The following provisions apply to the Artist (Subcontractor) and shall be incorporated in full in the subcontract between the Contractor and the Artist (Subcontractor).

The MTA agrees that it shall not intentionally alter, modify, or change the Work of the Artist without first conferring with the Artist and obtaining the prior approval of the Artist to the proposed modification or change. Notwithstanding an Artist's refusal to provide (or the MTA's failure for any reason to otherwise obtain) approval provided for in the aforementioned paragraph herein, the MTA at its sole discretion, shall have the right to remove or alter any work of art providing the following terms and conditions are met:

1. The removal or alteration proposal shall first be submitted to and considered by the Source Selection Panel which selected the Contractor/Artist. In the event that any member(s) of the Source Selection Panel are unavailable, the MTA may select replacement member(s). The selection of any such replacement member(s) shall be subject to the approval of the Artist, whose approval will not be withheld unreasonably. In the event that the Source Selection Panel does not exist at the time removal is proposed, the issue and request for a recommendation shall be submitted to an impartial panel selected by the MTA consisting of three to five visual arts professionals (e.g., Artists, museum curators, art critics and/or art historians and a member of the community in the project area). Following review and consideration of the removal or alteration proposal by the Art Panel, the recommendation on removal or alteration shall be submitted to the MTA.
2. The MTA shall have a right to decide that the Work may be removed or altered. The decision to remove or alter shall not be made by the MTA until the recommendation required by Paragraph 1 herein, is received and considered.
3. In the event that the MTA shall decide to remove or alter the Work, the Artist shall have the first right of refusal to purchase the Work, providing it stands alone and is not integrated into a larger piece and can be removed undamaged without undue expense to the MTA.

4. Should the Artist choose to exercise his/her rights under Paragraph 3 herein, a Price Review Board (PRB) shall be established to determine a reasonable purchase price. The membership of the PRB shall consist of the following:
 - A. One member selected by the MTA, with no direct business relationship with the MTA, who shall be a member of the Art Dealers Association.
 - B. One member selected by the Artist, with no direct business relationship with the Artist, who shall be a member of the Art Dealer's Association.
 - C. A third member selected by the first two members and approved by both the MTA and the artist. The third member shall act as the chair of the committee.

The fees and expenses of all three members of the PRB shall be negotiated between the parties to this Contract at the time the PRB is established. The PRB shall adopt the rules of operation. The rules shall be kept flexible, but shall not relate to or modify any issues of fees and costs.

To the extent that the provisions of this Contract differ from those stated in California Civil Code Section 987, the provisions of this contract will govern. To that extent, the rights and duties created under California Civil Code Section 987 are expressly waived.

This contract shall be governed by and interpreted in accordance with the laws of the State of California. The Artist shall also abide by all applicable City and County Ordinances.

You will not assign or subcontract any part of this Agreement without the prior consent of the MTA, and any attempt to do so will be void and unenforceable.

Questions and Answers

1. **Question:** Will MTA pair selected teams with pre-qualified artists or will the team make the selection?
Answer: The design team will select the artist based on the meeting that has been facilitated by Metro Art. The MTA will not pair selected teams with pre-qualified artists.
2. **Question:** Is it a requirement to have proof of \$5,000,000 of General Liability and Errors and Omissions prior to Phase II and III Negotiation or is it sufficient to indicate the ability to provide should the contract be awarded?
Answer: The prospective proposer must have the required insurance (\$1,000,000 for General Liability and Errors and Omissions) by Phase II - Contract Award date.
3. **Question:** Design Firms can not obtain bonding requirements; Will this requirement be deleted?
Answer: This requirement has been deleted for Phases I, II, and III.
4. **Question:** There is no language regarding ownership rights or a release of liability if MTA re-uses the design for construction on any other site. There is also no language regarding the display rights.

Answer: At this time, there is no separate budget for the Artwork.
