bill would also provide that the appointed members of the council or committees serve at the pleasure of their appointing authority. (Last location was INACTIVE FILE on 6/1/2021)(May be acted upon Jan 2022)	Existing law requires the Board of Registered Nursing, the Physician Assistant Board, the Respiratory Care Board of California, and the Board of Vocational Nursing and Psychiatric Technicians of the State of California to regulate and oversee the practice of healing arts within their respective jurisdictions and to, among other things, collect and report specific demographic data relating to their licensees, subject to a licensee’s discretion to report their race or ethnicity, to the Office of Statewide Health Planning and Development. Existing law requires these boards to collect this data at least biennially, at the times of both issuing an initial license and issuing a renewal license. Existing law also authorizes the Board of Registered Nursing to expend \$145,000 to implement these provisions.This bill would repeal those provisions and would, instead, require all boards that oversee healing arts licensees to request at the time of electronic application for a license and license renewal, or at least biennially, specified demographic information from its licensees and, if designated by the board, its registrants and to post the information on the internet websites that they each maintain. The bill would specify that licensees and registrants shall not be required to

AB 1238 Ting D Pedestrian access.	9/20/2021-A. ENROLLED 9/20/2021-Enrolled and presented to the Governor at 3 p.m.	Existing law makes various provisions relating to the rules of the road, including, but not limited to, traffic signs, symbols, and markings, and pedestrians' rights and duties. Under existing law, a violation of these provisions is an infraction.This bill would eliminate that prohibition until January 1, 2029.This bill contains other related provisions and other existing laws.	
AB 1260 Chen R California Environmental Quality Act: exemptions: transportation-related projects.	8/27/2021-S. 2 YEAR 8/27/2021-Failed Deadline pursuant to Rule 61(a)(12). (Last location was APPR. SUSPENSE FILE on 8/16/2021)(May be acted upon Jan 2022)	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would further exempt from the requirements of CEQA projects by a public transit agency to construct or maintain infrastructure to charge or refuel zero-emission trains, provided certain requirements are met, including giving prior notice to the public and holding a noticed public meeting, as provided.This bill contains other existing laws.

AB 1327 Ting D Aging in place: home modification.	6/4/2021-A. 2 YEAR 6/4/2021-Failed Deadline pursuant to Rule 61(a)(8). (Last location was INACTIVE FILE on 6/1/2021)(May be acted upon Jan 2022)	Existing law, subject to an appropriation, requires the California Department of Aging, in consultation with the California Commission on Aging, to enter into a contract with a research-based university gerontology department, as specified, to develop information and materials relating to the concept of “aging in place” and the benefits of home modification for seniors. Existing law requires the department to distribute that information to area agencies on aging and other appropriate entities. This bill would require the department to update the above information and materials, as specified, to include information on the benefits of accessory dwelling units as a type of home modification to help Californians age in place, and to prominently post the distributed information on its internet website.

(Last location was PRINT on 2/19/2021)(May be acted upon Jan 2021)	Existing law authorizes any local agency to enact any ordinance that adopts a code by reference if the referenced code is specified in the title of the ordinance. Existing law requires that after the first reading of the title of the adopting ordinance, and of the title of the code to be adopted thereby, and of the title of the secondary codes therein adopted by reference, the legislative body shall make copies of the primary code and also copies of the secondary codes, if any, being considered for adoption, open to public inspection with the clerk of the legislative body. Existing law prohibits, however, the adoption by reference of any penalty clauses that may appear in any code that is adopted by reference; a penalty clause may be enacted only if set forth in full, and published, in the adopting ordinance. This bill would make nonsubstantive changes to the latter provision.

Among other things, existing law requires that this report include the progress in meeting the city’s or county’s share of regional housing needs and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing, as specified.This bill would additionally require that the annual report include the total number of housing units that received a certificate of occupancy in the prior year. The bill would require this information to also specify the total number of housing units constructed that were approved pursuant to a specified streamlined, ministerial approval process and the total number of accessory dwelling units constructed that were approved by the city or county, as specified. By adding to the reporting requirements imposed on cities and counties, the bill would impose a state-mandated local program.The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.This bill would provide that no reimbursement is required by this act for a specified reason.

