

Metro Board Approved Policy

Filming Policy

Adopted: April 28, 2014

Historical Perspective

In 1993 the agency developed internal procedures and lease rates to accommodate the entertainment industry's desire to utilize equipment, facilities and construction sites. The new procedure required all requests from the television and film industries to be directed to the Communications Department and that our corporate identity and primary role in the community "not be compromised."

In 1994 staff met with representatives from the City of Los Angeles, the Los Angeles County Film Department, the Alliance of Motion Picture and Television Producers, the California Film Commission, and 20th Century Fox to discuss ways in which we could better support the operational needs of the television and film industries.

Staff also surveyed the lease rates of other heavy rail transit properties and used our bus and light rail cost model to develop competitive pricing.

Staff revised its internal procedure, vesting authority in one person from the Communications staff to approve all lease arrangements and to coordinate with affected departments.

Metro

**COMMUNICATIONS
Metro Filming Policy**

(COM 10)

POLICY STATEMENT

The Los Angeles County Metropolitan Transportation Authority (Metro) recognizes the entertainment industry as a major contributor to the economic stability of the region. To maintain a film-friendly environment and retain filming of all kinds within Los Angeles County, all Metro departments strive to facilitate the use of Metro property when requested for the filming of motion pictures, television programs, commercials, music videos and other professional productions, and to ensure maximum cooperation from all Metro employees and/or representatives involved in assisting and implementing these film shoots. At the same time, Metro places the highest priority on the safety of film crews, transit customers and Metro employees, as well as on the uninterrupted delivery of safe, efficient transit service to Los Angeles County residents. Therefore, when filming requests are made involving its system and properties, Metro makes every possible effort to accommodate them to the satisfaction of the requestors while preserving safety for all involved; maintaining service for its transit customers; and ensuring that the agency's brand identity and responsibility to the community are not compromised.

PURPOSE

To clearly define the procedures, considerations and responsibilities involved in arranging to use Metro-owned property, facilities and vehicles for the purpose of film and photography shoots.

APPLICATION

This policy and its procedures apply to all represented and non-represented employees, consultants, Board members and users of Metro property.

Metro

COMMUNICATIONS Metro Filming Policy

(COM 10)

1.0 GENERAL

Metro can provide production companies with site locations, vehicles, equipment and parking for use in their productions. Site locations (land structures and parking) exist throughout Los Angeles County. Working closely with the Operations, Safety and Real Estate departments, the Communications Department administers Metro's filming program.

To expedite filming requests, Metro maintains a single point of contact to support the film industry. The Chief Communications Officer may either appoint one staff member to serve as Metro's primary contact for the purposes of filming on Metro property, or contract with a third party vendor to fulfill this purpose.

For the purposes of this policy, filming is defined as the use of Metro-owned property to directly or indirectly support the capture of moving images, still images and/or sound for professional, commercial or academic purposes.

2.0 PROCEDURES

2.1 Filming Requests

2.1.1 Contacts

Companies interested in using Metro property in connection with film shoots ("Requestor") should first contact the designated filming staff or filming vendor ("Metro Contact," listed in the [metro.net](#) "Contact Us" section under "Filming Inquiries") and provide the following information:

- Date & hours of intended film shoot
- Desired property and intended use (filming location, crew parking, etc)
- Summary of actions to take place in the filming if applicable
- Storyboard and/or script of the scene(s) taking place on Metro property if applicable

Requestor may also ask the Metro Contact for guidance and suggestions on the most suitable Metro locations for the Requestor's particular needs.

Metro

COMMUNICATIONS Metro Filming Policy

(COM 10)

2.1.2 Scouting Meeting

If the request involves filming with trains and/or at a rail station, the Metro Contact will arrange a mandatory scouting meeting to be attended by the Requestor and all necessary Metro staff to review the Requestor's plans. To arrange for adequate scheduling of Operations and Security staff support, 15 business days' notice is recommended for shooting dates involving trains and/or rail stations; however, Metro will attempt to accommodate shoots with less notice if possible. Subsequent to the scouting meeting, the Metro Contact will submit the Requestor's plans for final approval through Metro's weekly Track Allocation procedures. All such plans must be submitted prior to the Track Allocation deadline pertaining to the proposed film date, and must specify and limit the portion of Metro's right of way to be used.

2.1.3 Requests to Use Tracks, Tunnels or Right of Ways

For the safety of the Requestor, if the request requires crew and/or actors to enter any tracks, tunnels or right of way, all persons needing to enter such areas are required to be trained in rail safety issues. This training will be provided on-site by Metro to all those needing to enter track areas at the filming location prior to the scheduled shoot for a period not to exceed 60 minutes. All persons who attend the training and enter the track area will be required to sign an attendance sheet and must stay within the specific limits or sections of the track area approved for the shoot. Under no circumstances shall the limits be changed on location by the Requestor, without prior approval from Metro. In all cases, Metro will tailor its safety training to the particular needs and location of each shoot. In addition to the training, whenever a shoot requires crew or actors to enter a track area, Metro will provide a dedicated watchperson to accompany the shoot in compliance with State safety rules.

