SUBJECT: MONTHLY UPDATE ON TRANSIT POLICING PERFORMANCE

ACTION: RECEIVE AND FILE

RECOMMENDATION

Receive and file monthly update on transit policing performance.

ISSUE

On September 4, 2014, the board requested that staff provide a monthly update on transit policing performance to Systems Safety and Operations Committee. Specifically, the board requested monthly updates on criminal activity, fare enforcement, response time, deployment and perception of safety.

DISCUSSION

In April 2015, staff continues to be proactive in working with Operations and Los Angeles County Sheriff's Department in addressing perception of safety, criminal activity, fare enforcement, response time, and deployment. Below are key highlights:

Perception of Safety:

- The ridership survey was developed to allow staff and law enforcement to receive feedback from the public to their perceptions of safety. The feedback from the public will help staff in deployment of resources to appropriate areas and enhancing customer interface, such as increase presence in areas identified to be of concern by the public. The new survey is due back by May 2015 and will be presented in June 2015.
- The LA Metro Transit Watch app is an extension of Metro's Transit Watch L.A. Website, www.transitwatchla.org. The app is a quick, easy and anonymous way for L.A. Metro transit riders to communicate directly to Metro Sheriff's about suspicious activity or quality of life problems at a Metro station or while riding a bus or rail line. LA Metro Transit Watch app users have the option of directly calling Metro Sheriffs or instantly sending them a photo or an incident message. Staff has updated the app to add three new categories: Sexual Assault-Physical Contact, Sexual Harassment-Non Physical, and Indecent Exposure as an option

for the type of incident occurring. This effort is part of an agency-wide Sexual Harassment Campaign aimed at addressing sexual harassment on-board Metro.

Operator Safety:

- Los Angeles Metro Protective Services (LAMPS) is working with Metro Information and Technology Services Department to develop a proof-of-concept for live on-bus video streaming. The live on-bus video capabilities will allow security and law enforcement the ability to gain situation awareness and deploy accordingly to the incident reported as reported by our operators. This exploratory approach will continue for the next four to five months.
- In addition, Metro has invested in on-board live display video monitors above the Operator's seat and in the front passenger areas. The monitors are intended to remind customers that their safety and security is the top priority. As of March 27, 2015, Metro has taken delivery of 182 New Flyer buses equipped with on-board live display video monitors. By mid-June 2015, Metro will have received 268 buses equipped with this system.
 - There are now 12 buses with video monitors which are regularly assigned to line 33. An analysis of farebox data suggests that the buses with onboard surveillance monitors had some positive fare indicators (total revenue, total stored value collected and amount of short fares).
 - Graffiti on buses with onboard surveillance monitors is being tracked; so far, there is no clear evidence that the monitors are effective at deterring graffiti on these buses.
 - Surveys and communication pieces are being sent to bus operators and divisions in regards to the pilot program and are encouraged to provide feedback to better serve their needs.
- Starting March 2015, Metro began receiving new buses equipped with Operator protective barriers. The barriers being installed are intended to provide the option of additional protection, and to enhance Metro Operators safety. As of March 27, 2015, Metro has taken delivery of 37 New Flyer buses equipped with Operator barriers. By mid-June 2015, Metro will have received 123 buses equipped with this system.

Transit Security Officer (TSO) Bus Boarding Activity:

- Transit Security Officers (TSO's) have been deployed since January 9, 2015 at high boarding locations on the Metro bus system to perform fare checks. Locations to-date include: El Monte station, Downtown L.A., Wilshire Blvd at Western and also Vermont, and most recently at Universal City/Studio City Red

Line Station Bus Terminal. In March 2015, the team was deployed to high boarding locations along the Orange Line.

- Analyses of farebox data indicate that TSO fare checks are improving fare collection on the lines where they are working high boarding stops between 6-11% on average.
- The total number of TSO Bus Boardings as of March 6, 2015 is 4,303. The total number of fare checks as of March 6, 2015 is 21,584.

Criminal Activity:

ILP (Intelligence Led Policing) Top 3 Priorities 02/05/15-02/18/15

1. South Bus

- **Trending:** South Bus has experienced an increase of crime over the last year. Since January 2015, there have been 37 ILP crimes in which 34 were crimes against persons.
- **Targeted Deployment:** Based on the data for South Bus, the best time for any special operations would be between 1000 and 1559hrs.
- **Action Taken:** From the months of January-February 2015, LASD personnel assigned to South Bus have conducted 3 operations concentrated on lines identified as having problems based on ILP data. The efforts have resulted in 18 patrons being cited for quality of life crimes and 27 being arrested for various warrants.

2. Gold Line: Heritage Square and Indiana

- **Trending:** Since the beginning of October 2014, there have been 24 vehicle batteries stolen at 3 different stations (Heritage Square-12, Indiana-10, Lincoln Heights-2)
- **Targeted Deployment:** Based on the data for Heritage Square and Indiana, the best time for any special operations would be Tuesday then Wednesday and Monday between 1200 and 1800hrs.
- **Action Taken:** Between January 5 and February 28, 2015, LASD special teams have been conducting undercover operations and saturation patrols in and around the stations. TIU (Threat Interdiction Unit) has set up a mobile surveillance camera at Heritage Square for 24/7 video coverage. Currently, there have been no reports of car battery thefts since February 28, 2015.

