EDR Historical Topographic Map Report

Environmental Data Resources, Inc.s (EDR) Historical Topographic Map Report is designed to assist professionals in evaluating potential liability on a target property resulting from past activities. EDRs Historical Topographic Map Report includes a search of a collection of public and private color historical topographic maps, dating back to the early 1900s.

Thank you for your business.
Please contact EDR at 1-800-352-0050
with any questions or comments.

EDR Environmental LienSearch™ Report

The EDR Environmental LienSearch Report provides results from a search of available current land title records for environmental cleanup liens and other activity and use limitations, such as engineering controls and institutional controls.

A network of professional, trained researchers, following established procedures, uses client supplied address information to:

- search for parcel information and/or legal description;
- search for ownership information;
- research official land title documents recorded at jurisdictional agencies such as recorders' offices, registries of deeds, county clerks' offices, etc.;
- access a copy of the deed;
- search for environmental encumbering instrument(s) associated with the deed;
- provide a copy of any environmental encumbrance(s) based upon a review of key words in the instrument(s) (title, parties involved, and description); and
- provide a copy of the deed or cite documents reviewed.

Thank you for your business.
Please contact EDR at 1-800-352-0050
with any questions or comments.

Recorded: 12/03/2004

Instrument: 04-3131315

Comments: For Parcel Number 5173-017-008. Site History: The former Aliso Street manufactured Gas Plant covered approximately 52 acres in downtown Los Angeles. The site is being investigated as 5 sectors and an overall groundwater unit. The "C" sector consists of 16.4 acres south of the Hollywood (101) Freeway, bisected by Center Street and bounded by Commercial, Ducommun and Jackson Streets. Sector C is further subdivided into Blocks G, K, L, N, O, Q, and R. Contaminants suspected include petroleum hydrocarbons, volatile organic compounds, cyanide, polycyclic aromatic hydrocarbons and heavy metals.

RESTRICTIONS

4.01. Prohibited Uses. The Property shall not be used for any of the following purposes:

- (a) A residence, including any mobile home or factory built housing, constructed or installed for use as residential human habitation.
- (b) A hospital for humans.
- (c) A public or private school for persons under 21 years of age.
- (d) A day care center for children.
- (e) Construction of groundwater wells for injection or extraction and utilization.

4.02. Access for Department. The Department shall have reasonable right of entry and access to the Property for inspection, monitoring, and other activities consistent with the purposes of this Covenant as deemed necessary by the Department in order to protect the public health or safety, or the environment.

Comments: For Parcel Number 5173-020-010. Site History: The soils at Block K of the former Aliso Street MGP site has been impacted by past uses of the site. A Voluntary Cleanup Agreement (see attached), CEQA – Notice of Exemption, a Removal Action Workplan and a Removal Action Completion Report was filed for the subject property (see attached). The site now has unrestricted commercial or industrial use and no further action is required concerning the Site soils. However, the groundwater underneath the Site is contaminated with petroleum hydrocarbons and is stated to be cleaned up under the groundwater operational unit and therefore was not part of this Removal Action Completion Report.

9 SUPERIOR COURT OF THE STATE OF CALIFORNIA

10 FOR THE COUNTY OF LOS ANGELES

11
 12 THE PEOPLE OF THE STATE OF
 13 CALIFORNIA, acting by and through the
 14 Department of Transportation,

NO. BC340015

[Assigned for all purposes to:
 Commissioner Bruce Mitchell, Dept. 59]

15 Plaintiff,

16 -vs-

FINAL ORDER OF CONDEMNATION

17 PBR REALTY, LLC, a Delaware Limited
 18 Liability Company; CHICAGO TITLE
 19 COMPANY; LA SALLE NATIONAL
 20 ASSOCIATION, a National Banking
 Association; DOE ONE to DOE TWENTY,
 inclusive,

21 Defendants.

22
 23 1. The People of the State of California, acting by and through the Department of
 24 Transportation (plaintiff) has paid to PBR Realty, LLC, a Delaware Limited Liability
 25 Company (defendant) entitled thereto the sum of money assessed by Judgment in
 26 Condemnation entered on March 19, 2009, in this proceeding; and

27 2. Possession was taken by plaintiff on February 20, 2004.

28 3. Despite possession having been taken by plaintiff on February 20, 2004, the

EXEMPT PER GOVT. CODE 0103

H

1 defendant has paid and continues to be assessed property taxes by the Los Angeles County
2 Assessor's Office for the 92,224 square feet of property acquired by the plaintiff. Defendant
3 has paid property taxes from the date of possession, February 20, 2004, up to and including
4 the tax year July 1, 2007 to June 30, 2008. Defendant is owed a refund of all excess property
5 taxes paid.

6 4. By stipulation between plaintiff and defendant concurrently filed with this
7 court and attached as Exhibit "A" to this order, the parties have agreed to allow the plaintiff
8 to acquire an additional 289 square feet of property (Parcel Numbers 78202-4, 78202-5 and
9 78202-6 described in this order) which reflects the property of the defendant which was
10 taken during construction and which exceeded the property take described in the original
11 complaint. Defendant has also paid property taxes on this 289 square feet of property since
12 February 20, 2004 and is therefore also owed a refund on all property taxes paid for this 289
13 square feet of property from the date of possession.

