MELBA W. SIMPSON, CPA

Independent Auditor's Report

To the Honorable Members of the City Council of the City of Torrance, California and the Los Angeles County Metropolitan Transportation Authority

Report on the Financial Statements

We have audited the accompanying financial statements of the Transit System Fund (the Fund) of the City of Torrance, California (City) which comprise the Fund's statement of net position as of June 30, 2017 and 2016, and the related statements of revenues, expenses and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Transit System Fund of the City of Torrance, California, as of June 30, 2017 and 2016, and the changes in net position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matters

Fund Financial Statements

As discussed in Note 10, the financial statements present only the Transit System Fund of the City and do not purport to, and do not, present fairly the financial position of the City of Torrance, California, as of June 30, 2017 and 2016, and the changes in its net position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the Transit System Fund's financial statements as a whole. The accompanying supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information identified in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Fund's financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Fund's financial statements or to the Fund's financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the Fund's financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2017, on our consideration of the City's internal controls over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

For the Fiscal Years Ended June 30, 2017 and 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Transit System Fund (the Fund) of the City of Torrance (the City) is a Proprietary Fund of the City created in 1940 by resolution of the City Council. The Fund accounts for all revenues and expenses related to the operations of the City's transit service. The accounting policies of the Fund conform to accounting principles generally accepted in the United States of America. The following is a summary of the significant policies applied in the preparation of the financial statements.

Fund Accounting

All transactions of the Transit System Fund are included in the reporting entity of the City and are recorded in a separate fund of the City. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording resources, related liabilities, obligations, reserves and equities, segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The Fund follows the Uniform System of Accounts and Records prescribed by the Federal Transportation Administration (FTA) and the California State Controller. Transit system operations provide transportation services to the general public.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded, regardless of the measurement focus applied. The accompanying financial statements are reported using the "economic resources measurement focus", and the "accrual basis of accounting." Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The City adopted the provisions of GASB Statement No. 34 of the Governmental Accounting Standards Board, "Basic Financial Statements – and Management's Discussion and Analysis - For State and Local Governments" as amended by GASB Nos. 63 and 65. Statement No. 34 established standards for external financial reporting for all state and local governmental entities which includes a statement of net position, a statement of revenues, expenses and changes in net position and a statement of cash flows.

It requires the classification of net position into three components – net investment in capital assets, restricted; and unrestricted. These classifications are defined as follows:

- Net investment in capital assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation.
- Restricted This component of net position consists of external constraints placed on the use of
 net position imposed by creditors (such as through debt covenants), grantors, contributors, or laws
 or regulations of other governments or constraints imposed by law through constitutional
 provisions or enabling legislation.

NOTES TO FINANCIAL STATEMENTS

For the Fiscal Years Ended June 30, 2017 and 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

• Unrestricted - This component of net position consists of net position that do not meet the definition of "restricted" or "net investment in capital assets'.

When both restricted and unrestricted resources are available for use, the Fund uses restricted resources, then any unrestricted resources.

Operating and Nonoperating Revenues and Expenses

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the Fund. All other revenues are reported as nonoperating revenues. Operating expenses are those expenses that are essential to the primary operations of the Fund. All other expenses are reported as nonoperating expenses.

Cash and Investments

Cash and investments of the Transit System Fund are maintained in the City's cash and investment pool for the purpose of increasing income through investment activities.

The Fund's portion of cash and investments are \$15,425,931 and \$14,585,315 as of June 30, 2017 and 2016, respectively. Available cash balances consist primarily of certificates of deposit, deposits in the State Treasurer's Local Agency Investment Fund, bankers' acceptances and Federal agency investments and repurchase agreements. All of the City's investments are authorized by the State statute. Cash and investments are stated at fair value.

For purposes of reporting cash flows for the Fund, cash and cash equivalents include cash on hand and investments purchased with original maturities of 90 days or less. Cash includes deposits in the cash management pool that has the general characteristics of a demand deposit account.

Further information concerning the City's investment pool and a full description of risks relating to cash and investments can be found in the City's CAFR.

Inventory

Inventory is stated at lower of cost or market. Cost is determined on a first-in, first-out basis. Inventory balance represents expendable supplies held for consumption.