This bill, the California Climate Crisis Act, would declare the policy of the state both to achieve net zero greenhouse gas emissions as soon as possible, but no later than 2045, and achieve and maintain net negative greenhouse gas emissions thereafter, and to ensure that by 2045, statewide anthropogenic greenhouse gas emissions are reduced to at least 90% below the 1990 levels. The bill would require the state board to work with relevant state agencies to ensure that updates to the scoping plan identify and recommend measures to achieve these policy goals and to identify a variety of policies and strategies that support carbon dioxide removal solutions, carbon capture and storage technologies, and nature-based climate solutions in California, as specified. The bill would require the state board to work with relevant agencies to establish criteria for the use of carbon dioxide removal technologies and carbon capture and storage technologies for purposes of achieving these policy goals. Chaptered by Secretary of State - Chapter 358, Statutes of 2021.	(1)Existing law, the Planning and Zoning Law, requires a county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes, among other things, a housing element. Existing law requires the county or city to submit its proposed and adopted housing element and any amendment of its housing element to the Department of Housing and Community Development, and requires the department to determine whether that housing element or amendment substantially complies with specified law, as provided. This bill would require a local government that fails to adopt a housing element that the Department of Housing and Community Development has found to be in substantial compliance with state law within 120 days of the statutory deadline to complete this rezoning no later than one year from the statutory deadline for the adoption of the housing element. The bill would prohibit a jurisdiction that adopts a housing element more than one year after the statutory deadline from being found in substantial compliance, as described above, until required rezoning is completed, as specified. The bill would also specify that the above-described requirement for the local government to revise its housing element every 4 years applies until the due date for the 6th revision of the housing element and that adoption of a 6th revision housing element that is found to be in substantial compliance satisfies any obligation to adopt a 4-year housing element. Existing state law creates the California Health Benefit Exchange, also known as Covered California, to facilitate the enrollment of qualified individuals and qualified small employers in qualified health plans as required under PPACA. This bill, the California Guaranteed Health Care for All Act, would create the California Guaranteed Health Care for All program, or CalCare, to provide comprehensive universal single-payer health care coverage and a health care cost control system for the benefit of all residents of the state. The bill, among other things, would provide that CalCare cover a wide range of medical benefits and other services and would incorporate the health care benefits and standards of other existing federal and state provisions, including the federal Children’s Health Insurance Program, Medi-Cal, ancillary health care or social services covered by regional centers for persons with developmental disabilities, Knox-Keene, and the federal Medicare program. The bill would require the board to seek all necessary waivers, approvals, and agreements to allow various existing federal health care payments to be paid to CalCare, which would then assume responsibility for all benefits and services previously paid for with those funds. The bill would create authorizations in this regard for a city or a county to which these prohibitions do not apply. The bill, when a project provides parking voluntarily, would authorize a public agency to impose specified requirements on the voluntary parking. The bill would prohibit these provisions from reducing, eliminating, or precluding the enforcement of any requirement imposed on a new multifamily or nonresidential development to provide electric vehicle supply equipment installed parking spaces or parking spaces that are accessible to persons with disabilities, as specified. (Last location was APPR. 7/15/2021)(May be acted upon Jan 2022)	Existing law, the California Emergency Services Act, grants the Governor certain powers to be exercised in accordance with the State Emergency Plan and programs for the mitigation of the effects of an emergency, including providing for approval of local emergency plans, requires the State Emergency Plan to be in effect in each political subdivision of the state, and requires the governing body of each political subdivision to take such action as may be necessary to carry out the provisions thereof. This bill, additionally, would include critically ill newborn infants in the “access and functional needs population” for those purposes. The bill would require the Office of Emergency Services, at the request of a county, to assist the county, in conjunction with the hospitals in the county, in the preparation of an emergency disaster evacuation plan for critically ill newborn infants in the neonatal intensive care units in the county. By increasing the duties of local officials, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Existing law requires the appropriate council of governments, or the department for cities and counties without a council of governments, to adopt a final regional housing need plan that allocates a share of the regional housing need to each city, county, or city and county, as provided. Existing law requires that the final regional housing plan adopted by a council of governments, or a delegate subregion, as applicable, be based on a methodology that includes specified factors, and similarly requires that the department take into consideration specified factors in distributing regional housing need, as provided. This bill would require that a council of governments, a delegate subregion, or the department, as applicable, additionally consider among these factors emergency evacuation route capacity, wildfire risk, sea level rise, and other impacts caused by climate change. By adding to the duties of local officials in allocating regional housing need, this bill would impose a state-mandated local program. (Last location was APPR. SUSPENSE FILE on 5/12/2021)(May be acted upon Jan 2022)	Existing law creates the Transformative Climate Communities Program, which is administered by the Strategic Growth Council. Existing law requires the council to award competitive grants to specified eligible entities for the development and implementation of neighborhood-level transformative climate community plans that include multiple, coordinated greenhouse gas emissions reduction projects that provide local economic, environmental, and health benefits to disadvantaged communities. This bill would, until January 1, 2028, establish the Just Transition Advisory Commission, consisting of specified members, in the Labor and Workforce Development Agency and would require the commission, through a public process, to develop and adopt, on or before January 1, 2024, the Just Transition Plan that contains recommendations to transition the state's economy to a climate-resilient and low-carbon economy that maximizes the benefits of climate actions while minimizing burdens to workers, especially workers in the fossil fuel industry, and their communities, especially communities that face disproportionate burdens from pollution. The bill would require the commission to submit the plan to the Legislature on or before January 1, 2024. This bill contains other existing laws.

(Last location was NAT. RES. on 3/11/2021)(May be acted upon Jan 2022)	The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to adopt rules and regulations to achieve the maximum technologically feasible and cost-effective greenhouse gas emissions reductions to ensure that the statewide greenhouse gas emissions are reduced to at least 40% below the statewide greenhouse gas emissions limit, as defined, no later than December 31, 2030. Pursuant to the act, the state board has adopted the Low Carbon Fuel Standard regulations. This bill would require the state board to recognize as a method to generate credits under the Low Carbon Fuel Standard regulations the use of renewable natural gas or biogas that both displaces the existing use of natural gas and reduces the carbon intensity of fuels, as specified.

CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure by which a person may seek judicial review of a decision of the lead agency made pursuant to CEQA. If an action or proceeding is brought seeking judicial review, CEQA establishes a procedure for the preparation of the record of proceedings upon the filing of an action or proceeding and requires the lead agency to prepare and certify the record of proceedings, but authorizes the plaintiff or petitioner to elect to prepare the record of proceedings. This bill, in an action or proceeding seeking judicial review under CEQA of certain actions taken by a city with a certain population or by a city and county before January 1, 2025, defined as a “housing element update project,” would prohibit a court from enjoining, invalidating, voiding, setting aside, or issuing an order to suspend, invalidate, rescind, void, or set aside the decision for the housing element update project, except to the extent the court finds it necessary to avoid an imminent threat to public health and safety. The bill would require the lead agency to prepare the record of proceedings and would authorize the concurrent preparation of the record of proceedings. This bill contains other existing laws.

SB 6 Caballero D Local planning: housing: commercial zones.	9/10/2021-A. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was H. & C.D. on 8/23/2021)(May be acted upon Jan 2022)	The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. Existing law requires that the housing element include, among other things, an inventory of land suitable and available for residential development. If the inventory of sites does not identify adequate sites to accommodate the need for groups of all households pursuant to specified law, existing law requires the local government to rezone sites within specified time periods and that this rezoning accommodate 100% of the need for housing for very low and low-income households on sites that will be zoned to permit owner-occupied and rental multifamily residential use by right for specified developments. This bill, the Neighborhood Homes Act, would deem a housing development project, as defined, an allowable use on a neighborhood lot, which is defined as a parcel within an office or retail commercial zone that is not adjacent to an industrial use. The bill would require the density for a housing development under these provisions to meet or exceed the density deemed appropriate to accommodate housing for lower income households according to the type of local jurisdiction, including a density of at least 20 units per acre for a suburban jurisdiction. The bill would require the housing development to meet all other local requirements for a neighborhood lot, other than those that prohibit residential use, or allow residential use at a lower density than that required by the bill. The bill would provide that a housing development under these provisions is subject to the local zoning, parking, design, and other ordinances, local code requirements, and procedures applicable to the processing and permitting of a housing development in a zone that allows for the housing with the density required by the act. If more than one zoning designation of the local agency allows for housing with the density required by the act, the bill would require that the zoning standards

		<p>that apply to the closest parcel that allows residential use at a density that meets the requirements of the act would apply. If the existing zoning designation allows residential use at a density greater than that required by the act, the bill would require that the existing zoning designation for the parcel would apply. The bill would also require that a housing development under these provisions comply with public notice, comment, hearing, or other procedures applicable to a housing development in a zone with the applicable density. The bill would require that the housing development is subject to a recorded deed restriction with an unspecified affordability requirement, as provided. The bill would require that a developer make specified certifications to the local agency, including, among others, that all contractors and subcontractors performing work on the project will be required to pay prevailing wages, as provided. For specified projects, the developer would be required to seek bids containing an enforceable commitment that all contractors and subcontractors performing work on the project will use a skilled and trained workforce, as defined. The bill would require a local agency to require that a rental of any unit created pursuant to the bill's provisions be for a term longer than 30 days. The bill would authorize a local agency to exempt a neighborhood lot from these provisions in its land use element of the general plan if the local agency concurrently reallocates the lost residential density to other lots so that there is no net loss in residential density in the jurisdiction, as provided. The bill would specify that it does not alter or affect the application of any housing, environmental, or labor law applicable to a housing development authorized by these provisions, including, but not limited to, the California Coastal Act, the California Environmental Quality Act, the Housing Accountability Act, obligations to affirmatively further fair housing, and any state or local affordability laws or tenant protection laws. The bill would require an applicant of a housing development under these provisions to provide notice of a pending application to each commercial tenant of the neighborhood lot. The bill would repeal these provisions on January 1, 2029. This bill contains other related provisions and other existing laws.</p>