14 5. NOW THEREFORE IT IS HEREBY ORDERED, ADJUDGED AND
15 DECREED that the real property situated in the County of Los Angeles, State of California,
16 and more particularly described as follows, be condemned to plaintiff for State highway
17 purposes in fee simple absolute, unless a lesser estate is described:

18 PARCEL 78202-1

19 For freeway purposes, all that portion of land described in deed to PBR REALTY
20 LLC, a Delaware limited liability company, recorded April 27, 1999 as document No. 99-
21 0743842 Official Records in the office of County Recorder of the County of Los Angeles,
22 State of California.

23 EXCEPTING there from the following described parcel:

24 BEGINNING at a point 22.50 feet Northerly measured at right angles to the South
25 line of Block "H" of the subdivision of the Aliso Tract, in the City of Los Angeles as per map
26 recorded in Book 4 pages 12 and 13 of Miscellaneous Records, in the office of said County
27 Recorder, said point also being 5.00 feet Easterly measured at right angles to the West line of
28

1 said Block "H"; thence Easterly parallel with said Southerly line S.81°01'56" E., 110.98 feet;
 2 thence S.85°36'43" E., 151.35 feet; thence N. 7°07'13" E., 52.85 feet; thence N.73°14'50"
 3 W., 37.30 feet; thence N.84°42'12" W., 223.45 feet to a line parallel with and distant 5.00
 4 feet Easterly measured at right angles from the West line of said Block "H"; thence Southerly
 5 along said parallel line S.9°10'22"W., 55.56 feet to the POINT OF BEGINNING.

6 ALSO EXCEPTING therefrom the following described parcel:

7 BEGINNING at a point in the East line of said Block "H" said point being 25.50 feet
 8 Northerly measured at right angles to the South line of said block "H"; thence Westerly
 9 parallel with said South line N.81°01'56"W., 182.04 feet; thence N.4°02'03"E., 80.95 feet,
 10 thence N.84°07'49"E., 105.33 feet; thence N.89°12'48"E., 88.29 feet to the East line of said
 11 block "H"; thence Southerly along said East line S.8°53'17"W., 122.58 feet to the POINT
 12 OF BEGINNING.

13 Lands abutting said freeway shall have no right or easement of access thereto;
 14 provided, however, that part of the remaining lands shall abut upon and have access, as
 15 hereinafter provided, to adjoining Commercial Street which will be connected to the main
 16 thoroughfare of the freeway only at such points as may be established by public authority.

17 The said right of access to said Commercial Street is hereby expressly limited
 18 Westerly to the Westerly 110.98 feet of the above-described course having a length of 110.98
 19 feet and Easterly to the Easterly 132.04 feet of the above-described course having a length of
 20 182.04 feet.

21 PARCEL 78202-2

22 A temporary easement for State Highway purposes, in and to that portion of land
 23 described in deed to PBR Realty LLC, a Delaware limited liability company, recorded April
 24 27, 1999 as document No. 99-0743842 Official Records in the office of County Recorder of
 25 the County of Los Angeles, State of California. Described as follows:

26 BEGINNING at a point 22.50 feet Northerly measured at right angles to the South
 27 line of Block "H" of the subdivision of the Aliso Tract, in the City of Los Angeles, as per
 28

1 map recorded in Book 4 pages 12 and 13 of Miscellaneous Records, in the office of said
2 County Recorder, said point also being 5.00 feet Easterly measured at right angles to the
3 West line of said Block "H"; thence Easterly parallel with said Southerly line S.81°01'56"E.,
4 110.98 feet; thence S.85°36'43" E., 151.35 feet; thence N.7°07'13"E., 52.85 feet; thence
5 N.73°14'50"W., 37.30 feet; thence N.84°42'12"W., 223.45 feet to a line parallel with and
6 distant 5.00 feet Easterly measured at right angles from the West line of said Block "H";
7 thence Southerly along said parallel line S.9°10'22"W., 55.56 feet to the POINT OF
8 BEGINNING.

9 The above-described parcel of land is to be used for temporary construction purposes
10 and incidents thereto in connection with the construction of a Route 101 freeway project
11 designated 07-LA-101-PM 0.6 on maps in the office of the Department of Transportation,
12 State of California at Los Angeles, California and the rights to be acquired therein shall cease
13 and terminate upon completion of said project, and in any event, shall cease and terminate
14 not later than July 1, 2006.

15 PARCEL 78202-3

16 A temporary easement for State Highway purposes, in and to that portion of land
17 described in deed to PBR REALTY LLC, a Delaware limited liability company, recorded
18 April 27, 1999 as document No. 99-0743842 Official Records in the office of County
19 Recorder of the County of Las Angeles, State of California. Described as follows:

20 BEGINNING at a point in the East line of said Block "H" said point being 25.50 feet
21 Northerly measured at right angles to the South line of said Block "H"; thence Westerly
22 parallel with said South line N.81°01'56"., 182.04 feet; thence N.4°02'03"E., 80.95 feet;
23 thence N.84°07'49"E., 105.33 feet; thence N.89°12'48"E., 88.29 feet to the East line of said
24 Block "H"; thence Southerly along said East line S.8°53'17"W., 122.58 feet to the POINT
25 OF BEGINNING.

26 The above-described parcel of land is to be used for temporary construction purposes
27 and incidents thereto in connection with the construction of a Route 101 freeway project
28

1 designated 07-LA-101-PM 0.6 on maps in the office of the Department of Transportation,
2 State of California at Los Angeles, California and the rights to be acquired therein shall cease
3 and terminate upon the completion of said project, and in any event, shall cease and
4 terminate not later than July 1,2006.

