## Budget Message from the CEO

If we learned anything from the last year, it was that our nation is deeply dependent on mobility. As COVID lockdowns and quarantines took hold of our communities, our mobility slowed to a crawl, cutting off access to small businesses, postponing visits to loved ones and keeping students out of the classrooms.

We at Metro felt the impact as well, seeing ridership drop sharply by nearly 60 percent, from 1.2 million daily boardings to a low of 500,000. But our mission remained clear, and we were keenly aware that the people we were moving across LA County were still relying on us to move them safely to their destinations. I want to personally thank our very own front-line workers for their hard work and dedication to our customers.

Now, as our region begins a new stage of recovery from the pandemic, we see clear opportunities to make Metro even better than it was before. With an FY22 Adopted Budget of \$8 billion, Metro is well equipped to foster much-needed economic growth throughout the region. We are also positioned to make meaningful advancements toward equity in our system, considering racial and gender equity, as well as service to our disabled customers. We want to connect vulnerable populations to jobs, business opportunities, medical services and other necessities. Looking critically through an equity lens requires us to constantly evolve, and we are ready and committed to bringing equitable transportation to Los Angeles County.

There will never be a higher priority for me than providing an outstanding rider experience for our Metro customers. And while Metro ridership fared better than other large transit agencies during the pandemic, we want to do more to restore and increase our ridership. We have already made significant gains in this effort, but we also understand that it will be a challenge since bus and rail boardings have declined year-over-year for nearly a decade. By partnering with the communities we serve, we look forward to finding the right solutions to change that trajectory and grow our rider population.

I believe making Metro easier and more convenient to use is a key component to this vision of expanded usage. To that end, our efforts will focus on:

- Restoring pre-pandemic transit service levels this fall;
- Completion of our first bus network overhaul in over 25 years. This will mean improved bus service with a simpler network to navigate with more frequent bus service on most key corridors;
- Implementing our first-ever customer experience plan to address cleanliness and safety;
- Creating the first-ever Metro Youth Council to help identify strategies to attract future lifelong riders;
- Reinforcing Metro's organizational culture that places the customer at the center of everything we do; and
- Leading with an unwavering commitment to equity and compassion, and providing the best possible public transportation service for the people of Los Angeles County.

Our future is bright, but financial vigilance will be required as we look for innovative and bold ways to solve big problems. Thanks in large part to essential federal financial assistance over the past two years, Metro remained operational throughout the pandemic. While these federal relief funds were crucial, they were also a short-term solution. This year, I will present a financial stability plan that will offer a comprehensive approach to both operations and capital project advancement. During this recovery period, we will tighten our belts, look for agency-wide efficiencies, and work to improve project delivery to minimize cost overruns.

