## **Independent Auditor's Report**

Measure M Independent Taxpayer Oversight Committee  
Los Angeles County Metropolitan Transportation Authority

### **Report on the Schedule of Measure M Revenues and Expenditures**

We have audited the accompanying Schedule of Measure M Revenues and Expenditures (the Schedule) of the Los Angeles County Metropolitan Transportation Authority (LACMTA) for the fiscal year ended June 30, 2018, and the related notes to the Schedule, which collectively comprise LACMTA's basic Schedule as listed in the table of contents.

#### ***Management's Responsibility for the Schedule of Measure M Revenues and Expenditures***

LACMTA's management is responsible for the preparation and fair presentation of the Schedule in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedule that is free from material misstatement, whether due to fraud or error.

#### ***Auditor's Responsibility***

Our responsibility is to express an opinion on the Schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the Schedule referred to above present fairly, in all material respects, the Measure M Revenues and Expenditures of LACMTA for the fiscal year ended June 30, 2018, in accordance with accounting principles generally accepted in the United States of America.

***Other Matter***

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 4 be presented to supplement the Schedule. Such information, although not a part of the basic Schedule, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic Schedule in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic Schedule, and other knowledge we obtained during our audit of the basic Schedule. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Information***

As discussed in Note 3 to the Schedule, the accompanying Schedule of the Measure M Fund is intended to present the revenues and expenditures attributable to the Fund. They do not purport to, and do not, present fairly the financial position of the LACMTA, as of June 30, 2018, and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 5, 2018, on our consideration of LACMTA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering LACMTA's internal control over financial reporting and compliance.

**Los Angeles County Metropolitan Transportation Authority**  
Measure M Special Revenue Fund  
Notes to the Schedule of Revenues and Expenditures  
June 30, 2018

---

The Notes to the Schedule of Revenues and Expenditures are summaries of significant accounting policies and other disclosures considered necessary for a clear understanding of the accompanying schedule of revenues and expenditures.

Unless otherwise stated, all dollar amounts are expressed in thousands.

**1. Organization**

**General**

The Los Angeles County Metropolitan Transportation Authority (LACMTA) is governed by a Board of Directors composed of the five members of the County Board of Supervisors, the Mayor of the City of Los Angeles, three members appointed by the Mayor, and four members who are either mayors or members of a city council and have been appointed by the Los Angeles County City Selection Committee to represent the other cities in the County, and a non-voting member appointed by the Governor of the State of California.

LACMTA is unique among the nation's transportation agencies. It serves as transportation planner and coordinator, designer, builder and operator for one of the country's largest and most populous counties. More than 10 million people, about one third of California's residents, live, work, and play within its 1,433-square-mile service area.

**Measure M**

Measure M, also known as Ordinance No. 16-01, the Los Angeles County Traffic Improvement Plan, is a special revenue fund used to account for the proceeds of the voter-approved one-half percent sales tax that became effective on November 8, 2016 and the rate of the tax shall increase to one percent on July 1, 2039, immediately upon expiration of the one-half percent sales tax imposed by Traffic Relief and Rail Expansion Ordinance (Measure R).

Revenues collected are required to be allocated in the following manner: 1) 5% for Metro rail operations; 2) 20% for transit operations (Metro and Municipal Providers); 3) 2% for ADA Paratransit for the disabled and Metro discounts for seniors and students 4) 35% for transit construction; 5) 2% for Metro State of Good Repair projects; 6) 17% for highway construction; 7) 2% for Metro active transportation program; 8) 16% for local return -base for local projects and transit services; and 9) 1% for local return for regional rail.

**2. Summary of Significant Accounting Policies**

The Schedule of Revenues and Expenditures for the Measure M Special Revenue Fund was prepared in conformity with Generally Accepted Accounting Principles (GAAP) in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the recognized standard-setting body for establishing governmental accounting and financial reporting principles for governments.

**Los Angeles County Metropolitan Transportation Authority**  
Measure M Special Revenue Fund  
Notes to the Schedule of Revenues and Expenditures  
June 30, 2018

---

**2. Summary of Significant Accounting Policies (Continued)**

The most significant of LACMTA's accounting policies with regard to the special revenue fund type are described below:

**Fund Accounting**

LACMTA utilizes fund accounting to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary, and fiduciary. Governmental Funds are used to account for most of LACMTA's governmental activities. The measurement focus is a determination of changes in financial position, rather than a net income determination. LACMTA uses governmental fund type Special Revenue Fund to account for Measure M sales tax revenues and expenditures. Special Revenue Funds are used to account for proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

**Basis of Accounting**

The modified accrual basis of accounting is used for the special revenue fund type. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, which means measurable (amount can be determined) and available (collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period).

**Budgetary Accounting**

The established legislation and adopted policies and procedures provide that the LACMTA's Board approves an annual budget. Annual budgets are adopted on a basis consistent with Generally Accepted Accounting Principles in the United States of America for all governmental funds.

Prior to the adoption of the budget, the Board conducts public hearings for discussion of the proposed annual budget and at the conclusion of the hearings, but no later than June 30, adopts the final budget. All appropriations lapse at fiscal year-end. The budget is prepared by fund, project, expense type, and department. The legal level of control is at the fund level and the Board must approve additional appropriations.

By policy, the Board has provided procedures for management to make revisions within operational or project budgets only when there is no net dollar impact to the total appropriations at the fund level. Budget amendments are made when needed.