5 PARCEL 78202-4

6 For freeway purposes, all that portion of land described in deed to PBR REALTY
7 LLC, a Delaware limited liability company, recorded April 27, 1999 as document No. 99-
8 0743842 Official Records in the office of County Recorder of the County of Los Angeles,
9 State of California described as follows:

10 COMMENCING at a point 22.50 feet Northerly measured at right angles to the
11 Southerly line of Block "H" of the subdivision of the Aliso Tract, in the City of Los Angeles,
12 as per map recorded in Book 4 pages 12 and 13 of Miscellaneous Records, in the office of
13 said county recorder, said point also being 5.00 feet Easterly measured at right angles to the
14 West line of said block "H"; thence Easterly parallel with said southerly line S.81°01'56"E.,
15 110.98 feet; thence S.85°36'43"E., 151.35 feet; thence N.7°07'13"E., 52.85 feet; thence
16 N.73°14'50"W., 37.30 feet; thence N.84°42'12"W., 37.73 feet to the POINT OF
17 BEGINNING; thence S.5°17'48"W., 9.51 feet; thence N.48°42'12"W., 8.46 feet; thence
18 N.5°17'38"E., 9.51 feet; thence S.84°42'12"E., 8.46 feet to the POINT OF BEGINNING.

19 Lands abutting said freeway shall have no right or easement of access thereto;
20 provided, however, that part of the remaining lands shall abut upon and have access, as
21 hereinafter provided, to adjoining Commercial Street which will be connected to the main
22 thoroughfare of the freeway only at such points as maybe established by public authority.

23 PARCEL 78202-5

24 For freeway purposes, that portion of land described in deed to PBR REALTY LLC, a
25 Delaware limited liability company, recorded April 27, 1999 as document No. 99-0743842
26 Official Records in the office of County Recorder of the County of Los Angeles, State of
27 California, described as follows:
28

8

1 COMMENCING at a point in the East line of Block "H" of the subdivision of the
2 Aliso Tract, in the City of Los Angeles, as per map recorded in Book 4 pages 12 and 13 of
3 Miscellaneous Records, in the office of said county recorder, said point being 25.50 feet
4 Northerly measured at right angles to the Southerly line of said block "H"; thence Westerly
5 parallel with said southerly line N.81°01'56"W., 182.04 feet; thence N.4°02'03"E., 80.95
6 feet; thence N.84°07'49"E., 105.33 feet; thence N.89°12'48"E., 26.64 feet to the POINT OF
7 BEGINNING; thence S.0°47'12"E., 6.00 feet; thence N.89°12'48"E., 15.45 feet; thence
8 N.0°47'12"W., 6.00 feet; thence S.89°12'48'W., 15.45 feet to the POINT OF BEGINNING.

9 Lands abutting said freeway shall have no right or easement of access thereto;
10 provided, however, that part of the remaining lands shall abut upon and have access, as
11 hereinafter provided, to adjoining Commercial Street which will be connected to the main
12 thoroughfare of the freeway only at such points as maybe established by public authority.

13 PARCEL 78202-6

14 For freeway purposes, that portion of land described in deed to PBR REALTY LLC, a
15 Delaware limited liability company, recorded April 27, 1999 as document No. 99-0743842
16 Official Records in the office of County Recorder of the County of Los Angeles, State of
17 California, described as follows:

18 BEGINNING at a point in the East line of Block "H" of the subdivision of the Aliso
19 Tract, in the City of Los Angeles, as per map recorded in Book 4 pages 12 and 13 of
20 Miscellaneous Records, in the office of said county recorder, said point being 25.50 feet
21 Northerly measured at right angles to the Southerly line of said block "H"; thence Westerly
22 parallel with said southerly line N.81°01'56"W., 182.04 feet; thence N.4°02'03"E., 1.00 feet;
23 thence Easterly parallel with said southerly line S.81°01'56"E., 50.00 feet; thence
24 S.8°58'04"W., 0.50 feet; thence parallel with said southerly line S.81°01'56"E., 132.13 feet
25 to the East line of said block "H"; thence Southerly along said East line S.8°53'17"W., 0.50
26 feet to the POINT OF BEGINNING.

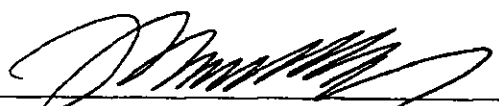

27 Lands abutting said freeway shall have no right or easement of access thereto;
28

1 provided, however, that part of the remaining lands shall abut upon and have access, as
2 hereinafter provided, to adjoining Commercial Street which will be connected to the main
3 thoroughfare of the freeway only at such points as maybe established by public authority.

4 6. Defendant was assessed taxes by the Los Angeles County Assessor's Office for
5 the entire 127,211 square feet of property (Assessor's ID No.: 5173-003009) for the tax year
6 July 1, 2008 to June 30, 2009. Defendant was also assessed penalties in the amount of
7 \$5,118.80. Plaintiff has held title to the property taken since February 20, 2004. Defendant
8 therefore does not owe taxes on the 92,224 square feet of property or the 289 square feet of
9 property for the July 1, 2008 to June 30, 2009 tax year. Defendant also does not owe the
10 penalty assessed.