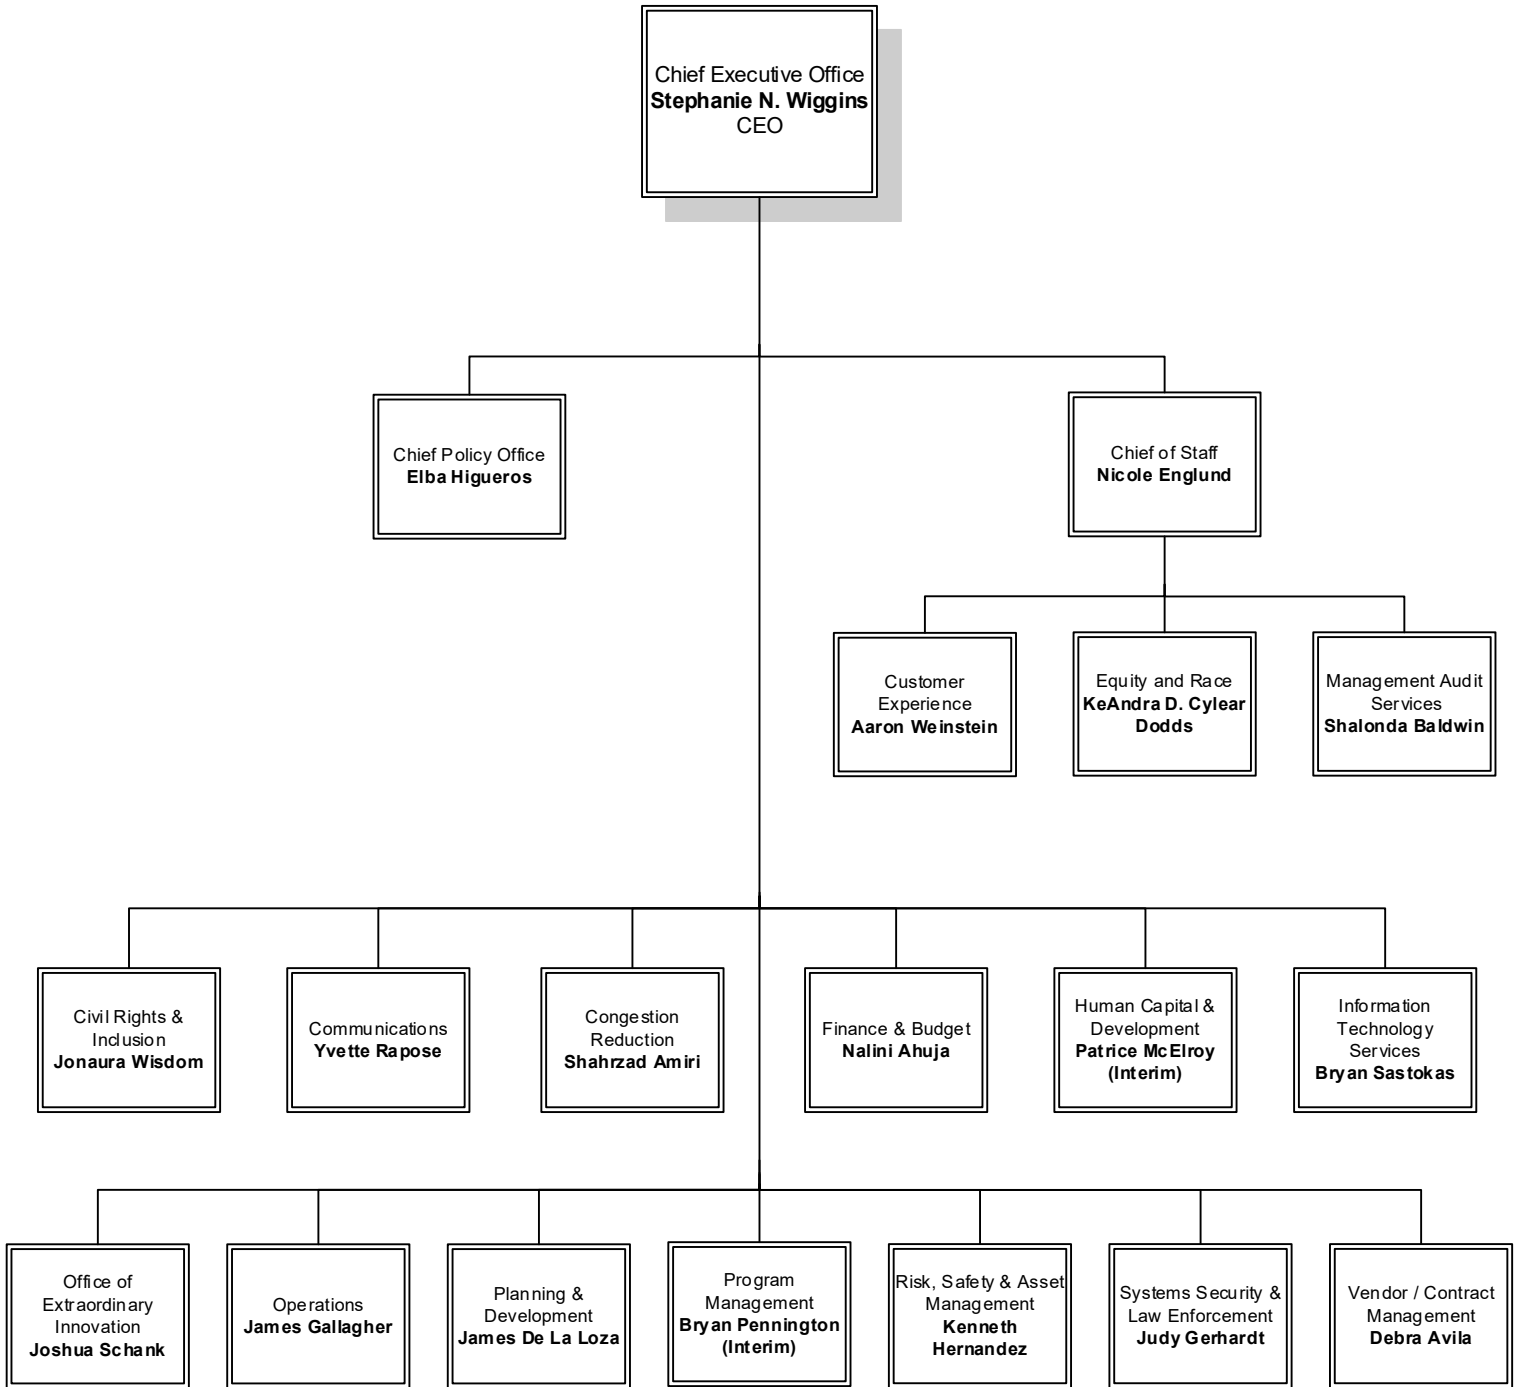

## Budget Message from the CEO

As we build out our transit network today, we must address fiscal responsibility to guarantee that we can sustain it tomorrow. This year, for the first time ever, two women of color will serve as Metro's Chief Executive Officer and Board Chair. Together, we are committed to leading this agency through an equitable recovery and into a better tomorrow. We want this to be the beginning of many more firsts for this incredible organization as we help restore movement around the region.

Stephanie Wiggins  
Chief Executive Officer

# FY22 Organizational Chart

## FY22 Budget Highlights

The adopted \$8.0 billion budget for FY22 is balanced and focuses on recovery from the ongoing COVID-19 pandemic through an equity lens. This year's budget outlook is slightly more optimistic, representing a 15% increase over the FY21 levels. This increase is primarily due to additional funding from the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, which provides essential supplemental Federal relief funding to Metro and other transit operators in the region. Without the CRRSA Act, restoring pre-pandemic service levels would not be possible.

In the FY22 transit operations plan, bus and rail services will be restored back to pre-COVID-19 levels by September 2021, per Board Motion 27.1 adopted in February 2021, with additional customer service enhancements. In response to the Motion, service restoration is the top priority for FY22 budget development. Also included in the FY22 service plan are capitalizable pre-revenue service hours for the new Metro rail extensions: Crenshaw/LAX and Regional Connector. This supports an effort to bring multiple rail lines into revenue service at the same time.

Metro Transit's capital improvement program to maintain the existing transit system in a safe and reliable condition is called State of Good Repair (SGR). The total FY22 Adopted Budget for the program is \$476.3 million. It includes funds for maintaining, upgrading, and modernizing assets and infrastructure throughout the transit system. The largest investments this year focus on the purchase of new buses and rail cars, along with the modernization of existing buses and rail cars.