SB 7 Atkins D Environmental quality: Jobs and Economic Improvement Through Environmental Leadership Act of 2021.	5/20/2021- S. CHAPTERED 5/20/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 19, Statutes of 2021.	(1)The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that the lead agency proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would enact the Jobs and Economic Improvement Through Environmental Leadership Act of 2021, which would reenact the former leadership act, with certain changes, and would authorize the Governor, until January 1, 2024, to certify projects that meet specified requirements for streamlining benefits related to CEQA. The bill would additionally include housing development projects, as defined, meeting certain conditions as projects eligible for certification. The bill would, except for those housing development projects, require the quantification and mitigation of the impacts of a project from the emissions of greenhouse gases, as provided. The bill would revise and recast the labor-related requirements for projects undertaken by both public agencies and private entities. The bill would provide that the Governor is authorized to certify a project before the lead agency certifies the final EIR for the project. The bill would provide for the certification by the Governor of a project alternative described in an EIR for a certified project, as provided. The bill would additionally require an applicant for certification of a project for which the environmental review has begun to demonstrate that the record of proceedings for the project is being prepared concurrently with the administrative process. The bill would require the project applicant, as a condition of certification, to agree to pay the costs of the trial court in hearing and deciding a case challenging a lead agency’s action on a certified project. The bill would authorize the Office of Planning and Research to charge a fee to an applicant seeking certification for costs incurred by the Governor’s office

		in the implementation of the Jobs and Economic Improvement Through Environmental Leadership Act of 2021. The bill would require resolution, to the extent feasible, of judicial review of action taken by a lead agency within 270 days after the filing of the record of proceedings with the court. The bill would provide that if a lead agency fails to approve a project certified by the Governor under the Jobs and Economic Improvement Through Environmental Leadership Act of 2021 before January 1, 2025, the certification is no longer valid. The bill would repeal the Jobs and Economic Improvement Through Environmental Leadership Act of 2021 on January 1, 2026. Because the bill would require the lead agency to prepare concurrently the record of proceedings for projects that are certified by the Governor, this bill would impose a state-mandated local program. SB 8 Skinner D Housing Crisis Act of 2019.	9/16/2021- S. CHAPTERED 9/16/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 161, Statutes of 2021.	Existing law, the Housing Crisis Act of 2019, requires a housing development project be subject only to the ordinances, policies, and standards adopted and in effect when a preliminary application is submitted, except as specified. The act defines “housing development project” to mean a use consisting of residential units only, mixed-use developments consisting of residential and nonresidential uses with at least 2/3 of the square footage designated for residential use, and transitional or supportive housing. This bill would clarify, for various purposes of the act, that “housing development project” includes projects that involve no discretionary approvals, projects that involve both discretionary and nondiscretionary approvals, and projects that include a proposal to construct a single dwelling unit. The bill would specify that this clarification is declaratory of existing law, except that the clarification does not affect a project for which an application was submitted to the city, county, or city and county before January 1, 2022. This bill contains other related provisions and other existing laws.

This bill, among other things, would require a proposed housing development containing no more than 2 residential units within a single-family residential zone to be considered ministerially, without discretionary review or hearing, if the proposed housing development meets certain requirements, including, but not limited to, that the proposed housing development would not require demolition or alteration of housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income, that the proposed housing development does not allow for the demolition of more than 25% of the existing exterior structural walls, except as provided, and that the development is not located within a historic district, is not included on the State Historic Resources Inventory, or is not within a site that is legally designated or listed as a city or county landmark or historic property or district. SB 10 Wiener D Planning and zoning: housing development: density.	9/16/2021- S. CHAPTERED 9/16/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 163, Statutes of 2021.	The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. Existing law requires an attached housing development to be a permitted use, not subject to a conditional use permit, on any parcel zoned for multifamily housing if at least certain percentages of the units are available at affordable housing costs to very low income, lower income, and moderate-income households for at least 30 years and if the project meets specified conditions relating to location and being subject to a discretionary decision other than a conditional use permit. Existing law provides for various incentives intended to facilitate and expedite the construction of affordable housing. This bill would, notwithstanding any local restrictions on adopting zoning ordinances, authorize a local government to adopt an ordinance to zone any parcel for up to 10 units of residential density per parcel, at a height specified in the ordinance, if the parcel is located in a transit-rich area or an urban infill site, as those terms are defined. Existing law requires the office to develop department-wide plans to close the gaps in health status and access to care among the state’s diverse racial and ethnic communities, women, persons with disabilities, and the lesbian, gay, bisexual, transgender, queer, and questioning communities, as specified. Existing law requires the office to work with the Health in All Policies Task Force to assist state agencies and departments in developing policies, systems, programs, and environmental change strategies that have population health impacts by, among other things, prioritizing building cross-sectoral partnerships within and across departments and agencies to change policies and practices to advance health equity.This bill, until January 1, 2029, would establish in state government an Office of Racial Equity, an independent public entity not affiliated with an agency or department, governed by a Racial Equity Advisory and Accountability Council. The bill would authorize the council to hire an executive director to organize, administer, and manage the operations of the office. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions and to update the scoping plan at least once every 5 years. This bill would require the state board, by December 31, 2022, as a part of the scoping plan and the state’s goal for carbon neutrality, to identify the role of hydrogen, and particularly green hydrogen, in helping California achieve the goals of the act and the state’s other climate goals. Existing law requires the commission to include in the 2021 edition of the integrated energy policy report and all subsequent integrated energy policy reports a report on the emissions of greenhouse gases associated with the supply of energy to residential and commercial buildings. This bill would, on or after January 1, 2022, prohibit a state agency from designing or constructing a state facility that is connected to the natural gas grid. The bill would require the department to develop the California State Building Decarbonization Plan that will lead to the operational carbon-neutrality of all state-owned buildings by January 1, 2035. SB 51 Durazo D Surplus residential property.	7/23/2021- S. CHAPTERED 7/23/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 130, Statutes of 2021.	(1)Existing law prescribes requirements for the disposal of surplus land by a local agency, as defined. Existing law provides that certain dispositions of real property by local agencies are subject to surplus land disposal procedures as they existed on December 31, 2019, without regard to specified amendments that took effect on January 1, 2020, if those dispositions comply with specified requirements. Under existing law, these provisions apply to dispositions by a local agency that, as of September 30, 2019, has entered into an exclusive negotiating agreement or legally binding agreement to dispose of property, provided that the disposition is completed not later than December 31, 2022.This bill, except in the case of specified property, would additionally provide that the surplus land disposal procedures as they existed on December 31, 2019, apply if a local agency, as of September 30, 2019, has issued a competitive request for proposals for the development of the property that includes a residential component of at least 100 residential units and 25% of the total units developed complying with specified affordability criteria, provided that a disposition and development agreement, as defined, is entered into not later than December 31, 2024. If the property is not disposed of pursuant to a qualifying disposition and development agreement before March 31, 2026, or if no disposition and development