11 7. IT IS FURTHER ORDERED, ADJUDGED AND DECREED that a certified
12 copy of this Order be recorded in the Office of the County Recorder of the County of Los
13 Angeles, State of California, and thereupon title of said property described above shall vest
14 in plaintiff and all interests of defendant PBR Realty, LLC, a Delaware Limited Liability
15 Company, in and to said real property shall be terminated and that all taxes paid by defendant
16 on the 92,513 square feet of property which plaintiff's have had possession of since February
17 20, 2004 shall be immediately refunded to defendant.

JOINT STIPULATION TO APPROVE
AND ENTER SETTLEMENT
AGREEMENT

24 Plaintiff, The People of the State of California, acting by and through the Department of
25 Transportation (hereinafter "State") and defendant, PBR Realty, LLC, a Delaware Limited Liability
26 Company (hereinafter "PBR") have reached an agreement and settlement of their lawsuit. The State
27 and PBR hereby agree and stipulate that the State shall pay PBR \$12,250,000, plus accrued interest
28 and costs as set forth below for the State's acquisition of 92,224 square feet of property owned by

12

1 PBR for the construction of the Commercial Street onramp to State Route 101 in Los Angeles,
2 California.

3 1. The parties further stipulate that the original legal description of the property take
4 identified in the complaint has changed and has been increased by 289 square feet for which the
5 defendant is being compensated, and the legal description of the additional property is attached as
6 Exhibit "A" to this stipulation.

7 2. PBR has previously withdrawn \$8,472,000 of the \$12,250,000. The State shall pay
8 PBR the outstanding balance of \$3,778,000.

9 3. The State shall pay to PBR statutory costs of \$219,516.06.

10 4. The State shall pay to PBR \$38,561 for 289 square feet of PBR property that was not
11 originally described in the complaint. The legal description of 289 square feet, is attached as Exhibit
12 "A" to this stipulation. PBR hereby waives any and all rights to require the State to modify the
13 original complaint to reflect the additional property take.

14 5. The State shall pay interest owed to PBR at the statutory rate, which interest shall
15 accrue until such day as all funds owed to PBR are paid in full.

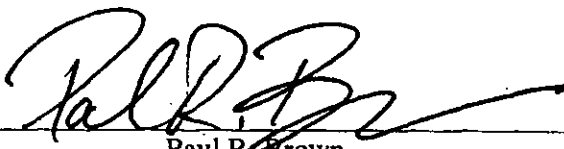

16 6. The State shall include language in the Final Order and Judgment that confirms that
17 PBR has paid property taxes on the 92,513 (92,224 plus 289) square feet of property taken by the
18 State, to the Los Angeles County Assessor's Office since the State took possession on February 20,
19 2004, and that PBR is owed a refund of all taxes and any penalties paid to the Los Angeles County
20 Assessor's Office for that 92,513 square feet of property since February 20, 2004.

21 7. The State shall pay all funds owed to PBR by January 30, 2009.

COVENANT TO RESTRICT USE OF PROPERTY

ENVIRONMENTAL RESTRICTION

Re: 5173-017-008 Block L of Sector C of the former Aliso Street
Manufactured Gas Plant (MGP).

This Covenant and Agreement ("Covenant") is made by and between
ConocoPhillips Company, a Delaware Corporation, successor by merger
to Tosco Corporation, a Nevada corporation (the "Covenantor"), the
current owner of property situated in Los Angeles, County of Los
Angeles, State of California, described in Exhibit "A", attached
hereto and incorporated herein by this reference (the "Property"),
and the Department of Toxic Substances Control (the "Department").

Pursuant to Civil Code section 1471, the Department has determined
that this Covenant is reasonably necessary to protect present or
future human health or safety or the environment as a result of the
presence on the land of hazardous materials as defined in Health
and Safety Code ("H&SC") section 25260. The Covenantor and the
Department, collectively referred to as the "Parties", hereby agree
that the use of the Property be restricted as set forth in this
Covenant.

5173-017-008

ARTICLE I
STATEMENT OF FACTS

1.01. The Property is a rectangular shaped parcel totaling approximately 2 acres, and is more particularly described and depicted in Exhibit "A", attached hereto and incorporated herein by this reference. The Property is located in the area now generally bounded by Commercial Street on the north, Center Street on the east, and Ducommun Street on the south. It is approximately 150' east of Vignes Street. The Site is also referred by the Department as Block L of Sector C of the former Aliso Street MGP, and is also known by the street address 501 North Center Street, Los Angeles, California. The property is more specifically described as County of Los Angeles Assessor Parcel Number 5173-017-008.

1.02. The Property has been remediated pursuant to a Removal Action Workplan pursuant to Chapter 6.8 of Division 20 of the H&SC, under the oversight of the Department. The Removal Action Workplan provides that a deed restriction be required as part of the site remediation. This is because polycyclic aromatic hydrocarbons and lead, which are hazardous substances as defined in H&SC section 25316, and are hazardous materials as defined in H&SC section 25260, remain below the surface of the Property. The concentrations of these materials at the Property do not present an unacceptable threat to human safety or the environment, if limited to commercial and industrial use. The Department circulated the Removal Action Workplan, which contains a Health Risk Assessment, together with a draft negative declaration pursuant to the California Environmental Quality Act, Public Resources Code section 21000 et seq. for public review and comment. The Removal Action Workplan and the negative declaration were approved by the Department on September 10, 2003, pursuant to which the Property was excavated to various depths across the site, then backfilled with clean soil.