The combined FY22 Adopted Budget for Transportation Infrastructure Development (TID) and Regional Rail programs is \$3.2 billion, an increase of \$632.2 million, or 24.2% from the FY21 Budget. The biggest factor for this increase can be attributed to various projects moving into the construction phase, the costliest phase of project delivery.

For details on the budget for each program, refer to the narratives in the Expenditures by Program section of this document.

### Equity

Budgets reflect our values. As we cautiously emerge from a year of struggle and unprecedented change, our values to serve the people of Los Angeles County have only grown more critical. Transportation is essential to connect people to resources, opportunities, aid, and community. An equitable transportation system is a key foundation to a region in recovery. We take our stewardship of taxpayer dollars and our commitment to equity seriously. This means that equity must be reflected at every level in Metro's budget.

This year, in developing the FY22 Adopted Budget, the Office of Equity & Race (OER) piloted the Metro Budget Equity Assessment Tool (MBEAT), the Agencywide comprehensive equity assessment to the budget proposal. We worked with 17 Metro departments, covering topics as diverse as bus stop power washing to joint development projects to train car battery replacement. The MBEAT process was successful in increasing awareness of equity in all departmental budget development and challenged staff to apply an equity lens to their budgetary requests. Through the

## FY22 Budget Highlights (continued)

process, we sought opportunities to engage with communities and center their experiences. We asked many questions stemming from our mission to ensure benefits for all by prioritizing marginalized communities and protecting vulnerable groups from disproportionate harm.

Our assessment methodology resulted in an index that categorized MBEAT submissions based on these priorities, as well as recommended next steps to monitor or enhance equity considerations.

This inaugural MBEAT process and interactive dialogue with the departments and the public showed us three main things:

- **Equity assessments require equity education.** The goal of the MBEAT is not to “punish” or assign demerits to department or project budgets. Rather, the tool is used to identify potential disproportionate harms to marginalized communities, opportunities to shift goals or change measurements to increase equitable outcomes, and any needs to build further staff capacity to implement equity into a public agency budget.
- Broad, blanket improvements for Metro’s riders are good and we can do more. It is no secret that lower income riders of color comprise a significant majority of Metro’s core ridership. **One benefit of using the MBEAT is to help staff go beyond equating transit improvements alone with equitable outcomes.** We want to dig deeper and better understand the needs, challenges, goals, and experiences of marginalized groups, including but not limited to, people of color, lower income households, people living with disabilities, people with limited English proficiency, and other vulnerable travelers such as women, girls, femmes, non-binary people, older adults, youth, and unhoused riders. Through this work, we can start to make more equitable budget decisions.
- The scope of Metro’s collective departmental impact is vast. **Some projects have a clear equity opportunity, while others may not.** The MBEAT provides space for Metro staff to consider disproportionate impacts on marginalized communities and what Metro can do to reduce harm or mitigate negative impacts. Equity work is a verb; it is ongoing and the MBEAT provides tools for Metro staff to meet the Agency’s commitment to equity.

Another aspect of budget equity includes incorporating the values and priorities of Metro riders, customers, taxpayers, and other members of the public impacted by Metro’s services, projects, and policies. We recognize and appreciate that public interest in government budgets has recently skyrocketed. OER is coordinating with the Offices of Communications, Customer Experience, and Management & Budget to enhance the public’s understanding of and engagement with the Metro annual budget. This starts with clearer education and targeted outreach to increase public fluency of Metro’s \$8.0 billion annual budget and its process. It also requires sufficient time for the public to review, analyze, and develop feedback to each year’s Adopted Budget. Lastly, it hinges on transparency and accountability of budget aspects that can be influenced by a public engagement process. Our goal is to develop a comprehensive budget engagement strategy that combines all these necessary elements to develop a representative and equitable Agency budget.

Talking about equity is one thing. Implementing equity at Metro will be an ongoing, growing process and we commit to bring as many along as we can.

## Summary of Resources

Resources (\$ in millions)	FY21 Budget	FY22 Adopted	\$ Change	% Change

13     Advertising	18.9	24.1	5.2	27.8%
14     Other Revenues <sup>(2)</sup>	55.8	109.1	53.3	95.5%
15 <b>Operating &amp; Other Revenues Subtotal</b>	<b>\$ 131.9</b>	<b>\$ 253.1</b>	<b>\$ 121.2</b>	<b>91.9%</b>
16 <u>Capital &amp; Bond Resources</u>				
17     Grant, CARES & CRRSA Act Reimbursements <sup>(3)</sup>	\$ 1,948.8	\$ 2,106.8	\$ 157.9	8.1%
18     Bond Proceeds, TIFIA & Prior Year Carryover <sup>(4)</sup>	946.4	1,660.1	713.7	75.4%
19 <b>Capital &amp; Bond Resources Subtotal</b>	<b>\$ 2,895.2</b>	<b>\$ 3,766.9</b>	<b>\$ 871.6</b>	<b>30.1%</b>
20 <b>Resources Total</b>	<b>\$ 6,994.3</b>	<b>\$ 8,040.2</b>	<b>\$ 1,045.9</b>	<b>15.0%</b>

Note: Totals may not add due to rounding.

(1) Refer to the Regional Transit Allocations Chart for STA and SB1 allocation details.

(2) Other Revenues includes bike program revenues, park and ride revenues, lease revenues, vending revenues, film revenues, SAFE revenues, county buy down, auto registration fees, transit court fees, CNG credits, investment income and other miscellaneous revenues.