SB 66 Allen D California Council on the Future of Transportation: advisory committee: autonomous vehicle technology.	8/27/2021-A. 2 YEAR 8/27/2021-Failed Deadline pursuant to Rule 61(a)(12). (Last location was APPR. SUSPENSE FILE on 8/19/2021)(May be acted upon Jan 2022)	Existing law establishes the Transportation Agency, which consists of various departments and state entities including the California Transportation Commission and the Department of Transportation. Under existing law, the agency is under the supervision of an executive officer known as the Secretary of Transportation, who is required to develop and report to the Governor on legislative, budgetary, and administrative programs to accomplish comprehensive, long-range, and coordinated planning and policy formulation in the matters of public interest related to the agency. This bill would require the secretary to establish an advisory committee, the California Council on the Future of Transportation, to provide the Governor and the Legislature with recommendations for changes in state policy to ensure that as autonomous vehicles are deployed, they enhance the state's efforts to increase road and transit safety, promote equity, and meet public health and environmental objectives. The bill would require the council to be chaired by the secretary and consist of 23 additional members, selected by the chair or designated, as specified. This bill contains other related provisions.	
SB 67 Becker D Clean energy: California 24/7 Clean Energy	4/30/2021-S. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was E. U., & C. on 3/11/2021)(May be acted upon Jan 2022)	Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations. The California Renewables Portfolio Standard Program requires the PUC to establish a renewables portfolio standard requiring all retail sellers, as defined, to procure a minimum quantity of electricity products from eligible renewable energy resources, as defined, so that the total kilowatthours of those products sold to their retail end-use customers achieves 25% of retail sales by December 31, 2016, 33% by December 31, 2020, 44% by December 31, 2024, 52% by December 31,

Standard Program.		2027, and 60% by December 31, 2030. The program requires the PUC to establish appropriate 3-year compliance periods for all subsequent years that require retail sellers to procure not less than 60% of retail sales of electricity products from eligible renewable energy resources. The program additionally requires each local publicly owned electric utility, as defined, to procure a minimum quantity of electricity products from eligible renewable energy resources to achieve the procurement requirements established by the program. The program requires the State Energy Resources Conservation and Development Commission (Energy Commission) to establish appropriate multiyear compliance periods for all subsequent years that require the local publicly owned electric utility to procure not less than 60% of retail sales of electricity products from eligible renewable energy resources. This bill would revise that policy to establish a goal that 100% of electrical load be supplied by eligible clean energy resources, as defined. The bill would establish the California 24/7 Clean Energy Standard Program, which would require that 85% of retail load, as defined, annually and at least 60% of retail load within certain subperiods by December 31, 2030, and 90% of retail load annually and at least 75% of retail load within certain subperiods by December 31, 2035, be supplied by eligible clean energy resources, as defined. The bill would require the Energy Commission, in consultation with the PUC and California balancing authorities, to establish compliance periods and subperiods that meet certain criteria. The bill would require the PUC to establish for each retail seller, and the Energy Commission for each local publicly owned electric utility, clean energy procurement requirements for each compliance period and subperiod, as provided. Because the bill would impose additional duties on local publicly owned electric utilities, this bill would impose a state-mandated local program. SB 84 Hurtado D Oil and gas wells: hazardous or idle-deserted wells and facilities.	9/13/2021-S. ENROLLED 9/13/2021-Enrolled and presented to the Governor at 3:30 p.m.	(1)Existing law establishes the Geologic Energy Management Division in the Department of Conservation, under the direction of the State Oil and Gas Supervisor, who is required to supervise the drilling, operation, maintenance, and abandonment of wells and the operation, maintenance, and removal or abandonment of tanks and facilities related to oil and gas production within an oil and gas field, so as to prevent damage to life, health, property, and natural resources. Under existing law, the current operator, or the previous operator, as provided, as determined by the records of the supervisor, of a deserted well that produced oil, gas, or other hydrocarbons or was used for injection is responsible for the proper plugging and abandonment of the well or the decommissioning of deserted production facilities. If the supervisor determines that the current operator does not have the financial resources to fully cover the cost of plugging and abandoning the well or the decommissioning of deserted production facilities, existing law requires the immediately preceding operator to be responsible for the cost of plugging and abandoning the well or the decommissioning of deserted production facilities. This bill would require the supervisor to provide specified committees of the Legislature by July 1, 2022, with the process the supervisor has established to determine that the current operator does not have the financial resources to fully cover the cost of plugging and abandoning the well or the decommissioning of deserted production facilities, or for a previous operator. SB 95 Skinner D Employment: COVID-19: supplemental paid sick leave.	3/18/2021- S. CHAPTERED 3/19/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 13, Statutes of 2021.	Existing law, the Healthy Workplaces, Healthy Families Act of 2014, entitles an employee who works in California for the same employer for 30 or more days within a year from the commencement of employment to paid sick days. Under existing law, an employee accrues paid sick days at a rate of not less than one hour per every 30 hours worked, subject to certain use, accrual, and yearly carryover limitations. Existing law requires the Labor Commissioner to enforce the act and provides for procedures, including investigation and hearing, and for remedies and penalties. This bill would provide for COVID-19 supplemental paid sick leave for covered employees, as defined, who are unable to work or telework due to certain reasons related to COVID-19, including that the employee has been advised by a health care provider to self-quarantine due to concerns related to COVID-19. The bill would entitle a covered employee to 80 hours of COVID-19 supplemental paid sick leave if that employee either works full time or was scheduled to work, on average, at least 40 hours per week for the employer in the 2 weeks preceding the date the covered employee took COVID-19 supplemental paid sick leave. The bill would provide a different calculation for supplemental paid sick leave for a covered employee who is a firefighter subject to certain work schedule requirements and for a covered employee working fewer or variable hours, as specified. The bill would provide that the total number of hours of COVID-19 supplemental paid sick leave to which a covered employee is entitled to under these provisions is in addition to any paid sick leave available under the act, as specified. This bill contains other related provisions and other existing laws.