1.03. As detailed in the Removal Documentation Report as approved by the Department on July 26, 2004, the Property soils contain hazardous substances, as defined in H&SC section 25316, which include the following contaminants of concern: polycyclic aromatic hydrocarbons [up to 6.1 parts per million (ppm)] and lead (up to 363 ppm). Based on the Removal Documentation Report, the Department concluded that use of the Property as a residence, hospital, school for persons under the age of 21 or day care center would entail an unacceptable health risk. The Department further concluded that the Property, as remediated, and subject to the restrictions of this Covenant, does not present an unacceptable threat to human safety or the environment, if limited to commercial and industrial use.

Groundwater at the Property is found approximately 30 feet below ground surface. Contaminants in the groundwater include 1,2,4-Trimethylbenzene (up to 499 ug/l, USEPA Region IX PRG=12 ug/l), 1,3,5-Trimethylbenzene (up to 127 ug/l, USEPA Region IX PRG=12 ug/l), Benzene (up to 708 ug/l, CA MCL=1 ug/l), Ethylbenzene (up to 3840 ug/l, CA MCL=700 ug/l), naphthalene (up to 12,600 ug/l, USEPA Region IX PRG=6.2 ug/l), Toluene (up to 8400 ug/l, CA MCL=150 ug/l) and MTBE (up to 51 ug/l, CA MCL=13 ug/l). The Department concludes that the use of Property groundwater would present an unacceptable threat to human health and safety.

ARTICLE II

DEFINITIONS

2.01. Department. "Department" means the California Department of Toxic Substances Control and includes its successor agencies, if any.

2.02. Owner. "Owner" means the Covenantor, its successors in interest, and their successors in interest, including heirs and assigns, who at any time hold title to all or any portion of the Property.

2.03. Occupant. "Occupant" means Owners and any person or entity entitled by ownership, leasehold, or other legal relationship to the right to occupy any portion of the Property.

ARTICLE III
GENERAL PROVISIONS

3.01. Restrictions to Run with the Land. This Covenant sets forth protective provisions, covenants, restrictions, and conditions (collectively referred to as "Restrictions"), subject to which the Property and every portion thereof shall be improved, held, used, occupied, leased, sold, hypothecated, encumbered, and/or conveyed. Each and every Restriction: (a) runs with the land pursuant to H&SC section 25355.5(a)(1)(C) and Civil Code section 1471; (b) inures to the benefit of and passes with each and every portion of the Property, (c) is for the benefit of, and is enforceable by the Department, and (d) is imposed upon the entire Property unless expressly stated as applicable only to a specific portion thereof.

3.02. Binding upon Owners/Occupants. Pursuant to H&SC section 25355.5(a)(1)(C), this Covenant binds all owners of the Property, their heirs, successors, and assignees, and the agents, employees, and lessees of the owners, heirs, successors, and assignees. Pursuant to Civil Code section 1471(b), all successive owners of the Property are expressly bound hereby for the benefit of the Department.

3.03. Written Notice of the Presence of Hazardous Substances. Prior to the sale, lease or sublease of the Property, or any portion thereof, the owner, lessor, or sublessor shall give the buyer, lessee, or sublessee notice that hazardous substances are located on or beneath the Property, as required by H&SC section 25359.7.

3.04. Incorporation into Deeds and Leases. The Restrictions set forth herein shall be incorporated by reference in each and all deeds and leases for any portion of the Property.

ARTICLE IV
RESTRICTIONS

4.01. Prohibited Uses. The Property shall not be used for any of the following purposes:

- (a) A residence, including any mobile home or factory built housing, constructed or installed for use as residential human habitation.
- (b) A hospital for humans.
- (c) A public or private school for persons under 21 years of age.
- (d) A day care center for children.
- (e) Construction of groundwater wells for injection or extraction and utilization.

4.02. Access for Department. The Department shall have reasonable right of entry and access to the Property for inspection, monitoring, and other activities consistent with the purposes of this Covenant as deemed necessary by the Department in order to protect the public health or safety, or the environment.

ARTICLE V
ENFORCEMENT

5.01. Enforcement. Failure of the Covenantor, Owner or Occupant to comply with any of the Restrictions specifically applicable to it shall be grounds for the Department to require that the Covenantor or Owner modify or remove any improvements ("Improvements" herein shall mean all buildings, roads, driveways,

and paved parking areas) constructed or placed upon any portion of the Property in violation of the Restrictions. Violation of this Covenant shall be grounds for the Department to file civil or criminal actions as provided by law.

ARTICLE VI

VARIANCE, TERMINATION, AND TERM

6.01. Variance. Covenantor, or any other aggrieved person, may apply to the Department for a written variance from the provisions of this Covenant. Such application shall be made in accordance with H&SC section 25233.

6.02 Termination. Covenantor, or any other aggrieved person, may apply to the Department for a termination of the Restrictions or other terms of this Covenant as they apply to all or any portion of the Property. Such application shall be made in accordance with H&SC section 25234.

6.03 Term. Unless ended in accordance with the Termination paragraph above, by law, or by the Department in the exercise of its discretion, this Covenant shall continue in effect in perpetuity.

ARTICLE VII

MISCELLANEOUS

7.01. No Dedication Intended. Nothing set forth in this Covenant shall be construed to be a gift or dedication, or offer of a gift or dedication, of the Property, or any portion thereof to the general public or anyone else for any purpose whatsoever.

7.02. Department References. All references to the Department include successor agencies/departments or other successor entity.