(3) Includes grant reimbursement of preventative maintenance, operating capital, highway capital and construction costs. FY21 Budget and FY22 Adopted also include the Coronavirus Aid, Relief, and Economic Security (CARES) Act and Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act reimbursements.

(4) Represents use of bond proceeds, TIFIA drawdowns and sales tax revenue received and unspent in prior years.

- Local sales tax and Transportation Development Act (TDA) revenues are budgeted at \$3.9 billion, a \$108.9 million, or 2.9%, increase from the prior year. Projections are based on an economic analysis of the recovery from the COVID-19 pandemic's impact on taxable sales, nationally recognized forecasting sources, and Metro's own historical experience.
- State Transit Assistance (STA) and Senate Bill 1 (SB1) revenues for bus and rail operations and capital in FY22 are expected to be \$127.8 million region wide, representing a 30.4% decrease from the FY21 Budget based on State Controllers' Office (SCO) estimates.
- Fare revenues are expected to come in at \$73.2 million, a 229.3% increase from the FY21 Budget, reflecting ridership projections, the fare collection impact of social distancing measures, and the impacts of promotional fare adopted by the Metro Board. Despite the large percentage increase, this amount is still far below pre-pandemic levels.
- ExpressLanes toll revenues are expected to come in at \$46.6 million in FY22, a 33.5% increase from the FY21 Budget, primarily due to anticipated increased traffic and service demand on

ExpressLanes and freeways during the pandemic recovery.

- Advertising revenues of \$24.1 million are expected in FY22, which is 27.8% above the FY21 Budget.
- Other revenues are expected to come in at \$109.1 million in FY22, a 95.5% increase over the prior year, and include bike program revenues, park and ride revenues, lease revenues, vending revenues, film revenues, Service Authority for Freeway Emergencies (SAFE) revenues, county buydown, auto registration fees, transit court fees, Compressed Natural Gas (CNG) credits, investment income, and other miscellaneous revenues.
- Metro received \$776.4 million from the Federal CRRSA Act. \$7.5 million will be used to reimburse COVID-19-related Personal Protective Equipment and other eligible costs. For some regional operators, local funds will be substituted, reducing Metro's net allocation to \$682.5 million, as approved by the Metro Board. Other grant reimbursements, bond proceeds, sales tax carryover, and Transportation Infrastructure Finance and Innovation Act (TIFIA) loan drawdown at a total of \$3.1 billion are in line with planned Transit Infrastructure Development and State of Good Repair expenditure activities.

(1) Total budget for Debt Program includes all debt service costs (in Debt Service section) plus investment and debt management cost of \$2.4 million in FY21 and \$2.6 million in FY22.

## Program Summary

### Transportation Infrastructure Development (TID)

The FY22 Adopted Budget for the TID program is \$3.0 billion. Transit expansion, at \$2.5 billion, consists of projects focused on expanding bus and rail public transit network, while the highway program, at \$477.4 million, is focused on enhancing highways and improving traffic flows.

Transit expansion is subdivided into planning and construction phases. Generally, the environmental clearance signifies the shift from planning phase to construction phase. In FY22, the planning phase projects' FY22 Adopted Budget is \$147.9 million, which includes both the Bus Rapid Transit (BRT) and rail considerations. Meanwhile, the FY22 Adopted Budget for projects in the construction phase, the costliest phase of project delivery, is \$2.4 billion. The total budget for highway projects is \$477.4 million and includes \$279.6 million in subsidies to subregions and external agencies. The balance of \$197.8 million will fund Metro's efforts in planning and constructing Board-authorized highway projects.

Anticipated activities for FY22 include:

- Four Pillar projects:
  - West Santa Ana Branch Corridor continuing environmental clearance activities and procurement/delivery methodology;
  - Eastside Extension continuing environmental clearance and analysis of Washington Boulevard alternative;
  - C Line (Green) Extension Redondo to South Bay continuing environmental clearance and analysis of Metro rail vs Hawthorne Boulevard alternatives; and
  - Sepulveda Pass Corridor continuing predevelopment work to explore monorail and heavy rail concepts throughout the environmental phase.
- Airport Metro Connector, joining the LAX Airport People Mover to the Metro transit system, breaking ground for heavy construction work;
- East San Fernando Transit Corridor continuing utility relocations and right-of-way acquisitions;
- BRT Connector B Line (Red)/G Line (Orange) to L Line (Gold), a BRT connector from North Hollywood to Pasadena, continuing environmental clearance and preliminary engineering;
- G Line (Orange) BRT Improvements continuing with right-of-way acquisitions, final design, and advanced utility relocations;
- San Gabriel Valley Transit Feasibility Study exploring mass transit – all modes – options from Los Angeles to South El Monte and further east in San Gabriel Valley;
- Projects currently in construction – Westside D Line (Purple) Subway Extension, Regional Connector, Crenshaw/LAX Light Rail Transit, L Line (Gold) Foothill Extension 2B – continuing to advance as scheduled;
- The I-5 North Capacity Enhancements from SR-14 to Kern County Line (Truck Lanes) project will be breaking ground;

## Program Summary (continued)

- Continuing right-of-way acquisitions for SR-57/SR-60 Interchange Improvements;
- Continuing funding for Alameda Corridor East Grade Separations Phase II;
- Continuing funding for SR-71 Gap from I-10 to Rio Rancho Road;
- Continue I-605 Corridor “Hot Spot” Interchanges Improvements, some efforts directly by Metro and others as subsidy to external agencies; and
- Continuing funding for all subregions’ respective highway efficiency programs and continuing with mobility improvements such as I-405, I-110, I-105, and SR-91 Ramp and Interchange Improvements, SR-710 Early Action efforts, various SR-710 North Mobility Improvement projects, and various sound wall packages.

