Independent Auditor's Report

To the Honorable Members of the City Council of the
City of Redondo Beach, California and the
Los Angeles County Metropolitan Transportation Authority

Report on the Financial Statements

We have audited the accompanying financial statements of the Measure M 20% Transit Operations Fund (the Fund) of the City of Redondo Beach, California (the City) as of and for the year ended June 30, 2018, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure M 20% Transit Operations Fund of the City of Redondo Beach, California, as of June 30, 2018, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2, the financial statements present only the Measure M 20% Transit Operations Fund of the City and do not purport to, and do not present fairly the financial position of the City of Redondo Beach, California, as of June 30, 2018, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the Fund's financial statements. The accompanying supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2019, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF REDONDO BEACH
NOTES TO FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

The operations of the Measure M 20% Transit Operations Fund (MMTOF or the Fund) is accounted for in the City's Transit Fund, with separate funding source account coding to monitor the receipts of revenues and payments of expenditures.

The MMTOF represents 20% of a half-cent Measure M sales tax which is allocated through a Board-adopted Formula Allocation Procedure (FAP) to the countywide transit service operated by LACMTA and the included and eligible municipal operators. The purpose of the Measure M 20% Transit Operations program is to improve countywide transit service operations, maintenance, and expansion. The intent of Measure M is to increase revenues available for the public transit system. The program is flexible to allow each operator to determine how best to accomplish making public transportation more convenient, affordable, and improve quality of life.

Funds are distributed to the jurisdictions based on a Memorandum of Understanding (MOU) between the operator and LACMTA. The operator will have to submit a Measure M 20% Improvement Plan that includes a description of how these funds will be spent. The plan should explain how these services will meet the program objective and benefit transit users. Eligible projects include operating expenses for transit service, maintenance and any other operating expenses that will contribute to meet the program's purpose and objectives.

Basis of Accounting and Measurement Focus

MMTOF is accounted for using the modified accrual basis of accounting whereby revenues are recognized when they become "susceptible to accrual", that is, measurable and available to finance expenditures of the current period and expenditures are recorded when the related fund liabilities are incurred.

Budgets and Budgetary Accounting

The budgeted amounts presented in this report for comparison to the actual amounts are presented in accordance with accounting principles generally accepted in the United States of America.

Fair Value Measurement

In accordance with GASB Statement No. 72, Fair Value Measurement and Application, the City categorizes its fair value measurement within the fair value hierarchy that is based on the valuation inputs used to measure the fair value of the investment. Level 1 inputs are quoted prices in active markets for identical investments; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Accordingly, the City reports its investments at fair value and recognizes unrealized gain (loss) on investments.

CITY OF REDONDO BEACH
NOTES TO FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurement (Continued)

Refer to the City's Comprehensive Annual Financial Report for detailed disclosures regarding the City's investments policy and fair value measurement disclosures.

Fund Balance Reporting

Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, establishes the fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

MMTOF reports the following fund balance classification as of June 30, 2018:

- Restricted - Amounts that are constrained for specific purposes, which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation. The use of the Fund's remaining fund balances is restricted for projects approved by LACMTA.

Information regarding the fund balance reporting policy adopted by the City is described in the City's Comprehensive Annual Financial Report.

NOTE 2 – ANNUAL FINANCIAL STATEMENTS

The financial statements reflect only the financial position and results of operations of MMTOF and do not purport to, and do not present fairly the City's financial position as of June 30, 2018, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America

NOTE 3 – MEASURE M 20% TRANSIT OPERATIONS COMPLIANCE REQUIREMENTS

In accordance with Measure M 20% Program Guidelines for Transit Operations, funds received pursuant to the Guidelines may only be used for eligible operating expenses that include transit operation for countywide transit service operations, maintenance, and expansion and any other operating expenses that will contribute to meet the program purpose and objective. See accompanying Compliance Matrix for compliance requirements.

NOTE 4 – SUBSEQUENT EVENTS

The City has evaluated subsequent events through February 28, 2019, the date the financial statements were available to be issued, and concluded that no events have occurred that require disclosure in or adjustments to the Fund's financial statements.

**Independent Auditor's Report on Internal Control over Financial Reporting
And on Compliance and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

To the Honorable Members of the City Council of the
City of Redondo Beach, California and the
Los Angeles County Metropolitan Transit Authority

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Measure M 20% Transit Operations Fund of the City of Redondo Beach, California (City), as of and for the year ended June 30, 2018, and the related notes to the financial statements, and have issued our report thereon dated February 28, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant* deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

COMPLIANCE SECTION

SIMPSON & SIMPSON
CERTIFIED PUBLIC ACCOUNTANTS

FOUNDING PARTNERS
BRAINARD C. SIMPSON, CPA
MELBA W. SIMPSON, CPA

Independent Auditor's Report on Compliance

To the Honorable Members of the City Council of the
City of Redondo Beach, California and the
Los Angeles County Metropolitan Transit Authority

Report on Compliance

We have audited the compliance of the City of Redondo Beach, California (City) with the Measure M 20% Transit Operations Fund Guidelines for Transit Operations and the Measure M Program Guidelines for Los Angeles County Metropolitan Transit Authority (LACMTA) (collectively, the Guidelines) as well as its Memorandum of Understanding with the Los Angeles Metropolitan Transit Authority for the year ended June 30, 2018.