7.03. Recordation. The Covenantor shall record this Covenant, with all referenced Exhibits, in the County of Los Angeles within ten (10) days of the Covenantor's receipt of a fully executed original.

7.04. Notices. Whenever any person gives or serves any Notice ("Notice" as used herein includes any demand or other communication with respect to this Covenant), each such Notice shall be in writing and shall be deemed effective: (1) when delivered, if personally delivered to the person being served or to an officer of a corporate party being served, or (2) three (3) business days after deposit in the mail, if mailed by United States mail, postage paid, certified, return receipt requested:

Tosco Corporation

To Owner: ConocoPhillips Company

Paso Robles, CA 93446
Attn: Tim Thompson

To Department: Department of Toxic Substances Control
1011 N. Grandview Avenue
Glendale, CA 91201
Attn: Sayareh Amir, Chief

Any party may change its address or the individual to whose attention a Notice is to be sent by giving written Notice in compliance with this paragraph.

7.05. Partial Invalidity. If any portion of the Restrictions or other term set forth herein is determined by a court of competent jurisdiction to be invalid for any reason, the surviving portions of this Covenant shall remain in full force and effect as if such portion found invalid had not been included herein.

7.06 Statutory References. All statutory references include successor provisions.

IN WITNESS WHEREOF, the Parties execute this Covenant.

DEPARTMENT OF TOXIC SUBSTANCES CONTROL

1011 N. GRANDVIEW AVENUE
GLENDALE, CA 91201
(818) 551-2800

March 29, 1995

Mr. Victor Pena
Victor Industrial Batteries
138 San Fernando Road
Los Angeles, CA 90031

Dear Mr. Pena:

VICTOR'S INDUSTRIAL BATTERIES - DEED RESTRICTION

The Department of Toxic Substances Control (DTSC) has received a copy of the Covenant and Agreement For Future Use of Property, which you recorded with the Los Angeles County Recorder's Office (95 436302 - March 27, 1995) for the subject property located at 138 San Fernando Road, Los Angeles, California 90031.

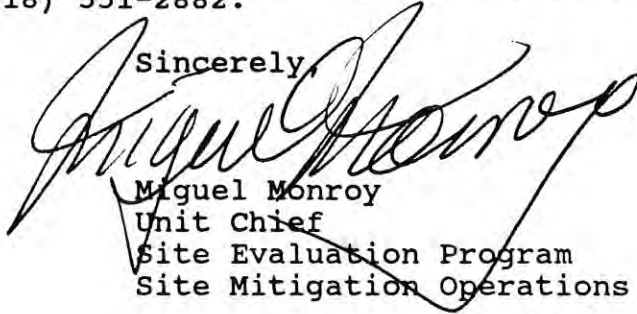

By recording the aforementioned Covenant and Agreement, you have complied with the requirements of DTSC and the Los Angeles County Fire Department's directives. Therefore, DTSC is recommending that "No Further Action" is warranted at the site. However, DTSC reserves the right to require additional work, should the site's conditions differ in the future.

You should be aware that the above decision is based on the recorded Covenant and Agreement. With the asphalt covering the surface of the property there should be no significant health risks to any individuals obtaining access to the site. DTSC will conduct annual inspections to assure that existing protective asphalt covering the surface of the site remains in place and intact. In the event that the integrity of the asphalt covering the surface of the site becomes sufficiently damaged, to expose any individual to contaminated soils, immediate actions shall be taken to correct the problem. Providing that maintenance is needed below the asphalt covering the surface of the site, DTSC shall be notified prior to conducting any activity. In addition, the owner of the site must provide written notice of the existence of this deed restriction and of the release of hazardous substances at the site to any buyer, lessee or renter, as required by Health and Safety Code Section 25359.7.

Mr. Victor Pena

VI. SOIL AND GROUNDWATER REMEDIATION

A. Soil Excavation: none identified

B. In-Situ Soil Remediation: none identified

C. Groundwater Remediation: none identified

D. Groundwater Trends:

VII. SENSITIVE RECEPTOR SURVEY

Not found in files. An industrial supply well 2783B is located approximately 0.5 mile southeast of the site.

VIII. RECOMMENDED ACTION

In the May 2007 Preliminary 5-Year Summary Report, the Fund recommended delineation of the downgradient extent of the groundwater plume.

May 2008: The Regional Board approved the installation of downgradient wells in their June 6, 2007 letter. However, information is not available whether this scope of work has been implemented. In the event that the work has not been completed, the Fund recommends that the Regional Board require implementation of the workplan with enforcement actions if necessary. It is imperative that corrective actions proceed in a timely manner to prevent further plume migration that could result in unnecessary costs.

June 2009 update: To date, the workplan for the installation of the downgradient wells has not been implemented. As an alternate option, the Fund recommends collection of grab groundwater samples downgradient of MW-7. If results warrant, evaluate the site for low-risk closure.