Annual budgets are adopted by LACMTA on the modified accrual basis of accounting for the special revenue fund types, on a basis consistent with GAAP as reflected in the Schedule.

**Los Angeles County Metropolitan Transportation Authority**  
Measure M Special Revenue Fund  
Notes to the Schedule of Revenues and Expenditures  
June 30, 2018

---

**2. Summary of Significant Accounting Policies (Continued)**

**Investment Income and Net Decline in Fair Value of Investments**

Investment income and net decline in fair value of investments are shown on the Schedule of Revenues and Expenditures. LACMTA maintains a pooled cash and investments account that is available for use by all funds, except those restricted by state statutes. For the fiscal year ended June 30, 2018, the Measure M fund had investment income of \$1,887 and net decline in fair value of investments of \$2,171. The net decline in investments was mainly due to a decrease in fair market value of the investment portfolios mostly invested in bonds, which are sensitive to changes in interest rates.

**Use of Estimates**

The preparation of the Schedule in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**3. Schedule of Revenues and Expenditures for Measure M Special Revenue Fund**

The Schedule is intended to reflect the revenues and expenditures of the Measure M fund only. Accordingly, the Schedule does not purport to, and does not, present fairly the financial position of the LACMTA and changes in financial position thereof for the year then ended in conformity with Generally Accepted Accounting Principles in the United States of America.

**4. Operating Transfers**

Amounts reflected as operating transfers represent permanent, legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended. All operating transfers in/out of the Measure M Special Revenue Fund have been made in accordance with all expenditure requirements of the Measure M Ordinance.

**5. Excess of Revenues and Other Financing Sources Over Expenditures and Other Financing Uses**

The Measure M fund at June 30, 2018 had an excess of revenues and other financing sources over expenditures and other financing uses of \$639,274, due to lower expenditures incurred for its planning projects and funding capital projects notably for Westside Subway Extension Section 3 come in lower than expected due to some delays in the management of the project. Measure M fund balance at June 30, 2018 is \$429,567.

**6. Audited Financial Statements**

The audited financial statements for the Measure M Special Revenue Fund for the fiscal year ended June 30, 2018 are included in LACMTA's Audited Comprehensive Annual Financial Report (CAFR).

**Los Angeles County Metropolitan Transportation Authority**  
Measure M Special Revenue Fund  
Notes to the Schedule of Revenues and Expenditures  
June 30, 2018

---

**7. Contingent Liabilities**

LACMTA is aware of potential claims that may be filed against them. The outcome of these matters is not presently determinable, but the resolution of these matters is not expected to have a significant impact on the financial condition of LACMTA.

**8. Subsequent Events**

In preparing the Schedule of Measure M Revenues and Expenditures, LACMTA has evaluated events and transactions for potential recognition or disclosure through November 5, 2018, the date the schedule was issued. No subsequent events occurred that require recognition or additional disclosure in the schedule.

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance  
and Other Matters Based on an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards***

Measure M Independent Taxpayer Oversight Committee  
Los Angeles County Metropolitan Transportation Authority

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Schedule of Revenues and Expenditures (the Schedule) for Measure M Special Revenue Fund of the Los Angeles County Metropolitan Transportation Authority (LACMTA) for the fiscal year ended June 30, 2018, and the related notes to the Schedule, which collectively comprised LACMTA's basic Schedule, and have issued our report thereon dated November 5, 2018.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the LACMTA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the LACMTA's internal control. Accordingly, we do not express an opinion on the effectiveness of the LACMTA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the LACMTA's Schedule will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the LACMTA's Schedule is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the amounts on the Schedule. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*BCA Watson Rice, LLP*

Torrance, California  
November 5, 2018

**Independent Auditor's Report on Compliance with Requirements Applicable to  
Measure M Revenues and Expenditures in Accordance with the  
*Los Angeles County Traffic Improvement Plan*  
*Ordinance No. 16-01***

Measure M Independent Taxpayer Oversight Committee  
Los Angeles County Metropolitan Transportation Authority

**Report on Compliance**

We have audited the Los Angeles County Metropolitan Transportation Authority (LACMTA) compliance of the Measure M Revenues and Expenditures with the types of compliance requirements described in the *Los Angeles County Traffic Improvement Plan* (the Ordinance) for the fiscal year ended June 30, 2018.

***Management's Responsibility***

LACMTA's management is responsible for compliance with the requirements of laws and regulations applicable to the Measure M Revenues and Expenditures.

***Auditor's Responsibility***

Our responsibility is to express an opinion on LACMTA's compliance with the Measure M Revenues and Expenditures based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on Measure M Revenues and Expenditures occurred. An audit includes examining, on a test basis, evidence about the LACMTA's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on the Measure M Revenues and Expenditures. However, our audit does not provide a legal determination of LACMTA's compliance.

***Opinion on Measure M Revenues and Expenditures***

In our opinion, LACMTA complied, in all material respects, with the requirements referred to above that could have a direct and material effect on the Measure M Revenues and Expenditures for the fiscal year ended June 30, 2018.

## Report on Internal Control over Compliance

Management of the LACMTA is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the LACMTA's internal control over compliance with the types of requirements that could have a direct and material effect on the Measure M Revenues and Expenditures as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance and to test and report on internal control over compliance in accordance with the *Los Angeles County Traffic Improvement Plan*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the LACMTA's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of the Measure M Revenues and Expenditures that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Guidelines. Accordingly, this report is not suitable for any other purpose.