## Transportation Infrastructure Development Summary

Transportation Infrastructure Development (\$ in thousands)	Forecasted Expenditures Through FY21 <sup>(1)</sup>	FY22 Adopted	Life of Project
<b>1 Transit Expansion</b>			
<b>2 Rail</b>

(1) Forecasted expenditure through FY21 is expenditure through FY20 plus FY21 Budget.

(2) Projects are funded on an annual basis until the Board adopts a Life-of-Project (LOP) budget.

(3) Expenditure for light rail vehicle purchase to be adjusted.

(4) Annually funded.

(5) No Board authorized LOP during planning phase except for Eastside Light Rail Access Phase 3, line # 23.

## Program Summary (continued)

### **Metro Transit**

The Metro Transit program is made up of Operations and Maintenance (O&M), State of Good Repair (SGR) and Regional Operating Services. It reflects the resources required to operate and maintain bus and rail service at pre- COVID-19 levels and ensures that critical infrastructure remains operational.

#### Bus and Rail Service Plan

Bus and rail service will be restored back to pre-COVID-19 levels by increasing bus service to seven million annualized Revenue Service Hours (RSH) by September 2021 and rail service to 1.2 million RSH by end of FY22. To provide this service, bus and rail operator availability is one of the most critical challenges. In preparation for returning to pre-COVID-19 service levels, Metro has resumed and accelerated the operator-hiring process. The FY22 service plan reflects a restoration of service that outpaces ridership projections and will continue to address physical distancing needs, overcrowding, and service reliability issues.

The FY22 adopted service plan does more than just restore service levels. It also makes significant service improvements and enhancements designed to foster ridership recovery. The NextGen bus improvement plan, which invests in improving the boarding and riding experience, will be fully implemented in FY22. NextGen will significantly change the current network by reallocating underutilized services to higher ridership lines. In addition, as part of the NextGen plan, the Metro Micro program is expanding to include nine zones of service to address customers' desire for trip-making options in the lower density areas of the region. Bus and rail boardings will escalate over time to get us back to pre-COVID-19 ridership levels.

#### Operating Capital

Metro Transit's Operating Capital program includes Safety and Security projects, State of Good Repair (SGR), and Capital Infrastructure improvements. The SGR program includes all improvement, modernization, maintenance, replacement and general capital asset expenses performed on the existing transit systems. FY22 milestones and deliverables include:

- Receive 80 forty-foot CNG buses and five sixty-foot zero-emission electric buses;
- Final acceptance of remaining P3010 LRVs, continued heavy rail testing, and evaluation of "first article" vehicles;
- Enhance the customer experience through light rail vehicle (LRV) and heavy rail vehicle (HRV) midlife modernization projects. These projects will preempt vehicle failures and increase operational performance;
- Continue major rail improvements and maintenance at rail facilities and right-of-way focusing the Metro C Line (Green) track system and circuit refurbishments; and
- Installation of blue light emergency call boxes at bus and rail facilities.

## Program Summary (continued)

Operating Capital by Mode (\$ in thousands)		Safety & Security	State of Good Repair	Capital Infrastructure	Mode Total
1	<b>Bus</b>	\$ 2,793.4	\$ 154,888.6	\$ 976.8	\$ 158,658.9

Note: Totals may not add due to rounding.

### Subsidy Funding

Subsidy Funding represents resources distributed to regional partners to carry out local transportation needs. This includes subsidies paid to local jurisdictions, Municipal Operators and community operators, Access Services, and funding for other programs such as the Congestion Reduction Demonstration (CRD) Toll Revenue Grant Program, Open Streets, Active Transportation, Transit Oriented Development (TOD) Planning grants, and the Destination Crenshaw/Sankofa Park Project.

Metro's regional Fare Assistance program, Low Income Fares is Easy (LIFE), is increasing slightly due to sales tax growth in Measure M funding available for the program. Overall, the Subsidy Funding program expenditures are projected to increase to \$1.4 billion, or 11.5% over the FY21 Budget.

Subsidy Funding (\$ in millions)		FY21 Budget	FY22 Adopted	\$ Change	% Change
1	<b>Local Agencies</b>				
2	<b>Allocation by Population</b>				
3	Local Returns (Prop A, Prop C, Measure R, & Measure M)	\$ 583.3	\$ 648.5	\$ 65.1	11.2%
4	Transportation Development Act Articles 3 & 8	29.0	38.1	9.1	31.3%
5	<b>Allocation by Population Subtotal</b>	\$ 612.4	\$ 686.6	\$ 74.2	12.1%
6	<b>Call for Projects Subtotal</b>	\$ 50.4	\$ 50.5	\$ 0.0	0.1%
7	<b>Other Projects</b>				
8	Active Transportation, Transit Projects and Programs	\$ 15.0	\$ 18.9	\$ 3.9	26.1%
9	Destination Crenshaw/Sankofa Park Project	-	15.0	15.0	100.0%
10	Federal Transportation Earmark	4.4	6.3	2.0	45.3%
11	CRD Toll Revenue Grant Program	4.3	4.3	-	0.0%
12	Open Streets Grant Program	3.1	3.5	0.4	12.7%

17	<b>Local Agencies Total</b>	\$ 702.5	\$ 788.4	\$ 85.9	12.2%
18	<b>Regional &amp; Local Transit</b>				
19	Municipal & Local Operators	\$ 401.3	\$ 437.3	\$ 36.0	9.0%
20	Access Services	97.5	122.6	25.1	25.7%
21	<b>Regional &amp; Local Transit Total</b>	\$ 498.8	\$ 559.9	\$ 61.0	12.2%
22	<b>Regional Federal Grants</b>	\$ 23.3	\$ 17.1	\$ (6.2)	-26.7%
23	<b>Fares Subsidy (LIFE Program) <sup>(1)</sup></b>	\$ 14.4	\$ 15.6	\$ 1.2	8.4%
24	<b>Subsidy Funding Total</b>	\$ 1,239.0	\$ 1,381.0	\$ 141.9	11.5%

Note: Totals may not add up because of rounding.