Capital Assets

Capital assets are recorded at cost. The provision for depreciation is determined using the straight-line method with no allowance for salvage value. The carrying amounts of assets are reviewed at each fiscal year-end date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated to determine the amount of impairment loss. The estimated useful lives used in computing the provision for depreciation of capital assets are as follows:

NOTES TO FINANCIAL STATEMENTS

For the Fiscal Years Ended June 30, 2017 and 2016 (Continued)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Buildings 30 to 40 years
Buses and other vehicles 5 to 12 years
Equipment 5 to 7 years

Unearned Revenues

Grants received by the City for the acquisition of capital assets and certain operating expenses are recorded as unearned revenue until such time as the capital assets are acquired or as the expenses are incurred.

Pension Plan

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Government of the City of Torrance's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Governmental Accounting Standards Board Statement 68 (GASB 68) requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation date (VD) June 30, 2015 Measurement date (MD) June 30, 2016

Measurement period (MP) July 1, 2015 to June 30, 2016

Vacation and Sick Leave

It is the policy of the City to record the cost of vested vacation and sick leave as earned and reported as liability.

Deferred Outflows and Deferred Inflows of Resources

In addition to assets, the Statement of Net Positions reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expenditure) until then. This item represents contributions made to CalPERS subsequent to the measurement date.

NOTES TO FINANCIAL STATEMENTS

For the Fiscal Years Ended June 30, 2017 and 2016 (Continued)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. This amount is the net difference between the projected and actual earnings on the City's pension plans investments as determined by CalPERS in accordance with the application of GASB 68. Further information concerning the City's pension can be found in the City's CAFR.

Statements of Cash Flows

The City maintains the statements of net position for the entire Transit System Fund. The individual statement of net position components cannot be broken down by projects. Thus, the Statement of Cash Flows cannot be presented separately for the Fixed Route and Dial-A-Lift projects.

NOTE 2 - DUE FROM OTHER GOVERNMENTAL AGENCIES

Amounts due from other governmental agencies as of June 30, 2017 and 2016 is as follows:

Total Unearned Revenues	\$ _	5,883,685 \$	5,692,591

NOTES TO FINANCIAL STATEMENTS

For the Fiscal Years Ended June 30, 2011 and 2010 (Continued)

NOTE 4- UNEARNED REVENUES (continued)

Restricted funding received is recorded as unearned revenues until the funds are spent. Accordingly, amounts are recorded as capital contributions or revenues as they are utilized for the purpose granted.

NOTE 5- INDIRECT COST ALLOCATIONS

The City allocates certain administrative and overhead costs to the Fund based upon a fixed rate applied to direct salaries and wages of the Fund. Allocated costs amounted to \$3,369,326 and \$3,134,673 for the years ended June 30, 2017 and 2016, respectively.

NOTE 6- EMPLOYEE BENEFITS

California Public Employers' Retirement System (CalPERS)

All qualified permanent and probationary employees are eligible to participate in the Local Government's separate Safety (police and fire) and Miscellaneous (all other) Plans, agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS' website under Forms and Publications.

CalPERS provide service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment

PARS Enhanced Retirement Defined Benefit Pension Plan

Pursuant to a Plan Document dated January 25, 2004, the City provides an enhanced retirement benefit to members of the Torrance Professional and Supervisory Association (TPSA), the Engineer Bargaining Unit, the Fiscal Bargaining Unit, and certain Information Technology Specialists who migrated to the TPSA on October 19, 2004. This benefit takes the form of a single employer defined benefit pension plan. The authority to establish and amend the funding policy is the City Council. Currently it is the City's policy to annually fund an amount budgeted to approximate the required annual contribution for that fiscal year.

Benefits are available to members hired on or before January 25, 2004 that retire from the City at an age of 55 or greater and with five or more years of City service specific to the eligible bargaining unit, as identified above. New hires after December 31, 2012 are not eligible for this benefit.

NOTES TO FINANCIAL STATEMENTS

For the Fiscal Years Ended June 30, 2017 and 2016 (Continued)

NOTE 6- EMPLOYEE BENEFITS (continued)

Generally, the enhanced benefit is expressed as 0.46951% times years of CalPERS eligible service times the member's highest annual compensation while a bargaining group member. This plan is administered for the City of Torrance through a third-party administrator, PARS. Copies of PARS' annual financial report may be obtained from its executive office at 4350 Von Karman Avenue, Suite 100, Newport Beach, California 92660.