The bill would allow school districts to contract with private vendors for the equipment, operation, and maintenance of an automated video traffic enforcement system, under certain circumstances, and create working agreements with local jurisdictions and local law enforcement. The bill would require the video enforcement system images to capture only the vehicle make and model, color, and license plate displayed, and not any person in the vehicle or any other vehicles or persons in the vicinity of the vehicle. The bill would make any information, image, or other data captured or generated by the automated video enforcement system confidential, and, unless demanded by court order, available only to the law enforcement agency or offender for limited purposes. The bill would require additional signage on schoolbuses relative to the video enforcement system. The bill would prohibit a school district from using automated schoolbus video enforcement systems or information gathered from those systems for any purpose other than those authorized by these provisions and would specifically prohibit the use of video or images captured by a system for employee surveillance or discipline. The bill would allow the State Board of Education to adopt standards, rules, and regulations to address privacy concerns arising from the use of an automated video traffic enforcement system. The bill would require a school district that operates an automated video traffic enforcement system to provide notice to people in the district and to send warning letters in lieu of citations for violations captured by the system during the first 90 days. The bill would allow for some reduced penalties when a violation was captured by an automated video traffic enforcement system. (2) Existing law requires an insurer that issues specified private passenger liability insurance policies and coverages to submit reports to the Department of Motor Vehicles of all motor vehicle liability policies or coverages issued, changed, or terminated, as specified. Existing law requires these reports to be submitted electronically. This bill would, on or before January 1, 2023, additionally require an insurer that issues commercial and fleet insurance policies to submit these reports electronically. (3) Existing federal law requires a motor carrier, as defined, to file an application form with the Federal Motor Carrier Safety Administration to obtain a United States Department of Transportation number before beginning operations and every 24 months thereafter, as specified. Existing federal law, among other provisions, establishes identification requirements applicable to rented carriers for which the rental agreement or lease is 30 or fewer calendar days, as prescribed. Existing law requires, except as specified, a motor carrier, motor carrier of property, and for-hire motor carrier of property to obtain a carrier identification number from the Department of the California Highway Patrol and requires the carrier identification number to be displayed on both sides of each vehicle or on both sides of at least one motor vehicle in each combination of specified vehicles. Existing law requires information provided in connection with an application for a carrier identification to be true and accurate, and to be updated at the request of the department and within 15 days of a change of address or cessation of regulated activity. Existing law requires a vehicle or combination of vehicles operating under a rental agreement with a term of 30 or fewer calendar days to meet specified identification requirements that are consistent with the federal identification requirements. SB 224 Portantino D Pupil instruction: mental health education.	10/8/2021- S. CHAPTERED 10/8/2021-Signed by the Governor	Existing law requires, during the next revision of the publication "Health Framework for California Public Schools," the Instructional Quality Commission to consider developing, and recommending for adoption by the State Board of Education, a distinct category on mental health instruction to educate pupils about all aspects of mental health. Existing law requires mental health instruction for these purposes to include, but not be limited to, specified elements, including reasonably designed and age-appropriate instruction on the overarching themes and core principles of mental health. This bill would require each school district, county office of education, state special school, and charter school that offers one or more courses in health education to pupils in middle school or high school to include in those courses instruction in mental health that meets the requirements of the bill, as specified. The bill would require that instruction to include, among other things, reasonably designed instruction on the overarching themes and core principles of mental health. The bill would require that instruction and related materials to, among other things, be appropriate for use with pupils of all races, genders, sexual orientations, and ethnic and cultural backgrounds, pupils with disabilities, and English learners. The bill would require the State Department of Education to develop a plan to expand mental health instruction in California public schools on or before January 1, 2024.

		property tax law requires a person claiming the welfare exemption to file that claim with the assessor and obtain an organizational clearance certificate from the State Board of Equalization, as provided. This bill would define the term “museum” for these purposes. The bill would provide that property used exclusively for the charitable purposes of museums includes property that a museum makes available for special events, including private rental events for its individual or corporate members, that provide access to the museum’s exhibitions, collections, or other educational offerings as part of the events, or that the museum makes available to other nonprofit or government organizations for charitable or governmental purposes, regardless of whether the museum charges any fee or receives charitable contributions in connection with those special events. The bill would further provide that these special event uses shall be considered related to the primary charitable purposes of museums and reasonably necessary or incidental to those purposes. By adding to the duties of assessors in administering the welfare exemption, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.	
SB 259 Wilk R Public Utilities Commission: oversight of electrical corporations.	9/10/2021-S. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was RLS. on 1/26/2021)(May be acted upon Jan 2022)	Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations. Existing law requires each electrical corporation to annually prepare and submit a wildfire mitigation plan to the commission for review and approval, as specified. Existing law requires a wildfire mitigation plan of an electrical corporation to include, among other things, protocols for deenergizing portions of the electrical distribution system that consider the associated impacts on public safety, as well as protocols related to mitigating the public safety impacts of those protocols, including impacts on critical first responders and on health and communications infrastructure. This bill would state the intent of the Legislature to enact legislation to strengthen the commission’s oversight of electrical corporations’ efforts to reduce their fire risk and use of deenergization events.