<sup>(1)</sup> LIFE stands for Low Income Fares is Easy, a program established to provide additional fare discounts for eligible low income riders.

## Program Summary (continued)

### Regional Rail

The Regional Rail program consists of Metro’s operating and capital support of the Metrolink commuter rail system and Metro managed regional rail capital expansion/betterments, development, construction, and corridor studies. The FY22 Adopted Budget of \$233.0 million represents an \$11.7 million decrease from FY21. The decrease is due in part to reduced need for right-of-way acquisitions in FY22.

Funding for Metrolink commuter rail operations anticipates a continuation of the 30% service level reduction implemented due to pandemic-related impacts on ridership. As recovery from the pandemic progresses, we anticipate a return to pre-pandemic service levels in FY22. The return to full service will be based on increased ridership in conjunction with social distancing guidelines and other public health guidance. The \$5.7 million decrease in funding to Metrolink is due to a reduction in the operating subsidy requirement in FY22, as the post-pandemic recovery is forecasted to generate additional fare revenues compared to FY21.

Regional Rail (\$ in millions)	FY21 Budget	FY22 Adopted	\$ Change	% Change
<b>1 Metro Regional Rail</b>				
2     Link Union Station	\$ 79.0	\$ 74.6	\$ (4.4)	-5.5%

### General Planning and Programs

General Planning and Programs consists of other mobility initiatives supporting the Agency's goal of delivering improved mobility, air quality, and sustainability. The FY22 Adopted Budget of \$175.2 million represents a \$19.5 million or 12.5% increase from the prior year. The operational budget for Bike Share, Parking, Transit Court, and Union Station are aligned to the service levels and customer demand anticipated in FY22.

Project highlights include:

- Rail to Rail/River Active Transportation Corridor soil remediation and final design for Segment A and supplemental alternative analysis for Segment B;
- Los Angeles River Bike Path Phase 2 environmental clearance and design;
- First/Last Mile planning or post-planning work for Crenshaw/LAX, Regional Connector, L Line (Gold) Foothill Extension 2B and Westside D Line (Purple) Extension projects;

## Program Summary (continued)

- Growing a Greener Workforce training programs and implementation of Environmental Management Systems (EMS) at 19 Metro locations;
- Construction of the Metro Training and Innovation Center;
- Centinela Grade Separation preliminary engineering design;
- Transit Oriented Communities Implementation Plan and West Santa Ana Branch Transit Oriented Development Strategic Implementation Plan;
- Union Station capital improvement projects including Parking Lot G Enhancement, Basement Drainage System Renovation, Threat and Vulnerability Assessment Closed-Circuit Television (TVA-CCTV) System Expansion, Security Operations Center and Central Dispatch Upgrade, Waterproofing and Drainage Repair, Plumbing System Upgrade and Metropolitan Water District (MWD) Walkway Repairs; and
- Public Private Partnership (P3) development work on Travel Rewards Research Pilot and Unsolicited Proposals to identify solutions to mobility challenges in the region such as Zero Bus Emissions and Roofing.

## Program Summary (continued)

### Congestion Management

The program consists of four major groups: ExpressLanes, Freeway Service Patrol (FSP), Motorist Services, and Rideshare Services. The FY22 Adopted Budget for the Congestion Management program of \$103.9 million represents a \$15.9 million or 18.0% increase from the prior year. The program adjusted ExpressLanes California Highway Patrol (CHP) enforcement, ExpressLanes Service Center, and SoCal511 funding to match the anticipated traffic and service demand trend on ExpressLanes and freeways during the pandemic recovery. Funds are included for upcoming deployment-ready projects: I-10 Pilot for HOV5+, Occupancy Detection System, and for the Board approved I-10 ExpressLanes Extension project engineering and environmental alternative studies. Funding for Incremental Transit Services subsidy and Net-Toll Revenue grants is increased to match estimated invoicing from cities. Freeway Service Patrol, Motorist Services which includes the Kenneth Hahn Call Box Program and the Regional Integration of Intelligent Transportation Systems (RIITS), and Rideshare Services are at the same operating level as the FY21 Budget. Planning for ExpressLanes expansion for I-105 and I-605 is expected to be on schedule.

Congestion Management (\$ in millions)	FY21 Budget	FY22 Adopted	\$ Change	% Change
1 Freeway Service Patrol	\$ 26.5	\$ 27.3	\$ 0.8	3.1%
2 ExpressLanes	39.4	53.7	14.3	36.2%
3 Kenneth Hahn Call Box Program	7.4	8.4	1.0	12.8%
4 Regional Integration of Intelligent Transportation System	5.4	5.2	(0.2)	-4.6%
5 Rideshare Services	9.2	9.3	0.1	0.7%
<b>6 Congestion Management Total</b>	<b>\$ 88.0</b>	<b>\$ 103.9</b>	<b>\$ 15.9</b>	<b>18.0%</b>

Note: Totals may not add due to rounding

### Debt Service

Debt financing is one of the budget tools Metro uses to help deliver projects. Debt issuance is based on cash flow need and is authorized by applicable Federal and State legislation and the local sales tax ordinances. The Board-adopted Debt Policy establishes parameters for the issuance and management of debt that follow best practices and set affordability limits.

