To the Honorable Members of the Board of Supervisors of the County of Los Angeles, California and the Los Angeles County Metropolitan Transportation Authority

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Proposition A Local Return Fund (PALRF), Proposition C Local Return Fund (PCLRF), Measure R Local Return Fund (MRLRF), Transportation Development Act Article 3 Fund (TDAA3F), and Transportation Development Act Article 8 Fund (TDAA8F) (collectively, the Funds), of the County of Los Angeles, California (the County) as of and for the years ended June 30, 2018 and 2017, and Measure M Local Return Fund (MMLRF) (the Fund) of the County of Los Angeles, California (the County) as of and for the year ended June 30, 2018, and the related notes to the financial statements, as listed in the table of contents.

**Independent Auditor's Report** 

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the PALRF, PCLRF, MRLRF, TDAA3F and TDAA8F of the County of Los Angeles California, as of June 30, 2018 and 2017, and MMLRF of the County of Los Angeles, California, as of June 30, 2018, and the respective changes in their financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

As discussed in Note 2, the financial statements present only the PALRF, PCLRF, MRLRF, MMLRF, TDAA3F and TDAA8F of the County and do not purport to, and do not, present fairly the financial position of the County of Los Angeles, California, as of June 30, 2018 and 2017, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### Supplementary Information

Our audits were conducted for the purpose of forming opinions on each of the Funds' financial statements. The accompanying supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Funds' financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Funds' financial statements or to the Funds' financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to each of the Funds' financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have issued our report dated December 24, 2018, on our consideration of the County's internal control over the Funds' financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over the Funds' financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over the Funds' financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over the Funds' financial reporting and compliance.

#### NOTES TO FINANCIAL STATEMENTS

For the Fiscal Years Ended June 30, 2018 and 2017

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Fund Accounting

The operations of the Proposition A Local Return Fund (PALRF), Proposition C Local Return Fund (PCLRF), Measure R Local Return Fund (MRLRF), Measure M Local Return Fund (MMLRF), Transportation Development Act Article 3 Fund (TDAA3F) and Transportation Development Act Article 8 Fund (TDAA8F) (collectively, the Funds) are accounted for in separate sets of self-balancing accounts that comprise their assets, liabilities, fund balance, revenues and expenditures.

PALRF and PCLRF represent 25% and 20%, respectively, of the ½ cent Proposition A and ½ cent Proposition C sales taxes which are distributed to the jurisdictions within Los Angeles County based on population and must be used exclusively for transportation related programs and projects.

MRLRF is derived from 15% of a county-wide ½ cent sales tax which is distributed to the jurisdictions within Los Angeles County based on a per capita basis and must be used exclusively for transportation purposes.

MMLRF is derived from 17% of a county-wide ½ cent sales tax which is distributed to the jurisdictions within Los Angeles County based on a per capita basis and must be used exclusively for transportation purposes.

Transportation Development Act Article 3 Fund (TDAA3F) and Transportation Development Act Article 8 Fund (TDAA8F) are Special Revenue Funds that account for the County's share of the Transportation Development Act Article 3 and 8 allocations which are legally restricted for specific purposes.

Basis of Accounting and Measurement Focus

PALRF, PCLRF, MRLRF, MMLRF, TDAA3F and TDAA8F are accounted for using the modified accrual basis of accounting whereby revenues are recognized when they become both measurable and available to finance expenditures of the current period and expenditures are generally recognized when the related fund liabilities are incurred.

Special Revenue Funds are reported on spending or "financial flow" measurement focus. This means that generally only current assets, current liabilities and deferred inflows and outflows of resources are included on their balance sheets. Statement of revenue, expenditures and changes in fund balances for Special Revenue Funds generally present increase (revenue and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

Budgets and Budgetary Accounting

The budgeted amounts presented in this report for comparison to the actual amounts are presented in accordance with accounting principles generally accepted in the United States of America.

#### NOTES TO FINANCIAL STATEMENTS

For the Fiscal Years Ended June 30, 2018 and 2017 (Continued)

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement

In accordance with Governmental Accounting Standard Board (GASB) Statement No. 72, Fair Value Measurement and Application, which became effective for the fiscal year ended June 30, 2016, the County categorizes its fair value measurement within the fair value hierarchy that is based on the valuation inputs used to measure the fair value of the investment. Level 1 inputs are quoted prices in active markets for identical investments; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Accordingly, the County reports its investment at fair value and recognizes unrealized gain (loss) on investments.

Refer to County's 2018 Comprehensive Annual Financial Report for detailed disclosures regarding the County's investments policy and fair value measurement.

#### Fund Balance Reporting

GASB Statement No.54, Fund Balance Reporting and Governmental Fund Type Definitions, establishes the fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in governmental funds.

The PALRF, PCLRF, MRLRF, MMLRF TDAA3F and TDAA8F report the following fund balance classification as of June 30, 2018:

• Restricted— Amounts that are constrained for specific purpose, which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation. The uses of the funds' remaining fund balances are restricted for projects approved by Los Angeles County Metropolitan Transportation Authority (Metro).

Information regarding the fund balance reporting policy adopted by the County is described in Note 1 to the County's Comprehensive Annual Financial Report.

#### Deferred Outflows and Inflows of Resources

Pursuant to GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position and GASB Statement No. 65, Items Previously Reported as Assets and Liabilities, the County recognize deferred outflows and deferred inflows of resources. A deferred outflow of resources is defined as a consumption of net position by the government that is applicable to a future reporting period. A deferred inflow of resources is defined as an acquisition of net position by the government that is applicable to a future reporting period.