Site Address: 1796 Spring St N
City: Los Angeles

Region/Caseworker: 4/Magdy Baiady
Lead Agency Case No. 900310061
Global ID: T0603700788
Date LOC Issued: 6/19/1995
USTCF Expenditures to Date: \$214,148
Priority Class: B

I. CASE INFORMATION

Tank No.	Size in Gallons	Contents	Closed in Place/ Removed/Active	Date
1	6,000	gasoline	removed	1987
2	5,000	gasoline	removed	1987
3	8,000	diesel	removed	1987
4-6	1,000	gasoline	removed	1991
7	1,000	waste oil	removed	1991

II. RELEASE INFORMATION

- Source of Release: Tanks
- Date of Release: Unknown, detected soil contamination in 1991
- Affected Media: Soil and groundwater

III. SITE CHARACTERIZATION INFORMATION

A. Site Information

- GW Basin: Los Angeles Coastal Plain (4-12)
- Beneficial Uses: MUN, IND, AGR, PROC
- Land Use Designation: commercial
- MTBE Threat Classification: D – not in vulnerable area and MTBE > 5 ppb
- Distance to Nearest Supply Well (Municipal or Domestic): According to the LUSTIS database, State Well No. 3987F is 13,317 feet from the site.
- Minimum Groundwater Depth: 35.46 feet bgs
- Maximum Groundwater Depth: 39.59 feet bgs
- Flow Direction: W
- Soil Types: sands
- Maximum Depth Sampled: 46 ft bgs

B. Monitoring Well Information

Well Designation	Date Installed	Well Screen Interval	Latest DTW 9/08
MW-1	12/1991	35-55	38.07
MW-2	10/20/92	NA	39
MW-3	10/20/92	NA	37.21
MW-4	8/2/95	24-54	38.68

EXECUTIVE SUMMARY

This monitoring report presents a summary of groundwater and soil-gas monitoring activities conducted at Installation Restoration Program (IRP) Site 1, Naval and Marine Corps Reserve Center, Los Angeles, Los Angeles, California. Accord MACTEC 8A JV (AM8AJV), comprised of Accord Engineering, Inc., and AMEC Foster Wheeler (formerly MACTEC Engineering and Consulting, Inc.), has prepared this report on behalf of the United States Department of the Navy (DON), Naval Facilities Engineering Command Southwest, in accordance with Contract Number N62473-10-D-0814, Contract Task Order Number 0037.

DON is the lead federal agency on this project. The lead regulatory agency is the California Regional Water Quality Control Board, Los Angeles Region (LARWQCB) with support from the State of California Department of Toxic Substances Control (DTSC). The groundwater and soil-gas monitoring activities from the two scheduled semiannual monitoring events were conducted in accordance with the Final Work Plan Addendum, dated December 2014 (AM8AJV 2014).

Objectives

The objectives of the groundwater and soil-gas monitoring are to:

1. Evaluate the trends and stability of contaminants, mainly the 1,2-dichloroethane (1,2-DCA) and benzene concentrations in groundwater.
2. Evaluate the trends and stability of contaminants, mainly the tetrachloroethene (PCE) concentrations in soil-gas to determine if human health risks exist at the site.
3. If PCE concentration continues to persist in the downgradient soil-gas monitoring wells, the source of the PCE will be evaluated at the conclusion of the second semi-annual monitoring event.

Regulatory Guidance

In accordance with the Final Work Plan Addendum (AM8AJV 2014), upon the completion of the monitoring activities, one of the following recommendations is to be made in this groundwater and soil-gas monitoring report.

- Prepare a Corrective Action Plan and continue groundwater monitoring.
- Request regulatory site closure and “No Further Action” (NFA) status from LARWQCB.

In accordance with the California Regional Water Quality Control Board, San Francisco Bay Region (SFBRWQCB 1996) *Interim Guidance on Required Cleanup at Low-Risk Fuel Sites* referenced by the Site Cleanup Program, the following criteria must be met to achieve regulatory site closure with respect to a low-risk groundwater case.

1. The leak has been stopped and ongoing sources, including free product, have been removed or remediated.
2. The site has been adequately characterized.

3. The dissolved hydrocarbon plume is not migrating.
4. No water wells, deeper drinking-water aquifers, surface water, or other sensitive receptors are likely to be impacted.
5. The site presents no significant risk to human health.
6. The site presents no significant risk to the environment.

Since IRP Site 1 is located more than 1,000 feet from a surface water body, there are no established regulatory ecological screening criteria. This project does not prescribe project-specific screening criteria; however, the following project action limits are used for informational purposes and comparison to analytical laboratory reporting limits only:

- Groundwater samples – California Department of Public Health “Chemicals with Maximum Contaminant Levels (MCLs) in Title 22 of the *California Code of Regulations* §64444 – Organic Chemicals,” August 10, 2015.
- Groundwater samples (for Total Petroleum Hydrocarbons as gasoline [TPH-g] and diesel [TPH-d] only) – California Regional Water Quality Control Board, San Francisco Bay Region 2013 Tier 1 Environmental Screening Levels (ESLs), December 2013.
- Soil-gas samples – Office of Environmental Health Hazard Assessment “California Human Health Screening Levels (CHHSLs) for Soil-Gas-Screening Numbers for Volatile Chemicals below Buildings Constructed With Engineered Fill below Sub-Slab Gravel (Table 2, Commercial/Industrial Scenario),” September 23, 2010.

The MCLs for groundwater and CHHSLs for soil-gas samples are listed in Worksheet #15 of the Final Sampling and Analysis Plan Addendum (AM8AJV 2014). The SFBRWQCB ESLs for TPH-g and TPH-d have been included as a reference per request from the LA RWQCB.