In FY22, it is anticipated that Crenshaw/LAX, Westside D Line (Purple) Section 1, Regional Connector, Metro A Line (Blue) track system and circuit refurbishment, Alameda Corridor East, Sepulveda Pass Corridor, bus fleet purchases and improvements, and various highway and other projects will utilize debt proceeds. As of July 1, 2021, Metro has approximately \$6.1 billion of outstanding long-term debt. The annual debt service cost in FY22 is estimated at \$512.9 million, an increase of 8.6% over the FY21 Budget of \$472.5 million.

## Program Summary (continued)

### Current Year Debt Service Expenses

- <sup>(9)</sup> Debt policy limits annual debt service to 60% of MR 20% tax revenue.
- <sup>(10)</sup> Debt policy limits annual debt service to 87% of MR 3% tax revenue.
- <sup>(11)</sup> Debt policy limits annual debt service to 87% of MR 2% tax revenue.
- <sup>(12)</sup> Debt policy limits annual debt service to 87% of MM 35%, MM 17%, MM ATP 2%, MM SGR 2%, MM Regional Rail 1% tax revenues.

## **Program Summary (continued)**

### **Oversight and Administration**

For Oversight and Administration, the FY22 Adopted Budget of \$69.9 million is an overall 9.2% increase from the FY21 Budget. The increase from prior year is attributed to labor, benefits, and allocations. This assumes not carrying over the prior year's non-contract vacancy savings assumption as part of the CEO's cost control measures to mitigate COVID-19. Other expenditures in the Oversight and Administration program includes hardware and software licensing, consultant and professional services on various projects, regulatory environmental assessments, and legally mandated financial and compliance audits.

### **Oversight and Administration (continued)**

There are continued investments in Agency priorities and key initiatives including: racial justice and equity, climate action, and re-imagining of the transportation network. The Race and Equity as well as Customer Experience departments seek to address both racial justice and equity in our communities through on-board customer experience surveys and other initiatives such as the Ride Rescue program. The Public Safety Advisory Committee (PSAC) will explore various alternatives and options to ensure the safety and security of our riders. Several initiatives and studies developed by the Women and Girls Governing Council (WGGC) to explore gender equality and mobility needs of men and women are being advanced. Further progress is being made towards climate action and reimagining the future of the Los Angeles County transportation network through programs and studies such as the Traffic Reduction Study.

## Summary of Expenditures by Department

Note: Totals may not add due to rounding.

(1) Fare revenues includes \$188,000 in revenues from TAP card sales.

(2) Other Revenues includes interest income, parking charges, vending revenues, county buy down, transit court and other miscellaneous revenues.

(3) Federal CRRSA Act funding for FY22 is \$776.4 million. \$769.0 million is directly applied to transit operations. The remaining \$7.4 million was applied directly to COVID19 non-operating CRRSA Act qualified costs. Please refer to the Government Fund Financial Statement page 22 row 4.

(4) Includes funding from Sales Tax, General Fund, State Repayment of Capital Project Loans, and State Proposition 1B cash funds.

(5) Year-to-year changes in overhead distribution reflect changes in overhead allocation approved by Federal funding partners.

(6) Other Expenses includes utilities and credits, taxes, advertisement/settlement, travel/mileage/meals and training/seminar/periodicals.

(7) The Summary of Expenditures on page 9 includes costs not considered part of operations for GAAP reporting as presented in this schedule.

(8) Capital expenses for operations and construction project planning are combined for reporting purposes.

## Legally Separate Entities

### Public Transportation Services Corporation

Public Transportation Services Corporation (PTSC) is a nonprofit public benefit corporation. PTSC was created in December 1996 in order to transfer certain functions performed by the LACMTA and the employees related to those functions to this new corporation. The PTSC conducts essential public transportation activities including: planning, programming funds for transportation projects within Los Angeles County, construction, providing certain business services to the County's Service Authority for Freeway Emergencies (SAFE) and the Southern California Regional Rail Authority (SCRRA), and providing security services to the operation of the Metro bus and rail systems. PTSC allows the employees of the corporation to participate in the California Public Employees Retirement System (PERS).

**Statement of Revenues, Expenses and Changes in Retained Earnings  
 For the Years Ending June 30, 2021 and 2022**

PTSC (\$ in millions)	FY21 Budget	FY22 Adopted

2 Expenses	433.6	475.0
3 Increase/(Decrease) in Retained Earnings	-	-
4 Retained Earnings - Beginning of Year	-	-
5 <b>Retained Earnings - End of Year</b>	<b>\$ -</b>	<b>\$ -</b>

Note: Totals may not add due to rounding.

### Service Authority for Freeway Emergencies (SAFE)

The Los Angeles County Service Authority for Freeway Emergencies (SAFE) was established in Los Angeles County in 1988. SAFE is a separate legal authority created under state law and is responsible for providing motorist aid services in Los Angeles County. SAFE currently operates, manages and/or funds:

- The Los Angeles County Kenneth Hahn Call Box System
- 511 – Mobile Call Box program
- The Metro Freeway Service Patrol
- The Motorist Aid and Traveler Information System (MATIS)

SAFE receives its funding from a dedicated \$1 surcharge assessed on each vehicle registered within Los Angeles County.

**Statement of Revenues, Expenditures and Changes in Fund Balances  
 For the Years Ending June 30, 2021 and 2022**

Service Authority for Freeway Emergencies (\$ in millions)	FY21 Budget	FY22 Adopted

Note: Totals may not add up because of rounding; calculations are made before rounding.

(1) FY22 fare revenues do not include \$188,000 in revenues from TAP card sales or Metro Micro revenues in Bus.