Management's Responsibility

Management is responsible for the City's compliance with those guidelines.

Auditor's Responsibility

Our responsibility is to express an opinion on the City's compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the Guidelines referred to in the preceding paragraph. Those standards and the Guidelines require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a local return program occurred. An audit includes examining, on a test basis, evidence about City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance. Our audit does not provide a legal determination of City's compliance with those requirements.

Opinion on Measure M 20% Transit Operations

In our opinion, the City of Redondo Beach complied, in all material respects, with the compliance requirements of the Guidelines for the year ended June 30, 2018.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Guidelines and which is described in the accompany Schedule of Findings and Recommendations as Finding No. 2018-001. Our opinion is not modified with respect to this matter.

The City's response to the noncompliance finding identified in our audit is described in the accompanying Schedule of Findings and Recommendations. The City's response was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the City of Redondo Beach is responsible for establishing and maintaining effective internal control over compliance with the Requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the Requirements that could have a direct and material effect on the Measure M 20% Transit Operations to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance and to test and report on internal control over compliance in accordance with the Requirements, but no for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance under the Requirements on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance under the Requirements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with the Requirements that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that we consider to be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Guidelines. Accordingly, this report is not suitable for any other purpose.

CITY OF REDONDO BEACH
SCHEDULE OF FINDINGS AND RECOMMENTATIONS
June 30, 2018

MMTOF: Finding No. 2018-001

Compliance Requirement	<p>According to the Measure M 20% reporting requirement outlined in the Memorandum of Understanding (MOU) between the operators and Metro, Operators will provide quarterly reports to Metro describing how uses of Measure M 20% funds are contributing to accomplishing the program objective. Metro will compile the operators’ quarterly reports into a Measure M 20% Program update for the Metro Board and the Measure M Independent Taxpayer Oversight Committee. The quarterly reports are in addition to the annual Improvement Plan.”</p> <p>In addition, LACMTA Program Manager emailed all operators on September 2017 to remind them of the requirements for the Measure M 20% Fund including the quarterly reports due dates to Metro’s Local Programming Manager no later than 45 days after the end of each quarter (i.e., 1 Qtr. – November 15, 2 Qtr. – February 15, 3Qtr. – May 15, and 4th Qtr. – August 15).</p>
Condition	<p>The City did not meet the deadline for submission of the 4th quarterly report for the reporting period ending June 30, 2018 that was due by August 15, 2018. However, the City submitted the report on February 28, 2019.</p>
Cause	<p>The staff member who completes the report failed to submit the report before the due date. It was an oversight as the Measure M Funds are new to the City.</p>
Effect	<p>The City ‘s 4th quarterly report was not submitted timely.</p>
Recommendation	<p>We recommend that the City establish procedures to ensure that the quarterly reports are properly prepared and submitted before the due dates so that the City’s expenditures of the Measure M 20% will be in accordance with Metro’s requirement. Furthermore, we recommend that the City retain a confirmation of receipt by Metro to indicate the form was submitted in a timely manner.</p>
Management’s Response	<p>It was due to an oversight as the Measure M Funds are new in FY 2018 and the reporting process is different than all other fund report requirements. Management is requiring that Staff improve effort to submit reports on time.</p>
Finding Corrected During the Audit	<p>The City subsequently submitted the 4th quarterly report on February 28, 2019. No follow up is required.</p>

EXIT CONFERENCE

CITY OF REDONDO BEACH
MEASURE M 20% TRANSIT OPERATIONS FUND
EXIT CONFERENCE
June 30, 2018

An exit conference was held on February 28, 2019 with the City of Redondo Beach. Those in attendance were:

Simpson & Simpson Representative:

Joseph Simpson, Audit Supervisor

City's Representative:

Doug Kaku – Grants Financial Administrator

Joyce Rooney – Transit Operations & Transportation Facilities Manager

Matters Discussed:

Results of the audit disclosed no significant financial and one (1) noncompliance issue with Metro Guidelines.

A copy of this report was forwarded to the following City representative for their comments prior to the issuance of the final report:

Doug Kaku – Grants Financial Administrator

Joyce Rooney – Transit Operations & Transportation Facilities Manager