Groundwater Monitoring, Sampling, and Analysis

Groundwater level measurements were taken on December 11, 2014, and May 19, 2015, prior to sampling the groundwater monitoring wells. Measurements were collected in as short a timeframe as possible to capture a “snapshot” of the potentiometric surface. Free product was not observed during the December 2014 and May 2015 events in any of the groundwater monitoring wells. Groundwater gradients were calculated to be approximately 0.0192 feet per foot in December 2014 and 0.0186 feet per foot in May 2015 in the south-southeast direction, which is consistent with previous monitoring events.

Parameters evaluated during groundwater monitoring included total petroleum hydrocarbons as gasoline (TPH-g) and diesel (TPH-d), volatile organic compounds (VOCs), dissolved metals, and natural attenuation parameters (chloride, nitrate, sulfate, ammonia, orthophosphate, alkalinity, methane, ethane, ethene, carbon dioxide, total Kjeldahl nitrogen, pH, and total dissolved solids). 1,2-Dibromomethane, a known additive to leaded gasoline, was analyzed separately using U.S. Environmental Protection Agency (U.S. EPA) Method 5030B/8260 SIM, which has a detection limit below 0.05 microgram per liter ($\mu\text{g/L}$) to meet the MCL threshold.

There are no established MCLs for TPH-d and TPH-g. Analytical results were compared to the SFBRWQCB ESLs.

TPH that were detected above the ESLs included:

December 2014 monitoring event:

- TPH-d (ESL = 0.1 milligram per liter [mg/L]) in two of the seven groundwater monitoring wells at concentrations ranging from 0.15J (J denotes an estimated value) mg/L (MW07) to 0.59 mg/L (MW08).
- TPH-g was not detected above the ESLs during the December 2014 monitoring event.

May 2015 monitoring event:

- TPH-d and TPH-g were not detected above the ESLs during the May 2015 monitoring event.

VOCs that were detected above MCLs included:

December 2014 monitoring event:

- 1,2-DCA (MCL = 0.5 µg/L) in four of the seven groundwater monitoring wells at concentrations ranging from 1.0 µg/L (MW05) to 3.1 µg/L (MW01).
- Benzene (MCL = 1 µg/L) in one groundwater monitoring well at a concentration of 1.3 µg/L (MW01).

May 2015 monitoring event:

- 1,2-DCA in four of the seven groundwater monitoring wells at concentrations ranging from 0.99J µg/L (MW05) to 2.6 µg/L (MW01).
- Benzene (MCL = 1 µg/L) in one groundwater monitoring well at a concentration of 2.1 µg/L (MW01).

Statistical analysis of groundwater data over that last 10 rounds of groundwater monitoring dating back to January 2006 indicates that there are either decreasing or no concentration trends across the site at the 90% confidence level.

Natural attenuation appears to be occurring at IRP Site 1 and is supported by both direct and indirect evidence. Direct evidence is provided by the results of trend analysis using the Mann-Kendall statistical test. Indirect evidence is provided by the comparison of geochemical parameters to concentrations of petroleum hydrocarbons across the site. Data suggest that natural attenuation is occurring through oxidation, iron and sulfate reduction, and methanogenesis.

The downgradient extent of the dissolved-phase petroleum hydrocarbon plume has been fully delineated with the exception of 1,2-DCA. 1,2-DCA continued to be detected in downgradient groundwater monitoring well MW08 during both the December 2014 (1.8 µg/L) and May 2015 (1.9 µg/L) events. In comparing recent to historical 1,2-DCA concentrations throughout the site, the concentrations appear to be stable.

Soil-Gas Monitoring, Sampling, and Analysis

Soil-gas samples were collected from seven permanent soil-gas probes (SG08 to SG14). Soil-gas monitoring activities were performed on December 11, 2014 and May 19, 2015. The soil-gas samples were analyzed for VOCs (U.S. EPA Method TO-15) and helium (ASTM Method D1945M).

Below is a summary of VOCs and sample locations that had detections above CHHSLs:

December 2014 monitoring event:

- 1,2-DCA was detected above the CHHSL (360 micrograms per cubic meter [$\mu\text{g}/\text{m}^3$]) in 2 of the 21 sample locations at concentrations ranging from 1,300 $\mu\text{g}/\text{m}^3$ (SG12-10) to 2,300 $\mu\text{g}/\text{m}^3$ (SG12-15).
- Benzene was detected above the CHHSL (280 $\mu\text{g}/\text{m}^3$) in 1 of the 21 sample locations at a concentration of 350 $\mu\text{g}/\text{m}^3$ (SG12-15).
- Ethylbenzene was detected above the CHHSL (3,600 $\mu\text{g}/\text{m}^3$) in 1 of the 21 sample locations at a concentration of 15,000 $\mu\text{g}/\text{m}^3$ (SG14-15).

May 2015 monitoring event:

- 1,2-DCA was detected above the CHHSL (360 $\mu\text{g}/\text{m}^3$) in 3 of the 21 sample locations at concentrations ranging from 850J $\mu\text{g}/\text{m}^3$ (SG13-15) to 2,000 $\mu\text{g}/\text{m}^3$ (SG12-15).
- Benzene was detected above the CHHSL (280 $\mu\text{g}/\text{m}^3$) in 1 of the 21 sample locations at a concentration of 1,400 $\mu\text{g}/\text{m}^3$ (SG14-15).

Recommendation

Based on the groundwater and soil-gas data, the SFBRWQCB *Interim Guidance on Required Cleanup at Low-Risk Fuel Sites*, and a site-specific human health risk assessment, IRP Site 1 is recommended for regulatory site closure and NFA.