(2) Fareless System Initiative impacts are not included in fare revenue due to pending board decision.

(3) COVID-19 budget is not included in FY22 Operating Costs.

(4) FY21 operating costs do not include unallocated overhead balance.

(5) Does not include purchased transportation miles/hours.

- (2) Projects are cumulatively funded on an annual basis until the Board adopts a Life-of-Project (LOP) budget.
- (3) Project completed or in closeout phase.
- (6) Authorized budget is for design work only
- (7) New project proposed for Board adoption.
- (8) Separate board authorization is required for new projects or LOP budget changes.
- (9) Annually funded.
- (10) No Board LOP during planning phase; project is funded on an annual basis.
- (11) LOP authorized by the Board.

FY22 Adopted Budget

## TID - Highway Project List

Project Description (\$ in thousands)	FY22ADOPTED		
	Highway Subsidies	Non-Subsidies	Total
<b>1 Highway Program</b>			
<b>2 Measure R &amp; M Construction &amp; Subregional Projects</b>			
3 Alameda Corridor East Grade Separations Phase II	\$ 59,000.0	\$ 32.8	\$ 59,032.8
4 Countywide Soundwall Constructions	-	20,822.5	20,822.5
5 High Desert Corridor (environmental)	-	400.0	400.0
6 Highway Efficiency Program (Las Virgenes/Malibu)	1,000.0	-	1,000.0
7 Highway Efficiency Program (North County)	100.0	-	100.0
8 Highway Operational Improvements in Arroyo Verdugo subregion	8,239.0	-	8,239.0
9 Highway Operational Improvements in Las Virgenes/Malibu subregion	6,741.0	-	6,741.0
10 I-105 ExpressLane from I-405 to I-605	-	7,778.3	7,778.3
11 I-5 Capacity Enhancement from SR-134 to SR-170	17,000.0	-	17,000.0
12 I-5 Carmenita Road Interchange Improvement	4,500.0	-	4,500.0
13 I-5 Corridor Improvements (I-605 to I-710)	10.0	-	10.0
14 Interstate 405, I-110, I-105, and SR-91 Ramp and Interchange Improvements (South Bay)	21,071.2	5,534.7	26,605.9
15 Interstate 5 / St. Route 14 Capacity Enhancement	200.0	-	200.0
16 Interstate 5 Capacity Enhancement from I-605 to Orange County Line	17,000.0	-	17,000.0
17 Interstate 5 North Capacity Enhancements from SR-14 to Kern County Line (Truck Lanes)	-	83,718.2	83,718.2
18 Interstate 605 Corridor "Hot Spot" Interchanges	6,884.7	42,241.4	49,126.1
19 Interstate 710 South and/or Early Action Projects	9,801.2	5,490.6	15,291.9
20 Sepulveda Pass Transit Corridor (Ph 1)	-	8,624.4	8,624.4
21 South Bay Highway Operational Improvements	4,309.0	-	4,309.0
22 SR-57/SR-60 Interchange Improvements	53,000.0	3,493.8	56,493.8
23 SR-71 Gap from I-10 to Rio Rancho Road	27,659.8	-	27,659.8
24 SR-710 N Corridor Mobility Improvements	6,750.0	2,068.7	8,818.7
25 State Route 138 Capacity Enhancements	22,000.0	-	22,000.0
26 Transportation System and Mobility Improve. Program (SB #50)	11,000.0	-	11,000.0
27 Transportation System and Mobility Improve. Program (SB #66)	3,363.0	-	3,363.0
<b>28 Total Measure R &amp; M Construction &amp; Subregional Projects</b>	<b>\$ 279,628.9</b>	<b>\$ 180,205.5</b>	<b>\$ 459,834.4</b>
<b>29 Other Highway Projects</b>			
30 I-210 Barrier Replacement	\$ -	\$ 5,814.4	\$ 5,814.4
31 I-405 Car Pool Lane	-	668.0	668.0
32 Nextgen Bus Lanes	-	8,184.6	8,184.6
33 Caltrans Property Maintenance	-	200.0	200.0
34 Highway Planning	-	2,696.5	2,696.5
<b>35 Total Other Highway Projects</b>	<b>\$ -</b>	<b>\$ 17,563.5</b>	<b>\$ 17,563.5</b>
<b>36 Total Highway Program</b>	<b>\$ 279,628.9</b>	<b>\$ 197,769.0</b>	<b>\$ 477,397.9</b>

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Local Return Subfunds do not show carryover balances. These funds are distributed in the same period received.

<sup>(2)</sup> Consumer price index (CPI) of 2.0% represents the average estimated growth rate based on various forecasting sources and historical trends applied to Prop A discretionary allocated to Included operators.

<sup>(3)</sup> Proposition A 95% of 40% Bus Transit growth over CPI estimate will be used to fund Eligible and Tier 2 operators. The carryover is not shown since it has been converted into Proposition C 40% discretionary to fund various Board-approved discretionary programs.

<sup>(4)</sup> STA Revenue estimate from the State Controller's office is reduced by 40% for the revenue- base share and population-base share due to anticipated shortfall of FY22 revenue.

<sup>(5)</sup> In order to be eligible for SB1-SGR funding, eligible agencies must comply with various reporting requirements. SGR revenue estimates from the State Controller's Office is reduced by 10% due to anticipated shortfall of FY22 revenue.

<sup>(6)</sup> STA and SGR portion of SB1 will be allocated based on Measure R allocation methodology.

<sup>(7)</sup> Measure M provides for a total of 17% net revenues for Local Return. Supplement of 1% to be funded by 1.5% Administration.