SB 260 Wiener D Climate Corporate Accountability Act.	5/25/2021-S. 2 YEAR 5/25/2021-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/17/2021)(May be acted upon Jan 2022)	The California Global Warming Solutions Act of 2006 requires the State Air Resources Board to adopt regulations to require the reporting and verification of statewide greenhouse gas emissions and to monitor and enforce compliance with the act. The act requires the state board to make available, and update at least annually, on its internet website the emissions of greenhouse gases, criteria pollutants, and toxic air contaminants for each facility that reports to the state board, as provided. This bill would require the state board, on or before January 1, 2023, to develop and adopt regulations requiring United States-based partnerships, corporations, limited liability companies, and other business entities with total annual revenues in excess of \$1,000,000,000 and that do business in California, defined as “reporting entities,” to publicly disclose, starting in 2024 on a date to be determined by the state board, and annually thereafter, their greenhouse gas emissions, categorized as scope 1, 2, and 3 emissions, as defined, from the prior calendar year. The bill would require reporting entities to disclose their greenhouse gas emissions in a manner that is easily understandable and accessible to residents of the state. The bill would require reporting entities to ensure that their public disclosures have been independently verified by a third-party auditor, approved by the state board, with expertise in greenhouse gas emissions accounting. The bill would require the state board, in developing these regulations, to consult with a panel of experts to determine standards and protocols to ensure that public disclosures are made in a manner that is easily understandable and accessible to state residents and for the state board to utilize to collect data for all scope 1, 2, and 3 emissions by reporting entities. The bill would require the state board to adopt regulations relating to the enforcement of the above requirements, including the imposition of administrative civil penalties for a violation. SB 274 Wieckowski D Local government meetings: agenda and documents.	8/30/2021-S. ENROLLED 8/30/2021-Enrolled and presented to the Governor at 1 p.m.	Existing law, the Ralph M. Brown Act, requires meetings of the legislative body of a local agency to be open and public and also requires regular and special meetings of the legislative body to be held within the boundaries of the territory over which the local agency exercises jurisdiction, with specified exceptions. Existing law authorizes a person to request that a copy of an agenda, or a copy of all the documents constituting the agenda packet, of any meeting of a legislative body be mailed to that person. This bill would require a local agency with an internet website, or its designee, to email a copy of, or website link to, the agenda or a copy of all the documents constituting the agenda packet if the person requests that the items be delivered by email. If a local agency determines it to be technologically infeasible to send a copy of the documents or a link to a website that contains the documents by email or by other electronic means, the bill would require the legislative body or its designee to send by mail a copy of the agenda or a website link to the agenda and to mail a copy of all other documents constituting the agenda packet, as specified. SB 333 Eggman D San Joaquin Regional Transit District: procurement.	9/22/2021- S. CHAPTERED 9/23/2021-Chaptered by Secretary of State. Chapter 217, Statutes of 2021.	The Local Agency Public Construction Act governs contracting by the San Joaquin Regional Transit District for the purchase of supplies, equipment, and materials. The act requires the district, when such an expenditure exceeds \$50,000, to make that purchase by contract let to the lowest responsible bidder. The act requires the district to publish notice requesting bids at least once in a newspaper of general circulation. This bill would increase that competitive bidding threshold to \$75,000 and specify that the contract be let, in the district's discretion, either to the lowest responsible bidder or to a responsible bidder that submits a proposal that provides the best value, as defined, to the district. The bill would also require, for the purchase of supplies, equipment, or materials that exceeds \$5,000, but does not exceed \$75,000, the district to obtain, to the extent practicable, a minimum of 3 written or oral quotes that permit the district to compare the prices and terms for the purchase. By imposing additional duties on local officials, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.	
SB 339 Wiener D Vehicles: road usage charge pilot program.	9/24/2021- S. CHAPTERED 9/24/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 308, Statutes of 2021.	Existing law requires the Chair of the California Transportation Commission to create a Road Usage Charge (RUC) Technical Advisory Committee in consultation with the Secretary of Transportation. Under existing law, the purpose of the technical advisory committee is to guide the development and evaluation of a pilot program to assess the potential for mileage-based revenue collection as an alternative to the gas tax system. Existing law requires the technical advisory committee to study RUC alternatives to the gas tax, gather public comment on issues and concerns related to the pilot program, and make recommendations to the Secretary of Transportation on the design of a pilot program, as specified. Existing law repeals these provisions on January 1, 2023. This bill would extend the operation of these provisions until January 1, 2027. The bill would require the RUC Technical Advisory Committee to make recommendations to the Transportation Agency on the design of the pilot program, including the group of vehicles to participate. The bill would require that if a group of vehicles other than state-owned vehicles is selected, that participation in the program be voluntary. The bill would require the Transportation Agency to consult with appropriate state agencies to implement the pilot program and to design a process for collecting road charge revenue from vehicles. The bill would require that participants in the program be charged a mileage-based fee, as specified, and receive a credit or a refund for fuel taxes or electric vehicle fees, as specified. The bill would require that the pilot program not affect funding levels for a program or purpose supported by state fuel tax and electric vehicle fee revenues. The bill would require the Transportation Agency to submit reports to the Legislature, as specified.

(Last location was L., P.E. & R. on 3/18/2021)(May be acted upon Jan 2022)	Existing law establishes the Employment Development Department within the Labor and Workforce Development Agency and sets forth its powers and duties, including administration of the unemployment and disability insurance programs for California. Existing law requires the department to pay unemployment compensation benefits to unemployed individuals meeting specified requirements, to periodically review policies and practices used to determine eligibility for and the amount of benefits in the unemployment insurance program, and to report to the Legislature, as specified. Under existing law, unemployment compensation benefits are paid from the Unemployment Fund, and the expenses for administering these provisions are paid from the Unemployment Administration Fund, which is continuously appropriated for these purposes. This bill would require the department to implement a formal policy no later than October 1, 2021, that establishes a process for tracking and periodically analyzing call information data to determine the reasons why unemployment insurance claimants call the department for assistance. SB 390 Laird D Employment Development Department: recession plan.	10/5/2021- S. CHAPTERED 10/5/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 543, Statutes of 2021.	Existing law creates, in the Labor and Workforce Development Agency, the Employment Development Department, which is vested with the duties, purposes, responsibilities, and jurisdiction with respect to job creation activities. The department is authorized to study and make recommendations as to actions that might tend to do several things, including, but not limited to, promoting the prevention of unemployment and the stabilization of employment, reducing and preventing unemployment, and establishing the most effective methods of providing economic security through all forms of social insurance. This bill would require the department to develop and, upon appropriation by the Legislature, implement a recession plan to prepare for an increase in unemployment insurance compensation benefits claims due to an economic recession. The bill would require the plan to detail how to respond to economic downturns with a predetermined strategy that has considered the full effect on the department's operations, and include, but not be limited to, identifying the lessons learned from previous economic downturns, identifying ways to improve self-serve services to avoid long wait times to speak to staff, and enhancing claims processing tools to ensure that the department's identity verification processes are as robust as possible. The bill would require the department to provide a copy of the recession plan to specified legislative committees and the Department of Finance by March 1, 2022, and to update the recession plan and provide a copy to specified legislative committees and the Department of Finance every 2nd year thereafter.

(Last location was TRANS. on 2/25/2021)(May be acted upon Jan 2022)	Existing law provides for a portion of gasoline and diesel excise tax revenues in the Highway Users Tax Account to be distributed by formula by the Controller to cities based on their population and to counties based on their number of registered vehicles and maintained miles of county roads. Existing law requires various funds, including a portion of gasoline and diesel excise tax revenues and revenues from certain vehicle fees, to be deposited in the Road Maintenance and Rehabilitation Account. Existing law, after certain allocations from the Road Maintenance and Rehabilitation Account are made, requires 50% of the remaining funds in the account to be annually apportioned to cities and counties by the Controller pursuant to a specified formula, which, for counties, includes the number of registered vehicles and maintained miles of county roads. Existing law requires the funds distributed to local governments from these accounts to be used for certain transportation purposes. Existing law requires each county to annually submit to the Department of Transportation any additions or exclusions from its mileage of maintained county highways. Existing law requires the department to certify county mileage figures to the Controller. This bill contains other existing laws.