#### NOTES TO FINANCIAL STATEMENTS For the Fiscal Years Ended June 30, 2018 and 2017 (Continued)

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows and Inflows of Resources (continued)

Deferred inflows of resources reported by the County represent unavailable resources that are not available for spending as of June 30, 2018 and 2017.

#### Other Revenues

The PCLRF, MRLRF, and TDAA3F other revenues represent work performed on various transit-related projects for other cities or agencies. The County recognizes revenues based on the contractual or Joint Powers Authorities (JPA) agreement, which outlines monies, to be received at various completions stages of the projects.

#### Reimbursements

The PALRF and PCLRF reimbursements represent monies received from other cities, agencies or private parties for expenditures incurred in the previous years on joint transit-related projects. For the years ending June 30, 2018 and June 30, 2017, the County received \$659,935 and \$690,248, respectively, for Proposition A and \$3,616,429 and \$1,928,554, respectively, for Proposition C.

#### NOTE 11 – DEFERRED INFLOWS OF RESOURCES – PALRF, PCLRF AND MRLRF

The County recognizes revenue when the payments for services rendered become measurable and available. In fiscal years ended June 30, 2018 and 2017, the County recorded deferred inflows of resources when the availability of funds was not determined at fiscal year-end.

The issuance of GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, established accounting and financial reporting standards that reclassify certain liabilities as deferred inflows of resources. A deferred inflow of resources is defined as those resources that are not available for spending in the current period. Since the reimbursements from other funds were not available for spending PALRF, PCLRF, and MRLRF in fiscal years ended June 30, 2018 and 2017, the amount was reported as deferred inflows of resources. As of June 30, 2018, the deferred inflows of resources were \$105,700 for PALRF, \$4,157,072 for PCLRF and \$923 from the Measure R. As of June 30, 2017, the deferred inflows of resources were \$105,700 for PALRF, \$4,502,646 for PCLRF and \$923 from the Measure R.

#### NOTE 12 – ADVANCES TO INTERNAL SERVICE FUNDS

The County utilizes an internal service fund (ISF) to pay for all payroll, equipment and material usage between departments. In order to maintain cash for the "Advances to ISF Account" all County funds allocate based on its funds size a pro-rata portion of its cash. The PALRF and PCLRF amounts are primarily used to cover the cost of payroll usage from other departments and evaluated every two years. As of June 30, 2018, PALRF, PCLRF, and MRLRF contributed the balances of \$196,600, \$768,900, and \$151,300, respectively. As of June 30, 2017, PALRF and PCLRF contributed the balances of \$195,900 and \$756,300, respectively.

# NOTE 13 – PROPOSITION A DISCRETIONARY INCENTIVE GRANT AND PROPOSITION C DISCRETIONARY INCENTIVE GRANT

The Proposition A Discretionary Incentive Grant amounting to \$1,291,573 and \$1,313,389 for the years ended June 30, 2018 and 2017 respectively, represent additional funds received from LACMTA to provide the Sub-Regional Paratransit projects and for participating Voluntary NTD data reporting programs. The Proposition A Discretionary Incentive Grant was recorded under PALRF.

The Proposition C Discretionary Grants represent funds received from LACMTA toward grants servicing various multi-year traffic projects in Los Angeles County. # Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Members of the Board of Supervisors of the County of Los Angeles, California and the Los Angeles County Metropolitan Transit Authority

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Proposition A Local Return Fund, Proposition C Local Return Fund, Measure R Local Return Fund, Measure M Local Return Fund, Transportation Development Act Article 3 Fund and Transportation Development Act Article 8 Fund (collectively, the Funds) of the County of Los Angeles, California (the County), as of and for the year ended June 30, 2018, and the related notes to the financial statements, and have issued our report thereon dated December 24, 2018.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the Funds' financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the Funds' financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's Proposition A Local Return Fund, Proposition C Local Return Fund, Measure R Local Return Fund, Measure M Local Return Fund, Transportation Development Act Article 3 and Transportation Development Act Article 8 Fund financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### **Independent Auditor's Report on Compliance**

To the Honorable Members of the County Council of the County of Los Angeles, California and the Los Angeles County Metropolitan Transit Authority

#### **Report on Compliance**

We have audited the compliance of the County of Los Angeles, California (the County) with the Proposition A and Proposition C Local Return Guidelines, Measure R Local Return Guidelines, Measure M Local Return Guidelines, the Los Angeles County Metropolitan Transportation Authority's Funding and Allocation Guidelines for the Transportation Development Act Article 3 Bicycle and Pedestrian Funds, and the Los Angeles County Metropolitan Transportation Authority Guidelines to the Administration of Transportation Development Act Article 8 (collectively, the Guidelines) for the year ended June 30, 2018.

#### Management's Responsibility

Management is responsible for the County's compliance with the Guidelines.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the County's compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the Guidelines referred to in the preceding paragraph. Those standards and the Guidelines require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on Proposition A Local Return Program, Proposition C Local Return Program, Measure R Local Return Program, and Transportation Development Act Articles 3 and 8 programs occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the Guidelines. However, our audit does not provide a legal determination of the County's compliance with the Guidelines.

# Opinion on Each Local Return Program, Transportation Development Act Article 3 and Transportation Development Act Article 8

In our opinion, the County complied, in all material respects, with the compliance requirements of the Guidelines for the year ended June 30, 2018.

### **Report on Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the Guidelines referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance under the Guidelines will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with the Guidelines that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that we consider to be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirement of the Guidelines. Accordingly, this report is not suitable for any other purpose.