2.1.4 Agreement

After agreement on and approval of the Requestor's needs, the Metro Contact will draft a contract for a license to use Metro facilities. Contract will include:

- Date, time and location of facilities to be leased;
- A description of the approved use and/or copy of the Requestor's plans;

Metro

COMMUNICATIONS Metro Filming Policy

(COM 10)

- Detail of insurance requirements (see Schedule A); and
- Detail of applicable leasing fees and labor fees (see Schedule B).

Contract must be signed by the Requestor and fees must be received by the Metro Contact at least 24 hours prior the start of shooting.

2.2 Filming Guidelines

2.2.1 Shooting Time

For productions in rail stations, the preferred shooting time is outside of normal transit operating hours. However, Metro will accommodate filming hours whenever possible, provided that the filming does not interfere with normal passenger service or compromise the safety of the film crew, Metro customers or employees, or compromise proper maintenance of the system.

2.2.2 Special Effects

The Requestor may not use pyrotechnics, smoke, or any other physical special effects on Metro property without specific written consent obtained during the scouting/contracting process. Such requests must be approved by Metro's Fire/Life Safety Committee.

2.2.3 Script Approval

Metro will have script approval over the portion of filming that involves Metro vehicles and/or locations, to ensure that the agency's brand identity and responsibility to the community are not compromised.

2.2.4 Trademarks

Metro owns trademark rights to its 'M' logo and 'M Metro' logo. Permission for use on camera can be granted as part of the filming contract. Any other use of the Metro logo, Metro signage or Metro advertisements on camera requires Metro's prior approval and written consent.

Metro

COMMUNICATIONS Metro Filming Policy

(COM 10)

2.2.5 Portrayal of Metro

Metro, the Metro system, Metro employees or agents, and public transit in general, may not be portrayed in a disparaging manner in productions filmed on Metro property.

2.2.6 Metro Ordinances

Unsafe transit behaviors and/or specific violations of Metro ordinances including nudity may not be portrayed in productions filmed on Metro property.

2.2.7 Metro Employees

Metro employees may not be intentionally used as principals, extras or in other on-camera capacities during the filming of outside productions on the Metro system. Should Metro employees appear on camera inadvertently in the final production, the Requestor must obtain individual releases from said employees prior to the production's release.

2.2.8 Releases and Consents

The production will be solely responsible for obtaining all required releases and consents for the reproduction or use of any signs, displays, trademarks, service marks, trade names, artwork, posters, wall hangings or any other intellectual property recorded by or appearing in the production. A listing of Metro artwork and artist contact information is available upon request.

2.3 Student Filming Projects

For student projects, the following procedures apply when requesting to film on Metro facilities or the Metro system:

- The Student Requestor must be enrolled at an accredited college or university and have a letter from the student's professor explaining that the filming is necessary to the student's project.
- The Student Requestor must follow the request procedure outlined in section 2.1.
- Student filming requests will be accommodated as time and available staff permit.

Metro

COMMUNICATIONS Metro Filming Policy

(COM 10)

- Student projects may film or photograph on a rail station platform, mezzanine, and/or escalator for a maximum of 4 hours, Monday through Friday, only between the hours of 10 a.m. and 2 p.m.
- Student projects may not film inside an operating bus or train.
- Student projects may not control the movement of a bus or train.
- Student projects may have a maximum combined cast and crew size of 20 persons.
- No licensing fee is required for student productions; however, charges may apply for any necessary support personnel. (See Schedule B)

2.4 Insurance

Requestors must provide proof of liability insurance at their own expense, according to Metro's requirements. Please refer to Schedule A for current insurance requirements. These requirements are subject to change.

2.5 Fee Schedule

Requestors will be charged a leasing fee for the facilities used, plus a labor fee for necessary support from Metro Operations and Security personnel. Please refer to Schedule B for current Metro film leasing and labor fees. Rates are subject to change.

3.0 DEFINITION OF TERMS

Filming - The use of Metro-owned property to directly or indirectly support the capture of moving images, still images and/or sound for professional, commercial or academic purposes.

Track Allocation – The procedure used by Metro to reserve time at various rail system locations for all activities other than normal operating service, such as maintenance or third-party use of the facilities.

4.0 RESPONSIBILITIES

The Chief Communications Officer will designate the Metro Contact and administer the filming program.

Operations will work with the Metro Contact and other internal departments (Safety, Security) to advise on, and coordinate availability of rail stations and vehicles, as well as safety requirements for the purposes of filming.

Metro

**COMMUNICATIONS
Metro Filming Policy**

(COM 10)

The Real Estate Department will advise on available properties for rent, for the purposes of parking or filming.

General Services will advise on the availability of the Gateway building for rent, for the purposes of filming.