SB 437 Wieckowski D	7/23/2021- S. CHAPTERED 7/23/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 138, Statutes of 2021.	Existing law requires that the governing board of a local publicly owned electric utility with an annual electrical demand exceeding 700 gigawatthours adopt an integrated resource plan and a process for updating the plan at least once every 5 years to ensure the utility achieves specified objectives. Existing law requires that the local publicly owned electric utility’s integrated resource plan address procurement for, among other things, transportation electrification.This bill would require that each updated integrated resource plan include details of the utility’s electrical service rate design that support transportation electrification, and existing or planned incentives to support transportation electrification, as specified. The bill would require that the rate design include details for all applicable transportation sectors. The bill would require that each integrated resource plan include information about the utility’s customer education and outreach efforts being implemented to inform utility customers of available incentives and decisionmaking tools, such as cost calculators or cost estimates that can assist customers in predicting the cost of paying for electricity for vehicles. By placing additional requirements upon local publicly owned electric utilities, the bill would impose a state-mandated local program.This bill contains other related provisions and other existing laws.	
SB 456 Laird D	9/28/2021- S. CHAPTERED 9/28/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 387, Statutes of 2021.	Existing law establishes in the Natural Resources Agency the Department of Forestry and Fire Protection, and requires the department to be responsible for, among other things, fire protection and prevention, as provided. The former Governor, Edmund G. This bill would rename the task force the Wildfire and Forest Resilience Task Force and require the task force, including the agency and the department, on January 1, 2022, to develop a comprehensive implementation strategy to track and ensure the achievement of the goals and key actions identified in the action plan, as provided. The bill would require the implementation strategy to address specified actions, including increasing the pace and scale of wildfire and forest resilience activities, as provided. The bill would require the task force, on or before January 1, 2023, and annually thereafter until January 1, 2048, to submit a report containing specified information, including progress made in achieving the goals and key actions identified in the action plan, to the appropriate policy and budget committees of the Legislature. The bill would require the task force, on or before January 1, 2026, and every 5 years thereafter, to update the action plan, as provided. The bill would require the task force to invite the participation of specified federal entities in the creation, alignment, and coordination of joint efforts related to the above-described provisions.	
SB 475 Cortese D Transportation planning: sustainable communities strategies.	4/30/2021-S. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 4/26/2021)(May be acted upon Jan 2022)	Existing law requires certain transportation planning activities by designated regional transportation planning agencies, including development of a regional transportation plan. Certain of these agencies are designated under federal law as metropolitan planning organizations. As part of a regional transportation plan, existing law requires a metropolitan planning organization to adopt a sustainable communities strategy, which is designed to achieve certain targets established by the State Air Resources Board for the reduction of greenhouse gas emissions from automobiles and light trucks in the region. Existing law requires the State Air Resources Board to update the regional greenhouse gas emission reduction targets every 8 years consistent with each metropolitan planning organization's timeframe for updating its regional transportation plan under federal law until 2050. Existing law requires the State Air Resources Board to appoint a Regional Targets Advisory Committee, consisting of representatives of various entities, to recommend factors and

This bill would require the State Air Resources Board, on or before June 30, 2023, and in coordination with the California Transportation Commission and the Department of Housing and Community Development, to issue new guidelines on sustainable communities strategies and require these guidelines to be updated thereafter at least every 4 years. The bill would delete the provisions related to the Regional Targets Advisory Committee and instead require the State Air Resources Board to appoint, on or before January 31, 2022, the State-Regional Collaborative for Climate, Equity, and Resilience, consisting of representatives of various entities. The bill would require the State-Regional Collaborative for Climate, Equity, and Resilience to develop a quantitative tool for metropolitan planning organizations to use to evaluate a transportation plan’s consistency with long-range greenhouse gas emission reduction targets and recommend guidelines for metropolitan planning organizations to use when crafting long-range strategies that integrate state goals related to climate resilience and social equity. The bill would also require the State-Regional Collaborative for Climate, Equity, and Resilience to identify best practice implementation actions and generate point-based climate impact scores for each implementation action. The bill would require the State-Regional Collaborative for Climate, Equity, and Resilience, on or before December 31, 2022, to issue its recommendations to the State Air Resources Board for incorporation into the new guidelines for sustainable communities strategies. The bill would require the State Air Resources Board, in consultation with California Transportation Commission and the Department of Housing and Community Development, to identify regional greenhouse gas emission reduction targets for long-range strategies through 2050 and near-term implementation actions through 2030 to reduce emissions from automobiles and light trucks. The bill would prohibit a local agency from imposing a lot coverage requirement that would physically preclude a housing development project from achieving the floor area ratios described above. The bill would prohibit a local agency from denying a housing development project located on an existing legal parcel solely on the basis that the lot area of the proposed lot does not meet the local agency's requirements for minimum lot size. The bill would only apply to housing development projects that meet specified requirements, including, among other things, that the project be located in a multifamily residential zone or a mixed-use zone, as specified. The bill would additionally require the department to identify violations by a local government of these provisions, as described above. This bill would add the Housing Crisis Act of 2019 to the specified provisions of law for which the department is required to give notice of a violation. SB 500 Min D Autonomous vehicles: zero emissions.	9/23/2021- S. CHAPTERED 9/23/2021-Approved by the Governor. Chaptered by Secretary of State. Chapter 277, Statutes of 2021.	Existing law authorizes the operation of an autonomous vehicle on public roads for testing purposes by a driver who possesses the proper class of license for the type of vehicle being operated if the manufacturer meets prescribed requirements, including the submission of an application to the Department of Motor Vehicles (DMV) with specified certifications regarding the features of the autonomous vehicle, among other things. This bill, commencing January 1, 2030, and to the extent authorized by federal law, would prohibit the operation of certain new autonomous vehicles that are not zero-emission vehicles, as defined. The bill would also prohibit the DMV from commencing rulemaking for the adoption of regulations implementing this provision until January 1, 2027. This bill contains other existing laws.

Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund. Existing law continuously appropriates 25% of the annual proceeds of the fund to the High-Speed Rail Authority for certain components of a specified high-speed rail project. This bill would eliminate the continuous appropriation of 25% of the annual proceeds of Greenhouse Gas Reduction Fund to the High-Speed Rail Authority on June 30, 2022. SB 542 Limón D Sales and use taxes: exemption: medium- or heavy-duty zero-emission trucks.	9/10/2021-S. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was INACTIVE FILE on 6/1/2021)(May be acted upon Jan 2022)	Existing sales and use tax laws impose taxes on retailers measured by gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state, measured by sales price. The Sales and Use Tax Law provides various exemptions from those taxes. This bill would provide an exemption from those taxes with respect to the sale in this state of, and the storage, use, or other consumption in this state of, a qualified motor vehicle. The bill would define “qualified motor vehicle” as a specified zero-emission truck. The bill would disallow the exemption for sales or uses made on or after January 1, 2025, if the purchaser also received other specified benefits. The bill would provide that this exemption does not apply to specified state sales and use taxes from which the proceeds are deposited into the Local Revenue Fund, the Local Revenue Fund 2011, or the Local Public Safety Fund. SB 551 Stern D California Zero-Emission Vehicle Authority.	9/10/2021-A. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was APPR. SUSPENSE FILE on 8/19/2021)(May be acted upon Jan 2022)	Existing law provides for various state programs and services for the purpose of attracting and retaining businesses in the state. Existing law creates the Governor's Office of Business and Economic Development and requires the office to serve the Governor as the lead entity for economic strategy and the marketing of California on issues relating to business development, private sector investment, and economic growth. This bill would establish the California Zero-Emission Vehicle Authority within the Governor's Office of Business and Economic Development. The bill would require the authority to coordinate activities among state agencies to advance zero-emission vehicle infrastructure deployment, including charging stations and hydrogen refueling stations, as well as ensure related equity, workforce development, economic development, and other needs are addressed, as specified. The bill would require the authority to publish on its internet website and report to the relevant policy committees of the Legislature an update on its progress in prescribed activities, including metrics in specified areas, including vehicle sales and job training. The bill would repeal these provisions on January 1, 2029.