As a result of implementing of GASB Statement No. 68, the Fund reported net pension liability of \$14,193,038 and \$10,640,337 as of June 30, 2017 and 2016, respectively. Further information concerning the City's pension plans, and corresponding assumptions, assets and liabilities can be found in the City's CAFR.

NOTE 7- OTHER POST EMPLOYMENT BENEFITS (OPEB)

Eligibility. Employees are generally eligible for postemployment benefits if they retire from the City on or after age 50 with at least 5 years of service, and are eligible for a CalPERS pension benefit. As of June 30, 2015, there were 1,260 active participants potentially eligible for the benefit and 1,107 total service and disability retirees currently receiving benefits.

Annual Required Contribution (ARC), Annual OPEB Cost (AOC) and Net OPEB Obligation (NOO). The Annual Required Contribution is the sum of the Normal Cost plus a 25-year level percent of pay amortization of the Unfunded Actuarial Accrued Liability (UAAL) or less an amortization of excess assets determined as of the end of the fiscal year. The 2014/15 Annual Required Contribution determined by this valuation includes the Normal Cost plus a combined 23-year amortization as a level of percent of pay and determined as of the end of the fiscal year.

The AOC Cost is the expense recognized on the City's income statement for providing post-retirement healthcare benefits. The AOC will equal the ARC, adjusted for prior differences between the ARC and actual contributions. The AOC is equal to the ARC, except when the City has a Net OPEB Obligation (NOO) at the beginning of the year. When that happens, the AOC will equal the ARC adjusted for expected interest on the NOO and reduced by an amortization of the NOO. The NOO is the historical difference between the ARC and actual contributions. If an agency has always contributed the ARC, then the NOO equals zero. However, contributions have not been "made" for purposes of GASB 45 unless they have been segregated in an irrevocable trust for the sole purpose of paying plan benefits. To date the City has not contributed any amounts into an irrevocable trust. Pursuant to established City practice and employee memorandums of understanding (MOUs,) the postemployment benefits are funded on a "pay as you go" basis.

Further information concerning the City's other post-employment benefits can be found in the City's CAFR.

NOTES TO FINANCIAL STATEMENTS For the Fiscal Years Ended June 30, 2017 and 2016 (Continued)

NOTE 8- DEFERRED COMPENSATION PLAN

During fiscal year 1973-74, the City Council adopted Resolution 74-120 establishing a deferred compensation plan (Plan) for the benefit of its eligible employees. The City established the Plan to attract and hold well-qualified City employees by permitting them to make special provisions for monthly payments upon retirement. The Plan was qualified under the applicable provisions of the Federal Internal Revenue Code and complies with the provisions of Sections 53212 and 53214 of the California Government Code. Prior to fiscal year 1996-97, in accordance with Section 457 of the Internal Revenue Code, all assets of the Plan remained the property of the City until paid or made available to participants, subject only to the claims of the City's general creditors.

As a result of changes to Section 457 deferred compensation plans resulting from the Small Business Job Protection Act of 1996, the City's deferred compensation plan administrator, Great West Life & Annuity Insurance Company (GWLAIC) established a custodial account on behalf of the Plan participants. Effective July 1, 1998, all amounts of compensation deferred under the Plan, all property and rights purchased with those amounts, and all income attributable to those amounts are held in the custodial account for the exclusive benefit of the employee participants and their beneficiaries.

While the City has full power and authority to administer and to adopt rules and regulations for the Plan, all investment decisions under the Plan are the responsibility of the Plan participants. The City has no liability for losses under the Plan, but does have the duty of due care that would be required of an ordinary prudent investor. Under certain circumstances, employees may modify their arrangements with the Plan to provide for greater or lesser contributions or to terminate their participation. If participants retire under the Plan or terminate service with the City, they may be eligible to receive payments under the Plan in accordance with provisions thereof. In the event of serious financial emergency, the City may approve, upon request, withdrawals from the Plan by the participants, along with their allocated contributions.

Further information concerning the City's deferred compensation plan can be found in the City's CAFR.