SCHEDULE A

Film Leasing Insurance Requirements

1. LICENSEE agrees to cover its employees with Workers' Compensation insurance in an amount and form to meet all applicable requirements of the California Labor Code. The policy must specifically cover all people and risks involved in this License Agreement.
2. LICENSEE will defend, indemnify and hold harmless METRO, its officers, employees, agents, contractors, successors and assigns, from any and all claims, causes of action, liabilities, damages, costs and expenses including, without limitation, attorney's fees, arising out of or incidental to or in connection with any personal injury, including death, to any person whatsoever, any damage to property of any person whatsoever and economic loss to any person whatsoever including, without limitation, attorney's fees, arising from LICENSEE negligence or acts or negligence or acts of LICENSEE's employees, agents and contractors.
3. LICENSEE, on behalf of itself, its officers, employees, agents, contractors, invitees and any other person claiming by, through or under LICENSEE, hereby releases METRO, its officers, directors, agents, contractors and employees from any and all claims, cause of action, liabilities, damages, costs and expenses that arise from LICENSEE's use of METRO property, including, without limitation, structures, lots, buses, trains, rail stations, elevators, staircases, platforms and terminals, except for third party negligence, METRO's gross negligence, or METRO's intentional wrongdoing.
4. LICENSEE will comply with all applicable laws, ordinances, regulations, standard operating procedures, and administrative procedures in its use of METRO property.
5. The use of METRO property by LICENSEE's Production Crew is conditioned upon receipt by METRO of the following documents from LICENSEE:
 - a. Insurance Requirements. LICENSEE must provide a Certificate of Insurance evidencing coverage on an Accord (or equivalent) form. The Certificate must name Los Angeles County Metropolitan Transportation Authority (METRO) as an additional insured, and include the following insurance requirements:
 - i. Minimum Scope of Insurance
Coverage shall be at least as broad as:
 - (1) Insurance Services Office Commercial General Liability coverage (occurrence form CG0001 or equivalent).
 - (2) Insurance Services Office form number CA0001 (or equivalent) covering Automobile Liability, code 1 (any auto).
 - (3) Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance.
 - ii. Minimum Limits of Insurance
LICENSEE shall maintain limits no less than:

- (1) General Liability: \$2,000,000 per occurrence for bodily injury, personal injury and property damage.
- (2) Automobile Liability: \$1,000,000 per accident for bodily injury and property damage.
- (3) Workers' Compensation to comply with California's statutory requirements.

iii. Other Insurance Provisions

The insurance policies required per the terms of the contract are to contain, or be endorsed to contain, the following provisions:

- (1) Los Angeles County Metropolitan Transportation Authority (METRO), its subsidiaries, officials, agents and employees are to be covered as additional insureds as respects liability arising out of the activities performed by or on behalf of the LICENSEE; products and completed operations of the LICENSEE; premises owned, occupied or used by the LICENSEE; or automobiles owned leased, hired or borrowed by the LICENSEE. The general liability coverage shall also include contractual, personal injury, independent contractors and broad form property damage liability. The coverage shall contain no special limitations on the scope of protection afforded to METRO, its subsidiaries, officials and employees.
- (2) For any claims related to this project, the LICENSEE's insurance coverage shall be primary insurance as respects METRO, its subsidiaries, officials and employees. Any insurance or self-insurance maintained by METRO shall be excess of the LICENSEE's insurance and shall not contribute with it.
- (3) Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to METRO, its subsidiaries, officials and employees.
- (4) The LICENSEE's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
- (5) Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, canceled by either party, reduced in coverage or in limits except after thirty (30) days prior written notice has been given to METRO.
- (6) Workers' Compensation and Employer's Liability policies shall provide a waiver of subrogation in favor of METRO.
- (7) LICENSEE shall endeavor to ensure coverage is not excluded for activities within fifty feet of rail operations by the commercial general liability policy.

iv. Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions must be declared to, and amounts over \$25,000 approved by METRO.

v. Acceptability of Insurers

Insurance is to be placed with California admitted insurers with a current A.M. Best's rating of no less than A- VII, unless otherwise approved by METRO.

- vi. Verification of Coverage
LICENSEE shall furnish METRO with original endorsements and certificates of insurance evidencing coverage required by this clause. All documents are to be signed by a person authorized by that insurer to bind coverage on its behalf. All documents are to be received and approved by METRO before work commences. If requested by METRO, the LICENSEE shall submit copies of all required insurance policies, including endorsements affecting the coverage required by these specifications.

 - vii. Subcontractors
LICENSEE shall include all subcontractors as insured under its policies or shall furnish separate certificates and endorsement for each subcontractor. All coverage for subcontractors shall be subject to all of the requirements stated herein. If requested by METRO, the LICENSEE shall submit copies of all required insurance policies, including endorsements affecting the coverage required by these specifications.
- b. A copy of LICENSEE's insurance company's endorsement naming METRO as additional insured and waiver of subrogation as required for workers' compensation.