(Last location was INACTIVE FILE on 5/26/2021)(May be acted upon Jan 2022)	The California Integrated Waste Management Act of 1989 requires the Director of Transportation, upon consultation with the Department of Resources Recycling and Recovery, to review and modify all bid specifications relating to the purchase of paving materials and base, subbase, and pervious backfill materials using certain recycled materials. Existing law requires the specifications to be based on standards developed by the Department of Transportation for recycled paving materials and for recycled base, subbase, and pervious backfill materials. Existing law requires a local agency that has jurisdiction over a street or highway to either adopt these standards developed by the Department of Transportation or to discuss at a public hearing why the standards are not being adopted. If the department determines that this use of recycled plastics is feasible and that recycled plastics can be included in asphalt in a manner that is cost effective and provides life-cycle environmental benefits, the bill would authorize the department to establish specifications for including recycled plastics in asphalt used as a paving material in the construction, maintenance, and rehabilitation of a highway or road. The bill would require the department to prepare and submit, on or before January 1 of each year, commencing January 1, 2023, an analysis to the Assembly Committee on Transportation and the Senate Committee on Transportation on its progress studying recycled plastics and its progress toward establishing specifications for including recycled plastics in asphalt, as described above. The bill would require a local agency that has jurisdiction over a street or highway to either adopt the specifications established by the Department of Transportation or discuss at a public hearing why the specifications are not being adopted. Under the act, a violation of a rule, regulation, order, emission limitation, emission reduction measure, or other measure adopted by the state board under the act is a crime. This bill would require the state board to ensure that statewide greenhouse gas emissions are reduced to at least 40% and up to 80% below the 1990 level by 2030. By expanding the scope of a crime, this bill would imposed a state-mandated local program. The bill would adopt a state policy to lead a global effort to restore oceanic and atmospheric concentrations of greenhouse gas emissions to preindustrial levels as soon as possible to secure a safe climate for all, and to restore community health and reverse the impacts from the damage and injustice climate change is causing to the people, the economy, and the environment of California. The bill would require the Secretary of the Natural Resources Agency, in coordination with the Secretary for Environmental Protection and the State Air Resources Board, and concurrent with the scoping plan, to develop a climate restoration plan that specifies carbon removal targets, before 2035, as necessary to facilitate achievement of those goals.This bill contains other related provisions and other existing laws.

The bill would authorize an exclusive representative to move one or more of its bargaining units to the jurisdiction of PERB to adjudicate complaints of specified labor violations as an unfair labor practice, and would make the jurisdiction of PERB irrevocable for that bargaining unit. The bill would give PERB the exclusive jurisdiction to make the initial determination of whether the charge of unfair practice is justified and, if so, to determine the appropriate remedy necessary. The bill would provide that exclusive representatives have the right to represent their bargaining units in employer-employee relations with the district, and employees have the right to be represented by their exclusive representative. The bill would require the district to give reasonable written notice to an exclusive representative of its intent to make any changes to matters within the scope of representation for purposes of providing the exclusive representative a reasonable amount of time to negotiate with the district regarding the proposed changes. The bill would also make it unlawful for the district or an employee organization to engage in certain acts, including imposing or threatening to impose reprisals on employees, or refusing to meet and negotiate in good faith in mutually agreed upon impasse procedures. Existing law establishes enhanced infrastructure financing districts to finance public capital facilities or other specified projects of communitywide significance. Existing law provides for the membership of the governing body of the district, referred to as the public financing authority. If a district has only one participating affected taxing entity, existing law requires the public financing authority's membership to consist of 3 members of the legislative body and 2 members of the public chosen by the legislative body. If a district has 2 or more participating affected taxing entities, existing law requires the public financing authority's membership to consist of a majority of members from the legislative bodies of the participating entities, and a minimum of 2 members of the public chosen by the legislative bodies of the participating entities. This bill would authorize the legislative bodies, as defined, to appoint an alternate member to the public financing authority who may serve and vote in place of a member who is absent or disqualifies themselves from participating in a meeting of the authority. If a district has more than 3 participating affected taxing entities, the bill would authorize the legislative bodies of the taxing entities to, upon agreement, appoint only one member of their respective legislative bodies, and one alternate member, in addition to the public members. This bill contains other related provisions and other existing laws.	
SB 798 Wieckowski D Trade Corridor Enhancement Account.	9/10/2021-S. 2 YEAR 9/10/2021-Failed Deadline pursuant to Rule 61(a)(15). (Last location was RLS. on 2/19/2021)(May be acted upon Jan 2022)	Existing law creates the Trade Corridor Enhancement Account to receive revenues attributable to 50% of a \$0.20 per gallon increase in the diesel fuel excise tax imposed by the Road Repair and Accountability Act of 2017 for corridor-based freight projects nominated by local agencies and the state. Existing law makes these funds and certain federal funds apportioned to the state available upon appropriation for allocation by the California Transportation Commission for trade infrastructure improvement projects that meet specified requirements. This bill would make nonsubstantive changes to this provision.

Bill ID/Topic	Location	Summary	Position
SB 809 Allen D Multijurisdictional regional agreements: housing element.	4/30/2021-S. 2 YEAR 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was HOUSING on 3/18/2021)(May be acted upon Jan 2022)	The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. Existing law requires that the housing element include, among other things, an inventory of land suitable and available for residential development that identifies sites that can be developed for housing within the planning period and that are sufficient to provide for the jurisdiction’s share of the regional housing need for all income levels, as specified. This bill would authorize a city or county to satisfy part of its requirement to identify zones suitable for residential development by adopting and implementing a multijurisdictional regional agreement. The bill would require the multijurisdictional regional agreement to clearly establish the jurisdiction that is contributing suitable land for residential development and the jurisdiction or jurisdictions that are contributing funding for that development. The bill would require that a multijurisdictional regional agreement be between 2 or more cities or counties that are located within the same county or within adjacent counties. This bill would require a jurisdiction that is a party to a multijurisdictional regional agreement under these provisions to provide specified information in its housing element, including how the multijurisdictional regional agreement will satisfy the jurisdiction’s housing need for a designated income level. The bill would prohibit the jurisdictions that are a party to a multijurisdictional regional agreement from claiming an aggregate capacity in an amount greater than the actual capacity created by the housing development subject to the agreement. This bill contains other related provisions.