NOTE 9 SELF-INSURANCE PROGRAM

The City is self-insured for State unemployment insurance, general liability claims and for up to \$2,000,000 per occurrence for workers' compensation risks. The City purchases commercially available insurance to cover long-term disability claims. Settlements have not exceeded coverage for each of the past three fiscal years. No liability claim is specific to the Fund; accordingly, no obligation is presented herein.

NOTES TO FINANCIAL STATEMENTS For the Fiscal Years Ended June 30, 2017 and 2016 (Continued)

NOTE 10 ANNUAL FINANCIAL STATEMENTS

The financial statements present only the Transit System Fund and do not purport to, and do not present fairly the City's financial position as of June 30, 2017 and 2016, and the changes in its financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE 11-PRIOR PERIOD ADJUSTEMENT

After the issuance of the Transit System Fund audit report dated November 30, 2016, for the year ended June 30, 2016, the City's auditors proposed an adjustment to reduce the total pension expense recognized by the Transit System Fund from \$2,758,880, which was the amount recognized in the Transit System Report to \$(901,878), which is the amount recognized on the City's Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2016. As such, the pension expense and fund balance for the fiscal year ended June 30, 2016, were re-stated to reflect the final numbers in the City's CAFR.

NOTE 12- SUBSEQUENT EVENTS

The City has evaluated subsequent events through December 6, 2017, the date the financial statements were available to be issued, and concluded no events have occurred that require disclosure in or adjustments to the financial statements.

Independent Auditor's Report on Internal Control over Financial Reporting And on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Members of the City Council of the City of Torrance, California and the Los Angeles County Metropolitan Transit Authority

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Transit System Fund (the Fund) of the City of Torrance, California (the City), as of and for the year ended June 30, 2017, and the related notes to the financial statements, and have issued our report thereon dated December 6, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the Fund's financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Fund's financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's Transit System Fund financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance

To the Honorable Members of the City Council of the City of Torrance, California and the Los Angeles County Metropolitan Transit Authority

Report on Compliance

We have audited the compliance of the City of Torrance, California (the City) with the Transportation Development Act, Proposition A 40% Discretionary and Proposition C 40% Discretionary program Memorandum of Understandings (MOU) and guidelines, and Proposition 1B Guidelines (collectively, the Guidelines) for the year ended June 30, 2017.

Management's Responsibility

Management is responsible for the City's compliance with those guidelines.

Auditor's Responsibility

Our responsibility is to express an opinion on the City's compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the Guidelines. Those standards and the Guidelines require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the Transit System Fund occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance. Our audit does not provide a legal determination of the City's compliance with those requirements.

Opinion

In our opinion, the City of Torrance, California complied, in all material respects, with the compliance requirements of the Guidelines, for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing. Accordingly, this report is not suitable for any other purpose.

TRANSIT SYSTEM FUND

SCHEDULE OF FINDINGS AND RECOMMENDATIONS June 30, 2017

No findings were noted.

TRANSIT SYSTEM FUND

EXHIBIT I

50% EXPENDITURE LIMITATION TEST AND MAINTENANCE OF EFFORT TEST For the Fiscal Year Ended June 30, 2017

50% EXPENDITURE LIMITATION TEST **

1	Total operating cost before depreciation	\$	22,272,934
2	Total depreciation		4,807,182
3	Total capital requirements		-
4	Total debt service requirements	_	
5	Total (Lines 1,2,3, & 4)		27,080,116
6	Less: Federal Grants Received		2,358,728
7	Less: State Transit Assistance Fund (STAF) Received		455,925
8	Total (Lines 6 & 7)	-	2,814,653
9	Net (Line 5 less Line 8)	\$	24,265,463
10	Total permissible Local Transportation Fund under Article 4 (50% of Line 9)	\$	12,132,732
11	TDA Articles 4 allocation	\$	6,418,216
12	Excess TDA 4 allocation	\$	

^{**} Amount includes only expenses from the Fixed Route operations

The Article 4 allocation did not exceed the 50% expenditure limitation

MAINTENANCE OF EFFORT TEST

Total operating budget	\$ 32,078,454
Total local return funds received	\$ 4,952,936
5% of total operating budget	\$ 1,603,923
25% of total local return funds received	\$ 1,238,234

According to the discretionary guidelines, a local contribution of 5% of the fiscal year's operating budget, or 25% of the fiscal year's local return funds received by the City, whichever is less, is required in meeting the maintenance of effort.