3. Expo Line: Culver City

- Trending: Since the beginning of January 2015, there have been 4 bicycle thefts and 1 catalytic converter theft.
- Targeted Deployment: Based on the data, the best time for a bicycle theft is between 0900-1659hrs on Wednesday or Thursday. Extra patrols through the parking lot and street level should be implemented. Volunteers can be used for monitoring the bicycle racks between these hours. CCTV camera #2 can be positioned periodically to view a part of the West bicycle rack which is where most of the bicycle thefts occurred.
- Action Taken: LASD special teams conducted a bicycle theft sting operation on February 12, 2015, 1 bicycle locked and 1 bicycle unlocked leading to 1 suspect arrested. Additionally, extra patrols have been established for the parking lots.

ILP (Intelligence Led Policing) Top 2 Priorities 02/19/15-03/04/15

1. Lines 204/754 Vermont Ave.

- Trending: The Vermont lines 204/754 have had 12 crimes so far this year. In addition, 3 other crimes occurred at Vermont intersections.
- Targeted Deployment: Based on crimes, calls, and no fare data the best times of operations are between 1300 and 1859hrs.
- Action Taken: LASD special teams conducted a joint operation on Vermont corridor for bus lines 204/754 between the hours of 1200-2000 with plain-clothed bus riders as well as high visibility boardings and fare checks. LASD received positive feedback from bus operators and have been conducting bus boardings and fare checks on a daily basis.

2. Artesia Station Vehicle Crimes

- Trending: Since the beginning of January 2015, there have been 3 vehicle batteries stolen at the Artesia station.
- Targeted Deployment: Based on the reports, all three vehicle batteries occurred in the North/West corner between 0600 and 1759hrs.

- **Action Taken:** Beginning January 1, 2015, LASD has deployed extra motor and field units to the sector of the Artesia station where all 3 batteries have been stolen. Additionally, the 24hr private security guards at the station have been notified of the thefts resulting in extra patrols from 0600-1800hrs. LASD Special Teams have also conducted undercover operations in the Artesia parking lot.

LASD Success Stories

- **2/18/2015:** LASD Arson and Explosives Detail personnel, working closely with TPD Detectives and the Crime Impact Team, obtained a criminal filing with the Los Angeles Superior Court, against Phillip Anderson. Mr. Anderson was arrested in early Feb and admitted to placing a hoax bomb in the Pershing Square Red Line Station on the 4th of July, 2014. This caused a great deal of LASD and Metro resources to be expended, and also caused for the evacuation of not only the Red Line station, but also a large portion of the surrounding area. Anderson has been in custody since February 2, 2015. On this day he was to be arraigned, but instead he elected to take a plea deal that had been offered by the LA County District Attorney. In exchange for his guilty plea, he will be sentenced to 2 years in the state penitentiary.
- **2/23/2015:** Transit Police Division Detectives and Crime Impact Team personnel went to court on this date regarding a brutal beating and robbery that occurred on Christmas Eve on the Blue Line. Charges of Assault with a Deadly Weapon and a hate crime enhancement are being sought as the victim was a male, Hispanic, and all 5 suspects were male, Blacks. Additionally, an elderly, White, female bystander, and the female, Black, girlfriend of the victim, were also injured while trying to intervene. All of the suspects have admitted to their involvement in the crimes including using racial slurs before and during the assault. The LA District Attorney has elected to file the case against the aggressors as an Attempted Murder (664/187 PC).

Fare Enforcement:

- In February 2015, law enforcement performed 528,354 fare checks on the rails and Orange Line. In comparison, law enforcement performed 573,058 fare checks on the rails and Orange line in January 2015, resulting in a decrease of 44,704 fare checks from January 2015 to February 2015.

Response Time:

- In February 2015, the average response time for “Calls for Service” (Emergency, Priority, and Routine) for all rail lines and buses was 16 minutes. LASD currently complies with Metro’s Performance Metrics requirement of average of 30 minutes for call for service. Specifically, the response time for emergent calls was 6.2 minutes.

Deployment:

- LASD’s deployment is based on their Intelligence Led Policing (ILP) strategy. ILP is a policing model created from law enforcement reports, trends, and feedback to identify hot spots that are in critical needs of law enforcement services such as crime and fare enforcement. From month to month, deputies are redeployed to specific lines based on the ILP to ensure the safety of Metro patrons.

NEXT STEPS

Metro Security will continue working with Metro Strategic Initiatives department to explore additional methods in order to obtain more data regarding Metro ridership perception of safety and discuss survey results as they become available. Metro Security will also continue the bus policing pilot program with TSOs, which has proved to be extremely effective. Metro will continue working with LASD to establish measurable perception of safety criteria. Staff will provide monthly performance updates.

*Each month, Reserve totals will display totals from the previous month because totals are not submitted until the end of each month.

The LASD reserve units are attached to regular LASD units of assignments. The reserves are there to perform the same function as any deputy. In that way, the reserves augment the force at no increase in cost. Contract agencies benefit significantly by the presence of reserves since they are directly paying for the LASD contract and do not have to pay for the additional reserve force.