During the fiscal year ended June 30, 2017, the City made a local contribution of \$2,674,323 from its Proposition A & C Local Return Fund to the Transit System Fund. Since the amount of the local contribution exceeded \$1,238,234, the City is in compliance with the maintenance of effort guidelines.

TRANSIT SYSTEM FUND EXHIBIT II

PROPOSITION A DISCRETIONARY ELIGIBILITY TEST For the Fiscal Year Ended June 30, 2017

PROPOSITION A DISCRETIONARY ELIGIBILITY TEST

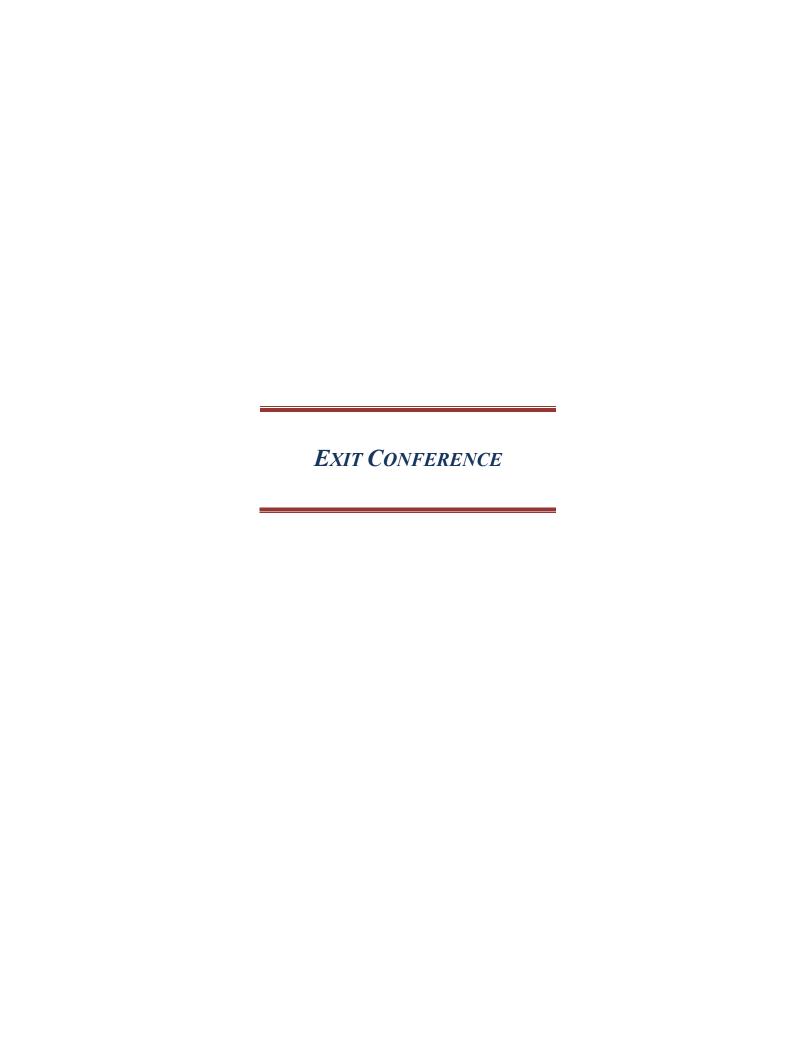

1	Transportation Development Act Article 4 funds	\$	6,418,216
2	State Transit Assistance funds		455,925
3	Farebox revenues and others		3,010,977
4	Local subsidies	_	8,137,138
5	Total operating revenues (Lines 1, 2, 3, & 4)	_	18,022,256
6	Less: operating cost, before depreciation	_	22,955,690
7	Eligible transit operator subsidy (Line 5 less line 6)		(4,933,434)
8	Proposition A Discretionary Grant allocation	_	4,008,181
9	Excess Proposition A Discretionary received	\$	(925,253) (a)

(a) Under the Proposition A Discretionary Guidelines, unexpended funds must be returned to the LACMTA within sixty (60) days following the completion of the financial and compliance audit. There were no unexpended funds as of June 30, 2017

TRANSIT SYSTEM FUND EXHIBIT III

Schedule of Capital Assets For the Year Ended June 30, 2017
